Honorary pall-bearers were Herman Lee, Talmer Wold, Olof Engeland, Amund Hanson, Harry Brumwell and Louis Jacobson. Active pall-bearers were Ole Hanson, George Hunter, Bernt Mahlen, Peder Carlson, Carl Bjelland and Gust Ronne. The Sunset Funeral Home of Erskine had charge of funeral arrangements. Burial will be made in the spring.

Born June 7, 1891 in Gary, Minnesota, he moved with his parents to Erskine in 1920 where he has since resided. On November 24, 1933, he was united in marriage to Miss Carry Dovery and to this union three children were born.

He is survived by his widow, one daughter, Mrs. Francis (Adeline) Loeffler of this city; and two sons, Orville and Norman at home; three brothers, Leonard and Albert of Erskine and Olaf of Chrisholm. One grandchild, Monica Lynn Loeffler also survives. He was preceded in death by his parents and five sisters.

Speakers Announced for Valley Shows at Crookston Feb. 22-26

The 44th annual Red River Valley Winter Shows and Northwest School Farmers' Week at Crookston, February 22-26, will bring more than two score of outstanding authorities in the fields of agricultural production, club work, national and international fame to the area.

While a full round of activities have been scheduled for each of the days of the Show, yet the features of outstanding interests to everyone will be the evening programs on Tuesday, Wednesday, and Thursday of Winter Shows week. Speakers of national and international fame have been secured for the evenings meetings.

The Honorable Tor Gjesdal, New York City, principal director of the United Nations department of public information, will speak on the accomplishments and the future of the United Nations on Tuesday evening, February 23. Mr. Gjesdal, a native of Norway, has served the United Nations since its organization.

For the Wednesday evening program on February 24, secretary of the United States department of agriculture Ezra Taft Benson has delegated Theodore S. Gold, assistant to the undersecretary, to speak on "The Administration Farm Program." Mr. Gold, a successful Connecticut dairy farmer and agricultural leader in his state, is a graduate of Yale University, is thoroughly acquainted with the production and marketing problems confronting the farmers. Mr. Gold will be available during the day for conferences with farmers and agricultural leaders from the Red River Valley and will attract a capacity audience for his evening address.

The Thursday evening program will be shared by Theodore Fenske, assistant dean, and A. A. Dowell, director of resident instruction and assistant dean of the Institute of Agriculture, University of Minnesota, St. Paul. Mr. Fenske will give a report on agricultural conditions in the Scandinavian countries as observed first-hand during the past summer. Dr. A. A. Dowell, a former superintendent of the Northwest School at Crookston, will give an illustrated report on agricultural conditions in India. Dr. and Mrs. A. A. Dowell recently spent three months in study of agricultural conditions in Western and Southern Europe with 30 days in India and Pakistan.

Monday, February 22, has been designated as Crops and Livestock Judging Contests Day and Soil Conservation Day. Tuesday will be Crops and Soils Day, with an all day program; also, Ninth District Horticultural Society Day and Junior Futurity Day. Wednesday, February 24, will be Livestock and Poultry Day, and 4-H Program Day. Thursday will be a day for the potato and sugar beet producers, with the first of the two-day livestock sales scheduled for that afternoon at which time 130 bred ewes and gilts will be sold. Friday will be Cattle Sales Day at which time 100 head of purebred cattle, representing the leading breeds of beef and dairy cattle, will be sold.

Other features of the week's program will be the women's meeting on Thursday afternoon at which time Mrs. A. A. Dowell of St. Paul will give an illustrated talk on Western and Southern Europe.

The music programs to be presented each evening before the main speaker will be the Barber Shop Quartet contest on February 23; Crookston Municipal Band Concert, February 24; and the Northwest Singers, February 25.

this he also assisted in the hospital field.

From Cincinnati he was called to serve Zion Lutheran church, Hopkins, Minn. and as Protestant chaplain of Glen Lake sanatorium. Because of his background and training in this latter field he went to Sioux City, Iowa, to inaugurate the first hospital chaplaincy and counseling service there, visiting all hospitals and nursing homes.

Here he also conducted the eight year old Sunday broadcast of the Good Shepherd Hour. He served as pastor advisor of the Walther League, Lutheran Women's Missionary League, public relations director of the Sioux City area and was a member of the Kiwanis Club and the Social Workers' Club.

Pastor and Mrs. Clausen and daughter Marilyn are making their home in the parsonage at 413 St. Paul Ave. S. He will preach his initial sermon at St. John's Lutheran church next Sunday morning.

By Mrs. Thorwald Bjornaraa, Gully

The Valle congregation honored Rev. and Mrs J. M. Runnestad in the Valle Church on Sunday, Jan. 24th after the 11:30 services, this being the last service there. After dinner a program was given, a talk by Rev. Holte of McIntosh and songs by Gerald Breivold and Beverlee Stenvold.

Pastor and Mrs Runnestad who came from Badger in Sept 1947, are leaving this month for Red Lake Falls where Rev. Runnestad has accepted the call at the Bethany Lutheran Church.

Mr. and Mrs. Russell Norberg, Judith and David visited at the Bennie Bergerson home on Sunday afternoon. The occasion was the 9th birthday of Delores which was Jan 18, but the party was on Sunday, Jan. 31.

Also there were Mr. and Mrs. Kenneth Bergerson and Kenny, Mr. and Mrs. Henry Sweno, Thomas, Karen and Lloyd.

Mrs. Merle Anderson underwent surgery one day last week and is now a patient at the Northwestern Hospital in Thief River Falls.

Our community was saddened to learn of the death of Tellef Aaknes on Jan. 30 at Chisholm, Minn. He lived in this community until a few years ago.

Memorial services were conducted for him at the Mount Olive Church in Trail on Thursday, Feb. 4th at 2 p. m. Rev. John Molstad conducted the services. Burial was made in the Valle cemetery.

Mr. Aaknes was born Nov. 1, 1891 in Chester township. He served in World War 1.

He is survived by a sister, Mrs. Anna Rikji of Gully, a brother, Dreng Aaknes of Stump Lake, Sask., Canada, an aunt Mrs. Bergit Arveson of Grygla and several nieces and nephews. He was preceded in death by his parents, one sister and one brother.

The Sunset Funeral Home was in charge of the funeral.

Our sympathy is extended to the relatives of Tellef Aaknes.

Mr. and Mrs. Lawrence Erlandson, Bobby, Rosemary and Bette visted at the Russell Norberg home on Sunday evening of last week.

Mr. and Mrs. Russell Norberg were callers in Thief River Falls Thursday of last week. Mrs. Norberg also visited with Mrs. Merle Anderson who is a patient at the hospital there.

Mr and Mrs Nordal Solheim, Bobby, Jerry and Sharon visited at the Karl Lundgren home in Fosston on Sunday of last week. Mr. Lundgren is not feeling too well.

Mr. and Mrs. Thorwald Bjornaraa and Twyla, Mrs. Selmer Anderson and Joyce Ann and Goodwin Tveiten visited at the Arnold Tveiten home on Sunday afternoon. Mr. and Mrs. Arne Dahle and Janice of Oklee and Mrs Hannah Jadzyk were there also. Mrs Jazdyzk had just arrived the day before from Minneapolis where she had spent a month or so visiting with her daughters Elna and Gladyce and their families.

Mr. and Mrs George Frostlie arrived at the home of their daughter and son-in-law Tuesday and will stay for a while. They have been staying at the home of their other daughter Mrs Alma Kvestad so far this winter. Mr. Frostlie many of you will remember as our aged pioneer settled here and who will be observing his 99th birthday on March 18. He has rather good health although he's been ailing off and on this winter. I'm sure he'd be just bursting with pride if some of you nice folks would remember him on his birthday with a greeting.

Monday, Feb 1, the Henry Sweno's entertained in honor of their son Thomas' 3rd birthday. Those who came to enjoy birthday cake with Tommy were Mr and Mrs DuWayne Thronson, Mr. and Mrs Carl Sweno and boys, Mr and Mrs. Kenneth Bergerson and Kenny, Mr and Mrs Bennie Bergerson and family and Mr. and Mrs. Russell Norberg. A lunch was served and Tommy received many gifts.

We are very happy to "Welcome Home" Robert Jorgenson again after his hitch with the army. He's spent the past two years in Germany. He arrived at the Alfred Bergh home Wednesday evening. Nice to have you back again Bob.

Mr and Mrs. Elmer Ness, Basil and Myrna visited at the Boyd Ness home at rural Gonvick on Sunday.

Mr. and Mrs. Arne Dahle and Janice of Oklee called at the Nordal Solheim home Saturday.

Mr and Mrs. Alfred Bergh visited in Kelliher Saturday at the home of the former's sister and her family with Grandma Bergh there.

Those who came to help Marlyce Bergerson, daughter of Mr and Mrs Bergerson celebrate her 15th birthday on Sunday were Mr and Mrs Rusell Norberg, Judith and David, Mr. and Mrs Kenneth Bergerson and Kenny, Mr. and Mrs Carl Sweno and sons and Mr. and Mrs Henry Sweno, Thomas, Karen and Lloyd.

Mrs. Cora Jorgenson of Grand Forks is spending some time visiting at the home of her daughter and son-in-law the Alfred Berghs.

Dreng Aaknes of Stump Lake Canada who is visiting relatives and friends here is spending a few days at the Bjornaraa Bros home. Henry Peterson is also spending some time at the Bjornaraa home.

Mr. and Mrs. Elmer Ness, Basil and Myra visited at the T. Bjornaraa home Monday evening.

Thorwald and Buddy Bjornaraa, Mr. and Mrs. Elmer Engstrom and Carol and Hallie Oftelie visited at the Bjornaraa home in Hickory on Saturday evening.

Prowler Six Prepares for Regional Play

Victory over G. Forks Monday Is 15th in Row; Roseau Host to Region

Coach Dennis Rolle's Prowlers concluded their 1953-54 hockey schedule on Monday night when, in a game played at the Winter Sports Building at Grand Forks, the Prowlers defeated coach Bob May's Grand Forks Central sextet, 4 to 2.

By their win the locals marked up their fifteenth straight triumph, and will now prepare for the eighth regional tournament that will be played at Roseau on Thursday and Friday, Feb. 18th and 19th. The Prowlers, who have been seeded as the tourney's number one team, will probably meet Williams in a first round game.

Thief River Falls and Roseau earned byes into the regional tournament, with Warroad, Williams, Baudette, and Hallock playing at Warroad on Monday night, Feb. 15th, to determine the tourney's third and fourth teams.

Monday night's game at Grand Forks found the Prowlers racking up a 2 to 0 lead on early goals by Marv Jorde and Joey Poole, only to have the Redskins, taking advantage of some lose clearing play by the Prowler defense, score at 8:34 and 9:06 to even the score at 2-all. Stan Paschke nailed the Redskins' goals, with Bucky Trall being credited with the assists.

After the first period laxness, the Prowlers' played top-flight hockey, with only the exceptional goal-tending of Grand Forks' Bob Peabody keeping the score within bounds. Darryl Durgin, at 4:17 of the second period, pumped in the rebound of Les Sabo's long shot; and Lyle Guttu, who played his best game of hockey of the season, beat Peabody at 10:05 for the Prowlers' fourth goal.

Indicating the Prowlers superiority in ice play in the second and third period is revealed by the fact that Peabody had 29 stops in the two periods, while the Prowlers' Jack Hoppe had but six saves.

On Saturday night, playing at Hallock in a game that was not to be entered into the official records, the Prowlers, with the reserves playing much of the time, defeated Hallock, 13 to 1.

The summary:

Thief River Falls H. S. (4)
Goal Hoppe. Defense McMahon, Sabo, Zavoral, Trail. Wings Voss, Guttu, Helgeland, Durgin, Quesnell. Centers Jorde, Joe Poole.

Grand Forks H. S. (2)

Soil Conditioners

How about the chemical soil conditioners you see and hear advertised? Do they really get a job done economically?

These questions got an airing recently by a University of Minnesota soils specialist, J. M. MacGregor.

The first question, "Will it pay to use a soil conditioner on my soil?" is hard to answer, MacGregor points out, because of the wide variation in soil types.

Soil conditioners do not add plant nutrients which may be lacking and thus they are not fertilizers. Their main benefit is in developing a healthy soil structure after good cultivation and care.

In University of Minnesota experiments on several fields of corn, oats, wheat and flax, up to 1,500 pounds of soil conditioner per acre gave no significant yield increases.

As an example of how the conditioners work, he cites a test in which 400 pounds per acre of conditioner mixed into the top three inches of soil in a greenhouse greatly increased the soil's water infiltration—important because a soil's health and plant producing ability depends on how well it takes in water.

Average time for two inches of water to infiltrate the conditioner-treated soil was 101 seconds, just under two minutes. Untreated soil, however, took over seven minutes to absorb its two inches of water.

Thus, you can see how a soil conditioner can have a beneficial effect in soil erosion control.

For example, 400 to 800 pounds of conditioner applied to a sloping, newly seeded area will keep soil in shape by controlling erosion until grass becomes established.

Right now, however, use of soil conditioners is limited because of their cost. They are economically usable on flower beds, gardens, in greenhouses, and on newly seeded lawns, roadsides and other problem areas. A good rotation of crops with legume green manure crops and commercial fertilizer is still far better than anything you can buy to condition your soil.

Better Dairy Cows

A cow that produces only 5,000 pounds of milk a year barely pays her own way and seldom makes more than a very small profit for her owner.

The basis for this statement is a recent report on nearly a million dairy cow records examined by the U. S. Department of Agriculture.

I received the report from one of the University of Minnesota's extension dairymen, Ramer Leighton.

Leighton points out that in Minnesota a cow must produce substantially more than 5,000 pounds of milk a year to pay her owner a profit. The break-even point for Minnesota dairy cows is at about the 5,000 pound level. Most cows in profitable dairy herds produce at least 9,000 pounds of milk and 350 pounds of butterfat a year. These are Minnesota Dairy Herd Improvement Association figures.

Essential in profitable dairy production are good feeding and management programs, a continuing improvement program, and efficient methods.

The Department of Agriculture report emphasizes the point that culling low-producing cows pays—such cows don't pay for their keep. Profitable dairying demands ever-improving herds and management, Leighton said.

Dairy Judging

This Saturday, February 13, the 4-H Dairy Judging team will practice at the Ole A. Flaat farm at Grand Forks, North Dakota. The boys that will be making the trip are Dale Svendsgaard, Richard Burtness, Jerry Vatnsaas, Wayne Teimen, and Leighton Hamre. These boys will meet in the extension Office at 12:30 sharp and we will leave promptly.

Farm Records & Management

Do you have a hard time keeping records of your farming business. I believe most farmers find this one of the most difficult chores. Farmers who would like to learn more of this record keeping and record analysis should make it a point to hear S. B. Cleland, The Extension Economist. Mr. Cleland will b in Pennington County February 17, at 1:30 in the Civic and Commerce rooms.

Company F News Items

The basic training tests were given at Monday's meeting. The test consisted of seven parts with a noncom or officer in charge of each part. The seven parts and the men in charge of them were: History of the organization, Lt. Levorson; military courtesy; Sgt. Leonard Swanson; dissembly and assembly of the M 1 rifle, Sgt. Bugge; supply and economy, Lt. Miller; dismounted drill, Lt. Forsberg, Sgt. Sauve and Cpl. Williams; interior guard, Sgts. Flattum and Cummings; personal hygiene and health, Lt. Richards. Sgt. Myers was in charge of the entire test and kept it moving.

Next week we will again have information on one of the local Guard members.

Hunters' Plane in Crash at Mentor

Two Fosston men survived Tuesday when their light ski plane from which they were hunting foxes crashed in deep snow near Mentor.

The two are Albert Satran, 61, a gunsmith, and Art Scott, 25, who works for Satran. Satran broke a hip.

The plane apparently hit the tops of some trees near a clearing and spun into the snow, which was about four feet deep. One wing was nearly torn off. A dead fox was in the plane.

CHATTING with your HOME AGENT

Marge Olsen

Something new has been added! Beginning with this week's paper, I will be writing a weekly column, directed to women. I hope to make the column of interest to all women in the county, not only those who take part in the extension program. Recipes, fashions, homemaking hints and the like are topics I plan to write about, as well as newsy items. If you have any idea which you would like developed in a column, I would certainly appreciate a visit from you to the office. I can always use your ideas.

The calendar donated the first idea for a column, and a good idea at that, don't you think? This Sunday is Valentine's Day, and that means a weekend party for the children, as well as extra special Sunday dinner.

Let's think about the children's party first. Children love to play games at parties, and here are two to try at your youngster's Valentine party. The first one is called "Winning Hearts," a game of skill with a Valentine twist. Give each guest a soda straw and line teams up facing a table. Set an empty tumbler and a dish filled with tiny candy "red hot" hearts in front of each team. At go signal, team members in turn try to transfer hearts, one by one, from dish to tumbler "magnetizing" (sucking) heart to end of straw. Give each guest 15 seconds and two turns. Then count the hearts in each tumbler to determine winning team. PRIZE? The candy red hots, of course!

The second game you might try at your party is "Ride In Sight." Hide ten or more articles in the following fashion—an aspirin on the mouth of the telephone, a pencil on a groove in the woodwork, coffee or navy beans in a dish of peanuts, a lump of sugar on the thermostat etc. Give guests pencil and paper and have them jot down the item and where it was seen. They must not give away their discoveries. A prize is given to the guest who finds the most items in a given time.

Now a dessert idea for your extra special Sunday dinner. This recipe for strawberry Mousse was contributed to the Christmas recipe Book by Mrs. Wm. Kruse, of Black River township. The recipe is as follows:

2/3 c evaporated milk
1 egg white
1½ c sugar
1 c strawberries
¼ orange juice

Chill evaporated milk thoroughly. Put in bowl set in a pan of ice, add egg white and beat until stiff. Beat in the sugar, crushed strawberries and orange juice. Turn into freeze trays and freeze until firm. Serves 8.

Good luck with your doings over the weekend!

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Why The P. T. A.?

Parents whose young children have just begun their school careers are probably having their first experience this year with an organization known as the P. T. A. Even in these days of alphabetical abbreviations, these letters are widely recognized as meaning Parents and Teachers Association. What purposes and activities are brought to mind, however, depend on the local situation to a large extent. If P.T.A. attendance is a grudging duty to you, maybe you can change the situation.

Originally, the organization of the P.T.A. was based on a sort of ideal—a dream that children's lives, the country over, could be improved, safeguarded, enriched, integrated by closer cooperation and better understanding between parents and teachers. The job of rearing children to responsible adult citizenship has long been felt to involve more than just the home, although the basic importance of parental privilege has never been questioned.

Schools have, increasingly, been asked to lend a hand not only with their traditional teaching jobs, but with the development of social attitudes, with the development of healthy personalities, with overcoming difficulties of behavior, with assisting in recreational programs and leisure-time persuits, with vocational planning—with almost every aspect, in fact, of a child's present and future living.

As community living has become ever more complex, the P.T.A. has worked steadily to improve its method of functioning and to develop more effective methods of defining and solving community problems. Much of its program is devoted to effective communication between parents and teachers, and between teachers and parents.

Through speakers, discussions, films, study groups, it interprets changing educational philosophies to communities. Through training programs, it helps to discover and develop new community leaders who in turn thru their participation broaden the activities of the organization. It grows and improves in effectiveness as all parents adopt its purposes as their own.

SHETLER'S 1954 CHICK PRICES

Dear chick customer:

It's chick time again and another good poultry year is predicted for 1954.

We're starting earlier this year at Shetler's Hatchery. First hatch comes off February 23rd. More folks are learning that early chicks are very easy to raise even in just ordinary single wall, uninsulated houses and that there is less danger of disease losses in early brooding.

Early chicks are more profitable too because they start laying when egg prices are at the high point of the year. You gain an extra month or two of high egg prices and the early pullets are laying large to extra large size eggs instead of pee wee pullet size when prices are at their peak.

Yes, and it's kinda' nice to do your brooding during the slack time of the year before spring work starts.

But, regardless of whether or not you raise early or late hatched chicks, it will pay you to order early to be sure to get 'em when you want 'em.

Sincerely,
ROY SHETLER

Prowler Quint Faces Crookston Friday & Bemidji on Saturday

Mark Bjorkman's Basket with Four Seconds to Go Wins over Grand Forks

Coach Ralph Skjod's basketball Prowlers will move into one of the busiest weeks on their schedule on Friday night when they meet the Crookston Pirates on the local court in a district conference game. On Saturday night, Feb. 13th, coach Bun Fortier will bring his powerful Bemidji Lumberjacks over here for a game against the Prowlers; and on Tuesday night, Feb. 16th, also on the local floor, the Ada Vikings, one of the favorites in District 30, will meet the Prowlers.

Those three "home" games should attract capacity crowds, with two of the games, against Crookston and Bemidji, being traditional rivals, and the other, against Ada, being against the 30th district's top-ranked team.

Mark Bjorkman's set-shot, from thirty feet out with but four seconds of play remaining, gave the Prowlers a thrilling 45 to 43 win over coach Fritz Engel's Grand Forks Central squad at Grand Forks on Friday night. With but two minutes of play, Art Johnson, dropping in a pair of free throws, gave the Prowlers a 39 to 35 lead; but the Redskins' Huey King, who had been held to but three points in the first half, notched a pair of free throws.

Johnson looped in a rebound, and the blue-and-gold led, 41 to 37, with 1:20 to play. King added a Grand Forks free throw, and after Bill Grahm had flipped in a pair of Prowler gift shots, the Redskins' George McKinnon found the net with a field goal. Bob Westbee made the second of two Grand Forks free throws, and when King, with half a minute to play, swished in a field goal, the game was in a 43 to 43 knot. Bjorkman unraveled the game with his game-winning toss.

Bill Frahm, with 19 points, was the game's high scorer, having a one point edge over teammate Art Johnson, who collected 18 points. King, after scoring three points in the first period and being blanked in the second quarter, came back to tally fourteen points in the second half.

In the preliminary game, the Grand Forks 'B' squad trounced the Prowlers 'B' team, 70 to 37.

By their triumph on Friday night, the Prowlers have extended their winning streak over Grand Forks Central in basketball to four games. Last year the locals defeated the Redskins, 51 to 48, and 48 to 36, and the earlier game between the two teams this season was won by the locals, 50 to 39.

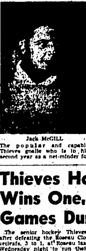
LOOKING AT THE THIEVES



Jack McGILL

The popular and capable Thieves goalie who is in his second year as a net-minder for the local senior hockey club, John Edward McGill of Saskatoon, Sask., has crammed considerable hockey into his career. He began his hockey at Saskatoon, playing with the juveniles and later with the Saskatoon Quakers, one of Canada's top-flight junior hockey aggregations.

Following his graduation from the junior hockey ranks, McGill, in 1941, joined the New York Rovers, and in 1942 that club, the Rovers, won the A. H. A. United States senior open hockey championship. A teammate of McGill's on that 1942 New York Rover club was Bill Robinson.

McGill entered the service in 1943, joining the R.C.A.F. as a tail gunner and completed thirty-one missions. Following his discharge from the service, in 1945, Jack joined the St. Paul Saints of the American Association, and was with the latter club for five seasons. In 1951 McGill concluded his professional hockey, playing with the Fort Worth club. McGill, who resides in Detroit Lakes, is married to the former Leona Myrom, a local girl.

Thieves Hockey Team Wins One, Drops Two Games During Week

The senior hockey Thieves, after defeating the Roseau Cloverleafs, 3 to 1, at Roseau last Wednesday night to run their victory streak to three games and move into fourth place in the standings, had that win streak broken on Saturday night when the Warroad Lakers scored a 4 to 3 triumph in a game played here. On Sunday afternoon, playing at Crookston, the Thieves dropped dropped a 3 to 1 decision to Sergio Gambucci's Pirates.

The Thieves will have an opportunity to solidify their fourth place position on Wednesday night when they meet the fifth place Roseau Cloverleafs on the Arena rink. In the three previous games between the two clubs, the Leafs have won two and the Thieves one. If Roseau defeats the locals on Wednesday night the Leafs would edge past the Thieves in the league standings, but if coach Paul Bedard's squad wins, the Thieves will hold a three-point lead over the Leafs.

On Saturday night, Feb. 13th, the Thieves will travel to Warroad for a league game, playing off the contest that was postponed on Jan. 17th. On Sunday afternoon, Feb. 14th, the Crookston Pirates will make their first appearance of the year on local ice when they play the Thieves here.

Playing at Roseau on Wednesday night, the Thieves, on Jack Isaacson's goal at 3:33, spotted the Leafs an early lead. Bill Robinson, on an unassisted marker at 8:06, evened the game, and Church Russell, with Paul Bedard and Bill Juzda assisting, tallied what proved to be the winning goal at 16:23 of the first period. After a scoreless second period, Swed Lund added an "insurance" goal at 1:16 of the third period.

Saturday night's game, played on the Arena ice, found the Warroad Lakers continuing to hold a "hex" over the Thieves, winning the well-played tussle by a 4 to 3 score. In the three games played between the two teams this season the Lakers, by scores of 3 to 1, 3 to 2, and 4 to 3, have been the winners.

The Thieves rapped in a pair of goals in the opening minutes of Saturday night's game, with Russell scoring at 0:26, and Bedard notching a goal at 2:37. Warroad's Len Webster slapped in Frank Eisenroph's rebound at 15:22; and when young George Guilbault found the corner of the net at 17:05, the game was deadlocked at 2-all.

The game continued at a 2-all draw until the 10:45 mark of the third period when Dick Roberts, playing at left wing, scored from close in, with Jimmy Doyle setting up the play. At 13:38 Doyle, with Webster in on the assist, boosted the Laker lead to 4 to 2. With but fifteen seconds of the game remaining, Swede Lund scored to bring the game score to 4 to 3 for Warroad.

Sunday afternoon's game at Crookston, which was a reversal of the game between the two clubs on Sunday, January 24th, found the Pirates, with Doc Bourgeous getting the "hat trick," defeating the Thieves, 3 to 1. Heavy and soft ice handicapped the play of both teams, and the result was that the game was a scoreless tie moving into the second period when, at 2:01, Bourgeous flicked Earl Kuznack's on-goal shot and was credited with the first of his three scores.

Swede Lund, scoring on a rebound at 3:20 of the third period, sent the game into a 1-all tie; but Bourgeous, with Murray Balagus, the former Thieves center-ice player, took charge of the game to score goals at 10:45 and 12:32, giving the Pirates a 3 to 1 win.

Keeping Score with "Huck" Olson

A Medal for Bill.

Tech. Sgt. Bill Zippel of Baudette, and a one-time player-coach of the senior hockey Thieves here, has been awarded the Soldier's Medal by order of President Eisenhower. Bill was a Flight Engineer aboard a B-29 bomber which crashed near Lowry Air Force Base, Colorado, on December 3rd, 1951. Among other things the citation states that "disregarding his own severe injuries and the imminent danger of an explosion of the burning wreckage, Sergeant Zippel freed the pilot and carried him to safety. Although near collapse, he then directed the rescue of the copilot by persons arriving on the scene. The nose section was consumed by fire shortly after the copilot was rescued. Sergeant Zippel's courage and selfless concern for his fellow man reflect great credit upon himself and the United States Air Force."

The Soldier's Medal, incidentally, is the highest award that can be given for heroism outside of conflict with the enemy.

Those of us who know Bill, through his play with the Baudette high school hockey team, and later as a valued member of the local senior hockey Thieves, never doubted his courage. Hockey fans will long remember those classic battles between the Grand Forks Amerks and Thieves back in the late 40's, and the starry role that lanky Bill played in those epic contests. The harder the boys would bounce Bill, the quicker he would get up.

A Baseball Meeting.

Harold Johnson, general manager of the Thieves baseball organization, announced that the club's annual meeting will be held in the Civic & Commerce room at the Auditorium on Wednesday night at 6:45 p. m. At this meeting, election of officers for the 1954 season will be held, and plans for the approaching year will be made.

Baseball fans, and others, are cordially invited to be in attendance at Wednesday night's meeting. There is a hockey game at the Arena tonight, too, between the Thieves and the Roseau Cloverleafs, but there will be plenty of time to attend the baseball meeting and then go *to the hockey game.*

The Regional Champions.

A couple of weeks ago, when the Prowlers met the East Grand Forks Green Wave, local basketball fans got a look at the 31st district's basketball champions; and this week, on Saturday night, the fans will get a glimpse of the eighth regional champions when the Bemidji Lumberjacks meet the Prowlers on the local court.

The Bemidji Lumberjacks are, without a doubt, the best team in the region, and on their record, having lost but one game, are one of the state's best. Last week the Jacks made a shambles of their game with Cass Lake, winning by a 69 to 39 score, and Cass Lake was reported to be the club that would give Bemidji its toughest competition in the district tourney.

Coach Bun Fortier has a very well-balanced squad this year, with scoring power being distributed throughout his starting lineup and including several of the boys on the bench. As has been Bemidji's style the past several years, the Jacks employ a "full-court press" with marked success. Fortie's squad is very sturdy-legged, posses very quick reflexes, and are great opportunists.

Fans that get to the game early enough on Saturday night so that they can witness the 'B' game between the Prowlers and the Lumberjacks, will get a preview of "things to come", for that Bemidji B' team is a hard-running outfit. We don't know where Bemidji gets those mature-looking boys, but they are surely ideal for the Lumberjacks style of basketball.

Doctors Give Tips on Coronary Diseases

Early coronary disease of the heart is the end result of a way of life, not a mysterious bolt from the blue. This is the current medical attitude toward premature heart ailments, according to a bulletin issued by the Minnesota State Medical association, today.

As part of the observance of February as heart month, the doctors urge everybody aged 40 or over to get a complete physical examination and to study *their own habits of diet, exercise* and rest, so as to avoid predisposing causes.

Important among these causes is a disturbance in fat utilization with a resulting deposit of fat on artery walls. This disturbance is usually accompanied by and often caused by too much fat and too many sweets in the diet after middle age.

Another is too much sitting and too little regular exercise after 40. Hearts of healthy people who do not get any regular exercise are likely to rust out *instead of wear out,* in the opinion of the doctors.

Emotional strains and tensions play a part, too, especially in the absence of adquate rest and relaxation.

Over-weight is emphasized, finally, as a factor in premature heart disease. There is some doubt, the doctors say, if extra weight is an original cause of heart ailments, but there is no doubt at all that it makes matters worse if there is trouble *already. Treatment* of both high blood pressure and heart disease calls for control of obesity.

State FU Members Protest Sliding Farm Price Props

Two from Pennington County Are Included in Washington Delegation

Demands for enactment of law to protect farmers from sliding scale price supports were presented to their Congressional representatives by 30 Minnesota farmers recently.

Bert K. Johnson of Goodridge and B. F. Beiswenger of Thief River Falls were among the Minnesota farmers who were joined by more than 100 farmers from North Dak., So. Dak., Colo. and Wyoming for a four-day series of conferences, starting January 25, with congressmen and officials of the Department of Agriculture and Department of Interior. This was the third group of farmers from western states visiting Washington this month, under the sponsorship of the National Farmers Union, to bring "grass-roots" opinions to the legislators.

The Minnesotans emphasized the necessity of firm price support protection for dairy farmers. The reduction of dairy price supports after April 1, which Secretary of Agriculture Benson has indicated he intends to do, would endanger the economic position of dairymen as well as that of other livestock producers, Minnesota Congressmen were warned.

The Minnesota farmers also protested against the Administration's public power policies in visits with their Congressmen. These policies will result in less electricity from federal projects for REA co-ops, higher rates, and lower returns to the government on its power investments, the Farmers Union charged. Private power companies will be favored with increased sales of "dump power" at extremely low rates, and will be permitted to monopolize the most profitable power dam sites, they said.

The Minnesota farmers conferred with Senators Hubert H Humphrey and Edward J. Thye and Minnesota congressmen.

Any season of the year you'll find Times Want Ads a real buy.

Ginger Rogers and Paul Douglas make a delightful pair in the new romantic comedy, "Forever Female," which is due to open next Sunday at the Falls Theatre. William Holden is co-starred in the film which serves to introduce a wonderful and fresh personality to movie audiences in the person of Pat Crowley.

1744 Minnesotans Died in Accidents During Past Year

State Department of Health Releases Annual Summary of Mishaps

More than 1700 people in Minnesota were killed in accidents in the State last year, according to the section of vital statistics, state department of health. The 1953 provisional total of 1744 accidental deaths represents an increase of 121 lives lost over the previous year.

Most of the increase was due to a higher number of motor vehicle accidents, which claimed 647 lives to rank as the leading cause of accidental death. In second place was home accidents which caused 570 deaths. Public accidents such as drownings, firearms, and falls were responsible for 346 deaths, while occupational accidents took 156 lives.

"Accidents are childhood's greatest health hazard," according to Dr. A. B. Rosenfield, chief of the section of maternal and child health, state department of health. "Drowning is our commonest fatal home accident among children," Dr. Rosenfield said. "One half of the drownings in children occur in preschool children—those between the ages of one and five years."

Highway Patrol Captains to Aid in Civil Defense

The Minnesota department of civil defense, announced the appointment of five state highway patrol captains as state mobile support unit police chiefs. The captains appointed are as follows:

Paul Martz, Rochester, unit one; Walter Anderson, Virginia, unit two, David W. Brown, Detroit Lakes, unit three; Vern Trap, Brainerd, unit four; Robert Newman, Marshall, unit five.

Chief Earl Larimer of the Minnesota highway patrol was recently appointed state police chief for Civil Defense.

Minnesota is divided into five areas for civil defense mobile support purposes. Each area is under the direction of a full-time commander. The unit police chief appointed in each of the areas will serve on the staff of the mobile support unit commander.

Colonel E. B. Miller, Minnesota's director of civil defense, stated, "It will be the responsibility of the mobile support unit police chief to coordinate police activities within the area in compliance with the state civil defense police plan in order to provide for the maximum utilization of police and their auxiliaries in the event of a civil defense emergency declared by the Governor. In order to carry out this responsibility, the complete cooperation from every law enforcement agency within the state will be required."

Coroner's Duties to Be Subject of Conference at U

Background information on problems of unexpected and violent deaths will be presented by experts at a coroners' conference March 8 through 10 at the University of Minnesota Center for Continuation Study.

Coroners, sheriffs and county or district attorneys from Minnesota and nearby states are being invited to the conference which has been called, according to Dr. James S. McCartney, University professor of pathology, because "for some years there has been dissatisfaction in medical and legal professions about inadequate investigation of many deaths."

$177,293 Loss in 1953 Forest Fires

932 Fires Reported in Minnesota Last Year

The annual report of Minnesota forest fire damage and costs for 1953 showing 932 fires which *burned an area of 49,412 acres* with a damage of $177,293 has been made by E. L. Lawson, director of the division of forestry to the U. S. Forest Service, at Milwaukee, as required under the Clark-McNary federal law.

The total fires this year is third highest in the last five years, while both the area and damage are second highest for the five years. In 1949 and 1952 the fire records were higher.

Nine-tenths of the 1953 fires were under 100 acres and more than one half burned over non-forest lands (open grass and lowlands).

Railroads, smokers, meadow burning and miscellaneous were the four major causes of fires with the largest damage to the greatest areas being caused by meadow fires.

To the losses and damages are added the expenditures for prevention and the costs of fire fighting. A total of $646,074.68 for salaries and expenses of personnel and $275,131.67 for tools and equipment makes a total of $921,200.35 which was expended for protection work.

The field costs of fire fighting is set at $36,225, making a total of $957,431.35.

LINCOLN STILL GROWING

This week brings Lincoln's birthday around to us again and it is a birthday that justifies all the special recognition it receives. Abe Lincoln measures up as one of the world's all-time, truly great leaders.

This greatness is now universally recognized. It was not so during the years of bitter strife through which he guided the ship of state. During those years he was often referred to by such unlovely names as "Lincoln the Beast" and "The Illinois Ape." A great newspaper berated him in this language:

> "Mr. Lincoln will go down to posterity as the man who could not read the signs of the times, nor understand the circumstances and interests of his country; who could not calculate his own resources nor appreciate those of the enemy; who had no political aptitude; who plunged his country into a great war without plan; who failed without excuse, and fell without a friend."

Lincoln's greatness was not generally recognized during his lifetime. Since his death, and as the records of his life have been revealed, he has grown in stature with each succeeding year.

AN EXPERIMENT IN ZONING

The city of Worthington is proceeding with an experiment in zoning that should be watched with interest in many Minnesota communities. For planning purposes a city's authority extends two miles beyond its official limits. Actual jurisdiction can be assumed only as portions of the area join voluntarily in the zoning program. Worthington is proceeding with the planning, hopeful that the people living in the suburban sections will cooperate.

Most small towns, including Thief River Falls, do a commendable job of controlling development within their corporate limits. Too often, however, the approaches to our small towns become unsightly and uninviting. Suburban areas develop into residential districts without platting or planning, resulting in a disorder that eventually will require costly rearrangement of buildings. Practical zoning, based on reasonable planning for future expansion, injures no one and gives needed protection to all.

ATOM POWER PLANTS

The recent launching of a submarine powered by an atomic engine marks the real beginning of the atomic age in terms of progress in the use of this new force for peaceful purposes. While the submarine itself is a weapon of war, the launching of this ship nevertheless is a practical demonstration of a type of power plant that opens the door to an entirely new conception of natural power that will lead ultimately to higher standards of living thruout the world.

According to A. W. Kramer of the U. S. Atomic Energy Commission, "within ten years atomic power plants would be accepted as conventional design" and available for many uses. Because this type of power plant is completely self contained and of little bulk, it is predicted that it will make power available at many places thruout the world where it is not now practical to provide it.

PRIVATE SCHOOLS NEED HELP

Fourteen independent Minnesota colleges are uniting in a drive for contributions from state industries and businesses. They have set as their annual goal a total of $250,000, which would be divided among the schools according to an acceptable formula.

In recent years of spiraling costs all *schools have had financial problems.* Publicly supported schools have generally been well provided for through increased appropriations of public funds. For the private colleges the solution has not been that simple. The reduced buying power of the dollar caught them with no easy way of obtaining more dollars. In many instances not only has needed expansion been impossible but actual retrenchment has at times become necessary.

Schools uniting in this drive for funds are Augsburg, Carleton, Concordia, Gustavus Adolphus, Hamline, Macalester, St. Benedict, St. Catherine, St. John's, St. Olaf, St. Scholastica, St. Teresa and St. Thomas. These schools make an important contribution to the education of our young people, and without cost to the taxpayers. If the cost of educating the thousands of students who attend these colleges were shifted to the state we all would feel the additional burden in the increased tax load. These schools perform an outstanding service and every possible encouragement should be extended to them to continue and expand their operations. Their united drive for funds deserves to succeed.

Good news from a local war front is the report that the tent caterpillar has taken a decisive beating and is staging a general retreat. A light infestation is expected thruout most of the wooded area of the state during the coming season but it will be severe only in a few places. And this will bring another pest cycle to an end. Authorities predict that in from 10 to 15 years the worms will be back with us in disagreeable numbers again. That will be soon enough.

"International-minded businessmen are eyeing low production spots in Europe where atom-energy electrical plants may some day perform industrial miracles," says a news commentator. Let's not overlook some of our own "low production spots" here at home when we are doing this planning. Converting our iron ore to steel by atomic heat would not be detrimental to our north-central region.

IRON ORE MAY HAVE REACHED PEAK

Federal Reserve Bank thinks Great Lakes ore activities may have reached the peak in 1953. New records were set in mining iron ore, in beneficiation of low grades of ore and in shipping ores from the head of the Lakes. Lake vessels carried the vast total of 95,844,449 tons of ore to lower lake ports; previous record was something above 92 million tons in 1942; during intervening years the range was 70 to 80 million tons a season. That it may have been a peak season is hinted by lessened requirements for steel, increasing foreign ore supplies and the development of taconite concentrates which latter involves the use of more labor and equipment.

"UNTO FOURTH AND FIFTH GENERATION"

At one and a half years of age Robert Eikel and sister Paula at 2½, enjoy a distinction reserved for very few on this mortal coil: all four of their great grandmothers are living, well, and close by to "spoil" them; home base is LeCenter — From petite Mrs. Minnie Layman, 95, to three great-grandchildren (one in service, one at work, and a school girl of 10) four generations live under one Hutchinson roof.—Five generations recently were united at Renville, when Great-Grandfather Andrew Olson, 90, came over from Hinckley to see Great-Granddaughter LaDonna Jean Hebrink.

RUPTURED?

THE DOBBS TRUSS IS BETTER FOR REDUCIBLE RUPTURE

NO BULBS, NO BELTS, NO STRAPS.

It holds the rupture with a soft concave pad at all times, while working, lifting or walking. Lightweight, presses body in but two places. Reason should tell you not to place a bulb or ball in opening of rupture which keeps muscles spread apart. Sanitary and washable. A Dobbs Truss Expert will demonstrate this Truss to you without obligation.

We have a lot to celebrate—and you're going to celebrate it with us!

We're celebrating the 40 great years of Dodge in America . . . 40 years of growth and development and success.

We're celebrating the greatest Dodge car in 40 great Dodge years—the record-breaking, history-making new '54 Dodge.

We're celebrating the Dodge victory over all "eights" in the Mobilgas Economy Run . . . the 196 official American records for performance, stamina and endurance that this new '54 Dodge shattered on the Bonneville Salt Flats.

The celebration is starting right now at every Dodge dealership throughout the country—a contest a day for 40 days with 40 grand prizes!

You can be the winner of 2 weeks away with double pay—a wonderful expenses-paid vacation for two anywhere in the U.S.A.—with a brand new 40th Anniversary '54 Dodge at your disposal.

★ NEWS FLASH from Indianapolis! ★

In Memoriam

In memory of our beloved wife, mother, and grandmother, Mrs. Carl Peterson, who passed away one year ago, Feb. 10.

I cannot think of them as dead,
Who walk with me no more;
Along the path of life I tread
They have but gone before.
The Father's House is mansioned fair,
Beyond my vision dim;
All souls are His, and Here or there
Are living unto Him. (Fredrick L. Hosmer)

Miss Betty Waagedahl Honored At Bridal Shower

Betty Waagedahl was honored at a bridal shower on Friday evening, Feb. 5th at the Mission Covenant Church. The parlors were beautifully decorated in yellow, orchid and green. A decorated wheelbarrel held the many gifts and was to represent construction work in which Maynard Ranum (groom to be) is engaged. Delores Tangquist presented Betty with a yellow rose corsage. Mrs. Lloyd Ranum was mistress of ceremony. The following program was given: Devotions by Ruth Melvie. Delores and Margaret Ranum sang a duet entitled, "Walking Together." A reading by Ardell Tangquist, a solo, "Jesus Leads" sung by Doris Melvie. Mrs. Alton Sackett composed the following poem for the occasion.

"Betty"

A cute little red headed lassie
With lots of ginger and pep,
Who'd breeze in and out like a whirlwind,
With never a slow lagging step.
Her tan face was sprinkled with freckles,
As most children generally are
But that did not make her more backward,
Nor her bright personality mar.
She'd go to the head in her classes,
For in school, she too was a whiz
This was dear, fun loving Betty
As by now, I'm sure you have guessed.
Of course she has always been Betty,
But nicknames she's had by the score,
Such as "Wagon Wheel", "Wiggle Doll", "Rag Doll" and others — ne'er heard of before
To her boys seemed only a nuisance,
And if they would tease or molest,
She would kick them, scratch them or slap them,
Whichever to her seemed the best.
There was never a dull dragging moment,
Where Betty was — there it was gay,
I'm sure for her doting grandparents,
She brightened many a sad weary day.
From childhood she grew into girlhood,
The years — How quickly they've sped,
Till now — a maiden — She's found her true love,
And the day has been set when they'll wed.
Many memories precious of courtship,
And too of your wedding day,
Linger on as a warm benediction
In your hearts for ever and aye.
As together life's journey your starting,
May Christ in your home reign supreme,
And may love be the one great factor,
Fulfilling your fondest of dreams
As the years go by, both good and ill,
May overtake you on your way,
But continue trusting your Savior,
And He will give strength for each day
Now we pray that God's richest blessings,
In abundance on both of you rest
And may you have thru-out the years
Just everything that's the best.

Betty then opened her many lovely gifts after which she expressed her sincere thanks and welcomed her friends to visit them in their home. A delicious lunch was served, the color scheme being carried out in the lunch also.

MYSTERY OF MISSING MISSIVE

Who sent the card February 6, 1912, and who got it in mid January, 1954, pose no problem. But its long, devious, and delayed route in the interim is mystifying. A Northwest Bedding salesman named Pearson apparently sent the card, which nearly 42 years later was found in a street at Redwood Falls and sent along to the addressee Herman Koch who was still in Bird Island to get it.

"I", SAID BIG BAD HEN

No one will ever know whether she was just careless, or had a maliciously incendiary bent because she went with 64 of her mates in a smoldering fire in Darrell Drinkall's poultryhouse at Spring Valley, believed to have been started by a smoldering cigarette butt toted in by the culprit.—Harold Wohlman at Renville couldn't get into the crate an egg measuring 3½ inches around each way; when he broke it for home use there was another perfect egg inside.—Three sets of twin Holstein calves appeared within a month on the Henry Henning farm near Worthington.

From where I sit ... by Joe Marsh

Wish I'd Said That

You know Miss Perkins. Well, she's been driving her own car around our town for a little more than 30 years.

The other day she had a bit of trouble parking down on Main Street. Didn't quite make it the first try, so she pulled out to start over when a fellow waiting to pass started tooting his horn impatiently.

On the second try, she was still having a little difficulty and so this smart aleck hollered, "Lady, do you know how to drive?" "Yes, young man," Miss Perkins answered, "I do. But I don't have time to teach you now."

From where I sit, it's not always easy to have a good answer ready when you need it. But when somebody insists that I vote for his candidate, for instance, or choose tea instead of a temperate glass of beer with dinner, I know the answer. It's all a matter of personal preference . . . and none of us like "backseat driving" from anybody.

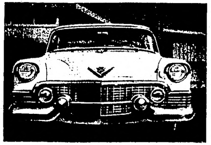
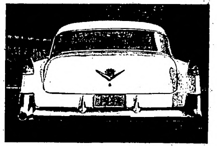
Presenting the
1954 CADILLAC
Styled to be Copied for Years to Come . . .





. . . and as Thrilling to Drive as to See!

The new "Standard of the World" is now on display in our showroom. It is not just a new model, but a wholly restyled and re-engineered Cadillac—*new* from its more massive grille to its more distinctive rear deck.

It is lower and longer in silhouette . . . more modern and graceful in its body lines . . . and with greater majesty and dignity in every detail. Beyond question, it is destined to influence the design of motor cars for years to come.

Matching this greater exterior beauty are Cadillac's luxurious new interiors—more generously proportioned and more beautifully appointed than ever before . . . and executed in a dazzling array of gorgeous new fabrics and leathers.

And, what is even more remarkable, this wonderful new Cadillac is as thrilling *to drive* as it is to *see!*

A great new 230-horsepower engine has added new power and responsiveness. A vastly improved Hydra-Matic Drive provides even greater smoothness and flexibility. Advanced Cadillac Power Steering, now standard equipment on every model, brings with it a whole new concept of steering and handling ease. And new Cadillac Power Braking* has introduced wonderful new motoring safety and convenience.

This greater Cadillac beauty—and this finer Cadillac performance—are available for 1954 in three brilliant new series of motor cars . . . the remarkable Series 62, the distinguished Fleetwood Series 60 Special and the magnificent Fleetwood Series 75. And, of course, there is also the supremely beautiful Cadillac Eldorado.

These inspiring creations are in our showroom now—awaiting your critical inspection. We cordially invite you to see and drive them at your earliest opportunity.

*Optional at extra cost.

Minnesota "U" Lists Recommended Grain and Forage Varieties

Three new varieties of small grains—one each of rye, oats and wheat—have been added to the "recommended" list of the University of Minnesota, according to W. M. Myers, head of the University's agronomy department.

The new rye variety is Caribou, developed in Canada. Recommended ryes now include Emerald, Imperial and Caribou.

The new oat, Missouri 0-205, is resistant to Race 7 of stem rust as are the recommended varieties Andrew, Branch and Ajax. The other varieties recommended are Clinton, Bonda, Mindo, Shelby and James (a hull-less variety) and Clintafe and they are resistant to Race 8 of stem rust.

Branch and Ajax have moderate resistance to Race 45 of crown rust, prevalent in recent years. Clintafe is resistant to all known races of crown rust.

On the spring wheat recommended list are Willet, Lee, Rushmore and Mida. Rival was removed from the list because of inferior performance. Willet is a new variety developed by the University.

The new Canadian variety, Selkirk, is not on the recommended list because of lack of complete information on its performance under Minnesota conditions. But the variety is on the "recommended for certification" list of the Minnesota Crop Improvement Association.

Three flax varieties—Redwing, Minerva and Koto—were removed from the list. Now recommended are Redwood, B 5128 and Marine. Both Redwood and Marine are resistant to wilt and have moderate resistance to pasmo. Marine shows the greatest resistance and B 5128 is moderately susceptible to both diseases.

Three corn hybrids were added to the list—Minhybrids 609, 707 and 711. Minhybrid 609 has about a 95-day maturity and 707 and 711 about a 90-day maturity. Minhybrid 602 was removed from the list.

The present list of approved varieties also includes:

Durum wheat—Carelton, Mindum and Stewart.

Winter wheat—Minturki and Minter.

Barley—Kindred and Montcalm. Vantage and Peatland are recommended for feed but are not acceptable for malting.

Sweet clover — Evergreen and Madrid.

Alfalfa—Ranger, Ladak and Narragansett. There is enough certified Ranger seed this winter and at reasonable prices.

State Tax Share of Federal Budget Totals $1.1 Billion

The Minnesota Taxpayers association today estimated that Minnesota taxpayers will be required to pay out approximately $1,115,200,000 in federal taxes as their share of the cost of the federal spending program of $65.6 billion proposed by President Eisenhower for the fiscal year 1954-55.

The $1,115,200,000 share which would be borne by Minnesota taxpayers to support the Presidents proposed budget is over 5 times the amount of tax revenues collected by Minnesota last year ($210,757,000) to finance the entire state government, according to the association.

Association calculations show that Minnesota residents and taxpayers bear 1.70 per cent of the total federal tax burden.

The association stated that while the burden of federal spending on Minnesota taxpayers remains great, encouragement is given in this Eisenhower budget for fiscal 1955 by the $5.3 billion reduction below the current year (1954) spending of $70.9 billion. This $5.3 billion reduction will mean tax savings of $90,100,000 to Minnesota taxpayers.

Clover Festival Slated at Roseau Friday, Saturday

Research Information to Be Given; Free Show by Winnipeg Skaters

The program is completed for the 1954 Roseau County Clover Festival, and important research information, coupled with outstanding entertainment, is scheduled for the two-day event beginning on Thursday evening, February 18th, and carrying through Saturday night.

Thursday evening a special meeting of the advisory committee will be held featuring talks by research scientists and round table discussions.

Friday the whole day will be devoted to results obtained in research in this area throughout the past years. Such well known scientists as P. M. Burson, L. J. Elling and O. Rudd, A. G. Peterson, B. A. Hawn, M. F. Kernkamp and T. H. Fenske will reveal their research results together with films and slides on those results. Their revelations are of importance to the whole legume producing area.

Free coffee and lunch will be served in the afternoon following the Institute.

During Friday afternoon, Martha Logan, Swift & Company home economist, assisted by Roseau County Home Agent Betty Ostlund, will conduct a free cooking school for the ladies in the Roso Theatre.

Saturday afternoon and evening the Winnipeg Ice Follies will present a show in the Roseau arena, which will have a new and scientifically designed sound system permanently installed.

The program will be free to everyone. All events, the Institute, cooking school, and Follies are completely free and sponsored by the Roseau merchants.

Mayors and dignitaries from other towns in the area are being invited and will be treated to a special banquet as well as all the feature events.

LAST ROBINS OF FALL, OR FIRST OF SPRING?

Worthington sighted a robin January 12.—Several robins in the area prompted Waseca Herald to remark, January 14, that perhaps they can't read the thermometer.—Same day Waconia, even farther north, reported bright plumaged robins.—Eagle Lake ditto.—'Twas a week later before Mankato and Rochester reported some of these hardy and cheery harbingers of warmer days.

Announcement--

Because of an injury that makes it necessary for me to curtail activity at least temporarily, I have accepted an appointment to the teaching staff in the Department of Pathology at the University of Minnesota. This will enable me to complete my work leading to a Ph. D. degree in Pathology.

While I have looked forward for some time for this opportunity, and ultimate service in this specialized field, I regret that the circumstances bring the change on such short notice. My assignment at the University becomes effective March 1. This gives me little time to prepare for so drastic a change in my schedule.

It is my hope that I will be able to continue to serve professionally in a limited capacity, at least to the extent of fulfilling my responsibility to patients already under my care. The Clinic itself is in capable hands and will continue to function as before. We have plans for a Clinic reorganization that will be announced later.

I am sure that Thief River Falls, with the expanded hospital facilities now in the making, will grow in importance as a medical center. We hope that, in this growth, the Clinic will make a contribution.

The members of my family join with me in expressing deep appreciation for the many opportunities afforded us during the years Thief River Falls has been our home. We will take with us the pleasant memories of many friendships and many happy occasions.

New style . . . New power . . . New economy . . . and yet

lowest-priced line in its field!

That's why people are calling the new 1954 Chevrolet the outstanding motor car value of this new year!

Men and women everywhere are deciding that Chevrolet for 1954 gives more for the money than *any* other car in its price range. *Here are the reasons why . . .*

New style—more beauty of line, contour and color—with stunning new Bodies by Fisher and luxurious new modern-mode interiors.

New power—more pickup, more passing ability, more smoothness and quietness of operation with either of Chevrolet's two advanced 1954 engines—the thoroughly proved "Blue-Flame 125" engine teamed with Powerglide (available on all models at extra cost) or the thoroughly proved "Blue-Flame 115" engine!

New economy—yes, even stronger gasoline savings—because both of these great high-compression engines are designed, engineered and built to wring more power from every charge of fuel.

Moreover, these new Chevrolets remain the *lowest-priced line in their field*, again this year.

Come in . . . see and drive the new 1954 Chevrolet . . . and place your order now!

Today's work that is put off until tomorrow probably got the same treatment yesterday.

EVERY SATURDAY NIGHT

If a man ties a string around his finger every Saturday night, will it remind him to go to Church on Sunday?

Hardly! The man who needs that kind of reminder to care for his soul would never go to the trouble of tying the knot.

No one ever forgets to go to Church! But some folks just stay away intentionally.

And it's not that they forget to set the alarm on Saturday night! Those folks have made it a habit *not* to set the alarm.

The decision to worship God is not one to be made every Saturday night, or every Sunday morning. It is a decision that Christians make once and for all!

Make that decision today! Plan to worship every Sunday. Bring your entire family to Church every Sunday. Pledge your constant faithfulness to God—with no strings attached.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Week's Events in Newfolden

Edith M. Lindbeck, Newfolden

New High School Lunchroom

Monday, Feb. 8th marked a day that students, faculty and cooks have long awaited. The first meal was served in the new lunch room, with about 400 students being served at this first meal.

The kitchen and lunch room are very attractive with their sunny color scheme and everything has been done to make them easy to work in at the same time. The cooks said it was a little difficult this first time..but think they will like the facilities first rate after they get used to them a little bit.

The room has been ready for use for some time, with the exception of some cabinets and tables which were delayed in arriving. It was quite a trek for the smaller children to go over to the church for dinner when the weather was really severe, but we are grateful that they let us use the church basement for our lunchroom till the one at school was ready. It was a wonderful thing for them to do, enabling youngsters who could not go home at noon to get a good hot lunch, and thus helping many of them to better health because of it.

Political Roundup

By Arthur Naftalin

With the 1954 political season now well upon us, this is a good moment to set forth some basic information concerning the many elective positions to be filled this year and how one goes about becoming a candidate.

While this is the year when the Presidency is not at stake, we will vote on nearly all offices in the state executive branch, the legislature, the congressional districts, the supreme court and judicial districts, and the county.

In all, we will elect 237 national, state, judicial, and legislative officials, plus an average of 12 officials in each of the 87 counties, for a grand total of more than 1,200 salaried positions at the various levels.

Filings Open June 16

For many weeks now there has been jockeying for position among prospective candidates, especially for top state and national office, but the contests do not get under way formally until June 16, when filings officially open. They remain open until July 26.

There is no special trick to filing. If the office you seek has a constituency covering more than one county, such as any of the statewide offices or a legislative district that covers two or more counties, you file an affidavit of candidacy with the secretary of state in the state capitol. If your office falls wholly within a single county, you file with the county auditor in that county.

Filing consists of filling in a form in which you state the office you seek and declare that you are "duly qualified," having the form notarized and submitting it by mail or in person to either the secretary of state or county auditor, together with the required fee. Filing forms may be obtained by writing the secretary of state or county auditor.

1 Senator, 9 Congressmen

National offices to be filled include the six year term in the United States Senate, now held by Hubert H. Humphrey, and the nine congressional seats that have two year terms. So far the indications are that all 10 incumbents will be seeking re-election.

Senators and representatives all receive the same salary, $12,500 per year, plus a tax-free expense allowance of $2,500. Out of this they must maintain their private residence, although each is allowed basic amounts for their office staffs and office operations.

The filing fee for U. S. Senator is $100, for Congressman it's $50.

12 Statewide Offices

Here are the offices we will fill on a statewide basis, showing the length of term, the incumbent, the present salary, and the filing fee:

Governor—two years, C. Elmer Anderson, $14,000, $50.

Lieutenant governor — two years; vacancy (following resignation of Ancher Nelsen) $6,000; $50.

Secretary of State—two years, Mrs. Mike Holm, $11,000, $50.

State Auditor — four years, Stafford King, $11,000; $50.

Attorney General—two years, J. A. A. Burnquist, $11,500, $50.

State Treasurer—two years, Val Bjornson, $11,000, $50.

Clerk of Supreme Court—four years; Grace Kaercher Davis, $7,300; $50.

Railroad and Warehouse Commission—six years, Clifford C. Peterson, $7,500, $50.

Chief Justice of the Supreme Court—six years; Roger Dell; $14,500 (raised to $16,000 by 1953 legislature); $50.

Three Associate Justices of the Supreme Court—six years; Thomas Gallagher, Oscar Knutson, and Martin A. Nelson; $13,500 (raised to $15,000 by 1953 legislature); $50.

197 State Legislators

All members of the legislature are up for election this year, including the 131 members of the house of representatives and the 67 state senators. The representatives are elected for a two-year term; the senators for four years. All have the same salary, $3,000 for the biennium. The filing fee is $10. Members are elected from one of the 67 legislative districts in the state, with each district having one senator and from one to four representatives.

Many County Offices

Minnesota continues to fill a large number of county executive positions by election. With the exception of judge of probate, some of the clerks of court, and some of the county commissioners, all elective positions will be filled this year. All are for four year terms. The filing fee in each case is $10.

The county positions include auditor, treasurer, register of deeds, sheriff, county attorney, surveyor, coroner, court commissioner, superintendent of schools, and members of the board of county commissioners. Salaries vary from county to county depending on population and amount of business handled.

18 District Court Judges

Completing the list of officials to be elected this year are 18 district court judges. There are, in all, 54 district judges, sitting in the state's 19 judicial districts. The terms are for six years in all cases, with certain of the judges up for election at each biennial voting. Their salaries were increased by the 1953 legislature from $10,200 to $11,700, but the increase will not be paid this year because the Governor not only vetoed the increase (which the supreme court held he had no power to do) but also the appropriation of the money for this purpose. Judges in Hennepin, Ramsey, and St. Louis also receive an additional $1,500 paid by the county.

STIMULATING LONGEVITY RECORDS

Fellow employees on North Western Railway presented luggage to A. L. Dumas, Winona, upon his retirement after nearly 45 years as storekeeper.—Two Duluth postoffice employees wound up an 82 year career in January. Leo G. Cancer Research Laboratory at 'U' to Be Dedicated

The new Elias P. Lyon laboratories building at the University of Minnesota will be dedicated to the advancement of the fundamental knowledge in medical sciences in formal ceremonies Thursday.

The new structure, named in honor of the late Elias Potter Lyon, dean of the University's medical school from 1913 to 1936, was financed principally by grants from the Minnesota division of the American Cancer society and the United States Public Health Service.

Dedication ceremonies include open house in the Lyon laboratories and a public cancer research exhibit and banquet in Coffman Memorial Union.

Speakers for the dedication banquet at 6:30 p. m. in the main ballroom of the Union will be University President J. L. Morrill; Dr. C. J. Van Slyke, Washington, D. C., of the United States Public Health Service; Mefford Runyon, New York, executive vice president of the American Cancer society; and Dr. Harold S. Diehl, dean of the college of medical sciences.

Deciduous Trees Available for Use on Private Lands

"A considerable amount of deciduous tree planting stock has now been made available for planting on private lands and individuals and organizations wishing to start forests this spring should send the requisition at once," Ray Clement, state forester in charge of tree planting, said today.

Because of heavy demand for Norway pine, white and black spruce, tamarac, and red cedar, the supplies have been exhausted. White pine and white cedar will be sold as long as present stocks hold out.

The deciduous trees, such as American elm, green ash, soft maple, caragana and black walnut will be available until nearly digging time, when no more orders can be accepted.

The deciduous trees cost $8 per thousand and the pine and cedar costs $10 per thousand. Not less than 500 can be ordered.

Trees will be dug, packed, and shipped as early in the spring as ground conditions permit the digging. Each purchaser will be notified of the approximate date of shipping.

State Near Top in Hunting License Sales in 1952-53

Minnesota ranked seventh in the nation in the sale of hunting licenses for the fiscal year 1952-1953, according to the U. S. Fish and Wildlife Service.

Total hunting license sales in Minnesota were listed at 527,107, with fees totalling $1,392,132.

Michigan topped the list with 1,166,720 licenses sold, followed by Pennsylvania, 1,095,266; New York, 921,987; Ohio, 667,097; Wisconsin, 588,753; California, 587,671; then Minnesota.

Minnesota's total was an increase of 12,522 over the fiscal year 1951-1952.

Warren Speaker

REP. WALTER H. JUDD

Representative Walter H. Judd, congressman from Minneapolis' fifth district, will be the speaker when Republican party leaders of Marshall and neighboring counties gather at Warren to celebrate Lincoln's birthday February 13th. Judd will talk at a dinner meeting of the party leaders at the Lutheran church in Warren, and also will speak the same night to farmers attending the Warren Farmers' Short Course in the Warren high school auditorium.

W-2 Form Needed When Filing U. S. Income Returns

"Begin preparing your income tax return when you get your Form W-2 from your employer." That is the advice of A. R. Knox, district director of internal revenue.

Any taxpayer who worked for more than one employer during 1953 must receive a Form W-2 from each employer who withheld federal income tax from his wages or who would have withheld tax if the employee had claimed only one withholding exemption. All W-2 forms must be attached to one's income tax return, which must be mailed to the district director of internal revenue, St. Paul, Minnesota, by midnight of March 15.

"Salaried persons cannot file their income tax returns until they receive all their W-2 forms," Mr. Knox said, "but when they are in the taxpayers' hands, the taxpayer should prepare his return and mail it in well before March 15.

Junior Class to Give Play Feb. 18 at N. W. School

The junior class of the Northwest School of Agriculture, Crookston, has selected "Cheaper By the Dozen" for their class play to be given in the school auditorium on Thursday, February 18 at 8:00 p. m. Mrs. Alice Ittner, of the English faculty, is directing the play.

A large cast of characters is needed for the three act comedy. Members of the cast are Willis Fintlrock, Barnum; Donna Miller, Crookston; Marilyn Balstad, Fosston; Harlene Hagen, Gatzke; Carol Soltis, Angus; Howard Duncan, Cando, North Dakota; Henry Landin, Warroad; Jean Stromstad, Lockhart; George Torkelson, Red Lake Falls; James Olson, Reynolds, North Dakota; Willard Loing, Reynolds, North Dakota; Donald Wold, Badger; Marlys Love, Euclid; Henry Hettwer, Mahnomen; Charles Kramer, Peoria, Illinois; Barbara Kagg, Viking. Prompters are Jeanne Vanek of Angus and Margie Iwen, Arthur, North Dakota.

Propose Hike in First Class Mail

The House postoffice committee in Washington voted Thursday to raise the cost of mailing first class letters from three cents to four cents.

The committee action, taken in closed session, was a first step in a proposed plan of the administration for a quarter-billion-dollar yearly increase in postal rates.

Ask Applications for Railway Mail Clerk Substitute

Opportunities to apply for employment in the postal transportation service were announced in a bulletin issued this week.

Examinations are for substitute postal transportation clerk positions which have a starting pay rate of $1.71½ per hour, and are open to persons who reside in the states of Minnesota and North Dakota. Age limits are 18 through 50, waived for veterans.

There is no experience or educational requirement; however, applicants must pass a written test and meet certain physical requirements.

No closing date has been set but interested persons should apply immediately in order to compete in the first examination.

Information is available in any post office in Minnesota.

Our new Separator washes itself in only 3 minutes!

"You see, we have a new McCormick power washing cream separator. Now, when Dad finishes separating, I don't have to take the separator apart. Instead, I just pour clean water into the supply can.

"In only 3 minutes the separator washes, sterilizes and dries itself. And, it's cleaner and dryer than if I'd scrubbed each disc by hand. So, now with no more hand-scrubbing, I've lots more time for myself."

This is typical of statements made about the new McCormick power washing cream separator by hundreds of farm wives across the country. Come in and see the only cream separator that uses its own power to wash itself sparkling clean!

Winter Shows Start Monday at Crookston

Many Residents of Area Are Planning to Attend 44th Annual RRV Event

Speakers of national prominence, in addition to nearly 50 state agricultural leaders, are included on the program for the 44th annual Red River Valley Winter Shows, which open a five-day period of activities at Crookston next Monday morning, February 22. In connection with the shows, numerous meetings of Valley organizations will be held.

A large delegation of Pennington county residents will attend the event, and numerous exhibits of grain and livestock from this area will be entered in competition.

The Honorable Tor Gjesdal, New York City, principal director of the United Nations department of public information, will speak on the accomplishments and the future of the United Nations on Tuesday evening, February 23. Mr. Gjesdal, a native of Norway, has served the United Nations since its organization. He is a cousin of State Rep. Coya Knutson of Oklee.

For the Wednesday evening program on February 24, secretary of the United States department of agriculture Ezra Taft Benson has delegated Theodore S. Gold, assistant to the undersecretary, to speak on "The Administration Farm Program."

The Thursday evening program will be shared by Theodore Fenske, assistant dean, and A. A. Dowell, director of resident instruction and assistant dean of the Institute of Agriculture, University of Minnesota, St. Paul. Mr. Fenske will give a report on agricultural conditions in the Scandinavian countries as observed first-hand during the past summer. Dr. A. A. Dowell, a former superintendent of the Northwest School at Crookston, will give an illustrated report on agricultural conditions in India.

Monday, February 22, has been designed as Crops and Livestock Judging Contests Day and Soil Conservation Day. Tuesday will be Crops and Soils Day, with an all day program; also, Ninth District Horticultural Society Day and Junior Futurity Day. Wednesday, February 24, will be Livestock and Poultry Day, and 4-H Program Day. Thursday will be a day for the potato and sugar beet producers, with the first of the two-day livestock sales scheduled for that afternoon at which time 130 bred ewes and gilts will be sold. Friday will be Cattle Sales Day at which time 100 head of purebred cattle, representing the leading breeds of beef and dairy cattle, will be sold.

Trinity Fathers, Sons Dinner Feb. 22

Brotherhood of Church Sponsors Annual Event

The Lutheran Brotherhood of Trinity church will hold its annual Fathers and Sons banquet in the church parlors next Monday evening, February 22, at 6:30. Hank Bothman will preside.

The program will include a short talk by Clarence Isaacson in behalf of the fathers, with Wayne Gunderson making the response for the sons. Two motion pictures will be shown, one of them a Laurel and Hardy comedy.

Boy Scout troop charters will be presented by Clarence Knudsen, commissioner.

Ronald Lawrence Is Lions Speaker

Ronald Lawrence, who last week was elevated to Eagle Scout rank at a Boy Scout court of honor, was the guest of the Lions club at its luncheon meeting Wednesday in the Rex cafe. Introduced by Walt Kavanaugh, program chairman, Ronald recounted some of his scouting experiences, and said he expects to continue his Boy Scout activities.

Freedom Crusade Fund Appeal Now in Progress Here

Mayor Agnes Israelson Asks for Contributions; Legion Auxiliary Sponsor

Mayor Agnes Israelson announced in a proclamation that a campaign for funds to support the Crusade for Freedom is being conducted this week in Thief River Falls and other communities throughout the nation.

She stated that the drive is being sponsored here by the American Legion auxiliary in cooperation with the two local banks, together with the VFW auxiliary, Eagles auxiliary, the Does, Lyon Rebekah lodge, and the Woman's Club.

Mrs. Israelson's proclamation reads as follows;

"The Crusade for Freedom is a reminder to all of us that we are the luckiest people in the world. We have inherited the earth's richest treasure—freedom. Freedom built upon the principal of human rights and liberties—of justice and opportunity—they are your rights and liberties—your guaranty of justice, your opportunity. It was given to you the day you were born.

"But the freedom we know is now denied millions of people behind the Iron Curtain, countries that have always known freedom, who habitually have fought for freedom. As long as freedom is denied to any person in the world our own safety is in danger. But we can help. Through Radio Free Europe, we can beam messages of hope and the moral support of a free world.

"Radio Free Europe is supported by your contribution to the Crusade for Freedom. Freedom week is February 15-20. Sign the Freedom Scroll; make a contribution. If no one asks you, send your contribution in an envelope, address to Crusade for Freedom—in care of your local postoffice."

Orville Eide Gets Big Promotion in S & L Store Chain

Orville Eide, who in the summer of 1952 left this city to become manager of the S & L store in Hutchinson last week received a substantial promotion from the company, being named manager of the S & L store at Central av. and Fourth st. in Minneapolis. He took over his new duties February 10. While in Thief River Falls, Eide had served as assistant manager of the local S & L store under Clarence Waldera.

[illegible] high school chorus will present the operetta, Words and Music, a musical comedy written by Bert Horswell and Adele Lee, on Tuesday evening, Feb. 23, at 8:15 in the high school auditorium.

Co-directors for the production are Miss Marlys Carlander, of the music department, and Miss Patricia Hoffman, of the dramatic department.

The operetta setting is the Barton College campus, which is a select school for young ladies and gentlemen. The head of the dramatic art department, who was to write the traditional Barton operetta, has unexpectedly come down with the measles. The writing of the operetta then is turned over to the dean of women, and the dean of men, two sedate professors with classical tastes. The students feel that to leave the writing of the operetta in the hands of these sedate deans would be disastrous, and so unknown to the deans and the president of the college, they take over the writing themselves.

The president of Barton College will be played by Gene Bratsch, Dean Highnote by Ara Peterson, and Dean Longword by George Gifford. The Deans' assistants provide the romantic interest of the opereta and are played by Gail Brown and Darrell Rude. The janitors will be played by David Thompson, Leland Anderson, and Jim Erickson. The cheerleaders will be played by Wayne Gunderson. There are several other groups that make up the cast. One of these is the dancing group which is directed by Miss Joyce Locka.

Accompaniment for the operetta will be an ensemble group with Janet Nelson at the piano. Miss Judith Halverson will play the violin, Marlene Kellberg flute, Marilyn Waale, clarinet and Katheryn Flom, trombone.

Mrs. Israelson at St. Paul Meeting

District VFW Auxiliary Head Attends State Parley

Mayor Agnes Israelson, president of the ninth district auxiliary of the Veterans of Foreign Wars, left Friday evening for St. Paul to attend the department council of administration meeting at the Lowry Hotel.

Two of the main topics were the cancer research building being built at the University of Minnesota by the Veterans of Foreign Wars posts and auxiliaries of Minnesota. The blood bank at the Veterans Hospital is now depleted, so stress was made when blood is given to specify that it be sent to the Veterans Hospital.

Rosalie Schill, national president, from New Orleans, Louisiana was in attendance at the meeting. The annual department banquet was held for 800 people with Gov. Anderson as the main speaker.

21 Pennington Co. 4-H Members to Compete at Crookston Shows

Twenty one Pennington county 4-H'ers will take part in the Red River Valley Winter Shows February 22 through the 26th, announces County Agent William Penning. The activities in which these boys and girls will compete will include dairy demonstrators, 4-H judging teams, and individual exhibits.

Members of the Dairy judging team are Richard Burtness, Silverton 4-H club, Dale Svensgaard, Mavie; Jerry Vatsaas, Steiner; and Wayne Leiran, Silverton.

Members of the general livestock judging team are Jerry Hunt, Eldon Moe, Arlen Solem and Stuart Solem all of Steiner 4-H club.

Those who prepared dairy foods demonstrations are Lorraine Chapman, Janice Braaten, Eunice Chapman, Beverly Braaten and Janice Finstad, all of Rocksbury 4-H club; Marilyn McCrum, Smiley 4-H club; Donna Wik, St. Hilaire 4-H club, and Arlene Malberg, Janet Torgerson and Raymond Nelson of Steiner 4-H club.

Marilyn McCrum of the Smiley 4-H Club was the winner of the county radio speaking contest, and will compete in the district contest during the Winter Shows.

There will be two 4-H members participating in individual exhibits. Richard Parnow of Kratka 4-H club will exhibit his grain project, and Evert Corbet of the St. Hilaire 4-H club will exhibit his 4-H pig project.

Street Lighting to Be C. C. Topic Thursday Evening

Information in connection with the proposed street lighting improvement project in the Thief River Falls business district will be submitted at a meeting of the Civic and Commerce association Thursday evening, February 18, at 6:30 in the Elks club rooms, President Arthur Christianson announced today. The report will be given by the civic development committee, which has recently assembled information under the direction of Dr. M. D. Starekow, chairman. A general discussion will follow the report.

Ardella Severson, Accident Victim, Dies Early Today

Succumbs to Injuries Suffered February 7 in Collision Near Alvarado

Ardella Severson, 17, daughter of Mr. and Mrs. Elmer Severson of Thief River Falls, died this morning in the Warren hospital, where she had lain in a coma since being gravely injured early Sunday morning of last week in a car collision two miles east of Alvarado.

She had been a passenger in a car driven by Harry Hendrickson Jr., also of this city, who died of injuries a few hours after the accident.

Funeral rites for Ardella, a Lincoln high school senior, had not been arranged this morning. A complete obituary will appear in the next issue of the Times.

Lillian Troland, another passenger in the car, was transferred Monday from the Warren hospital to Northwestern Hospital in this city where her condition was reported yesterday as improved. She is being treated for fractures of the back, and pelvis.

A-2c Lemuel Evans of North Carolina, the fourth passenger in the Hendrickson car, has been transferred from Warren to an air force hospital in South Dakota.

Trinity Church to Get Acting Pastor

Rev. J. J. Jacobson of Hendrum Coming Mar. 14

Rev. J. J. Jacobson, who recently resigned as pastor of the Hendrum Lutheran church, effective Sunday, March 7, will assume on the following Sunday, March 14, the position of interim pastor of Trinity Lutheran church in Thief River Falls.

Robert J. Lund, chairman of the call committee of Trinity church stated that Rev. Jacobson will serve here until the appointment of a permanent pastor succeeding the Rev. G. S. Thompson, now of Eau Claire, Wisconsin.

Arrangements for the interim appointment were made early last week between Rev. Jacobson and members of the Trinity church council, consisting of the board of trustees and board of deacons.

James Dougherty Condition Better

The condition of James Dougherty, who was severely injured in a recent explosion at the Lakehead Pipeline Co. pumping station at Viking continued to show steady improvement during the past week, and his physician indicated that he may be released from the hospital here late next week.

Public Offices, Schools to Close Monday, Feb. 22

City and county offices, local banks and the post office all will be closed next Monday February 22 in observance of Washington's birthday. Postmaster R. J. Dryden announced that there will be no mail deliveries Monday either in the city or on the rural routes.

Public schools in the city also will take advantage of the holiday. Local business places however, will remain open as usual.

Receipts from '54 Polio Drive Exceed $6,000

Returns Are Now Nearly Complete, A. F. Berge, Drive Chairman, States

With only a few scattered returns yet to be brought in, collections up to the first of the week in the Pennington county polio fund campaign had passed the $6,000 mark, aggregating $6,076.90, A. F. Berge, county drive chairman, announced. He expressed the hope that solicitors who have not yet reported on collections would do so before the end of this week.

Of the total receipts, $4,218.26 was contributed by Thief River Falls residents, with the remainder of the county supplying $1,858.64.

Collections in Thief River Falls, as reported by Chairman Berge, included the business district, $2,196.38; Mothers March of Dimes in the residential areas, $1,463.58; city schools $547.50; and St. Bernard's school $10.80.

Receipts from the rural areas include township collections, $1,122.80; rural schools, $75.11; 4-H clubs, $42.20; Smiley Community club, $125; Highlanding club, $48.35; Good Hope Farmers Union, $5; Good Cheer club, $15; St. Hilaire general solicitation, $179.40; St. Hilaire school $134.78; village of Goodridge, $110.

M. C. Gulbranson, chairman of the Pennington county chapter of the National Foundation for Infantile Paralysis, today thanked Berge and all members of his staff of team captains and solicitors for their efforts during the drive now coming to a close; and he extended a special word of appreciation to county residents for their generous contributions.

Regional Jaycee Officer to Speak in City Thursday

Walter E. Johnson of Crookston, regional vice president of the Minnesota Junior Chamber of Commerce, will be the guest speaker at a dinner meeting of the Thief River Falls Jaycee chapter Thursday evening, February 18, at 6:30, in the Rex Cafe, President Walt Kavanaugh announced today.

Elks Honor Past Exalted Rulers

With Andrew Anderson serving as exalted ruler, former heads of the local Elks lodge filled the various offices at a Past Exalted Rulers night last Thursday evening. As an added feature, a sound motion picture recounting the history and services of the B P O Elks also was presented.

Pennington County Soil Conservation District Wins Prize

The Pennington county soil conservation district late last week was awarded a $100 prize offered by the Minneapolis Star and Tribune for its outstanding work in soil and water conservation. This district was one of eight in the state to be honored.

Announcement of the award was made at the annual convention of the Minnesota Association of Soil Conservation District Supervisors in the Lowry Hotel in St. Paul last Thursday and Friday.

Representing the Pennington county district at the meeting were Paul Engelstad, chairman, and Alfred Longren, vice chairman. They were accompanied by Don Lawrence, farm planner for the district.

Walter Swanson represented the Red Lake county district, while Oliver Howland and Henry Clausen were present from the Marshall-Beltrami district.

Speakers at the convention included John Haw, agricultural development agent for the Great Northern Railway; Governor C. Elmer Anderson, Wm. C. Klein, chairman of the farm machinery manufacturer committee; and Waters Dallies of Texas, president of the national association of soil conservation districts.

Co. Board Votes to Sell Bonds at Meeting March 2

Will Sell Remaining $45,000 Court House Issue and $102,000 Ditch Bonds.

The Pennington county board, at an adjourned session last Wednesday, voted to call for bids on the purchase of the remaining $45,000 of the authorized $295,000 bonds to finance the construction of the new court house, the bids to be opened Tuesday, March 2.

At the same time bids will be opened for the purchase of $102,000 ditch bonds to finance drainage projects carried out during the past year or two. These bonds will be retired thru assessments against benefited property.

Projects covered by the bond issue include work on judicial ditches 1 and 15 and the following county ditches: Sanders-Black River ditch No. 1, and ditches No. 21, 45, 55, 71 and 39.

301 Memberships in Blood Bank Signed up: Deadline Is March 1

District 17 L. O'L. Meets Mar. 4 in TRF

Frank Stone, General Manager, Main Speaker

The annual meeting of District 17, Land O'Lakes Creameries, will be conducted in the municipal Auditorium in Thief River Falls Thursday, March 4, starting with a morning session, Art Stenberg, district president, announced today.

He stated that the principal speaker will be Frank Stone, general manager of Land O'Lakes Creameries in Minneapolis and a member of a national committee working on a solution of the dairy surplus problem confronting the nation.

Stenberg urged all dairymen of this area to attend the meeting and hear Mr. Stone's address. He added that Lew Conlon, manager of the Minnesota dairy industry committee, will speak at the morning session.

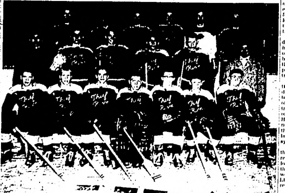
Applications for membership in the Northern Blood Bank association have been coming in at a steady pace during the past week, and up to Monday had reached a total of 301, E. A. Hamerski, president, reported today.

He added that present indications are that the goal of 500 members will be closely approached by March 1, when the association is scheduled to begin operating. For those joining after March 1, he indicated, a thirty day waiting period will be imposed.

Harold W. Peterson, administrator of Northwestern Hospital, where blood donations will be received from members, stated that it is expected typing of blood will get under way early in March.

Local citizens wishing to get the benefits of membership in the association may obtain application blanks from the hospital, Radio Station KTRF or Mr. Hamerski. The blanks should be filled out and returned promptly with the membership fee of $1.

Prowler Sextet Enters Regional with Fine Record



Coach Dennis Rolle's hockey Prowlers will open their bid to regain the eighth regional championship Thursday at Roseau when they meet Williams in a tournament first round game. If successful in their tilt against the Williams sextet the Prowlers will enter the championship final on Friday night at 7:30 p. m. against the winner of the Roseau vs. Warroad game.

Playing against some of the state's top ranking high school teams the Prowlers this season compiled a record of fifteen wins and no losses. Excluding the scoring in the 33 to 1 win over Hallock, and which was not to be entered in the official records, the Prowlers during their 1953-54 schedule, amassed a total of 81 goals while permitting the opposition but 17 goals.

Objectors to Big Sewer Job Call on Council

Group Seeks to Limit District to Be Served by Proposed Storm Sewer

The prennial problem of the conflicting interests involved in the proposed west side storm sewer project bobbed up at the February session of the city council Tuesday evening when a delegation from the north end of the sewer district, No. 3, with Attorney H. O. Berve as its spokesman, was present to object to the inclusion of the area north of Seventh st. in the area to be assessed.

Berve stated that the area north of Seventh st. is high ground that would derive no benefit from the sewer, and he asked that the area be eliminated from the sewer district, as well as property south of First st. He said a petition was being prepared by objectors for presentation to the council when completed, and that it already bore approximately 100 names.

Berve said further that he believed the petitions seeking the project, which were filed three years ago, were not strictly legal in form, and he charged that there had been misrepresentation in securing signatures on the petition.

Council President Carl Gjernes stated that the council wanted to do what the majority of residents in the affected area wanted done. He said that consideration would be given to a proposal that advocates of the project circulate new petitions to bring them up to date and to determine if a majority actually wishes the work to be carried out.

After considering bids, the council designated the Union State and Northern State banks as depositories for city funds, and designated the Thief River Falls Times as official city newspaper.

A petition was presented asking for installation of sewer and water mains on Maple av. between Gulf and Hughes sts. The matter was referred to City Engineer Stewart for a report.

District Governor Speaks at Rotary Meeting Monday

E. J. Windmiller, Fergus Falls, Gives Address on International Relations

District Rotary president E. J. Windmiller of Fergus Falls was the speaker at the Rotary Club meeting Monday noon. Stressing the international aspects of the organization's program, he urged continued financial support for the activities sponsored by Rotary to promote world peace through national, racial and relations on the prejudices and the

During his term of office as district governor Mr. Windmiller has travelled extensively thruout the world and his talk was brightened by personal observations on the prejudices and the problems that are causing distrust and hatred among people.

Based on his own observations, he stated, we have not done a good job in promoting international good will. Because of misunderstanding our country does not enjoy the confidence of the rest of the world, he said. He is hopeful that progress is now being made in improving these relations, not through dollar spending but through more sympathetic understanding.

Stanton Dahlen, chairman of the On-To-Winnipeg committee, reported that 21 members of the local club will make the trip to the international meeting this week. They will leave by Soo Line special car Friday morning, returning Sunday night.

Go to Convention

The Minnesota Society of Professional Engineers will hold its annual convention at the Nicollet Hotel in Minneapolis February 24, 25 and 26. Representing Thief River Falls at the meeting will be Douglas Stewart, a state director; Joeph Seidel, Ed Johnson and Allan Wynnemer.

'U' M. Touring Company Ably Gives "Cinderella Cottage"

By Miss Marlys Carlander

On Sunday evening in the Lincoln High School auditorium, the touring company of the University of Minnesota Theater presented the play, Cinderella Cottage, a comedy by William Davidson, well known Minnesota playwright.

Cinderella Cottage is the story of an unusual family, unusual because the situations which arise are not exactly typical of the average family, although possible. These situations cause *a great deal of hilarity and a* chaos, and seem to put this play into the realm of a farce.

Throughout the evening a great deal of variety in the characters and their personalities was displayed. The two most convincing roles were played by Dale Dunham, who was the pet shop owner, Mr. Kirshmeier; and Carole Gallick, who made the girl, Patsy Fuller, truly come alive. Bill Hillard who was the romantic interest displayed an outstanding speaking voice as well as acting ability, and Connie Isacson as the aunt did a very competent job.

While this play proved to be entertaining, especially for the students, who can learn a great deal from a play of this kind in relation to the dramatic work they do, it seemed to lack depth. This lack of depth made some characters such as the father a mere stereotype, and the high school girl greatly overdone.

This lack of depth in character and plot was no doubt intentional on the part of the playwright, and so, therefore, justified in the interpretation given by the cast. All of the members of the cast displayed a better than average acting ability, and we are happy that they were here to perform for us. It would be interesting to see this same group in another type of play.

The members of the Northwestern Concert Series are looking forward to the final program in this year's series which will be presented March 2.

Ninth Dist. Legion Service Officers to Meet in Fargo

Session to Be Held at Veterans Hospital on Thursday, February 18

A 9th District American Legion school for post service officers will be held at the Veterans Hospital in Fargo, N. D., on Thursday, February 18, beginning at 10:00 a. m., according to Gordon H. Nohre, district adjutant.

Featured on the program are James Kelly, of St. Paul, director of rehabilitation for the American Legion in Minnesota; Oscar E. Lewis of Bagley, presently serving on the national Legion rehabilitation commission; Leslie Welter, Moorhead, representing the Minnesota department of veterans affairs; and several representatives of the Veterans Administration at Fargo. In charge of arrangements for the meeting is Howard Balk of Bagley, district director of rehabilitation.

Legion post service officers from most of the 71 posts throughout the district are expected to be in attendance.

One of the main topics for discussion will be a review of procedure necessary in processing various types of veterans claims. A tour of the Veterans Hospital is planned as a part of the program, which will give service officers first-hand knowledge of facilities available to veterans.

Rev. W. P. Clausen Plans Radio Talks

St. John's Church Pastor Starts KTRF Series Feb. 21

Rev. W. P. Clausen, pastor of St. John's Lutheran church, Thief River Falls, will inaugurate a Thief River Falls Good Shepherd Hour over Radio Station KTRF Sunday, Feb. 21, at 9:30 a. m. It will be heard every Sunday at that hour.

Rev. Clausen came to Thief River Falls recently from Sioux City, Iowa, where he began the Good Shepherd Hour on which he was the only speaker for eight years. It was heard over a Sioux City and Storm Lake station. At present he is making transcriptions here which are then heard on Sunday mornings in Sioux City.

Pastor Clausen stated that the messages of Christian Helpfulness will be aimed at people from all walks of life and faiths with the idea of promoting maturing life. As his background will have his former chaplaincy and counselling service.

Evening Classes for Adults Now Ending

Adult evening classes, which have been held over the past several weeks in conjunction with the public schools, are drawing to a close.

In the home economics department, the classes for women in homecrafts and construction of children's clothes, were completed on Monday, February 15, at the last of the scheduled six two-hour sessions allotted each course. However, the homecrafts group will meet informally on the evening of March 1 to receive their completion and attendance certificates, others having received them previously.

The homecrafts group, under the direction of Miss Harriet Overboe, studied and worked with card weaving of belts, block printing of luncheon and other household linens, glass etching, chip carving of wooden plates, and the tooling and lacing of leather articles. There were twenty-three enrolled in the course.

The women's group, under the direction of Mrs. Dorothy Engelstad, in construction of children's clothing, made useful garments for children and studied practical methods of making-over clothing. There were twenty homemakers in this group.

Attendance has been above average, with much interest and enthusiasm shown in both groups. It is planned to publicly display projects done by the participants in a downtown window sometime in March.

Two other trade extension courses, offered through the facilities of the area vocational-technical school, engine tune-up for servicemen and carpentry for apprentices, closed on February 4, at which time twenty-eight men were awarded attendance certificates for 21 hours of training. Other courses will be finishing in March and April. A total of 174 men and women have been enrolled in the total program of the evening school this year.

Rev. Brenneise to Attend Meetings at Bethel College

The Rev. and Mrs. E. L. Brenneise of the First Baptist church will leave Monday for St. Paul, where they will attend the annual Founders Week conference of Bethel college and seminary. The conference begins with a banquet on Monday evening and includes as speakers Dr. Frank Woyke, of the North American Baptist Conference and Drs. Ramm and Smith of the Bethel seminary faculty.

Pastor Brenneise will return to this city on Saturday, while Mrs. Brenneise plans to spend a few days with her parents at Alcester, S. Dak.

Field Auditor to Visit Job Office Here on Thursday

Local Employers Asked to Confer with Him on Unemployment Tax Rates

John Ekman, district field auditor with the Department of Employment Security, will be at the employment office in Thief River Falls all day Thursday, February 18.

Employers who have questions relative to their new 1954 unemployment tax rate are invited to contact Mr. Ekman. Rate notices were mailed out to all employers on February 1, said R. B. Eldevik, local manager, adding that many employers can secure a lower rate and save money by repaying part or all benefit charges shown on their new rate notice.

All employers filing contribution and wage reports with the Minnesota department of employment security are urged to check their 1954 rate notices. A period of 30 days from February 1, in which to protest rates or remit a part or all benefit charges, is allowed. No action can be taken after this 30 day period has elapsed, said Eldevik.

4-H Achievement Day Slated in May

Extension Home Council Tentatively Picks May 4

Preliminary plans for 4-H Achievement Day were made at the February meeting of the extension home council, held last Tuesday afternoon in the Civic and Commerce Room. Mrs. Calvin Toomey, president, presided at the meeting.

The date tentatively set for the event was May 4. Committees for program, exhibits, tea and publicity were appointed.

Members also discussed the reupholstering workshops to be held in the county in March and April, and the county wide program planning meeting on March 31.

After the business meeting, glass etching was enjoyed by the group. Valentine lunch was served by Mrs. Kermit Maldment and Mrs. Carl Finstad.

Legion Post Again to Share in Boys State

Steve Austin, Commander of Eklund-Holmstrom Post of the American Legion in Thief River Falls, announced that, at a recent meeting, it was voted to send a local boy to the sixth annual American Legion Gopher Boys State, to be held June 13-19 on the farm school campus in St. Paul. Ted Hellie is in charge of the activity in the local post.

Gopher Boys State was first held in Minnesota in 1949 and has been an annual event since. All boys must be juniors in high school. *They are chosen through* cooperation of the Legion posts with the high school faculty in each community affected. The local post has been represented by local boys in the years specified.

1950: Jack Haugen; 1951: Roger Williamson; 1952: Robert Christensen; 1953: Richard Kruse.

Primary objective of Gopher Boys State is to give the boys who attend actual learning experience in how local and state government functions, so as to (1) arouse in them an enduring interest in government affairs, (2) develop better civic behavior, and (3) obtain for the young men a higher appreciation of and wholehearted allegiance to the democratic way of life.

Prowler Quintet Defeats Ada Here Tuesday 69 to 53

Art Johnson Racks up 27 Points for Locals; Prowler "B" Team Wins

The Prowlers, with a 24-point third period, pulled away from the Ada Vikings in the second half of the basketball game played here Tuesday night to register a 69 to 53 win over coach Harvey McMullen's 30th district club. In a preliminary game, the Prowler 'B' team, with Dick Odegaard playing a fine all-round game, defeated the Ada 'B' squad, 55 to 34.

The Ada Vikings, showing a fine cut-and-drive style, sifted through the Prowlers' zone defense in the first half to play the locals on near-even terms. Coach Ralph Skjod's squad held a 16 to 15 edge in the first period, and a 29 to 26 lead at the intermission. Ada's junior forward, Sherman Moe, looped in four field goals and a free throw in the first period, and added a pair of field goals in second period.

The Prowlers' Art Johnson, held to seven points in the first half, broke loose for eleven points in the third period and finished up with nine points in the fourth quarter, to rack up 27 points.

Coach Skjod inserted sophomore Evan Jones in the lineup in the second period, and the youngster, up from coach Joe Mrkonich's 'B' squad, scored three important field goals. Gene Bratsch played a vital role in the Prowler second and third periods, getting six points in each quarter.

Sherm Moe trailed Johnson for scoring honors, with the lanky Viking forward hitting on nine field goals and adding five free throws.

Firemen Called out Three Times During Past Week

Only a small amount of damage resulted from a fire that developed Tuesday morning at 11:15 in the wiring of an electric stove in one of the Dudley apartments on LaBree av. The fire department also was called out by a flooded oil burner Monday morning at the G. H. Mayer Oakes residence at 102 East Fifth st., and by a similar blaze Friday at the Charles Troland home, 327 Merriam av. N. No damage resulted from either blaze.

Objectors to Big Storm Sewer Job Call on Council

(Continued from page 1)

Hearings were held on six petitions for bituminous treatment of streets, which had been filed since last summer, and with no objectors appearing, the council voted to proceed with the work when warm weather arrives.

A hearing also was conducted on assessments for sanitary sewers on Kendall av. S., the cost of the project having amounted to $4,754.90. No objectors were present, and the assessment roll was approved, arrangements being made to spread the assessments over a five-year period.

Also approved was the assessment roll covering the installation of curb and gutters on Kneale av. and Mussey st. The cost of the work will be paid by benefited property owners in three annual installments.

Mayor Agnes Israelson submitted a letter received by the Carnegie library board from Mrs. J. C. Zavoral, resigning her position as a member of the board on which she had served the past six years. The mayor deferred action on naming a successor.

Mrs. Israelson also informed the council that to date she had not received from the police civil service commission a list of names recommended for appointments as police chief and other positions in the department.

In behalf of the local Square Dancing club, Randall Noper asked for the free use of the Auditorium two Saturday nights of each month during the winter season, with the understanding that the public would be admitted to the dances without charge. The request was placed in the hands of the building committee.

Science Film to Be Shown March 1 at Baptist Church

A queer little fellow who sports a multi-colored wardrobe, built-in lasso tongue and ball turret eyes stars in a new science film just released, proving that nature had it first.

He is a chameleon, and he will appear in the Moody Institute of Science film, "Prior Claim," which will be shown at First Baptist church, 414 Horace Avenue, Thief River Falls, Tuesday, March 2, at 8:00 p.m.

"Prior Claim," which runs about 50 minutes, is in full color and is accompanied by commentary. It is the sixth in the "Sermons from Science" series of gospel science films produced by Dr. Irwin A. Moon of the Moody Institute of Science, Los Angeles, a branch of Moody Bible Institute, Chicago.

D. Olson Attends Coas-to-Coast Stores Meeting

Don Olson, owner of the local Coast-to-Coast store and Mrs. Olson returned Thursday from Minneapolis, where they attended the four-day annual meeting of store owners sponsored by the Coast-to-Coast Stores Central Organization, Inc. Over 1400 men and women representing 617 locally owned Coast-to-Coast stores in 17 states attended the meeting and merchandising clinics which featured all the new trends in home appliances, hardware, automotive supplies and other lines carried in the stores.

Minnesota State Income Tax Law Provisions Cited

Married Persons with Gross Incomes of over $2,000 Must File Returns

State Tax Commissioner G. Howard Spaeth announces that the 1953 state income tax law provides that the following persons must file returns with the state of Minnesota.

1 An unmarried individual if his gross income exceeds $1,000.

2 A married individual if his gross income exceeds $2,000; provided, however, that if the aggregate gross income of both husband and wife exceeds $2,000, joint or separate returns must be filed. Regardless of whether joint or separate returns are filed, the entire gross income of both the husband and wife must be accounted for.

The 1953 law allows an optional tax table to be used on adjusted gross incomes up to $10,000.

The law provides that every employer in the State of Minnesota must file "Returns of Information" on all salaries, wages, fees, etc., paid in excess of $600.00, listing the name, address and marital status of the recipient.

The tax may be paid at the time fixed for filing the return. However, the taxpayer may elect to pay this tax in two equal installments, the first one-half on March 15th and the second on September 15th.

Forms are available at offices of county auditors and all state and national banks. They may also be obtained by writing to the State Income Tax Division, State Office Building, Room 213, St. Paul, Minnesota.

The Bad Bug

The University of Minnesota has been conducting some research work on the production of legume seed in Northwestern Minnesota. This work started back in 1949 and each year a report of progress is made.

Oscar Breiland and I went to Roseau to attend a meeting on this subject. I felt as though our time was well spent. The information on the sweet clover weevil was especially interesting. Do you know that this little bug has raised such havoc with the sweet clover growers of the state, that many won't even attempt to raise the crop? All persons that have seen the damage of this bug know what I mean.

The use of sweet clover is very important to the advance of Minnesota agriculture, especially here in the legume seed area. Sweet clover as a green manure has many advantages over other legumes. Without a good green manure crop our soils would suffer. There is no reason to quit raising sweet clover, because this bug can be controlled. The damage done by this bug is early in the spring when the sweet clover seedlings are just coming out of the ground, this is called the two leaf stage, and again about the 15th of July when the second generating emerges.

Chemical control of the weevil is the most popular, but the use of cultural practices are very important. I will have bulletins to hand out on this problem in the near future.

Extra Feed for Ewes

Right now is an important feeding period for your pregnant ewes, because pregnant ewes need extra feed to bring their unborn lamb or lambs to healthy maturity — and to develop a good udder to serve them when they arrive.

W. E. Morris, extension livestock specialist at the University of Minnesota, suggests up to half pound of corn a day to help avoid pregnancy disease. Exercise, too, is beneficial. You can exercise expectant ewes by feeding roughage some distance from their sleeping quarters.

If your ewes haven't been getting good quality hay or silage, increase the grain to a pound a day — preferably half and half of oats and corn. They need some bran, too, and it should make up about a third of the grain ration. Bran is high in Vitamin "E" and is important in preventing "white muscle" or "stiff lamb" disease.

Following lambing, Morris suggests cutting the heavy grain ration for a day or two to allow the milk flow to develop gradually. If the milk comes too fast, the lamb cannot use it all and caked udder result. This can lead to "scouring" young lambs and a loss of part of the udder.

Farm Record Analysis

S. B. Cleland, extension economist, will be in Pennington county to conduct a meeting for all farmers interested in better farm records. This meeting will be held in the city auditorium in Thief River Falls on Wednesday afternoon, February 17, at 1:30 p. m. I sincerely urge those farmers who are keeping records in the Minnesota farm account book to be present.

4-H Judging Practice

Both the dairy and the general livestock judging teams will hold their last practice this Saturday in preparation for the judging contest the following Monday, February 22. The last practice will be held at the Northwest School of Agriculture in Crookston, Minnesota. We will leave the extension office at 9 a. m. and expect to return about 2 p. m.

"Hats Off"

Congratulations to the Pennington county soil conservation district, which was awarded first prize for being the best soil conservation district in this area. Read the details elsewhere in this paper.

Doings of week at Rosewood

Elaine Hellquist, Rosewood, Minn. Phone 101-2

Albert Paulson passed away Tuesday at the Northwestern hospital.

Albert Paulson was born in Ottertail county, Minnesota on October 30, 1871. He came to New Solum, Marshall county where his mother homesteaded in 1883 at the age of 12 years. In 1892 his step-father, Even Anderson homesteaded on the farm on which Mr. Paulson has resided ever since. On December 7, 1912 he was united in marriage to Christine Braaten who survives him. Together with a half-brother Emil Anderson and four nieces and two nephews.

The Paulsons having no children, took into their home Myrtle Mellem, now Mrs. Lincoln Thoreson who stayed with them through her girlhood years. Mr. Paulson was a quiet kindly man and to all who knew him was a friend.

Mr. Paulson was baptized and confirmed in the Lutheran faith and was a charter member of Rindal church from where funeral services were conducted Friday by Rev. Jonas Helland. Mrs. Ernest Melvie sang two selections,"Den Store Hvide flok" and "Good Night Here and Good Morning up There."

Pallbearers were: Selmer and Adolph Haugen, Charlie and Albert Hellquist, Benhard Ranum and Edwin Quam.

Relatives attending from a distance were Mrs. Paulson's half-sister, Mrs. Harry Ortloff of Red Lake Falls, a niece, Mr. and Mrs. Lloyd LaCroix of Clearbrook, and Mr. and Mrs. Lincoln Thoreson of Minneapolis. The church was filled to capacity with neighbors and friends who came to pay their last respects to Mr. Paulson.

The teacher and pupils of Rosebank school staged a Valentine party Monday having the mothers as guests. Numerous games and contests with prizes were enjoyed by all. A lunch planned by the pupils consisted of pie with ice cream, cake, cookies and homemade candy.

Mr. and Mrs. Henning Backlund of Roseau also visited at Emil Mellem Friday while here attending Albert Paulson's funeral.

Visitors Sunday at the John Uggerud home were Mr. and Mrs. Oscar Swanson, Bobby and Gerald and grandmother Mrs. Swanson of River Valley, Mrs. Landowski of Hazel also Mr. and Mrs Jesse Bakke, Janice and Art and Elmer Ona of Sanders.

Dorothy Anderson is still confined to her home with a sprained back having missed two weeks of school.

Mr. and Mrs. Lincoln Thoreson, Mr. and Mrs Alvin Mellem of Minneapolis came Thursday to attend the Albert Paulson funeral visiting at the Peder Melem home in Thief River Falls and calling at the Paulson and Anderson home here Friday.

Mr. and Mrs. Melvin Melin and David of St. Hilaire were Sunday afternoon visitors at the Irwin Johnson home.

Mr. and Mrs Lewis Swenson, Janice and Gloria of Holt, Minn., visited at the Martin Swenson home on Sunday.

Sunday dinner guests at the Selmer Haugen home were Mrs. Albert Paulson and Mrs. Louisa Anderson. Afternoon callers were Mr. and Mrs. Benhard Ranum of Thief River Falls and Mr and Mrs Harold Anderson of Warren. Mrs. Louisa Anderson returned home with them that evening.

Mrs. James O'Donnel and Johnnie of Fargo left for her home Saturday evening after spending two weeks here at the Emil Anderson home. Marlene Anderson left Sunday after spending this weekend here.

Mrs. Melvin Bottem entertained the ten members of her sewing circle Wednesday. Mrs. Benhard Elseth was also a visitor that afternoon.

Mrs. Arthur Swenson was hostess Wednesday to a party at her home.

Mrs. Victor Ranstrom left Monday night to spend some time with her son, Kermit and his family at Eureka, Calif. As Kermit has not as yet recovered fully from his recent illness.

Mr and Mrs. Clifford Johnson, Barbara and Dale, Mr. and Mrs John Ness and Janelle and Han Bjornstad helped Randy Johnson celebrate his birthday Sunday at his parent's home, Mr. and Mrs Berdin Johnson in Norden.

Mr and Mrs. Arthur Swenson and Allen visited at the Melvin Sorter and Fred Wegge homes at Holt on Sunday afternoon.

Mr. Adolph Haugen and Wallace Anderson were at Angus Sunday visiting at the Harvey Haugen home.

Alex Hellquist and son David were Sunday callers at the Emil Anderson home.

The Melvin Bottem family visited at the Oscar Bottem home at Thief River Falls Sunday after attending the hockey game.

Mr. and Mrs. Russel Nelson, Jean and Bob were dinner guests at Peter Soba's Sunday. Those visiting in the afternoon were Mr and Mrs Emil Sabo, Mr. and Mrs Selmer Wold and children of rural Thief River Falls.

There are ice islands but no icebergs in the Arctic Ocean. Atlantic icebergs break from glaciers that reach the coast of Greenland. Arctic ice islands, much older and larger, have split off from a unique ice shelf extending north from Ellesmere Island.

A bumper crop of castor beans assures plenty of castor oil for 1954. Youngsters needn't get excited, tho, as industry will need most of the oil as a lubricant and as a paint-drying agent.

Thieves Fighting for Place in Loop Playoff

Coach Paul Bedard's senior hockey Thieves, with a three-point lead over the Roseau Cloverleafs for fourth place in the league standings, will be able to clinch a playoff berth this weekend when they conclude their 1953-54 schedule by playing the Crookston Pirates here on Saturday night and meeting the Grand Forks Redwings at Grand Forks on Sunday afternoon. A pair of victories for the Thieves would add four points to the locals' total, and put the Thieves beyond the reach of Roseau even though the Leafs should win their remaining three games.

The Thieves dropped out of fourth place for a short while last week when, in a game played on the Arena ice, the Roseau Cloverleafs, with a revamped lineup, edged out the locals, 2 to 1. The two teams were deadlocked in a 1 to 1 game until the 7:28 mark of the third period when young Lalyn Monsrud, with Del Hedlund and Myron Grafstrom punched a goal past Jack McGill, the game-winning score being registered with Bill Juzda serving a penalty. The Leafs were given a standout peformance by their goalie, Don Collins, with the "import" net-minder kicking out thirty-two on-goal shots.

Roseau held fourth place in the standings for only a couple of days for on Saturday night, in a game played at Warroad, the Thieves, on a three-goal burst in the second period, defeated the Lakers, 4 to 3. Sambo Fedoruk and Jimmy Doyle gave the Lakers an early 2 to 0 lead, before Swede Lund, at 17:45 of the opening period, beat Harry Barefoot for a Thieves' goal. An unassisted goal by Paul Bedard at 11:15 of the second period evened the score at 2-all, and a pair of goals by Church Russell sent the Thieves into a 4 to 2 lead. Willie Toninato closed out the game's scoring with a goal in the final seconds of the third period.

In a well-played and exciting game played on "slow" ice at the Arena on Sunday afternoon, the Thieves were hard-pressed to hold off the Crookston Pirates and win a 2 to 1 decision over Sergio Gambucci's aggregation. Bill Robinson, on a nifty passing play set up by Church Russell, rammed in a goal at 2:08 of the first period, and that lead held until the 6:45 mark when on a two-man break, Gambucci and Hec Bourgeous raced in on McGill, with Bourgeous getting the counter from close in.

What proved to be the game-winning goal was sponsored by Darryl Lund at 7:50 of the second period when, from just off to the right of the goal-mouth, he received a pass from Bud Brossoll and slapped a shot into the south net past Bud Schraeder. The final forty-six seconds of the game were nerve-wracking for the Thieves fans, for the Pirates pulled Schraeder out of the nets to permit another attacker on the ice, and the Thieves battled mightily to protect their one-goal lead and win the game.

LOOKING AT THE THIEVES

ROBERT AMUNDSON

Robert "Rob" Amundson, the six-foot 195-pound former Prowler, who has developed into one of the Thieves' stellar bluelines, is one of the reasons why the local senior club is making a strong bid for the Northwest Hockey league playoffs.

Rob is a graduate of coach Harold "Babe" Paulson's Prowler team of 1946, being a teammate of Derwood Swede Lund. Rob, after spending eighteen months in the service with the National Guard, returned to the city last year in time to join the Thieves, and during the past two seasons Amundson has made remarkable progress as a defenseman.

Rob, who is married to the former Shirley Hoppe and is the proud father of a son Greg and a young daughter Jill, is employed by the Soo Line here in town.

An indication of the closeness of the play in the Northwest Hockey league can be judged by the fact that all five of the games played last week were decided by one-goal margins. With the league schedule approaching its final week, the Grand Forks Redwings and the Warroad Lakers are in a nip-and-tuck race for first place, with the Redwings holding the top rung by one point.

The two teams, the Redwings and the Lakers have clinched playoff berths; but the Crookston Pirates, the Thief River Falls Thieves, and the Roseau Cloverleafs are in a bitter struggle for third and fourth place in the standings, and a position in the playoffs.

The Thieves, after losing a 2 to 1 decision to the Roseau Cloverleafs at Thief River Falls on Wednesday night to give up fourth place, rebounded to edge out the Warroad Lakers, 4 to 3, at Warroad on Saturday night, and defeat the Crookston Pirates, 2 to 1, here on Sunday afternoon to regain fourth place, moving three points ahead of the cellar-dwelling Leafs. The two wins added four points to the Thieves total and carried the locals to within one point of the third place Crookston Pirates.

Region Hockey Meet Opens at Roseau Feb. 18

Prowlers to Compete vs. Williams in First Game Thursday at 7:30

In sub-regional hockey games played at Warroad on Monday night, Williams eliminated Hallock, winning by a 4 to 1 score, and Warroad defeated Baudette, 8 to 0. By their respective triumphs, Williams and Warroad earned berths in the regional high school hockey tournament that opens at Roseau on Thursday night, Feb. 18th, and concludes on Friday night, Feb. 19th.

In first round tournament games on Thursday night, the Thief River Falls Prowlers will meet Williams at 7:30 p. m.; and the Roseau Rams, regional champions last season, will play the Warroad Warriors at 9:00 p. m. The Prowlers and the Rams were "seeded" into the tourney by virtue of their season's records.

The regional championship contest has been scheduled for 7:30 p. m. on Friday night, between the winners of Thursday night's first round games. At 9:00 p. m. the regional consolation game will be played, between the losers of Thursday night's games.

Rollie Van Dell of Grand Forks and Vic Lindquist of Winipeg will referee the tournament games.

CARS COLLIDE WEDNESDAY AT STREET INTERSECTION

Cars driven by Dewey Hanson and Herman Kjos Jr., both of this city collided last Wednesday at 5:15 p. m. at the intersection of State av. and Second st. Damage to both cars was estimated by police at $375.

Prowler's Split Even in Past Week's Games

Coach Ralph Skjod's basketball Prowlers concluded their 31st district schedule on Friday night when, in a game played on the local court, they defeated Al Droen's Crookston Pirates, 65 to 49. On Saturday night, also on the local floor, the Prowlers dropped a 68 to 54 decision to coach Bun Fortier's defending regional champion Bemidji Lumberjacks.

On Friday night, Feb. 19th, the Prowlers will travel to Detroit Lakes for a game against the highly-regarded Lakers; and on Friday night, Feb. 26th, the locals will wrap up their 1953-54 schedule when they play the Grafton Spoiler at Grafton.

The Prowlers, with rangy Art Johnson and spring-legged Bill Frahm controlling the rebounds off both boards, had a comparatively easy task in subduing the Crookston Pirates in a district game here on Friday night, winning by a 65 to 49 score. The blue-and-gold, with Johnson notching nine points, held a 16 to 11 first period lead, and the locals increased their advantage to 38 to 24 at the intermission, with Johnson rolling six field goals into the hoop in the second quarter.

Johnson added a pair of field goals and three free throws to his individual scoring record in the third period as the Prowlers led, 50 to 32. Johnson playing but a few minutes in the final period, scored two field goals and a free throw to get a game-point total of 33 points and break the school individual game-scoring record held by Roger Williamson. Williamson stand-out center on the Prowler quints in 1950-51-52, scored 29 points in a game played against Halstad during the 1951 season, and that mark held until Johnson's scoring splurge on Friday night.

Crookston's sophomore forward, Hank Hulst, scored 23 points for the Pirates.

In a preliminary game, coach Joe Mrkonich's Prowler 'B' team defeated coach Linton Lehrer's Crookston 'B' squad, 50 to 26.

In Saturday night's tilt against the high-scoring Bemidji Lumberjacks, the Prowlers committed too many mistakes against the Jacks, all-court press and were beaten 68 to 54. The Prowlers held the Jacks to 9-all score with 4:30 of the first period remaining, but Elmon Johnson's rebound shot, a free throw, and Mob Parker's long toss, sent Bemidji into a five-point lead, which they maintained throughout the period for an 18 to 13 point margin moving into the second period.

In the second period, Bemidji's fine all-round center, Jack Whiting, hit on three jump shots, and with Elmon Johnson adding a pair of field goals, the Jacks moved ahead to hold a 33 to 24 advantage at the half-time intermission.

Free throws by Mark Bjorkman and Art Johnson opened the second half scoring and peeled the Bemidji lead to seven points; but a hook shot by Darrel Erickson, a rebound toss by Elmon Johnson, a free throw by Whiting, and a lay-up by Parker pushed the Lumberjacks into a substantial 40 to 26 lead, and the Jacks held that fourteen-point margin during the balance of the game.

The Prowlers' Art Johnson, with five field goals and converting on twelve of sixteen tries from the free throw line, was the game's high-point winner with 22 points. Erickson, with 18 points, and Elmon Johnson and Whiting, with 13 points each, were Fortier's high scorers.

In the preliminary game, the Bemidji 'B' team defeated the Prowler 'B' team 53 to 37.

High School Hockey's Big Week

For northwest sports fans, all roads will be leading to Roseau this week, and for the best of reasons. On Thursday and Friday, Feb. 18th, and 19th, the eighth regional hockey tourney will be played on the spacious Roseau rink, with the winner of the tourney being awarded a berth in the state high school tournament at St. Paul on Feb. 25th, 26th, and 27th.

First round games at Roseau on Thursday will pit the Prowlers against Williams at 7:30 p. m., and the defending regional champion Roseau Rams against the Warroad Warriors at 9:00 p. m. On Friday evening, at 7:30 p. m., the regional championship game will be played, between the winners of the first round games; and at 9:00 p. m. the losers of the first round games will play a regional consolation game.

Game by game, and minute by minute, there is nothing in high school sports that can compete with the eighth regional hockey tournament for sustained action and concentrated drama. The four teams that contend for the regional hockey honors up here every year are ranked with the state's best, and the games that they play produce the finest in high school hockey. It has been only nine years, since 1945, that the regional hockey program has been on the calendar, and in that short span of time there have been a number of epic games.

Can you remember that game played here, in 1946, when the Prowlers, after trailing by a 4 to 1 score early in the second period, evened the score at 4-all and then lost, 6 to 4, when Roseau's Ray Baumgartner and Bob Harris scored on long shots? And that 1950 regional finals game between the Prowlers and Williams, with Williams scoring a 3 to 2 triumph on Johnny McKinnon's goal in the second overtime period? And of course you can recall that first round game played here in 1952 when a prowler team was forced into double overtime before they were winners over a scrappy never-say-die Warroad club, winning by a 4 to 3 score.

It's a cinch that some more eighth regional high school hockey will enter the record books on Thursday and Friday. The only unfortunate aspect of the tourney is the fact that only one team will gain a state journey berth from this region this year. This is the year when two teams should have gone from this region, for such teams as Thief River Falls, Roseau, and Warroad are all deserving of state tournament play.

Records are Made to be Broken

Playing against the Crookston Pirates in a district basketball game here on Friday night, Art Johnson, the Prowlers rangy center shoved thirty-three Prowler points into the hoop to break the school's individual scoring record set by Roger Williamson in 1951. Roger, in an overtime games played here against the Halstad Pirates, scored 29 points and that mark held until Friday night when Johnson rolled in fourteen field goals and five free throws. It's quite probable too, that had coach Ralph Skjod kept Johnson in the Prowler lineup throughout the entire game that Art would have had a point total into the forties.

Art added another record on Friday night, too, for with that 33-point total he brought his season's aggregate to 281 points. That 281-point total, plus the 530 points that he had scored in his sophomore and junior years, gave him a grand total of 811 points, breaking Rog Williamson's three-year mark of 798 points. Art added 22 points to that record by scoring that number against the Bemidji Lumberjacks on Saturday night, and with three scheduled games remaining, plus the tournament games, he should boost that record considerably.

It's doubtful, though, if Art will be able to reach Williamson's one-year scoring record of 426 points, which Rog established during the 1951-52 season. Roger scored those 426 points in twenty five games, getting an average of slightly more than seventeen points per game. In the fifteen games the Prowlers have played to date, thru Saturday night, Johnson has 303 points, marking up points at better than twenty points a game pace.

Hallock Natives vs. Thieves

The senior hockey Thieves, with only the locals in the lineup, will play at Hallock on Wednesday night in an exhibition game; and on Wednesday night, Feb. 24th, the Hallock team will play a return game here.

Orthopedic Clinic to Be Held Here May 22d

Annual series of spring clinics for Minnesota children in need of orthopedic attention will get underway Feb. 27, with the first clinic in St. Cloud at Technical high school, it was announced by the crippled children services of the state department of public welfare. A clinic will be held in Thief River Falls May 22.

With spring and fall series, the public welfare department provides service for children in every Minnesota county, the release states.

Seen at clinics are boys and girls referred by family physicians because of possible crippling conditions and also those already under care of the Crippled Children services. An orthopedic surgeon examines young patients, ranging in age from a few months to 21 years. Younger children are seen by a pediatrician.

In some instances, arrangements are made for hospitalization or special medical treatment. In others, a physical therapist instructs parents on home care which may strengthen weak muscles or help correct a crippling condition.

The 14-to-21 age group may consult a vocational counsellor about education and job training for persons with physical handicaps.

Cooperating agencies include: Gillette hospital, state division for vocational rehabilitation, state Christmas Seal organization, Minnesota-Dakota Orthopedic society, Northwestern Pediatric society, Minnesota State Medical association and local medical societies.

A new method of making a light, strong plastic sheet has been demonstrated by a Mid-West manufacturer, who says the sheets may be produced in any length, with widths varying from 26 to 27 inches.

Turkey Industry in Good Condition, Growers Are Told

Doughboy Industries Head Speaks at Annual Meeting in Minneapolis

Minnesota's turkey industry "is in a strategic position to help stabilize business today and strengthen the nation's economy for the future," in the opinion of E. J. Cashman, president of Doughboy Industries, Inc., New Richmond, Wis.

He expressed this view at conferences with the state's leading growers attending the annual convention of the Minnesota Turkey Growers Association in Minneapolis, and in talks with industry people from other parts of the nation.

"Budget conscious families of the nation are now beginning to increase their buying power by eating more turkey," Mr. Cashman said. "The consumption of turkey will show a marked increase during the months and years ahead.

"Housewives of the nation have discovered that they can stretch their shopping dollars by placing turkey on the family table regularly. And every time they make such a purchase they save dollars, the distribution of which will help all other business."

Mr. Cashman, whose company has pioneered in the production of scientifically blended formula feeds for turkeys, chickens, and farm livestock, praised the turkey growers of Minnesota for their intelligent handling of production programs and their progressive policies.

He gave strong support to the industry's nationwide program to get the public to "eat more turkey" and he declared that this movement is now beginning to show effective results because "American women are smart shoppers."

Group Health Unit Asks Applications for Scholarships

Two students in the field of health will receive scholarships of $500 a year each, at the annual meeting of Group Health association to be held in St. Paul on April 10.

Applications for the scholarships are now being taken by Group Health Association, with a deadline of March 15. The awards are for students entering the professional schools, or for students taking post-graduate work.

Ten students of medicine, nursing, and medical technology are now receiving similar annual scholarships, which are financed by 10-cent annual contributions of the members of Group Health association.

Applications can be obtained from Group Health Association, 180 North Snelling Avenue, St. Paul E4, Minnesota.

R. L. Falls Grid Coach Signs for Little Falls Post

Donald D. King, Red Lake Falls high school football and basketball coach for the past two years, announced last week that he has signed a contract with the Little Falls coach.

He will be assistant basketball and track coach for the junior high school and also engage in the summer recreational program.

King graduated from Winona state teachers college in 1950 and coached at Huron Lake for two years before coming to Red Lake Falls.

His 1952 Lafayette grid team went undefeated in an eight-game schedule and the 1953 squad put together a 6-2 season.

He will speak on Wednesday evening, February 24, on the agricultural situation as it faces this country today.

$6.5 Million for Federal Aid Roads Spent by Counties

Contracts let during 1953 for improvements on federal aid secondary roads in Minnesota's counties had a value of more than $6½ million dollars, according to J. M. "Mac" Evans, county division engineer of the Minnesota highway department.

This sum was included in a total of 219 contracts which were supervised for Highway Commissioner M. J. Hoffmann in conformance with U. S. Bureau of Public Roads requirements which specify that all contracts in which federal secondary road funds are to be utilized must be channeled through a central state road agency.

Included in the contracts let last year were the following improvements: 480 miles of grading; 266 miles of gravel or crushed rock surfacing; 204 miles of bituminous surfacing; 137 miles of bituminous seal coating; 364 miles of bituminous base; 17 bridges; 2 automatic grade crossing signal installations.

The outlook for the forthcoming construction season, according to Evans, is even brighter, with prospects for somewhere between $8 and $9 million of new county road improvements expected to be put under contract by the several counties. The state highway department recently allocated $1,450,000 in federal aid funds to the counties and there is available from last year an additional $900,000 in federal secondary funds which were not utilized. These funds must be matched by the counties with local tax revenues or out of their respective shares of state-collected gas tax revenues.

Bemidji Man Is Given Fellowship by Rotary Group

John Edward Evans, son of Rev. and Mrs. Leif E. Evans of Bemidji has been named one of 102 outstanding graduate students from 27 countries to receive a Rotary Foundation fellowship for advanced study abroad during the 1954-55 school year. Granted by Rotary International, world-wide service organization, the award was made by a committee of Rotarians from Uruguay and the U. S. A. meeting at Rotary headquarters in Chicago.

Evans is a son of the pastor of the First Lutheran church of Bemidji and was recommended for the fellowship by the Rotary Club of Bemidji. He will study medical microbiology at one of the major universities in the British Isles.

Since 1952, Evans has been a research assistant at the Rheumatic Fever Institute of Northwestern University in Chicago. He is the co-author of several articles on medical research.

Evans was graduated from the Bemidji high school in 1943. Following three years in the U. S. Navy, he attended Bemidji state teachers college and Luther college in Decorah, Iowa, receiving the Bachelor of Arts degree from the latter in 1949.

WE CAN'T WIN DIVIDED

President Eisenhower last week told his party leaders to call off their hatchet men and confine their campaigning to issues rather than to personalities. It was a timely rebuke to a few overly-enthusiastic cheer leaders. Within the ranks of both of our parties are many who are living in the past and who long since have back-looked themselves into pillars of salt. The President's appeal for a curb on unwarranted personal attacks met with a favorable reaction among the leaders of both parties.

Political parties are important. They perform a useful and, in fact, an essential service in our government. But political parties are only the means to an end, and not the end itself.

At the present time, with neither party in a position to exercise complete control of our government, we either must have a working majority made up from the ranks of both parties or we will have a deadlock that will make impossible a proper functioning of our governmental organization. That would be detrimental to the interests of both parties and to all of us.

It is a ruinous deadlock of this kind that the President is seeking to avert.

During the war years the two parties worked together in questions of foreign policy. We faced our problems as a united nation. And there is no reason why we should not now set aside selfish partisan considerations in our approach to the critical problems with which we are confronted as a nation.

It is this kind of unity that President Eisenhower obviously seeks to secure. Under the circumstances it is fortunate that he himself is not a strong party man and is personally popular within the ranks of both parties.

THANK YOU CANADA

Favorable action by the present Congress on the St. Lawrence waterway now seems to be assured. Our country and Canada will join in the construction of the project and that is as it should be.

And to whom should go the credit for this final victory? The waterway has not been a partisan issue in Washington. President Eisenhower supported it vigorously. But it also had the support of Presidents Truman and Roosevelt and Hoover.

So perhaps it is just as well that we do not look upon it as a party victory. The real reason why we are getting it now is because if we don't go along with Canada the Canadians will go it alone. And so it appears that while we are passing out the praises the main Thank You should go to our good neighbors on the north.

HALF A MILLION MORE?

During the war decade that ended in 1950 the number of people moving out of Minnesota was greater than the number moving in. Nevertheless the state's population increased by 188,500 and a University of Minnesota study points out that this was due to there being 364,500 more births than deaths.

The study reveals that we are now experiencing a reversal in the emigration trend. Many of those who left are now coming back. If this trend continues, along with a continued high birth rate, we may look forward to a very substantial population increase in the state in the present decade.

By the time 1960 rolls around we may find ourselves with another half a million people living here. Providing for the needs of an additional half a million should give us plenty to do in the years that are ahead.

Many thousands of new homes will have to be built and furnished. And, cheerful note, these new citizens will have to be supplied with a lot of milk and butter, too.

WHY SHOULD WE CHANGE

Republican king makers are having difficulty finding a candidate to run against Senator Hubert Humphrey, and that difficulty is understandable. There are two main reasons for their failure. One is the *weakness of the Republican organization* in the state. The second is the strength of Hubert Humphrey as a vote getter.

And so far we haven't heard any valid reason why Senator Humphrey should not be reelected. He teams up well with Senator Ed Thye. Together they give us good representation in the upper house of Congress.

Few people would agree with either one of them on all things. Neither is a rubber stamp for any group. Ed Thye is more of a Democrat than many Democrats. Humphrey is more of a Republican than many Republicans. They are both capable and both are men of strong convictions. Each is trying to do what is best for the state and the nation. Why should we change?

APRIL FIRST AND NO FOOLIN'

Secretary of Agriculture Ezra Benson has announced a cut in the price supports for dairy products, effective as of April 1, and while there are justifiable differences of opinion as to whether this is in the best interests of the dairy industry from the long range viewpoint, one thing sure is that the dairy farmer is not going to like it. On that point there is no argument.

But while the order for these cuts has been issued, much can be done between now and the first of April if the industry itself will but bestir itself. In this six-weeks period a program of self-help can be inaugurated that would make the reduction in price props unnecessary.

It can be done in so short a time because the program is already planned and approved; the program of price control that the industry itself has agreed upon. Two million dairy farmers, members of the National Milk Producers Federation, voted in favor of this program at a national convention held in Houston, Texas, last November.

The industry already has an effective advertising and selling organization that is doing a good job in expanding the market for dairy products.

Wisconsin dairymen have pointed the way to remove the deadly competition of poor quality butter by providing by law that poor quality butter be labeled "undergrade."

The industry already has these three big guns at its disposal. The one thing that it hasn't got, and that it needs to put those guns into planned and coordinated action, is a John Brandt.

Maybe Ezra Benson's order will arouse the sleeping industry into action, and out of the action maybe another John Brandt will emerge. If it has that effect then three cheers for Ezra Benson.

She went to the movie... and couldn't get out!

The movie at the Bijou wasn't at all what she'd expected. There was too little excitement, far too much talk. So, bored and just a bit tired, 9-year-old Mary Ann Miller curled up in the big soft seat . . . and dropped off to sleep.

When she awoke everyone had gone; the theater was empty. She was alone in the fearsomely quiet dark! Frightened, she ran up the aisle, but the entrance door, the side exits too, were locked.

Mary Ann pushed open a door, found a light switch. There was a telephone on the desk. The rest was easy.

Minutes later police arrived to force open a door. A relieved and smiling little girl walked out. "After I called Mommy I wasn't scared any more," she said. "I knew I wasn't really alone—'cause the telephone was there."

The story above is true. Only the names have been changed. What happened here may never happen to anyone in *your* family. But in any emergency, it's good to remember—like little Mary Ann Miller—you're never really alone when a telephone is near.

To provide dependable telephone service to families like the Millers—and to you—your telephone company must be financially healthy. For we must continue to pay and train skilled workers, buy, build and maintain good equipment . . . to continue to make your telephone worth more than it costs.

The light furnished by a firefly doesn't measure up to what science has produced in artificial illumination. Recent tests indicate that it would take between 1000 to 5000 fireflies, flashing simultaneously, to illuminate a room as brightly as the light from a single candle. The brightest firefly tested produced about nine one-thousandths of a lumen. A 60-watt electric incandescent lamp will produce 800 lumens.

4-H Club News

The Mavie 4-H monthly meeting was held at the Melvin Hamre home Friday evening, February 12. The roll call response was answered with "My Favorite Song." There was no unfinished business. New business was: Marie Breznay mentioned that Mr. Orville Jensen of the Goodridge 4-H club which was recently organized would like the club members from Mavie 4-H club give demonstrations at their club meeting in March. The members decided that anyone who wants to and can make it to the meeting may plan a demonstration. A motion was made that the members start thinking about a play for the play contests. Mrs. Wayne, Mrs. Breznay and Mrs. Oski were elected as coaches.

A motion was made and seconded that the leaders pick out the play and get play books before the next meeting. Mrs. Breznay brought up that Miss Marge Olson would be giving dairy food demonstrations in Thief River Falls. Shirley Hanson and Mrs. Billy Wayne were picked as delegates from the Mavie club to attend the meeting. As the vice president Carol Lindwick is resigning the club members elected a new vice president. The new vice president is Harlan Hanson. A demonstration on "Making Hot Pads" was given by Barbara Hamre. Project talks were given by Ernest Breznay on "Hobbies" and by Marie Breznay on "Good Grooming." The program which was planned by the Hanson family consisted of songs by the group, poem, Abraham Lincoln, by Barbara Hamre, riddles by Leighton Hamre, a song by Jerry and Margaret Yayne and a story by Margaret. Lunch was served by Mrs. Hamre. The next meeting will be held at the Fred Hanson home March 12.

Beverly Oski spent a few days last week with Carole Easthouse of Goodridge.

NOTICE OF BOND SALE

Pennington County, Minnesota

NOTICE is hereby given that the Board of County Commissioners of Pennington County, Minnesota, will meet at the Commissioners' Room in the Courthouse at Thief River Falls, Minnesota, on Tuesday, the 2nd day of March, 1954, at 2:00 o'clock P. M., for the purpose of receiving and considering sealed bids for the purchase of not less than all of the following two bond issues:

$102,000 Drainage Ditch Bonds bearing date January 1, 1954, bearing interest at the rate designated by the successful bidder, payable July 1, 1954, and semiannually thereafter on January 1 and July 1 in each year, and maturing serially on January 1st in the amount of $12,000 in 1955 and $10,000 in 1956 to 1964, both inclusive, all bonds maturing after January 1, 1960, being subject to redemption in inverse numerical order on said date and any interest payment date thereafter at par and accrued interest.

$40,000 Courthouse Bonds bearing date January 1, 1954, bearing interest at the rate designated by the successful bidder, payable July 1, 1954, and semiannually thereafter on January 1 and July 1 in each year, and maturing serially on January 1st in the amount of $5,000 in each of the years 1957 to 1964, both inclusive, all without option of prior payment.

Both principal and interest will be made payable at any suitable bank designated by the purchaser. The county will furnish printed bonds and approving legal opinion of Messrs. Faegre & Benson, Minneapolis, Minnesota, both without expense to the purchaser. The bonds will be delivered to the purchaser within forty days from the date of sale accompanied by an unqualified approving legal opinion and customary final delivery papers, including certificate showing absence of litigation.

All bids must be separately stated for each issue, must be in writing enclosed in a sealed envelope, unconditional except as to the above opinion, state a single interest rate for each issue in a multiple of one-quarter or one-tenth of one percent, and be left with the undersigned prior to the above time accompanied by a certified check, bank draft or cashier's check in the amount of at least $2000.00, payable to the order of the county, to be forfeited as liquidated damages in event the bid is accepted and the bidder fails to comply therewith.

No bid may be for less than all of both issues, nor require more than a single interest rate nor provide for extra coupons nor a higher interest rate on any bond during any portion of its term. The bid offering the lowest net interest cost (total interest from date of issue to stated maturities, less any premium offered) will be deemed the most favorable. No bid for less than par plus accrued interest to date of bond delivery will be considered. Oral auction bids will not be received. The right to waive any informality and the right to reject any and all bids are reserved.

By Order of Board of County Commissioners.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota

The City Council of the City of Thief River Falls convened in regular session in the Council Chambers on January 19, 1954; the meeting was called to order at eight o'clock P. M. with all members present.

Minutes of the meeting of January 5th were read and so approved.

Alderman Bell moved that the bond of City Clerk be fixed in the amount of $4000; Treasurer $2000; Deputy Clerk and Bookkeeper of Water and Light Department, $3,000; Office employees in the amount of $2000 each. Alderman Berg seconded the motion which was duly adopted.

Mayor Israelson presented the following appointments: R. M. Barsen, member of Park Board for five year term; M. C. Gulbranson, member of *Board of Cemetery Commissioners* for five year term; V. C. Berg and Bob Carlson, members of Airport Commission for term as Aldermen; Dr. Dan E. Greene, Health Officer. Alderman Bell moved confirmation of the same. Alderman Hunt seconded the motion which was adopted by roll call vote.

The President of the Council announced appointment of Standing Committees of the Council, as follows: Finance—Gjernes, Chm., Hunt and Berg; Water and Light—Bell, Chm., Gjernes and Hunt; Streets—Berg, Chm., Carlson and Honebrink; Fire Department—Carlson, Chm., Berg and Bell; Airport—Berg and Carlson; Health and Sanitation—Dr. Dan E. Greene, Chm., Honebrink and Bell; Taxes and Assessments—Honebrink, Chm., Bell and Carlson; Welfare—Honebrink, Chm., Berg and Bell; Buildings—Carlson, Chm., Hunt and Honebrink; Municipal Liquor Store—Hunt, Chm., Carlson and Gjernes.

Alderman Bell moved acceptance and continuation of Workmen's Compensation Insurance coverage for the ensuing year with Auto Owners Insurance Company, Robert J. Lund, Agent. Alderman Berg seconded such motion and the same was adopted by unanimous vote.

By ballot vote the Council confirmed the following appointments: Street Commissioner, Leon Duchamp; Superintendent of Poor, W. K. Knight; Dairy Inspector, L. B. Twete; Garbage Collector, Christian G. Haugen; Janitor of Auditorium, Theo. R. Jensen; City Dump Operator, Delmer J. Cote; City Physician, Dr. Dan E. Greene; Superintendent of sewers and sewerage treatment plant, Ole J. Ness; Council member of Recreation Board, Alderman Carlson.

Operating Budget of Carnegie Library Board for outlay for the fiscal year ending December 31, 1954 was presented. Alderman Bell moved approval, which motion was seconded by Alderman Hunt. The roll was called and all members voted in favor thereof whereupon said Budget was declared approved and adopted.

Applications for renewals of cigarette licenses were presented by the following: Red Owl Stores, Mrs. LeRoy Olson, Ethel Layman, John K. Maney, Eklund-Holmstrom Post of American Legion, Phillips Auto Company, Car-Tyr Company, John Stewart, Beatrice Amundson, Albert Halvorson, Liquor Dispensary. Alderman Hunt moved approval. The motion was seconded by Bell and was adopted by unanimous vote.

In the matter of proceeding with Bituminous Treatment of certain streets in accordance with petitions heretofore filed, Tindolph Avenue Third to Taft, Arnold Avenue, Great Northern Railway to Sixth, Riverside Avenue to Tourist Park, Taft Street, Kendall to Maple, Kneale Avenue, Taft to Third and First Street to Hughes, Alderman Hunt moved that hearing be held and conducted in the matter of February 16, 1954 at eight o'clock P. M. The motion was seconded by Berg and carried.

There were presented Assessment Rolls of benefits to abutting property by reason of construction of Curb and Gutter along Hartz Avenue from First to Mussey Street and along Kneale Avenue from Gulf to Hughes Street and Assessment Roll in connection with extension of Sanitary Sewer along Kendall Avenue from Michael to Greenwood Street. Alderman Carlson moved that hearing be held to consider the same on February 16, 1954 at eight o'clock P. M. The motion was seconded by Alderman Honebrink and was duly carried.

Clarence W. Kludt, Attorney of Crookston, Minnesota, appeared in behalf of an owner of property within Storm Sewer District No. 3, wherein proceedings had been commenced to construct storm sewers in accordance with petitions of property owners which had been filed previously in 1951. He questioned the regularity of the Council's action in proceeding further with such project after a lapse of such a long period after the date of hearing which was held in the matter and suggested that another hearing be held to allow property owners to be heard further. No action was taken by the Council on the matter.

There was presented and read a resolution adopted by Thief River Rifle Club and local squadron of Civil Air Patrol setting forth their views with respect to a proposed remodeling of the second floor of the Sports Arena in order to provide additional seating capacity for hockey game exhibitions and suggesting that no remodeling be undertaken without further consideration as to the needs of organizations which are now using the premises. The matter was ordered referred to the Building Committee for further study.

Lars Hylden of Hylden Insurance appeared before the Council with a request that he be allotted a portion of the insurance now being carried by the City and the matter was referred to the Insurance Committee.

In response to call for applications to fill the position of Superintendent of Water and Light of the City, six applications were before the Council: Harry Hendrickson, Thief River Falls; Harry R. Lund, Thief River Falls; A. M. Demerow, Elk River, Minnesota; Tony E. Nelson, Thief River Falls; Norman Stenberg, rural Thief River Falls and Robert Bell, Thief River Falls. Mr. Bell withdrew his application and it was ordered that consideration of the remainder be deferred to a later meeting.

On motion of Carlson, seconded by Honebrink and carried, the Council voted to receive and consider proposals for designation of official paper and the publications of Council proceedings and for Depositories of public funds, on February 16, 1954 at eight o'clock P. M.

Alderman Hunt introduced a resolution fixing salaries of employees of Carnegie Library in accordance with action of such Board and moved its adoption. Alderman Bell seconded the motion. The roll was called on the question and all members voted in favor thereof and the resolution was declared passed and adopted.

Alderman Carlson introduced a resolution appointing Richard O. Maney as Assessor for the ensuing term and moved its adoption. Alderman Berg seconded the motion and the resolution was thereupon passed by unanimous vote.

Alderman Bell introduced a resolution requesting an examination of the records and affairs of the City by the State Public Examiner for the period of last audit to December 31, 1953 and moved its adoption. Alderman Carlson seconded the motion and the resolution was then adopted by unanimous vote.

Alderman Honebrink introduced a resolution creating a Firemen's Civil Service Commission for the City of Thief River Falls, naming the first commission and term of office and moved its adoption. Alderman Bell seconded the motion. The roll was called on the question and all members voted in favor thereof. The resolution was then declared passed and adopted.

Alderman Hunt introduced a resolution approving for payment various current bills against the City and moved its adoption. Alderman Carlson seconded the motion and the resolution was passed by unanimous vote.

The meeting was then ordered adjourned to January 26th at eight o'clock P. M.

Pursuant to adjournment the City Council of the City of Thief River Falls met in the Council Chambers on January 26, 1954 at eight o'clock P. M. with all members present.

The Council then proceeded with consideration of applications for filling the position of Superintendent of Water and Light Department.

Alderman Hunt moved that all applications be rejected, which motion was seconded by Alderman Berg. Three votes were recorded for the motion and three against and said motion failed of passage.

Alderman Bell then moved that the applications of Norman Stenberg and A. M. Demerow, out of town applicants, be rejected. Alderman Carlson seconded the motion which was duly adopted.

The Council directed that the appointment be by ballot and the Council proceeded accordingly to vote on the remaining three applicants. The result of the first ballot indicated a vote of 1 for Tony Nelson, three for Harry R. Lund and two for Harry Hendrickson. The result of the second ballot indicated a vote of three for Harry R. Lund and three for Harry Hendrickson, resulting in a tie vote.

Alderman Bell then moved that the three departments heads of the utilities remain in their official capacity as at the present time which motion was ruled invalid.

Alderman Hunt then moved that Morris Owen, Chief Engineer of Power Plant, be named as Superintendent of Utilities to which motion there was no second.

Alderman Bell then moved that Harry Hendrickson be appointed Superintendent of Light and Power Utility. Alderman Carlson seconded the motion and the Council proceeded by ballot on the motion. The result of the ballot indicated a vote of four in favor of such appointment and motion and two votes in opposition thereto. The President then declared the election of Harry Hendrickson as Superintendent of Light and Power Utility for the ensuing term.

Alderman Bell then moved that Harold M. Johnson be appointed Superintendent of Water Utility, which motion was seconded by Alderman Carlson. The roll was called on the question and all members voted in favor thereof, whereupon the President declared the election of Harold M. Johnson as Superintendent of Water Utility for the ensuing term.

The meeting was then declared adjourned.

CARL E. GJERNES, President of the Council.
Attest: P. G. Pederson, City Clerk.

Holt Community Items Reported

By Mrs. Christine Peterson, Holt

Mr. and Mrs. Francis Johnson and Steven visited Mr. Johnson's aunt at a hospital at Grand Forks last Sunday.

Mr. and Mrs. Alvin Shofer (Beth Weaver), 211 7th St. No., Sacremento, California are the parents of a daughter born Feb. 4th.

Odell Christenson and Dale Davidson who attend the University of Minnesota returned to their school duties in Minneapolis after visiting their parents, Mr. and Mrs. Oscar Christenson, and Mr. and Mrs. Hilmer Davidson.

The people of this community are hoping for the recovery of Ardella Severson, daughter of Mr. and Mrs. Elmer Severson, former Holt residents.

Mr. and Mrs. Arvid Wikstrom visited the former's mother Mrs. Christine Wikstrom and also visited at the Oscar Johnson home in Strandquist.

Mrs. Roy Hamberg was honor guest at the Circle 5 meeting on Tuesday. Mesdames H. Engen, G. Sjurseth and Geo. Fricker were hostesses.

Ludvig Sagstuen visited at the home of his son Ray Sagstuen and family at Duluth. Walter Moberg did the janitor work at the Holt School while Mr. Sagstuen was gone. Mrs. Tony Peterson and Bill Leslie accompanied him to Duluth.

Mr. and Mrs. Marvin Sandberg, Mr. and Mrs. F. R. Smith visited at the Oscar Skaro and Alfred Skara families at Hoople, N. Dak. last Sunday.

Mr. and Mrs. Gill Peterson and Mrs. John Reed Sr. of Thief River Falls visited at the home of Mr. and Mrs. John Reed and family last Sunday.

Mr. and Mrs. Duane Larson and Steven, Mr. and Mrs. Hilmer Lunke of Thief River Falls, visited at the Mr. and Mrs. Art Lunke and Mrs. Clara Lunke home on Sunday.

We are sorry to report that Carl Olson is a patient at Northwestern Hospital at Thief River Falls. His brothers M. C. Olson of Rake, Iowa, and O. C. Olson of Albert Lea were among the visitors.

Guests at the Walter Peterson home last Sunday were Wm. Leslie of Duluth, Mr. and Mrs. David Nelson and Deanne of Gatzke, Mr. and Mrs. C. H. Gunheim and Myron.

The following guests were entertained at the home of Mr. and Mrs. Rude Christenson and sons last Sunday were Mr. and Mrs. George Dovre, Gail and Jimmy, Mr. and Mrs. Denny Inman and LaRae of Thief River Falls, Mr. and Mrs. Wm. Davis Lavonne, Deanna, Howard and Conley, Carl Johanon and Forrest Garner and Wavell Erickson.

Mrs. Knute Nelson was pleasantly surprised on her birthday last Sunday. She was presented with gifts from the guests which included Mr. and Mrs. Lawrence Reierson and family, Mr. and Mrs. Johnny Nelson, Mr. and Mrs. Lon Inman and children, Mr. and Mrs. Anton Rodahl and Orris and Mr. and Mrs. Ludvig Monson.

Those who helped Mr. and Mrs. John Knutson, former Holt residents, celebrate their Golden Wedding anniversary at their home in rural Thief River Falls were Mr. and Mrs. Carl Surmo of St. Hilaire, Mr. and Mrs. Art Lunke, Mrs. Clara Lunke, Mr. and Mrs. George Johnson and Michael, Mr. and Mrs. John Larson, Mr. and Mrs. Harlan Knutson and family, Mr. and Mrs. Ray Knutson and family, and Art Knutson. A cash purse was presented to Mr. and Mrs. John Knutson in remembrance of the occasion after which the self-invited guests served a delicious lunch.

Mrs. Tony Peterson spent several days in Duluth visiting her daughter and family, Mr. and Mrs. Ray Sagstuen, Renae and Mardell.

Morris Becklund of Stephen visited at the Walter Larson home on Monday.

Harry Engen left for Beaver Bay where he is employed.

Oscar Carlson, who is employed near St. Hilaire was a Holt visitor on Sunday.

Mrs. A. C. Conklin, who underwent major surgery at Northwestern Hospital, we are glad to report, returned home Sunday.

Farm Forum Set for Minneapolis March 15 and 16

Howard H. Gordon, a top United States department of agriculture officer, will kick off the eighth annual Minneapolis Farm forum March 15 and 16 in the Nicollet hotel.

Gordon is president of the commodity Credit Corp. as well as administrator of the commodity stabilization service.

In outlining the administration's farm program, Gordon will discuss the setting aside of a part of the present commodity surplus as "insulated surplus" to be withheld from market.

The afternoon session of the meeting will be devoted to panel discussions open to the audience. The entire two-day meeting is open to the public and there is no admission charge.

Warren C. MacFarlane, president of Minneapolis-Moline Co., is general chairman of the event which is sponsored by the Minneapolis Chamber of Commerce.

Tax Groups in 37 States to Demand Balanced Budget

A balanced budget for fiscal 1955 through reduction of federal spending. This will be the major objective in a four point program adopted by the national conference of state taxpayer executives, comprising state taxpayer organizations in 37 states. The group just finished its three-day conference in Washington, D. C.

Minnesota was represented at the nationwide sessions by President James P. McDonnell and Secretary Norman A. Borgen of the Minnesota Taxpayers Association.

The 1954 objectives of the 37 state tax groups as adopted include a balanced budget for fiscal 1955 through reduction of federal spending, and opposition to any increase in the present statutory debt limit of $275 billion.

First, too, in Peace

Our independence won, George Washington turned his energies to the task of building a nation in which all citizens could live and work in brotherhood and peace. May Americans never lose sight of his great ideal.

Hinckley Pageant Recalls 1894 Fire

On August 14 and 22 of this year, the city of Hinckley will recreate its fire tragedy of 1894 in an out-of-doors drama performance. Hinckley and surrounding towns suffered that ordeal by flame, one of the ten major forest fire holocausts in the nation's history. The pageant will be presented by the community as a memorial on the 60th anniversary of the blazing inferno which took the lives of nearly 400 Minnesota pioneers.

United Nations Official to Visit Red River Valley

A busy three day visit to the Red River Valley cities of Crookston, Moorhead, and Fergus Falls will be made by one of the United Nations highest officials, Tor Gjesdal, principal *director U. N. department of public information*, was announced by York Langton, president, Minnesota United Nations association.

Gjesdal's schedule after arriving February 22nd at Crookston includes a one day visit with relatives of North Dakota and Northwestern Minnesota. Then he leaves for a day of tours, meetings, and visits at the Red River Valley Winter Show climaxing with a speech at 8:30 p. m., Crookston high school auditorium.

The following day Mr. Gjesdal speaks to a special convocation at 10 a. m. in Concordia college where he will be introduced by Coya Knutson of Oklee, Minnesota state representative, who is also a cousin of Mr. Gjesdal's. This address will be broadcasted at 2 p. m. from KFGO. A special luncheon at Fergus Falls attended by all the city's service clubs is next on Gesdal's schedule. The tour is concluded with a speech at 2 p. m. in the new Fergus Falls Auditorium.

$32 Million Life Insurance Claims Paid in Minnesota

Minnesota families received $32,830,000 during 1953 in death claim payments from their life insurance companies, the Institute of Life Insurance reports. These payments were made under 17,395 policies.

The 1953 death claims were $3,220,000 greater than the year before, when they totaled $29,610,000. The number of claims was 614 greater than the 16,781 in 1952.

"The annual flow of death claim payments in this state has risen 90 percent in the past decade," the Institute commented. "In 1943, they amounted to $16,714,000 under 11,517 policies. The increase has been primarily a reflection of the greater amount of life insurance owned and not a rise in death rates."

HAMRE . . .

By Mrs. Frank Johnson, Grygla

Thief River Falls shoppers from here on Monday were Henry and John Morken; Lyndon Magnuson and daughter Arlis, Frank Magnuson, Dwayne and Galen England, Mr. and Mrs. Frank Johnson and son Marland.

Mr. and Mrs. Edward Jelle motored to Grand Forks Tuesday. Mr. and Mrs. George Carlson and Mrs. Clarence Carlson were Thief River Falls shoppers Wednesday.

Royal Holthusen had the misfortune of cutting his foot with an axe on Thursday. He had to go to a local doctor and have several stitches taken in it.

Mrs. Fred Wickert suffered a stroke on Tuesday and was found lying on the floor of their home by other family members at noon. Her left side is paralyzed and she was unable to talk. Taken immediately to a Thief River Falls Hospital, her condition remains the same at this report.

Mr. and Mrs. Royal Holthusen, Jerry and Pam were visitors at the home of Don McMillin at Galake on Sunday.

Mr. and Mrs. Tom Webster took Shirley Wold back to her home in Thief River Falls Wednesday. She had stayed for some time here at Websters.

Torjus Johnson had to take his brother Salve to the Northwestern Hospital on Tuesday night. He was quite ill with quincy.

The Blue Cross and Blue Shield group No. E7569 of this local group with the leader, Mrs. Viola Johnson, announce the opening for new members. Anyone over eighteen years of age can now join in our group, but must get with the leader, Mrs. Viola Johnson, before March 25. This group is going under the $9.00 a day room coverage in the hospital as of April 1. The cost is per family $9.20 per month to any number of family members under 18 years of age, while the single person rate is $3.75 per month. This quotation is for both the Blue Cross and Blue Shield.

Edward Jelle, accompanied by Salve Johnson, motored to Thief River Falls on Thursday.

The work of remodeling in interior of the Carmel church began last week. The members are changing off and donate their labor. Two carpenters will be employed besides on the job.

Ladies Aid Held

The Carmel Ladies Aid met Thursday, February 11 at the Olaf Olstad home. Mrs. Edward Jelle and Mrs. Ole Bykium Jr. were chosen to hire the parochial school teachers for next year.

Mrs. Manley Anderson was leader in the Bible study, and Mrs. Louis Jelle will be leader next time. Mrs. Manley Anderson will serve the Aid next month.

The auction sale then got underway with the sale of mainly aprons brought by all members. Mrs. Viola Johnson served as auctioneer and Mrs. Lloyd Korstad was the clerk. The sale totaled $27.25. Proceeds for the lunch was $15.50.

Two new members joined our aid. They were Mrs. Tom Webster and Mrs. Clarence D. Carlson. This makes 27 members.

SMILEY . . .

By Shirley Dahl, Goodridge
Phone 46F23

The Smiley 4-H Club met for the February meeting at the Smiley Hall on Friday evening. There were many there, and the program, which followed the business session, commenced with community singing led by Phyllis Beiswenger. Johnny Konickson gave a demonstration, "Making a Water Stand for Poultry" as part of his poultry project. A project talk on "Varieties of Garden Seeds" by Gloria Johnson as part of her gardening project. Sharon Johnson gave a demonstration showing how to "Make a yarn covered Milk Bottle Flower Vase." "How to Clean and Polish Silverware" was the topic chosen for Corrine Torkelson for her demonstration. A movie on "Gardening" was shown by County Agent William Penning who also gave a talk to the group. Recreation was under the supervision of the Norton Nelson and the Albert Mostrom families.

Relatives who came from a distance for the funeral services of their brother and uncle, Will McCrum, were Mr. and Mrs. Harold McCrum of Billings, Mont., Mr. and Mrs. Frank McCrum and daughter, Carol of Portland, Oregon, Mr. and Mrs. Wesley McCrum of Astoria, Oregon, Mrs. Grace Cabot of Minneapolis, Hugh Cabot of Hughton, Kans., Alan Cabot of Kings Point, New York. The latter returned to his studies just before the rites. The rest of the group remained here five days. They also visited at the homes of Mrs. Harry J. Bragg and Jim McCrum. All returned to their homes Tuesday with the exception of Mrs. Frank McCrum (Constance Nelson) who will visit a week or so with her father, Lewis Nelson and her brother, Norton Nelson and his family. Her daughter, Carol, also, remained with her.

Sunday visitors at the Arleigh Birk home were Mr. and Mrs. Truman Moe and children, Miss Dorothy Martell, Billie, Joann and Pat Martell, all of Grafton. The group helped little Miss Caryl Birk celebrate her fifth birthday anniversary.

Mr. and Mrs. Jerry Christianson and family of Oklee were Thursday evening visitors at the home of his sister, Mrs. Gordon Vennes and her family.

A double project lesson "Pressure Pan Cookery" and "Sewing Machine Attachments" was very much enjoyed by thirteen North Smiley women last Wednesday all day at the Adam Lendobeja home. The leaders, Mrs. Norman Johnson and Mrs. Adam Lendobeja kept the women busy as showing them the effectiveness of both lessons. It was a good meeting from all reports.

Miss Jean Nelson spent the weekend at her parental home, the Norton Nelsons. She returned to her studies Sunday evening at a hospital in Fargo where she is learning the technician trade.

Mrs. Emil Thune and daughter Arlene and Mrs. Palmer Thune of Thief River Falls motored to Twin Valley Friday where they spent the day at the home of Mrs. Emil Thune's son and family, the Glen Thunes. The women spent some time visiting with Mrs. Sina Sundt at the Lutheran Memorial Home in Twin Valley.

Mr. and Mrs. Walter Lendobeja, accompanied by Mrs. Frank McCrum and Carol of Portland, Oregon, Mrs. Norton Nelson and Mrs. Jim McCrum motored to Grand Forks Wednesday morning and spent the day at the home of the Lendobeja's son-in-law and daughter, Mr. and Mrs. Donald Roff.

Mrs. Edwin Helgeland and Joyce accompanied by Caryl Quam of Thief River Falls motored to Gully and Trail last Sunday. The Misses Helgeland and Quam spent the afternoon tobogganing and skiing with the Trinity Luther League young folks. Mrs. Helgeland spent that afternoon in Trail visiting with her parents, Mr. and Mrs. Carl Newton.

Thursday evening guests at the Adam Lendobeja home were Mr. and Mrs. Bert Johnson, Mr. and Mrs. Floryan Szymanski, all of Kratka, Mrs. Frank McCrum of Potrlond, Oregon and Mrs. Norton Nelson.

The Helperettes met at the home of Mrs. Gust Hallberg last Tuesday afternoon. Mrs. Bill Grundhaus and Mrs. Harlan Knutson demonstrated the lesson on "Sewing Machine Attachments". Many new uses for those usually idle attachments were put to use and its effectiveness were shown. Mrs. Hallberg provided a contest which was won by Mrs. Bob Kraemer and Mrs. Hazel Iverson. The hostess, Mrs. Hallberg, served a tasty lunch. The next meeting will be held the second of March at Ann Kraemer's house.

Mrs. Anton Torkelson, Craig and Carolyn, spent all day Sunday at the home of her niece, Mrs. Marcella Hoffman in Thief River Falls.

Mr. and Mrs. Bill Grundhaus and family attended the beautiful wedding of Miss Betty Waagedahl and Maynard Ranum in the Mission Covenant church in Viking Sunday. Mr. Ranum is Mrs. Grundhaus' brother. Roger Grundhaus served as junior bestman, and little Janie Grundhaus was the flower girl.

Richard Johnson had his ninth birthday last week. To really "go to town" on the affair he celebrated Sunday afternoon with the following children: Craig and Carolyn Torkelson, Sharon and Yvonne Johnson, and Bobby McCrum. The usual birthday fanfare of presents, birthday cake, ice cream and such, was very much in evidence.

Mr. and Mrs. Walter Lendobeja and Mrs. Frank McCrum of Portland and they also visited and were supper guests at the S. S. Nelson home Saturday.

The St. Paul Luther League will meet at the Emil Thune home this Sunday afternoon. Everyone is cordially invited. The Smiley Community Club meets this Friday evening, Feb. 19 at the Hall.

The beautiful new 1954 Cadillac is now in our showroom—and this is an automobile that every American motorist should *see* . . . and *inspect* . . . and *drive!*

They should do this, first of all, because it will give them a better understanding of the things by which to judge the world's motor cars. And they should do this, too, because it will give them a revealing glimpse into the future of automotive design.

For it can be said, with the full support of historic precedent, that much of today's Cadillac will find its way into the cars of tomorrow.

Cadillac's sweeping new lines, its new proportions of glass and steel, and its many superlative new details of design will unquestionably have a profound influence on automotive stylists the world over.

The new roominess of Cadillac's interiors, the new beauty of its appointments, and the new richness of its fabrics and leathers will give the industry completely new standards of comfort and luxury.

And Cadillac's great new power and responsiveness, its wonderful new handling ease and its incredible smoothness of operation are certain to serve as engineering guideposts for years to come.

But imitation is one thing—duplication another. And no amount of imitation could ever produce Cadillac's happy combination of brilliant styling, extraordinary luxury and magnificent performance.

Nor could it bring to another motor car Cadillac's unprecedented acceptance among the world's motorists . . . the feeling of pride that comes to the man who sits behind its wheel . . . or its reputation as the Standard of the World.

These are Cadillac "exclusives"—hard won through decades of motor car leadership, and through undeviating adherence to the highest ideals of automotive production.

• • •

We repeat—You ought to come in and see the new 1954 Cadillac. For it is Cadillac's annual report to the nation on the progress of American motor car design—and the news has never been so exciting! You'll be most welcome at any time.

ZENITH HEARING AIDS DIRLYTE TABLEWARE

Anderson's Jewelers

WATCHES · DIAMONDS · GIFTS
THIEF RIVER FALLS, MINNESOTA

Zenith Radio Corporation
Chicago, Ill.

Attention: Hearing Aid Division

Gentlemen:

I've been in the hearing aid business for 8 years. Every year I think the instruments can't get any better. And every year you and your engineers prove I'm wrong.

You know, of course, that I am referring to Zenith's new 3-transistor "Royal-T" with no tubes. It has made a bigger hit with my customers than any instrument I have ever seen. Without a shadow of doubt, the "Royal-T" is the equal of any hearing aid — no matter what price — and superior to many on the market. And when you consider its low price — only $125 — then it stands out as even a greater bargain.

Some of my customers wonder, I'm sure, just how I'm able to sell such a top-quality hearing aid at such a reasonable price, especially when most other transistor aids cost considerably more than the Zenith. You know and I know one of the answers to that one, and here's what I tell my customers and prospective customers: while the profit per unit on Zenith Hearing Aids is much lower than on the more expensive aids, volume sales make the difference. Where I might sell one or two of an expensive long-profit make, I now sell many more Zeniths.

Because of the low selling price and my small margin of profit on Zenith Hearing Aids, I do not accept used instruments in trade—moreover, I don't believe in selling second-hand instruments to anyone. My customers like the fact that they can buy the Zenith "Royal-T" for only $125, keep their vacuum-tube hearing aid for a spare and have two hearing aids for less than what some other transistor aids would cost even with a trade-in allowance of $50.00 or so.

I assure my customers that quality never has been and never will be sacrificed . . . that back of each Zenith Hearing Aid is the expert workmanship and precision engineering of a company that has been in the electronics field for 35 years and has spent millions in research. Futher, I tell them that only a company that is sure of its product could offer Zenith's 10-Day Money-Back Guarantee, and back that up with a written 1-Year Warranty and 5-Year Service Plan.

Without exception, all of my customers are delighted with the low operating cost of the "Royal-T." They hardly believe it at first when they realize their "Royal-T" really does operate for only 15 cents a month compared to $4.50 to $9 for the vacuum-tube hearing aids. Of course, I sell fewer batteries because of this, but I sure am selling more hearing aids than ever before!

To sum up, may I just say thanks for the wonderful new 3-transistor "Royal-T."

Best wishes for continued success in Zenith's campaign for better hearing at lower cost. You and the public now know why I am proud to handle Zenith.

Enthusiasticly yours,

JOHN ANDERSON.

Someone told him you could hear the sounds of the sea by listening to the shell. And he believes it. His youthful imagination and impressionable mind work along with the sound waves of the shell to recall quite vividly the rolling of the waves and the pounding of the surf.

The alert mind of youth is always susceptible to suggestion and experimentation. That is why education is begun so early in life when new ideas are grasped more readily by eager minds. This is the time of life when character and personality are molded.

Why then do we hesitate so often to grasp this opportunity? Why do we let Sunday after Sunday roll by without bringing our children to the services of the Church? Here the most wonderful ideas and plans for living are passed on to receptive young minds. Not idle notions, but thoughts of love, understanding, and brotherhood are implanted.

Enable your child and encourage the children of others to receive these priceless benefits. It will mean much to them now . . . even more later.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

C.

The following resolutions were unanimously adopted:

No. I. 1. The Grygla Farmers Union Local goes on record favoring 100% of parity on basic commodities. Oat, barley, soy beans and rye should be considered basic and be placed on the mandatory support list.

2. We favor the extension of the [illegible] support law for dairy products for at least three more years and the use of compensatory payments direct to the producer rather than stock piling of surplus dairy products.

3. We favor mandatory support for livestock. This support also should be given direct to the producer in the form of compensatory payments.

No. II. 1. We are opposed to the sale of public power and transmission lines to private utilities. We are also opposed to the infringement of the new power criterion upon the preference and withdrawal clause. We are in favor of more and larger appropriations for R.E.A. transmission line from government power projects.

2. We are opposed to the sale of public power to private utilities and we favor the present preference clause and withdrawal clause and are opposed to any change which would make the R. E. A. cooperative estimate their power needs far in advance.

3. We favor more appropriation for R. E. A. transmission lines from public power projects. We are opposed to giving the Hills Canyon damsite to Idaho Power company as it is a direct infringement on the right of the people living in that area.

Notice to Patrons

Just a reminder in regard to milk and cream hauling

We find in your plant that when trucks are late in with their loads, the quality is not as fine as a quick delivery. Consequently, what happens? We get graded down on cheese and butter. Results — indirectly you are the one that takes the loss.

What I am driving at is for you to give all the cooperation you can to your milk hauler. If roads are bad, bring your milk or cream to the road. If you do this, your milk or cream will be in our plant early, whereby we will be able to manufacture fresher products. Also, if you have your cans tagged and numbered your driver will be able to give you faster service.

Your Co-op. Creamery is one big family, striving and working together for one cause — "more returns for your products." If you have any complaints to make be sure to come into your plant and talk it over with your manager, or any other employee. We are your servants. It's up to us to see that you are happy to be a patron of the Thief River Co-op. Creamery.

Two Die Near Stephen in Headon Collision

Two men were killed Saturday night in a head-on collision of a car and semi-trailer truck on U. S. Highway No. 75 six miles north of Stephen.

The victims were William Saverien, 25, of Stephen, driver of the car, and Stephen Clark Calvert, 38, of Chicago, driver of the truck.

Saverien's wife, Nola, is hospitalized in Karlstad in critical condition.

Mrs. Saverien, also 25, suffered a severe brain concussion, fracture of the left upper arm, badly fractured left knee and fracture of the right elbow. Her physician plans to move her to Grand Forks for treatment as soon as possible as her condition improves.

The vehicles met head-on on the highway and were demolished, Marshall county authorities said. The truck was traveling south and the car north when the crash occurred.

Calvert was returning from the Canadian border while the Saveriens were enroute to Kennedy, north of Stephen, where they were to play with an orchestra at a dance.

First to reach the scene of the accident were Mr. and Mrs. Robert Thompson, Grand Forks, who were returning from Roseau. Mrs. Thompson went to a nearby farmhouse to call authorities while Thompson did what he could for the victims.

Marshall county authorities said Monday that no inquest was planned into the collision.

Besides his wife, Saverien is survived by a 10-month-old son. His parents live at Donaldson, Minn.

The body of Calvert is being sent to Davenport, Iowa. He is survived by his mother at Chicago, a sister at Davenport and a brother.

Applications Due for 2 Optometry Scholarships

Deadline for the optometric scholarships offered to college students in Minnesota is March 1, according to Dr. Owen Wilke, Marshall, vice president of the Minnesota Optometric Association. The scholarships, which are offered in conjunction with the Pennsylvania State College of Optometry, have a monetary value of $2200 and $1100 respectively, Dr. Wilke said.

One scholarship will be for four years with full tuition, while the other will be for four years with half tuition, it was pointed out. Dr. Wilke said that any college student in Minnesota who meets the simple requirements posted in optometrists' offices and in state institutions of higher learning is eligible to compete.

Letters of application must be sent as directed to Dr. Wilke in Marshall no later than March 1, 1954.

Press Women of State to Meet in St. Paul Feb. 20

The St. Paul hotel will be headquarters for the Minnesota Press Women's annual winter meeting February 20 and 21.

The two-day session for the press women opens at 9 a. m. Saturday with a business meeting presided over by Mrs. Harriet Sitz of the Grand Rapids, Minnesota Herald-Review, state president, and daughter of the late Mr. and Mrs. T. P. Anderson of Thief River Falls. A joint luncheon is planned that day by Minnesota columnists and press women. The speaker will be Roy Dunlap, St. Paul Pioneer Press columnist.

The dinner meeting for the group will have a "double feature" with two star speakers: James Lombard, director of the bureau of concerts and lectures, University of Minnesota on "Bringing the World to Minnesota," and Dean Schoelkopf, editor of the Minnesota Daily, on his recent trip to Russia.

Crops Day Tuesday at Winter Shows

Experts to Offer Data on New Crop Practices

The latest information available on new rust and disease resistant crops will be presented at the Crops Day program at the Red River Valley Winter Shows at Crookston on Tuesday, February 23, starting at 10 a. m.

Latest information concerning the fertilization, weed, insect, and disease control problems in the production of seed alfalfa, red alsike and sweet clovers will be presented by authorities on the morning program. Crops experts appearing on the afternoon program will present up-to-the minute information on new varieties of rust and disease-resistant crops and their availability, sweet clover weevil, and report of 1953 crops yields.

Speakers on the afternoon program will include Will M. Myers, head of the department of agronomy and plant genetics; Harold C. Pederson, marketing division; and B. A. Haws, division of entomology, all of the Institute of Agriculture, University of Minnesota, St. Paul; Orrin Schulstad, St. Paul, of the Minnesota Crop Improvement association, and O. C. Soine of the Northwest School, Crookston.

The crops men will meet with the Red River Valley Crops and Soils Association for a noonday luncheon. Officers of the Association are Peter Schirrick, Sr. Red Lake Falls, president; Robert Backstrom, Warren, vice-president; Otto Hoppe, Crookston, treasurer; and Carl G. Ash, Crookston, secretary.

C. and C. Assn. Seeks Better Street Lights

Resolution Is Adopted Calling on City Council to Undertake Project

A resolution endorsing a proposal for improved street lighting in the business district of Thief River Falls and urging favorable action by the city council was adopted at a meeting of the Civic and Commerce association last Thursday evening in the Elks club rooms.

Speakers stressed the inadequacy of the present outmoded lighting system, from the standpoint of both safety and appearance. It was explained that before the project can be undertaken, it will first be necessary to have petitions seeking the work signed by at least 35 per cent of the affected property owners.

A sample 30-foot standard mounting a color-corrected mercury vapor tube, was temporarily installed in front of the Elks building in advance of the meeting, and it gave several times as much light as do the present units.

The area in which it is proposed to install the new lights includes Main and LaBree avs. from Zeh to Fourth sts.; Horace av. from First to Fourth; Atlantic av. from Second to Fourth; Knight av. from Riverside to Fourth; Third st. from Knight av. to the bridge; Second and Fourth sts., from Knight to Atlantic; and First st., from Knight to Horace.

The discussion was opened by Dr. M. D. Starekow, chairman of the civic development committee, and details were presented by Norman Peterson, a member of the committee, together with City Engineer Douglas Stewart, Jerry Hastad, consulting engineer from Halstad; and Harry Hendrickson, superintendent of the local power and light department.

Peterson stated that the pres-

Load Limits Take Effect on Roads in Area about Mar. 15

Lee Boyd of Crookston Highway Office Lists Starting Load Limits

First load restrictions on vehicles using trunk highways in this district, No. 5, normally will go into effect about March 15 to 20, all depending on the weather, it was announced Friday by Lee R. Boyd, district maintenance superintendent at Crookston.

He added that a state law automatically restricts loads on all county and township roads to four tons gross load per axle from March 20 to May 15 unless signs are erected designating a higher or lower limit.

Included in the load limits to be put into effect are Highway 1 from east Pennington county line to Warren, five tons gross weight per axle; No. 32, Thief River Falls to Greenbush, five tons; No. 59, Brooks to Thief River Falls, five tons; Brooks to Erskine, four tons; and north junction with No. 32 to Karlstad, four tons.

Limits on No. 89 will be as follows: east Marshall county line to Grygla, four tons; Grygla to junction with No. 219, five tons, and from there to north Marshall county line, four tons.

15 Members TRF Rotary Club Make Trip to Winnipeg

The Rotary club at its luncheon meeting Monday noon in the Elks club rooms heard reports on an enjoyable trip by 15 members last weekend to an international Rotary good will meeting sponsored by the Winnipeg club at the Royal Alexandra Hotel in Winnipeg.

The local members made the trip on the private car of Rotarian E. A. Hamerski, division superintendent of the Soo Line. They left this city Friday morning and returned Sunday night.

Joaquin Cibils of Uruguay, international president of Rotary, was the principal speaker at a banquet Saturday evening.

DR. GEORGE MARTIN
Recently of Montevideo, who early in March will become affiliated with the Starekow Clinic in Thief River Falls. He is a graduate of the University of Illinois school of medicine, class of 1950.

Work is scheduled to get under way immediately on the razing of the old Pennington county court house, as the result of the awarding by the county board Tuesday afternoon to Adolph J. Wold of Sanders township of a contract for clearing the site on his low bid of $1,200.

Two other bids were received, the Gopher Wrecking Co. of St. Cloud asking $2,945 for the job, and Arthur E. Olson of Thief River Falls entering a bid of $10,000.

The contract specifies that the work shall be completed by April 10 so that work can get under way at that time on construction of the new court house, contracts for which were awarded recently.

County Auditor C. W. Rodekuhr announced this week that Thursday, March 4, has been set as the date on which county offices will vacate the present building. Most of the offices will be located in the former bakery portion of the L. B. Hartz building, with the auditor's and treasurer's occupying the vacant space in the building fronting on Horace av.

Mrs. Martha Matheson, county superintendent of schools, is located in the welfare office at the corner of Main av. and Second st., while County Engineer Joseph Seidel will occupy temporary quarters in the county garage at the east end of Long's bridge.

Elks Fathers and Sons Dinner Drew over 300 Persons

High School Hockey and Basketball Teams Were Guests Last Wednesday

With members of the Lincoln high school hockey and basketball teams as honored guests, more than 300 men and boys participated in the Elks annual Fathers and Sons banquet last Wednesday evening in the Elks club rooms.

R. S. Eldevik, exalted ruler, welcomed the gathering and presented W. E. Dahlquist, who served as toastmaster. Members of the basketball team were introduced by Coach Ralph Skjod, while Dennis Rolle, hockey coach, introduced members of his squad.

Also presented were Elmer Poole of this city and Earl Britten of Kennedy, each of whom was accompanied to the dinner by seven sons.

Bill LaFave, long active in community recreation and other projects, spoke briefly in behalf of the fathers, while the response was made by Loren "Sid" Vraa, stellar Lincoln high school athlete and son of Mr. and Mrs. Ole Vraa. Sid thanked the Elks lodge for arranging the banquet and also paid tribute to the fathers for their companionship and counsel.

Walter Jung, third vice president of the Minnesota State Elks association, also spoke, stating that in these critical times it is the duty of fathers and sons to keep the nation strong and free.

The evening program also included the presentation of motion pictures, followed by games.

To Observe 'U' M. Week Here Mar. 4

Alumni Group and Junior Chamber to Stage Dinner

University of Minnesota Week will be observed in Thief River Falls with a dinner to be served in the Elks club rooms Thursday evening, March 4, at 6:30 under the joint sponsorship of the local U. of M. Alumni club and the Junior Chamber of Commerce.

Stan Mortenson, president of the alumni group, announced that the guest speaker will be William L. Nunn, director of university relations at the U. of M.

Mortenson and Walt Kavanaugh, Junior Chamber president, invited the attendance of all university alumni and Jaycee members, as well as parents of students attending the university.

Microfilm Copies of TRF Newspapers for 50 Years Ago Secured

The Times now has microfilm copies of Thief River Falls newspapers published during 1902, 1903 and 1904, and viewing equipment that enlarges these tiny photographs to full page size, has been installed. This makes possible a "Fifty Years Ago" column covering the events during that interesting period of community development leading to the opening for settlement of 11 townships of the Red Lake Indian Reservation and the coming of the Soo Line railroad.

Due mainly to fires in local newspaper plants most of the early files of Thief River Falls newspapers were destroyed. Copies of most of them however have been preserved in the archives of the Minnesota Historical Society and the photographic reproduction of the old newspapers is being accomplished through the cooperation of the Society.

Elsewhere in this issue the Times presents the first installment of "Fifty Years Ago" as reported by the Thief River Falls Leader in its issues of February 18 and 25, 1904. President Theodore Roosevelt had just signed the bill authorizing the Reservation opening, bringing to a successful conclusion an effort that had extended actively over a period of nearly two years.

A few of the first settlers in this area are still living. Many of our present residents are second and third generation pioneers. To these the reproduction of the old records will have special interest.

1st U. S. Funds for Hospital Due March 15

New Addition Passes Inspection by U. S. Public Health Service

First inspection of the new Northwestern Hospital addition by representatives of the Minnesota department of health and U. S. Public Health Service took place Tuesday, Feb. 16th.

The inspectors expressed enthusiasm with the progress of the building and their satisfaction with all phases of the construction to this point. As a result of the inspection the Northwestern Hospital association may expect to receive the first contribution of federal funds about March 15th.

By the end of this week all exterior brickwork, including the exterior of the lobby will be complete. All windows of the ground, and three floors above will have been put in place. The work on the lobby begins this week. The lobby will have a different appearance from the remainder of the building since it will be made from Indiana limestone of a gray color. The stone used is Bedford stone.

Partitions of all rooms on the third floor will soon be completed and the bricklayers will begin work on room partitions on the ground floor. Stone coping of the top parapet will soon be complete, and laying of the roof on top of the present concrete slab will begin.

The working crew is now 54. There are now employed 8 bricklayers, 6 steamfitters, 7 plumbers, 3 pipe insulation men, 3 sheet metal men, 2 electricians, 8 carpenters, 15 laborers, a carpenter foreman, and a superintendent.

Judge Lundgren Serving as Relief Judge in Brainerd

Judge Paul A. Lundgren and Arnold Pearson, court reporter, left Monday for Brainerd, where Judge Lundgren will preside over a term of court as a relief judge to help handle a crowded calendar in the 15th judicial district. He is serving there for two weeks at the request of Judge D. H. Fullerton of Brainerd, senior judge in the 15th district.

State Officer of Jaycees Is Guest of Local Chapter

Walter Johnson of Crookston, regional vice president of the Minnesota Junior Chamber of Commerce, briefly addressed the Thief River Falls Jaycees at a dinner meeting last Thursday evening in the Rex Cafe.

The program also included a talk by Sidney Roy, together with colored slides of places visited by him last summer in the course of an extended tour of Europe.

Present at the meeting were twelve new members of the local chapter, signed up in the recent membership drive.

Former Oklee Boy Featured in New Will Rogers Film

Leland Skippy Torgerson, 17, son of Tom Torgerson, formerly of Oklee and now a carpenter in California, plays a prominent role in a recently released movie, "The Boy from Oklahoma," telling the story of the late Will Rogers, noted cowboy actor and humorist. Skippy plays the part of Rogers' roping protege. He was born in Oklee in 1937.

L.O'L. Dist. 17 to Convene in City March

Frank Stone, General Manager Land O'Lakes Creameries, to Speak

Given favorable weather, one of the largest gatherings of the year will assemble in Thief River Falls Thursday, March 4, for the annual meeting of District 17, Land O'Lakes Creameries. The session will open with a business meeting in the municipal Auditorium at 10 a. m., with Art Stenberg, district president, in charge.

At the morning session, Lew Conlon will be present to discuss the advertising program of the American Dairy association, and John Lager, district fieldman for Land O'Lakes, will submit his annual report.

During the noon hour lunch will be served, and there will be a short concert by the Lincoln high school band, directed by Tuovi Salo.

The afternoon program will open at 1:15 with the invocation by the Rev. Walter M. Pedersen, followed by a welcome by J. M. Roche, secretary of the Civic and Commerce association, and the response by E. O. Simmons of Pinecreek.

With the dairy price situation very much in the news these days, a highlight of the program will be a discussion of the self-help program for the dairy industry by Frank Stone, general manager of L. O'L. Creameries. M. H. Mauritson of Shelly, president of L. O'L., also will address the group.

John Lager will award efficiency prizes to buttermakers, while attendance and door prizes will be awarded by Stuart McLeod and Morris Howick. Election of district officers also will be conducted.

Among entertainment numbers to be presented will be selections by the Lincoln high school clarinet quartet and cornet trio; a humorous reading by Nancy Kvien of Pinecreek; and vocal selections by Mrs. Max Jensen of Thief River Falls, accompanied on the accordian by Mrs. Jassie Miramontes.

Three Local Young Men Inducted into U. S. Army Feb. 15

Three selective service registrants left this city February 15 for induction into the U. S. army at Fargo, the local board announced this week. Included were Donald G. Swanson, Route 5, and Clair R. Rodman of Oklee, and a transfer, Iner B. Mikkelson of Route 1, Thief River Falls. The board has received orders to supply two men for induction March 8, no call for men to report for pre-induction examinations having been received.

Father and Seven Sons at Banquet

Pictured above is Elmer Poole of this city and seven of his sons, one of two father and seven sons combinations receiving special attention at the Elks annual Father and Sons banquet last Wednesday evening. The other was Earl Britten and his seven sons from Kennedy.

Seated, left to right, are Michael, Jack, Mr. Poole, William, Joe and Patrick; and standing are Jerome and Larry. Joe and Jack Poole are members of the Prowler hockey team, regional champions, and the other boys, according to Elmer, are following in their footsteps.

Mr. and Mrs. Poole are the parents of an eighth son, Munro, now serving with the U. S. air force, as well as two daughters, Elizabeth and Muriel.

50th Anniversary Fete Dates Selected

General Chairman

D. KENDALL GUSTAFSON
Local young businessman, who has accepted the responsibility of serving as general chairman of the committee now being organized to handle details of the 50th anniversary celebration in Thief River Falls this summer and fall.

Separate Celebrations Scheduled for June 20 and for September 25

Fifty years of progress will be celebrated by the Thief River Falls community in 1954, this being the golden anniversary of the opening to settlement of a large area of the Red Lake Indian Reservation east of the city, and also of the arrival of the Soo Line railroad. Under the directions of a committee named by the Civic & Commerce association, an organization is being formed to arrange for a community-wide observance of these significant milestones.

According to present plans the event will be the occasion for a celebration. Lands in the "Eleven Townships" were offered to high bidders on June 20, 1904. Dates for the observance of this event have been set for a climax production on Sunday, June 20. Proposed as a closing day attraction is a pageant depicting the historical highlights of community development.

Train service on the Soo Line started September 25, 1904 and this date, which this year falls on a Saturday, is proposed as the final day of a fall celebration that would pay tribute to the railroad as the city's biggest industry and tell the story of its great contribution in the subsequent development of the community.

Kendall Gustafson has been named chairman of an executive committee that will be made up of the chairmen of upwards of a dozen special committees now being organized. Civic, fraternal and veterans and rural community clubs are being invited to participate in a united effort to make these occasions successful and worthwhile.

Pennington Team 1st at Crookston in Dairy Judging

Richard Burtness Wins Individual Honors in Winter Shows Judging

The Pennington county dairy judging team, competing in a field of eight in a contest at the Red River Valley Winter Shows in Crookston Monday, was awarded first place in the event. The Roseau county team placed second, Becker county third and West Ottertail fourth.

Individual dairy judging honors were won by Richard Burtness, a member of the Pennington county team, with Robert Brinkman of Roseau, second; Jerry Vatsaas, third; and Dale Svensgaard, fourth, both members of the Pennington team. Alternate is Wayne Lelran.

Arlen Solem, a member of the Pennington county general livestock judging team, was named champion beef judge at the shows. Other members of the local team, which placed sixth in the contest, are Jerry Hunt and Eldon Moe, with Stuart Solem as alternate.

Eastern Star to Hold Ball Mar. 6 in City Auditorium

Nearly 500 Expected to See Performance by Grand Forks Drill Team

Thief River Falls Winslow Chapter, 182 today announced plans for their Eastern Star ball to be held Saturday, March 6th, starting with a ham buffet dinner at the local Masonic Temple, at 6:30 p. m., and progressing to the city auditorium for a full evening of entertainment. The feature of the evening will be the 32-member precision drill team of O.E.S. Acacia Chapter of Grand Forks, N. Dak., who execute skillfully many intricate maneuvers to the accompaniment of vocal and instrumental music. The balance of the evening will be spent in dancing to the music of Ray Lloyd's orchestra.

Invitations have been issued to all O.E.S. chapters and Masonic lodges in this immediate territory and also to Winnipeg, Canada. Mrs. Robert Burrell, worthy matron of Winslow chapter, said that an attendance of approximately 500 is expected.

The Acacia drill team was organized as a ladies patrol to be a special feature for the North Dakota Shriners' convention. So well received was their brand of entertainment that they decided to continue as a drill team, and have since added to and perfected their technique to such an extent that they are much in demand at benefits and other lodge activities in this territory.

In addition to their initial display of talent at the Shriners' convention, they have performed at Grafton, Devils Lake, Erie and at the North Dakota grand chapter.

Over three hundred invitations have been issued in Thief River Falls alone and recipients are asked to call in their reservations as soon as possible.

Kenneth Wiseth Claims Bride At Grygla Saturday

In a double ring ceremony in St. Olaf's Lutheran church at Grygla on Saturday, Marilyn Joyce Anderson, daughter of Alton J. Anderson of Grygla, became the bride of Kenneth Wiseth, son of Mr. and Mrs. Roy Wiseth of Goodridge. Rev. J. M. Erickson prompted the exchange of vows before an altar graced with mixed bouquets of jonquils, lilies, and carnations.

Preceding the ceremony, Mrs. Richard Edlund of this city sang "Because" and as the couple kneeled at the altar she sang "The Lord's Prayer." She was accompanied at the organ by Mrs. Dorothy Wilkens of Goodridge. Given in marriage by her father, the bride wore a gown of white slipper satin with net and lace trim designed with long fitted sleeves and buttoned down the back to the waist. Her veil of illusion net with matching lace was fastened to a beaded tiara and she carried a heart shaped bouquet of carnations and red roses. Her only jewelry was a three strand pearl necklace which was a gift of the groom.

Attending the bride as maid of honor was Marlene Hanson of this city who wore a gown of blue taffeta. Bridesmaids were Irene Vraa and Carol Arneson in gowns of net over taffeta in green and pink, respectively. They all wore double strands of pearls which were gifts of the bride and carried identical bouquets of pink carnations and yellow roses with matching flowers in their hair.

Vicky Wiseth, niece of the groom and Elizabeth Anderson, niece of the bride were flower girls. They were dressed in identical pink taffeta formals and carried small heart shaped bouquets of white carnations and yellow roses. Their jewelry, a strand of pearls, were gifts of the bride. Ronnie Olson, cousin of the groom, served as ring bearer in a blue suit. He carried the rings on a heart shaped pillow. Lloyd Wiseth, brother of the groom, was best man. The other attendants were Arvid Anderson, brother of the bride and Arlon Ellingson, a friend of the couple. The ushers were Jack Anderson and Dean Wiseth.

For her son's wedding the groom's mother picked a navy blue suit with matching accessories and a corsage of carnations.

The wedding supper for the bridal party and their families was served in the church parlor. The bridal table was decorated with a three tiered wedding cake. The cake was cut by Mrs. Gordon Anderson and Miss Jean Hanson of this city poured. Presiding at the gift table was Irene Sletten. Mrs. Vernon Brateng had charge of the guest book. The couple left the following day on a wedding trip to the North Shore Drive. They plan to make their home on the Axel Sund farm near Goodridge where the groom is employed. The bride has been employed at the Rexall Drug store in this city.

In addition to friends and relatives from Goodridge and Grygla, guests attending the wedding were Mr. and Mrs. Orlando Chervestad and Mr. and Mrs. Knut Evenson of Oklee; Mr. and Mrs. Oscar Wiseth and family of Crookston; Mrs. Ole Prestebak of Kallspell, Mont.; Clinton and Dale Erickson of Fargo, N. Male Quartet to Give Final Concert Series Number on Tuesday

A new song, written especially for the featured male quartet, will open the Chanticleer's program in the Lincoln high school auditorium at 8:15 Tuesday evening, March 2. Composer of the song, Donald Smith, also doubles as arranger and accompanist for the group.

Smith's versatility is no more than might be expected of a member of this talented ensemble. The Chanticleers themselves are experienced in every form of vocal activity, from opera to show business. All have been heard as concert, radio and recording artists.

First tenor Michael Carolan won an Arthur Godfrey Talent Scout contest in 1949, and appeared on Broadway in "Courtin' Time" and "My Darlin' Aida." The second tenor, Richard Wright, has extensive operatic experience, which includes three seasons with the New York City Center and appearances with the Miami Opera Guild and the Amato Opera Company of New York.

Raymond Keast, baritone, is featured soloist in "Sweet and Low," an album of recordings by the world-famous Robert Shaw Chorale. A pupil of John Charles Thomas, Keast has sung both in opera and in the Broadway hits, "Allegro" and "Song of Norway."

These records are at least equalled by that of Thorton Marker, bass, who sang in the movie "Night and Day." Marker has made many television appearances. These include Don Ameche's Holiday Hotel and the Ken Murray, Faye Emerson and Ed Sullivan shows.

While this is their first season as a quartet, the four personable young men have worked together in past seasons as members of the Bach Aria Group, The Little Orchestra, and the Shaw Chorale. Their concert here is part of a midwestern tour arranged by the Concert, Theatre and Lecture Service of the University of Minnesota.

Smith's "Song of the Chanticleers" will be followed by selections drawn from the singers richly diversified musical background. This concert is the last of a series of four being presented this year for members of the Northwestern Concert association.

Trinity Fathers and Sons Dinner Draws 265 Monday

At the close of the program two movies were shown which were enjoyed by sons of all ages.

Eagles Aerie to Hold Big Benefit Dance March 2d

The local Eagles Aerie voted at its meeting Tuesday to sponsor an old fashioned barn-type benefit dance in their auditorium on Tuesday evening, March 2nd. The dance is open to the public.

After World War II the Order of Eagles inaugurated a memorial foundation to raise funds to defray medical and educational expenses for children of Eagle members who lost their lives as a result of the war. During the Korean conflict the foundation officers decided to include the children left fatherless as a result of that military campaign also. There are now nearly 1500 children who are beneficiaries of the Memorial Foundation in the United States, Canada and Alaska. The principal of the fund remains as a permanent investment in government bonds and other securities.

There are many thousand Eagle members and non members who have contributed to the Memorial Foundation through direct donations and through social activities such as the one to be held at the Eagles auditorium on March 2nd.

Eldevik Explains Red Cross Home Service Function

Agency of Red Cross Assisted 68 Persons or Families During 1953

Information released today by R. S. Eldevik home service chairman for the Pennington county chapter of the American Red Cross, reveals that a total of sixty eight persons or families were given home service help during 1953.

The types of assistance given included emergency communication service, assistance with application for family allotments, referral to other community sources of help and financial assistance. The majority of persons given service were servicemen, veterans and their families.

Mr. Eldevik stated that Red Cross home service functions are a living link between the men in service wherever they are stationed, and the mothers and fathers, wives and children back home. It also assists wherever possible, Veterans and their families.

When an emergency arises and there is need to establish contact with a serviceman stationed outside the United States or on a ship at sea, home service becomes indispensable. Through the reporting and communication unit at national headquarters, emergency reports may be sent to or requested from military locations throughout the world.

Otto Johnson and Leonard Hoosk attended the annual Co-op creamery meeting in Grygla Monday.

Goodridge PTA Recognized for Summer Roundup

Parent-teacher associations in 61 Minnesota counties are now receiving merit certificates awarded by the state Christmas Seal organization to schools that can report from "good" to "excellent" response in their 1953 summer round-up of pre-school children. The Goodridge school PTA has earned a white certificate indicating outstanding achievement.

Close to 24,000 Minnesota children went to doctors and dentists for health check ups before entering school last fall, according to reports received by the state PTA's summer round-up committee from communities throughout the state. The 1953 figure is about 2000 above the '52 total.

Local PTA's and the Minnesota Congress of Parents and Teachers are already busy with arrangements for the 1954 round up according to Mrs. M. P. Dahl helm of Hector, new state round up chairman.

THE RED LAKE BILL IS NOW A LAW

From Thief River Falls News Issue of February 18, 1904

The Red Lake bill, which provides for the opening of the eleven townships just east of this city, last week passed both houses of Congress and will be signed by the President. It is therefor a law, as it does not require the ratification of the Indians.

Just when the land will be opened is now the question that is being discussed, and it is to be hoped that this can be done this summer. The bill provides that it be opened under the directions of the secretary of the interior, and Indians have six months in which to remove from the land.

The land will be sold to the highest bidder at not less than $4 per acre, one-fifth of the amount to be paid at the time of the bid and remaining part in five equal annual installments. Any land not bid up on at the sale will be sold at $1 an acre at private sale.

Five years residence is required and not more than 160 acres can be sold to any person. If at the expiration of five years there still remains vacant land, it can be purchased at $1 per acre and no residence or improvements will have to be made. This provision is put in to insure the Indian securing the full amount for their lands.

The sale of the land will be held in Thief River Falls and it estimated by some that as high as 25,000 people will be here to bid upon the land. For this reason every effort will be made to have the land sold during the warm weather, for, if such a crowd would come here in the winter time, there would be many thousands unable to secure accomodation and consequently there would be a great deal of suffering. It is now proposed to use all efforts to secure the opening at a date not later than Sept. 1st.

* * * * *

The February 25th issue of the Leader reported that President Theodore Roosevelt had signed the Reservation Bill but also suspected dirty work down in the official ranks that might cause needless delay. Suspicions the Leader:

"It is rumored that the department of the interior is hostile to the bill and may cause considerable trouble in not carrying out the provisions of the act at as early a date as could be wished, but of course the land will have to be opened and there is no good reason for believing that it will not be done this summer."

* * * * *

The Leader of February 18 reported Alderman J. J. Weeks as being "enthusiastically in favor of having the city install a system of water works this summer."

* * * * *

Editor John W. Eastman advised farmers to grow more wheat. "Farmers will do well to raise wheat this year," he said, "as the price is quite sure to be good. September wheat in Minneapolis today is 85c a bushel and that would make the price in Thief River Falls about 73 or 75c at least. They could not contract to sell at that price and deliver before the first of October.

Top quality lutefisk was offered at 5c a pound.

The Japs and the Russians were slugging it out at Port Arthur. The Leader reported that six Norwegian vessels hauling grain to the Russians had been captured by the Japs.

Civic & Commerce Seeks Improved Street Lighting

Continued from page 1

ent street lighting facilities in the business district date back 41 years to 1913, following which some improvements were made in 1922. He added that the present equipment is entirely inadequate to meet today's needs.

Douglas Stewart estimated the cost for each unit, consisting of a 30-foot steel post with mercury vapor tube and necessary wiring would be about $450 or a total of $40,500 for the 90 units contemplated.

Assuming that the city would assume one third the cost, as is the general practice, he said that the two thirds to be assessed against benefited property owners would figure out at about $1.55 per front foot. This is approximately the same amount as was assessed when the present system was installed in 1913.

Hastad recommended the mercury vapor tube type of lighting, which is color-corrected to remove the bluish tint. Harry Hendrickson told of the expense and work involved in maintaining the present system, which he said involves frequent replacement of globes and bulbs.

L. E. Hartz, as a heavy tax payer, was asked for his opinion of the proposal, and he stated that the new lighting system would be an asset to the city and that he was strongly in favor of it.

Other reports submitted at the meeting included one by Dr. O. D. Beich, who stated that Ken Gustafson had accepted the chairmanship of the general committee in charge of planning the 50th anniversary celebration in Thief River Falls this year.

Morris Howick, chairman of the area trade committee, stated that a small delegation of C. and C. members had attended the recent Clover Festival in Roseau, and had enjoyed the program, which included a skating show presented by members of the Winnipeg Winter club.

Howick also urged the membership to attend the Winter Shows in Crookston this week.

Secretary J. M. Roche gave details of the program presented at the recent convention of the state association of chamber of commerce executives in Minneapolis.

Detroit Lakes Noses out Prowlers 52-49; Johnson Nets 32 Pts.

Coach John Downs' Detroit Lakes Lakers were forced to resort to semi-stall tactics in the final minutes of their basketball game against the Prowlers at Detroit Lakes on Friday night in order to protect their three-point lead and register a 52 to 49 victory. Coach Ralph Skjod's squad will conclude their season's schedule on Friday night when they play the Grafton Spoilers at Grafton.

Friday night's crowd-pleasing game, which found the Prowlers on field goals by Art Johnson and Bill Frahm, jumping off a 1 to 0 lead in the opening minutes, was a nip-and-tuck contest all way, and the score was tied six times during the first twelve minutes.

Lynn Parkel, a sharpshooting and hard-driving guard, and Jerry Paulson, a smooth-dribbling back-court player, proved to be the key-man in the Lakers' 52 to 49 triumph.

With the score knotted at 13-all with three minutes to play in the second period, Parkel hit on a jump shot from the lane. The Prowlers' Art Johnson, who poured thirty-two points scored through the net during the game, picked up a free throw point, but Allan Moberg scored a Laker field goal on an under-the-basket try, and Parkel looped a long shot into the basket, and the Lakers had the lead, and which they held throughout the balance of the game.

The Prowlers, trailing by three points, 27 to 24, as the third quarter opened, came within a point of overtaking the Lakers early in the period, with field goals by Johnson and Gene Bratsch carrying the locals to a 29-30 score. A free throw by Jim Long, Parkel's drive in lay-up, and then a jump shot by Parkel, shoved Detroit Lakes ahead by a 35 to 29 score. The Prowlers, with Johnson scoring five points, pared that Laker lead to three points, 38 to 35, as the period closed.

In the hectic fourth period, the Prowlers nearly overcame a six-point deficit, 44 to 38, midway in the quarter. Evan Jones scored from close in, getting a pass from Johnson; Emil Maratzke dunked in a Laker field goal; Johnson hooked a field goal into the east basket from the lane, Parkel and Day added Laker Point on gift shots; George Gifford, with less than three minutes to play, made a pair of free throws; and Johnson's one-hander brought the score to 48 to 46 with 1:56 to play.

The Lakers' Paulson added two points on free throws, and Parkel made the second of two tries, giving Detroit Lakes a 51 to 46 edge with a minute to play. Darrel Rude and Parkel exchanged free throw points, and then Gifford closed out the game scoring with a Prowler field goal with seconds remaining.

The Prowlers' big Art Johnson racking up twelve field goals and eight free throws, was the game's high scorer, with 32 points, with the Lakers' Parkel being runner up with nineteen points.

In a preliminary game, a husky Laker 'B' squad trounced the Prowler 'B' team, 51 to 21.

Northern Blood Bank Membership Now 376

A total of 376 persons, covering some 1,400 dependents, have now signed their applications for membership in the Northern Blood Bank association.

One week remains in which to become a member of the Blood Bank without the handicap of having membership applications subject to a waiting period. Directors of the Blood Bank have every confidence that the original membership list of 500 members will be complete by March 1st, said E. A. Hamerski, president.

The Becker County Blood Bank with headquarters at St. Mary's Hospital in Detroit Lakes reports that it now has 2,000 members. Other blood banks centered around smaller hospitals in Minnesota report huge memberships.

Early in March notices will be sent to Northern Blood Bank applicants to come to Northwestern Hospital for the purpose of being typed and completing their membership. It is probable said Harold W. Peterson, hospital administrator, that if your type has already been taken by the hospital laboratory it will not be necessary for you to be typed again. However, it will still be necessary for the applicant to appear for the purpose of affording the blood bank additional information that is necessary for the record.

Application blanks may be obtained at the business office of Northwestern Hospital, Radio Station KTRF, Northern State Bank or Union State Bank. If it is impossible for anyone to come to town to pick up a blank, he may drop a card to Northwestern Hospital or to Radio Station KTRF and a blank will be mailed at once.

Blanks should be mailed with $1.00 enclosed to Northern Blood Bank Association, Thief River Falls, or to E. A. Hamerski, Soo Line, Thief River Falls.

'MORNING MEDITATIONS' TO NOTE ANNIVERSARY

The 500th Sunday, Feb. 28, since the start of the Morning Meditations 8:15 Sunday radio program over KTRF is to be noted Sunday, February 28, said L. W. Lindholm, pastor of the local Mission Covenant church and director of the broadcast.

Electric power companies in the U. S. consumed about 113 million tons of coal in 1953, and predictions for 1954 are that even this record will be broken.

Nitrogen Fertilizer

Farmers using nitrogen fertilizer will have three forms—anhydrous ammonia, nitrogen solids, and nitrogen solutions—to choose from this spring. Pound for pound they give about the same results.

The form to choose depends on the relative cost of the nitrogen applied per acre. In figuring these costs, consider the cost per pound of actual nitrogen and the cost of running and maintaining machinery on jobs done yourself.

Harold Jones, University of Minnesota extension soils specialist, describes the three forms this way:

Anhydrous ammonia (82.2 per cent nitrogen) is a gas unless it is kept under pressure. Then it is a liquid. It must be stored in pressure tanks and applied under the surface with pressure equipment. This is usually owned by custom operators who charge a fixed cost per acre.

Nitrogen solutions on the market range from 20 to 49 per cent nitrogen. The 20 per cent nitrogen probably is ammonium nitrate in water; the 32 per cent is ammonium nitrate, urea and water. Both can be worked into the surface the same way as solid material.

Solutions containing more than 32 per cent nitrogen (40.8 per cent, for example) are usually combinations of ammonium nitrate, anhydrous ammonia and urea. They must be applied under the surface.

Solid nitrogen fertilizers have been the common form in Minnesota for the past few years. Among the more important forms are ammonium nitrate (33.5 per cent N), ammonium sulfate (20.5 per cent) sodium nitrate (15.5 per cent), calcium nitrate (14.5 per cent), urea (44 per cent) and calcium cyanamid (22 per cent).

Let me say again that pound for pound of nitrogen these different forms all give about the same results. I would suggest that you chose the cheapest most convenient method of application.

Pelleting Lamb Feed

On a strictly dollars-and-cents basis, pelleting feed for fattening lambs doesn't pay. These were among the findings from an 86-day feeding experiment conducted with 120 lambs at the University of Minnesota's West Central School and Experiment Station at Crookston. However, there are some interesting things to be learned from P. S. Jordan, associate professor at the experiment stations. He reports pelleting a ration of 40 per cent alfalfa hay and 60 per cent shelled corn resulted in added gains up to five pounds per lamb and less feeding being eaten per 100 pounds of gain. But despite the saving in feed, cost of gain in lambs fed the 3-8 inch pellets increased greatly and profit per lamb was lowered because of the high cost of pelleting.

Also, lambs fed only pellets became so hungry for roughage they gnawed on the wood feed bunks and fence posts. Offered straw, they left the pellets in a dash for the rough feed, Jordan reports.

On the favorable side, pellets might save labor and time in te feeding operation and probably would be efficiently fed in a self-feeder, Jordan said. No studies on time saved in a pellet feeding operation were conducted in this experiment.

It cost $16.94 to put 100 pounds gain on the lambs with pelleted ration and $15.86 with unpelleted. A contributing factor to pelleting's high cost in the fine-grinding necessary in pellet manufacture.

CHATTING with your HOME AGENT

Marge Olsen

During the past few weeks, several homemakers have asked questions about buying pots and pans. They have been interested in finding out what points to look for in pots and pans, and if aluminum utensils are really dangerous for cooking.

Let's think about buying pots and pans first. If you're buying equipment for your hope chest, or if you want to replenish your supply, here are some tips on buying from Dorothy Bonnell, in charge of the household equipment section in the University of Minnesota school of home economics. Her advice is to look for pan with:

Straight sides.
Flat bottoms.
Rounded corners.
Handles that are heat resistant and welded to the pan.
Tight fitting lids.
Material that will transfer heat evenly.

Buy only what you can use. Complete sets of pots and pans are impracticle and expensive unless you are sure you will use every one.

One of the most popular materials for cooking utensils is aluminum. However, door-to-door salesmen often talk homemakers into discarding perfectly good pots and pans for new expensive sets of other materials. Women are sometimes told that aluminum dissolved into the food from the cooking utensils is poisonous and can cause all sorts of ailments.

Extension nutritionists at the University of Minnesota point out that the propaganda against aluminum is without foundation. The American Medical association, the U. S. Public Health service, the British Ministry of Health and many other authorities have agreed and stated frequently that aluminumware is safe for cooking.

Aluminum is present in the food we eat, in milk and water, regardless of the type of utensil in which the cooking is done. Aluminum is also used in baking powder, and housewives use alum to keep their pickles crisp. Aluminum foil is popular wrap to protect food and preserve its freshness. None of these uses is harmful.

Aluminum has many advantages in cooking, according to household equipment specialists. It is moderate in cost, attractive, lightweight but durable. It is also an excellent conductor of heat. This fact makes for even cooking and helps to prevent scorching.

The National Guard meeting for this week was held on Wednesday, the 17th, because of the holiday on the 22nd.

There was only one class given by Lt. Miller on the adjustment of slings on the M1 rifle for firing from different positions. The rest of the meeting was spent in assigning the men to their jobs with the company.

Cpl. Greemond Bruggeman, a World War II veteran, was the only new member during the week.

This week's interview is with Lt. Wayne Levorson. Lt. Levorson was born in Grygla and was graduated from Lincoln high school in 1944. He entered the armed forces in July, 1944 and was sent overseas to Europe in January, 1945. He received his discharge in July, 1946. In 1947 he joined the National Guard and was with Co. F. when the 47th Division was called into active duty and sent to Camp Rucker, Alabama in Jan., 1951. Lt. Levorson was commissioned a 2nd Lt. with Co. F. in June, 1953. He was married overseas in May, 1944 and has three children, two girls and a boy. Lt. Levorson is employed at the municipal liquor store.

Prowler Hockey Sextet Wins Regional Tourney, Enters State

Coach Dennis Rolle's Prowlers playing a top-flight brand of hockey and getting a brilliant shutout performance from their goalie Jack Hoppe, won the eighth regional hockey title on Friday night when they defeated an all-veteran Warroad aggregation, 3 to 0, in the finals of the tournament that was played at Roseau on Thursday and Friday nights. The Roseau Rams, regional champions last year, won the consolation honors by defeating Williams 6 to 2.

By their well-earned victory, the Prowlers gained a berth in the state high school hockey tournament that opens on Thursday afternoon on the St Paul Auditorium rink. The Prowlers, who left town yesterday morning, will meet the Minneapolis champion, South high school, in a first round game at 2:30 p. m. on Thursday. Other first round games will find Duluth Central, the runner-up in region seven and playing as the region three entry, meeting South St. Paul at 4:00 p. m.

On Thursday night at 7:30, St. Paul Johnson, the defending state high school champion, will meet Wayzata; and at 9:00 p. m., Eveleth, the region seven champions, will play St. Paul Harding, the Twin City champion. The semi-finals are scheduled for Friday night, with the championship finals billed for 9:00 p. m. on Saturday night.

Friday night's finals game found the Prowlers jumping into an early lead when Bob Helgeland, who played the finest hockey of his high school career, received a pass from Mike McMahon and pulled the trigger on a shot that beat goalie Bob Lewis at 3:06 of the first period.

The game rocketed along at a 1 to 0 pace throughout the second period; and in that second period Jimmy Doyle's Warroad Warriors played their strongest hockey, forcing the Prowlers' netminder, Jack Hoppe to make several remarkable saves. Shots on goal in the second period favored Warroad, nine to five.

With the ice conditions improving in the third period, the Prowlers began to exert their squad strength. At 3:10 of the period, Joey Poole flashed thru for an unassisted goal; and at 9:08 Poole, recovering the puck from a pair of Warroad defenders, flipped a goal-mouth pass to Marv Jorde, who shoved the disc into the wide-open cage, giving the locals a 3 to 0 win.

In first round games on Thursday night, the Prowlers and the Warriors were winners. The Prowlers, holding a decided edge in the ice play, defeated Gene Kafka's Williams Wolves, 3 to 0; and Warroad edged out Roseau, 5 to 4. The excitement of the first round play was crammed into the Warroad vs. Roseau contest. Warroad, on a pair of goals by Billy Christian and singles by Vernon Nash and Harlan Meek, pulled away to a 4 to 0 first period lead, and appeared on the way to make the game a rout.

John Delmore scored at 3:33 of the second period to pare the Warroad lead to three goals; and midway in the period Delmore was awarded a penalty shot, but his try was off the net and Warroad held a 4 to 1 lead entering the third period.

A pair of goals by Dickie Johnson, scoring at 2:08 and 6:40, and a long shot by John Larson, 7:58, evened the game at 4-all. Roger Christian, one Warroad's two all-state players, the other being Harlan Meek, recovered the puck in the Roseau zone and raced in to beat goalie Jack Almquist on a point blank shot at 10:40, giving the Warriors a 5 to 4 win.

Games this week:
Feb. 26th—
Roseau at Grand Forks.

The Northwest Hockey league championship for the 1953-54 season was decided on Sunday when the Grand Forks Redwings, by a 7 to 1 score, defeated the Thieves at Grand Forks. The win boosted the Redwings point total to 21, and clinched the top rung for coach Odie Lowe's club.

The week's games also decided the playoff berths, with Grand Forks, Warroad, Crookston, and Thief River Falls gaining positions in the four-team playoffs. It is hoped that the first-round playoff games can be scheduled for this week-end, with Grand Forks, the number one team, meeting Thief River Falls, the number four team; and Warroad and Crookston meeting in the other bracket.

The first round playoffs will be determined on a best-of-five series, with the team standings at the conclusion of league play deciding the site of the first game of the series.

LOOKING AT THE THIEVES

BRUCE HALL

Joining Bill Juzda and Rob Amundson in patrolling the blue-line for the senior hockey Thieves is Bruce Hall, another of Prowler hockey's welcome additions to the local club. The 22-year old Hall graduated from the Prowler hockey ranks in 1949, being a captain of the blue-and-gold squad that was coached by Rich Roberts during the 1948-49 season.

Weighing but 160 pounds, and with a height of six feet, Bruce is somewhat shy in poundage for the bruising duties of a defenseman, but he more than makes up for his lack of weight by the agressive and determined style of his play. While Bruce's play this year has been on defense, the lanky former Prowler can play on a forward line, and last season he played at wing, being especially effective at "killing" penalties.

Thieves Wind up Schedule by Losing 2 Tilts

Locals to Enter First Round Playoffs Either Saturday or Sunday

The senior hockey Thieves concluded their Northwest Hockey league schedule during the weekend by losing a pair of games to the Crookston Pirates and the Grand Forks Redwings, and will now prepare for the first round playoffs which are tentatively slated to begin on Saturday or Sunday, with the locals meeting Grand Forks.

This evening, on the Arena rink, the "locals" — Bud Brossoit, Swede Lund, Chick Oveson, Jack Erickson, Paul Bedard, Shorty Perkins, Miles Thorson, Darryl Lund, and Bruce Hall—will play the Hallock Lions, and all-local team from from Hallock. In an exhibition game, Playing at Hallock last Wednesday night, the locals scored a 6 to 4 win over the Lions.

It is hoped that the Thieves vs. Redwings first round series will begin Sunday afternoon at Grand Forks, but it is possible that a postponement will be necessary in order that the Thieves can present a complete lineup. With the high school Prowlers participating in the state tournament, a number of Thieves' locals will make the trip to St. Paul for the tourney games, and if the Prowlers reach the finals on Saturday night, it is doubtful if those players could return in time to open the series against the Redwings.

The Thieves and the Crookston Pirates played an exciting game here on Saturday night, and the Thieves, after giving up four goals in the first period, came back to tie the game at 4-all in the opening minutes of the second period. The Pirates, on a goal by Murray Balagus at 14:31, on a shot that goalie Jack McGill stopped and which bounded up and over his stick and into the north net, won the game by a 5 to 4 margin.

In a sluggish and lack-lustre game played at Grand Forks on Sunday afternoon, the Thieves dropped a 7 to 1 decision to the Redwings. The Redwings, who clinched the league championship by their win, were sparked by the four-goal performance of Wendy Feist.

Keeping Score with "Huck" Olson

St. Paul, Here They Come

On Friday night, by defeating the Warroad Warriors, 3 to 0, in a game played at Roseau, coach Dennis Rolle's 1954 Prowler hockey squad joined such illustrious Prowlers as the teams of 1945, '51, and '52 in winning the eighth region's hockey championship. This week, beginning on Thursday afternoon against South high school of Minneapolis, the Prowlers will open their bid for the state title and, on their record, the blue-and-gold club will be the "team to beat."

Fact is, the Prowlers with their two flashy scoring lines—Jorde, Guttu, Vraa, and Poole, Durgin, Helgeland—their capable blue-liners—Mike McMahon, Les Sabo, and Jim Zavoral—and their alert and agile goalie, Jack Hoppe, have the potential of making a shambles of the state tournament. Scoring statistics reveal the exceptional balance in the Prowler front-line scoring. The line centered by Marv Jorde, with Lyle Guttu and Sid Vraa on the wings, has tallied 35 goals; while the Joey Poole line, with Darryl Durgin and Bob Helgeland as wingers, has scored 34 goals.

But while the Prowler forward lines have been getting most of the cheers because of their scoring ability, it must not be forgotten the locals have a sturdy defense. In the seventeen games that have been played and won, the Prowlers have been scored on but eighteen times, and that's against the best teams in the state. Most impressive in the Prowlers defensive ability has been their performance against Warroad and Roseau. In three games against Jimmy Doyle's Warroad team, a club that was runner-up in last year's state tourney and which had two all-state players in its lineup, the Prowlers gave up but five goals. Against the Roseau Rams, the defending regional champions, the locals allowed but two goals in two games. When a team can hold such players as Warroad's Harlan Meek, Jack Stoskopf, Penny Nash, and Roger and Billy Christian to five goals in three games; and Roseau's nifty line of Jack Delmore, Mike Robertson, and Dick Johnson to a goal a game, that team has defense.

While the Prowlers are bringing much hockey glory to themselves, and considerable prestige to their city, their school, and their coach, we shouldn't forget the fellows who really "made" high school hockey a sport here. We refer, of course, to those members of the Legion's 40 & 8 who promoted and sponsored junior hockey in the early days. Those fellows spent a lot of time, effort, and money on their program, and we're sure that they derive a measure of satisfaction as they stand along the side-boards and watch the Prowlers perform. Their "baby" has grown up.

No Argument

Odie Lowe's Grand Forks Redwings, by defeating the Thieves 7 to 1, at Grand Forks on Sunday afternoon, won the Northwest Hockey league championship, and there is no argument about the Redwings right to the title. They earned it, and they're the league's best.

We'll question the Redwings on only one point, and that is their claim that they are largely a "local" club. Goalie Bun Nicholson, defenseman Jack Mason, wing Doug Lewis, and center Odie Lowe are the Wings' recognized "imports." But we'll rank Don Crough, a Canadian who played in England last season and who is employed in Grand Forks this year, as an import; and we'll include Will Shannon, a Canadian who was a member of the North Dakota U team last season and who was eligible for the Sioux again this year, as an import.

Buzz and Prince Johnson learned their hockey in Edmonton, Canada, and have been classified as natives by reason of their residence in Grand Forks since their University days. The only bona fide native on the Redwin team, according to a strict interpretation of the word, would be Wendy Feist.

Red Cross Funds Aid In Reducing Number of Drownings in Area

It won't be long before thousands of Minnesotans will be looking forward to summer vacations, fishing tackle will be readied and bathing suits taken out of mothballs.

Soon the lakes and rivers of the state will be dotted with fishing boats, and the beaches will be over-run with bathers, eager to take advantage of sun and water.

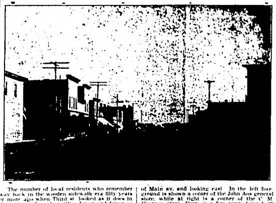
A discordant note in this pleasing prospect is the fact that an average of 160 deaths a year are the result of accidental drownings in the state.

Herman A Kjos, chairman of the local Red Cross Chapter, stated, "You can help reduce this 'summer killer' by contributing generously to your Red Cross Fund and encouraging non-swimmers to take part in the Red Cross 'Learn to Swim' program. During the summer of 1953 over 350 persons in Pennington county benefited from this program without cost to them.

"The funds you contribute to the Red Cross will help continue this program and make it possible to expand the present program."

"When you are deciding how much to contribute to the American Red Cross, remember the amount you decide to give will help to determine how much can be done in 1954 to reduce the greatest cause of accidental death, next to motor vehicles in the age group one to nineteen years."

Third st. as It Looked a Half-century Ago



The number of local residents who remember way back in the wooden sidewalk era fifty years or more ago when Third st. looked as it does in the picture above is getting fewer and fewer as the years pass by.

Others, too, many be interested in days gone by, and it is for their benefit that the Times will occasionally publish old pictures during this fiftieth anniversary year of the opening the Eleven Towns to settlement and the coming of the Soo Line to Thief River Falls.

This picture was taken shortly after the turn of the century at a point on Third st. just west of Main av. and looking east. In the left foreground is shown a corner of the John Aas general store, while at right is a corner of the C. M. Evenson store. Evenson a few years later built the structure now occupied by the Montgomery Ward store.

Across Main av. from the Aas store appears the building occupied by the George Williams saloon, now the site of Kelly's Hardware. Farther down the street on the LaBree av. corner is the Langseth department store, and across the street from it is the First National bank and the Oen Mercantile company.

Stephen Woman, Injured in Crash, Dies in Hospital

Mrs. William Saverien Succumbed on Thursday; Husband Also Victim

Mrs William Saverien, 25, of Stephen, died at a Grand Forks hospital Thursday from injuries sustained in a car-truck collision near Stephen, Saturday, February 13, in which her husband and Stephen Clark Clavert, 38 year old Chicago truck driver were killed.

Mrs. Saverien, mother of a 10 months-old son, Steven, never regained consciousness after being taken to a Karlstad hospital and then being transferred to Deaconess Hospital on Monday of last week. She suffered a brain concussion, in addition to arm and leg fractures.

Mrs. Saverien was the daughter of Mr. and Mrs. G. W. Seefeldt of Barnesville where she was born April 2, 1928. After attending Barnesville high school, she was employed at Fargo for several years. She married the late William Saverien at Barnesville, Sept. 21, 1952.

In addition to her parents and son, she is survived by two brothers, Vernon and Lowell Seefeldt, and two sisters, Mrs. Herbert Ellefson and Mrs. Wendell Rogers, all of Barnesville. Another sister preceded her in death.

The Saverien child is now being cared for by Mrs. Saverien's parents.

Land O'Lakes Dist. 14 to Meet Mar. 3d

Annual Meeting Slated at Erskine High School

The annual meeting of District No. 14 Land O'Lakes Creameries, Inc., will be held at Erskine on Wednesday, March 3, at 10:30 a. m.

The general sessions will be held in the high school auditorium. Frank Stone of Land O'Lakes Creameries, and Lew Conlon, with the American Dairy association, will be speakers. Free tickets to dinner will be given at the close of the forenoon session to all who are at the meeting.

The musical part of the program will include songs by the Men's Quartet of Erskine. The Erskine school band will play from 12:30 to 1:15.

Present officers of the district are M. H. Mauritson of Shelley, chairman; Ole T. Smeby of Winger, first vice chairman; George Page of Fertile, second vice chairman; C. O. Gunhus of Fosston, secretary; F. A. Uggen, of Erskine, treasurer; P. L. Anderson, of Crookston, is fieldman for the area.

Perilous Driving Conditions Face State Motorists

Minnesota is entering upon one of the most hazardous seasons of the entire travel year in the opinion of A. V. Rohweder, president of the Minnesota Safety Council. He directs his statement to motorists who are confronted with the problem of late winter and early spring driving conditions.

"During this time of year," Rohweder said, "it is practically impossible to predict what we will have in the way of weather or driving conditions from one day to the next. So it becomes even more important that every motorist take it upon himself to be responsible for his own safety and that of the people who are riding with him. Greater attention must be given to the job of operating motor vehicles, because no matter how many 'automatic' devices you may have on your car, it is still up to you to control its speed and direction."

He urged all motorists to be especially on the lookout for unusual hazards to safe driving brought about by alternate thawing and freezing, heaves in road surfaces and other late winter obstacles to safe driving.

FIFTY YEARS OF PROGRESS

Preliminary steps have been taken to plan and produce two important anniversary celebrations this year. The opening for settlement of a large area of the Red Lake Indian Reservation in the month of June, 1904, provides us with a good excuse to measure the progress we have made as an agricultural community. The coming of the Soo Line, which started its operations here officially in September, 1904, presents us with an opportunity to brag about the city's industrial development, as well as pay tribute to the industry that has contributed most to that development.

There is good reason for celebrating these special anniversaries. While this half a century of development has been interrupted by periods of the most discouraging adversity, it nevertheless has been a period of great progress in both the city and the country.

The year 1904 probably was the year of the greatest relative growth in the history of the city. We are fortunate in that our anniversary year of 1954 will also be a year of great progress. This year, for instance, we will have three public buildings to dedicate, an enlarged hospital, a much needed, new court house and an armory.

Anniversary occasions of this kind call for community-wide cooperation. The past is a heritage in which we all have a common interest. Our celebrations will accomplish a worth-while purpose only to the extent that all individuals and all groups, urban and rural, enter into the birthday party spirit.

HOLDING THE LINE IN ASIA

Indo-China has become the hot spot in the international worry-go-round. Holding the line in Indo-China has been a tremendously expensive operation for the French in terms of both men and money. The pressure on the French government to withdraw from the eight-year-old struggle is becoming increasingly great, and understandably so.

But to withdraw from Indo-China means in effect the abandoning of all of southeast Asia. And, with southeast Asia under control, the Red pressure no doubt would be applied elsewhere. We know from sad experience that retreat is not a means of securing peace with the Reds. The only alternative to surrender is continued resistance.

Without American assistance the French would not have been able to continue their resistance as long as they have. This assistance now is being directed increasingly to the training of native forces. Based on our experience in South Korea, this seems to be the only possible long-range solution.

Our experience in South Korea proved the wisdom of this policy. Properly trained and well equipped South Koreans, fighting in the defense of their own country, proved to be more than a match for the enemy according to American military observers. And these native fighting units were maintained at far less cost than American or European soldiers.

President Eisenhower has stated that the war in Asia will have to be fought by Asiatics. Helping them to organize in their own self-defense is a logical solution to a most difficult problem. Native armies, fighting to defend their own countries, would rob the Reds of one of their most effective propaganda appeals.

FAR REACHING TRADE BENEFITS

Our country's bulging basket of surplus agricultural commodities, now about seven billion dollars worth, will be used increasingly as trading stock in our foreign aid program. According to present plans, already in effect, these surpluses will be used *to aid development of 14 nations in Asia,* the Middle East, Africa and Latin America.

A five million dollar sale of surpluses to Finland sets a pattern for a type of trading that is now being experimented with. Finland will pay for its cotton and tobacco with products that are needed in other countries receiving American aid. These countries in turn may be able to repay with goods that can be distributed elsewhere. A gift of surplus commodities to one nation may thus result in far reaching benefits to many nations.

Little was expected from the Berlin conference of foreign ministers and it is therefore encouraging to note that some good may have been accomplished. The Western powers came out of the conference with more unity than they have had for some time. Considering the attempts made by the Russians to create discord, that was a net gain. And, after all the name calling, the conference ended in a way that makes another conference possible. No bridges were burned and the talking is due to be continued. That is always a hopeful result.

One thing Congress could do to help the dairy industry, and at the same time help the consumer, would be to break down the federal and local barriers to the sale of pure milk. Under the monopolistic control of preferred producers, operating within the areas of their protected milk sheds, milk is now priced out of the market in many cities and localities. The milk that would be consumed if offered at a fair price, now is processed into other dairy products, swelling the surplus stockpile.

At this taxpaying season of the year it is easy to become enthusiastic about the possibility of tax reduction. We don't like to pay taxes either. But the politicians who talk most about tax reduction are also the politicians who talk most about increased spending. Proposals to spend more and tax less never did make sense. Now, with our staggering burden of national debt, it makes less sense than ever before.

Looking Backward

1924—THIRTY YEARS AGO

Dr. J. A. Aasgaard, president of Concordia college, Moorhead, spoke at Trinity Lutheran church.—Dr. B. W. Froehlich was reelected president of the Commercial club for his third term.—The Thief River Golf club now has 67 members.—O. B. Nelson broke his left leg when he slipped on the icy sidewalk between his store and residence.—B. F. Umland, county engineer, is attending a convention in Minneapolis.—This winter has been remarkable in that only ten inches of snow has fallen. The mercury Feb. 13 registered 47 above zero.

1934—TWENTY YEARS AGO

Pennington county had a net debt of $558,000 at the end of 1933, County Auditor Henry L. Fowler reported.—Hans Anton was appointed by Governor Floyd B. Olson to serve as chairman of a Pennington county debt adjustment committee.—The new municipal Auditorium, to be dedicated next week, cost slightly more than $75,000.—S. P. Orwoll, Lincoln high school band director, was named president of the Red River Valley Band assn. at a meeting in Ada.

1944—TEN YEARS AGO

George L. Biddick is chairman of the 1944 Pennington county Red Cross drive, in which the goal has been set at $10,500.—A total of 1,014 county residents are now serving with the U. S. armed forces.—Mr. and Mrs. M. M. Johnson, residents of this city since 1900, observed their golden wedding anniversary Feb. 20.—The TRF creamery produced 1,260,970 pounds of butter in 1943, G. S. Bergland, manager, reported at the annual meeting.—Dr. E. S. Amesbury, local optometrist, resumed his practice after recovering from a recent illness.

RANDEN . . .

(Crowded out last week)

Mr. and Mrs. Clarence Hoy and son were guests in the Earl Cleveland home Sunday.

Mr. and Mrs. Emmett Finley and children were supper guests at the Emil Ostlund home Saturday evening.

Clarence Davey shot a bull elk Saturday. He was given a permit from the game conservation department as the elk had eaten nearly two of his hay stacks. The stacks were on the quarter of land south of branch A east of the county line. Clarence hauled what hay that was left home and now the elk moved into Glenn Berd's stacks. They had done enough damage so it was seen from the game warden's airplane. These animals are really getting to be a problem to both Game and Fish and the farmer. One is pretty helpless when they start on a haystack as there's no way to keep them out. They go in herds of a dozen or more. Mr. Davy said they had nearly gone thru one of his haystacks so it could have been pushed over. They do a lot of damage to growing crops too.

Mrs. Carl Aronson and boys were guests in the home of Mrs. O. Abrahamson Sunday. Mr. and Mrs. Emil Ostlund and Ruthy also were callers there.

Ruthy Ostlund visited with Mr. and Mrs. Glenn Evans in Thief River Falls Thursday evening.

The United States census bureau was made a permanent part of the government in 1902. The departments of labor and commerce were created in 1903.

Mr. and Mrs. Roy Rude received the sad news on Friday that their sister-in-law, Mrs. Merold Olsons' mother, Mrs. Josie Moen of Canton, S. Dak. had passed away the first of the week and that the funeral was held Sunday.

Word has been received that little Jackie Kelliher of New Jersey had to have his tonsils removed. Jackie is the son of the former Margaret Rude. He is doing nicely. He is not yet 4 years old.

In the last half-century, the Chesapeake and Ohio Railway has handled more than 330 million tons of coal at its piers at Newport News, Va., enough to make up a single trainload of hopper cars 51,683 miles long, or twice around the globe at the equator.

HAMRE . . .

By Mrs. Frank Johnson, Grygla

Raymond and Clifford Dalton called last Saturday on some friends in this vicinity. Clifford had just come on Wednesday from overseas duty in the Army on a 30 day furlough. He will spend it with his mother Mrs. Pearl Dalton and family in Thief River Falls. It has been eight years since Clifford has spent a leave here with his family. Most of his army service during this time has been overseas.

Hank Stiebert spent from Saturday night until Monday afternoon at the Frank Johnson home. Marland helped Hank install another motor in his car during this time there.

Elmer Jelle and Marland Johnson helped to saw wood at the Joe Wells home last Saturday.

Joe and C. Wells shipped the larger part of their herd of cattle out on Monday due to the misfortune of bang's disease in the herd.

Galen and Jerry England were Sunday dinner guests at the Frank Johnson home.

The Emil Englund and Harry Johaneson farms got hooked up for R.E.A. lights and service on Tuesday of this week. They report the pleasure of getting away from the old type lamps too now.

Galen and Dwane Englund visited with Douglas Benson on Wednesday evening.

Harry Byklum returned home last Friday, Feb. 12 from the Northwestern hospital after having spent six days there where he underwent a minor operation. Mrs. Emil Eberhardt spent this time helping out at the Harry Byklum home. Albert Wells went over for chores during the week.

George Pitman was honored on his birthday at a party Saturday night, Feb. 12 at the Galen Englund farm. Present were George and Sharon Pitman, Galen and Dwane Englund and Marland Johnson.

Mr. and Mrs. Edward Jelle and family were dinner guests at the Helen Newhouse home on Sunday.

Mr. and Mrs. George Carlson and Mrs. Clarence D. Carlson motored to Goodridge Thursday where they attended the funeral of Christ Urdahl.

Sleigh-ride Party Held

Sunday night Feb. 14th, a sleigh ride party was held at the Louis Jelle home in honor of Marianne's 15th birthday which was coming up on Tuesday Feb. 16. The following guests were present to enjoy the evening and also the sleigh ride: Doris and Vernon Howland, Orle Arenson, Albert Wells, Marland Johnson, Mr. and Mrs. William Stanley and Arnold, Mrs. Gordon Jelle and Greg, Hank Stiebert, Morton, Olive and Curtiss Olstad, William Hanson, Carol and Alvin Arenson, Iono and Wallace Byklum. Marianne received many birthday gifts. Lunch was served at midnight by her mother, Mrs. Louis Jelle.

Sewing Circle Held

The sewing circle for the south side was held Thursday at the Fred Tressett home. The members finished work on two quilts that afternoon. One of these quilts was made by all the Carmel Ladies Aid for welfare of a needy family. This piece work quilt was then sent to the Harold Hudson family east of Grygla from the aid. The next meeting will be announced when the ties are received to tie.

The following were guests at the Emil Englund home on Sunday, Feb. 14th: Mr. and Mrs. Henry Klesow and family, Mr. and Mrs. Kenneth Lawrence and family all afternoon visitors. Dinner guests were Mr. and Mrs. Jerold Nelson and family from Goodridge.

Mrs. Frances Wikert Rites Held On Thursday

Frances Inez Wikert, a resident of Grygla, passed away in Thief River Falls on Feb. 15 after a six day period of unconsciousness following a stroke. Services were held on Thursday at Our Saviour's Lutheran Church in Carmel at 2 p. m. with Rev. Walter M. Pederson, of Thief River Falls officiating. Special songs at the service were sung by Mrs. Ray Bakken and her sister Miss Doris Howland. Mrs. Manley Anderson rendered the organ playing. The body was laid to rest in the Sandridge cemetery at Thorhult.

Frances Inez Wikert was born October 25, 1908 in Fergus Falls. She resided there until 1918, when she moved to Grygla, where on April 4, 1927 she was united in marriage to Fredie Wikert. Children surviving are Mrs. Terry (Arlone) Froseth of Thief River Falls, Minn., Mrs. Robert (Darlene) Phillips of Moorhead, Miss Lorraine Wikert of Minneapolis, George and Billy Wikert of Grygla and her husband Freddie Wikert of Grygla. Other survivors include her parents Mr. and Mrs. Fred Holthusen of Grygla, four brothers, Herb of Fourtowns, Jack, Royal and Vernon of Grygla, two sisters Evelyn Tanem of Grygla, and Dorothy Ness of Fourtowns. Grandchildren surviving are Linda Ann Froseth, Diane Marie Froseth and Alan Douglas Phillips.

The active pallbearers were Ernest Zavoral, Ingmar Tanem, Carl Ahola, Wallace Holthusen, Willard Roen, and Walter Jelle. Arrangements by the Green Funeral Home of Thief River Falls.

The Prayer Mama didn't hear

Mama always hears my prayers.

But last night I said a special prayer, after Mama turned out the light.

I said, "Dear God, please don't let my Mama and Daddy get one of those divorces, like Jimmy's Mama and Daddy are going to get."

Jimmy is the little boy who sits next to me in Sunday School. I've never seen his Mama and Daddy—Jimmy always comes alone.

I guess it's not so much fun to come to the Church all by yourself.

Tonight, after Mama turns out the light, I'm going to say "Dear God, tell Jimmy's Mama and Daddy to come to Church with him INSTEAD. . . ."

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

can you qualify?

almost ANY DRIVER CAN QUALIFY FOR SOME KIND OF AUTO INSURANCE

But only careful drivers are wanted for STATE FARM INSURANCE

Reckless drivers are costly drivers! "Careful" drivers mean fewer accidents and lower claims costs! These lower claims mean lower insurance rates for you. That is why State Farm aims to insure only "careful" drivers. If you are a "careful" driver you should look into this low-cost automobile insurance plan—it may mean tangible savings for you. Call your State Farm Agent to see if you can qualify as a "careful" driver. There is no obligation—and you may save money on your auto insurance.

It's beautiful! It's practical! It's all vinyl!

It's Chevrolet's
DELRAY CLUB COUPE
with the year's brightest new idea in interiors!

This Delray Club Coupe combines all the colorful smartness of a sport model with an interior that's designed for everyday family use. Seats, sidewalls, even the headlining, are all of soft, lustrous vinyl in color treatments that harmonize with the exterior color of your choice.

And this new interior is just as durable and practical as it is beautiful. The vinyl is easily washable and amazingly resistant to scuffing and wear. You don't have to worry about little feet on the seats or the things that little hands might spill. And for grown-ups, here at last is a coupe that provides all the between-seat knee room of a 2-door sedan!

The Delray Club Coupe is only one of the wonderful new Chevrolet models that make up *the lowest-priced line in the low-price field*. Come in and look them over.

AGDER...

Mae Senum, Rt. 4, City Ph. 18F216

The Ole T. Ose family reported seeing two Blackbirds in their grove a week ago Monday, which must be a sign that spring is just around the corner. We had our first spring rain on Valentines Day which is rather unusual at this time of the year up here in Northern Minnesota.

A large number of people from this community attended the funeral of Miss Ardella Severson which was held at the Trinity Lutheran church in Thief River Falls Saturday afternoon. Our deepest sympathy is extended to the bereaved family.

Supper guests at the Otto Rupprecht home on Saturday evening were Mrs. Carlyle Rosenwold and daughter Janet of Minneapolis, Betty Ann Leyman of South St. Paul and Mrs. Alvina Rupprecht of Thief River Falls. Mrs. Rosenwold is a cousin of Otto.

Mr. and Mrs. Albert Dahlquist of Wannaska spent Wednesday and Thursday of last week at the home of their son-in-law and daughter, Mr. and Mrs. Laurence Groven and family.

Visitors at the Alfred Nabben home Saturday evening were Mr. and Mrs. Carl Berggren and Donald.

Mr. and Mrs. Ray Knutson, Jerry, Eileen, and Linda and Melrene Nelson spent Friday evening at the Roy Nelson home of Mavie.

Myrtle Solberg and Mrs. Bernice Trochmann were Sunday afternoon visitors at the Overum home of rural Thief River Falls.

Mrs. Martha Nabben and Perry of Thief River Falls, Mr. and Mrs. Manvel Moe, Ronald and Lorna, Mr. and Mrs. Alfred Nabben, Cheryl, Corrine, Lavonne and Laverne were all visitors at the Mike Nabben home Sunday afternoon.

Miss Melrene Nelson enjoyed her vacation on Monday visiting at the home of her cousin Sharon Leiran from Sunday evening until Tuesday.

Mr. and Mrs. Robert Rupprecht and Arthur made a business trip to Warren one day last week.

Mr. and Mrs. Seymore Nelson and family spent Sunday evening at the Lloyd Nelson home.

GULLY...

By Mrs. Arnold Brovold, Gully

(Crowded out last week)

Mrs. Gust Carlson, Mrs. Sophie Olson and Jacob Anderson attended funeral services for their aunt, Mrs. Howard Rising of Pelican Rapids. Mrs. Rising was a sister of the late Mrs. Thor Anderson and Jacob Johnson.

Louceen Briske of Fosston spent from Friday until Saturday with Barbara Bergh at the Edvin Bergh home.

Mrs. Curtiss Melbo, Mrs. Claus Clausen and Mrs. Kenneth Forsberg spent Friday shopping at Bagley.

Funeral services were held at the Lund Church at Gully on Friday afternoon at two o'clock for Anton Knudson who passed away Tuesday morning Feb. 9. Rev. Eldon Landvik officiating, with interment at the Lund Cemetery. Honorary pallbearers were Ben and Jacob Wildmo of Clearbrook; L. H. and Ole Aos, Carl Forsberg and Sevrin Swanson. Active pallbearers were Orville Calhoon, Anton Bowman, K. K. Strande, Henry Sollen, Henry Bergh and Peter Rutkowski. Paul Lundmark sang two vocal solos accompanied by Mrs. Delmer Emmel.

The many memorials given at the funeral from people from near and far indicated the host of friends, the Anton Knudson's have. Since his retirement Anton has been continually busy with his tools, hardly a home is without, a knick-knack shelf, a toy puzzle, a game or some similar article made by Anton Knudson. When children in town had a broken toy Anton was always ready and willing to fix it with only a "thank you" in return for his services.

Out of town relatives here for the funeral wer Mr. and Mrs. Ray Knudson and Glen of Escanaba, Mich., Mr and Mrs. Howard Knudson, Joyce and Dennis of Parkersberg, Ia., Ruby Knudson, Port Angeles, Wash., Fritz Watterberg, Excelsior, Minn., Mr. and Mrs Lloyd Olson and Esther Olson of Thief River Falls, Emil Nord, Albin Nord and Judith Nord of Wolverton, Minn.

Mrs. Marie Hanson who has spent some time at the Fosston Hospital is home again and feeling better. On Saturday Feb 13 she celebrated her 88th birthday. Her neighbors Mrs. L. H. Aos and Mrs. S. Swanson were there to spend the afternoon with her. Others not able to come on Saturday came on Sunday to celebrate her birthday. These included Mr. and Mrs. Norman Strand of Trail, Mr. and Mrs. Otto Sigurd and Mr. and Mrs. Harold Uglem of Goodridge and Mr. and Mrs. K. K. Strande. Lunch was served including birthday cakes made by Mrs. Strand and one made by Mrs. Sigurd. On Friday afternoon Mr. and Mrs. John Hanson of Oklee and Mr. and Mrs. K. K. Strande were luncheon guests at the Mrs. Marie and Cora Hanson home.

Mrs. Selmer Sorby, Mrs. Charles Pletchett and Mr. and Mrs. Calmer Bakke attended a 4-H Leaders Council meeting at McIntosh on Thursday. The County 4-H Radio Speaking contest was held that day as well as the presentation of awards to the outstanding project work. The adult leaders from the Gully 4-H Club served lunch together with the leaders from Queen and McIntosh 4-H Clubs. The leaders from Gully are, Mr. and Mrs. Selmer Sorby, Mrs. Charles Pletchett and Calmer Bakke.

Those who helped Karen Bauman and Rosalind Rouland enjoy a Valentine party at the Archie Bauman home on Sunday were Dianne Haugen, Carol Ann Brovold, Sandra Gunderson, Janice and Donna Sorby and Darlene Berg. The afternoon was spent playing games. Mrs. Bauman served lunch. Mr. and Mrs. Selmer Sorby also visited there. Last Sunday Mr. and Mrs. Orrin Strande and Susan of Eveleth visited at the Bauman home.

MINNESOTA NEVER LACKS NATURE INTEREST

Several observers have thrilled to the sight of a rare bald eagle in the Northwood vicinity. —Among a number of arctic snowy owls reported in the state the past winter, Albert Lea Evening Tribune got a picture of one huge northland visitor sitting serenly atop a tv antenna.—It could be that the biggest tree in Koochiching county is the biggest tree in Minnesota, that being a well-forested county; believed entitled to the blue ribbon for girth is a white pine not far from Big Falls, measuring at breast height 57 inches in diameter; height was not given, but forest rangers believe this timber titan to have been a seedling about the time the Mayflower was landing, and say that it will yield enough lumber for a good-sized one-room house.

Amanda Peterson, Highlanding Township on E½SW¼, Lots 3 and 4, Sec. 7-153-40.

Application for abatement of taxes, penalty and interest was presented by Leonard Olson, Reiner Township on S½SE¼, Sec. 17, for years 1947 to 1952, both inclusive. Application requested abatement of all penalty and interest and cut in taxes in amount of $10.54. Application approved and ordered forwarded to State Department for approval.

On motion by Olson seconded by Lindberg the County Auditor and Chairman are hereby directed and authorized to enter into agreement with the City of Thief River Falls relative to restriction on building on land between the City Auditorium and the projected Courthouse said agreement being on file in the office of the County Auditor and the City Clerk. Carried.

The recently appointed Public Health Nursing Advisory Board appeared and were instructed to investigate the County's needs and the benefits that may be derived from employment of a County Nurse and to report to the County Board at a future meeting.

A Mr. Sullivan, adjuster for the Mutual Casualty Co. appeared regarding adjustment due the County on accident of October 22, 1953 involving the Moshcik patrol. Settlement in the amount of $4,327.96 was paid County upon agreement of County Board.

Moved by Olson seconded by Lindberg, that due to excessive costs involved in plan to move the present Courthouse building as set forth in General contract for construction of the new Courthouse with Naseth Construction Co., the aforementioned plan shall be altered and bids be called for wrecking or removing of the present Courthouse building; said bids to be called and opened at 2 P. M. February 23, 1954, according to plans and specifications on file in Office of the County Auditor, and it is further ordered that the County Auditor be authorized and instructed to draw an order to authorize Architect, M. O. Foss to draw a change order on the Naseth Construction Co. to allow for credit in the amount of $3,700.00 from the General contract, said amount being the agreed cost allowed for moving building as set forth in the original General contract. Carried.

Moved by Tasa seconded by Anderson that the County Auditor and the Chairman be instructed and authorized to enter into contract and agreement with L. B. Hartz for rental of a portion of available space in the Hartz store building for temporary office space for the County offices during the period required for construction of the new Courthouse and to carry out the necessary details of moving said offices to the temporary quarters. Carried.

Commissioner Hanson introduced the following resolution and moved its adoption:

BE IT RESOLVED by the Board of County Commissioners of Pennington County, Minnesota, as follows:

1. It is hereby determined that contracts have been entered into for the construction or repair of drainage ditches and the cost of said work has been determined and that prior to the issuance and delivery of bonds, lien statements will have been recorded in the office of the Register of Deeds showing total assessments for benefits for the construction or repair of ditch system in the amounts as follows:

County Ditch No. 37 repair	$ 7,237.92

County Ditch No. 20, improvement	25,519.56
Judicial Ditch No. 1, improvement	[illegible]
Total	$101,018.80

and it is necessary to issue bonds to defray in part, the cost of establishing constructing or repairing such ditches.

2. It is hereby determined that it is necessary and expedient to issue the negotiable coupon drainage ditch bonds of the county in the amount of $102,000, said bonds to be dated January 1, 1954, to be 102 in number and numbered 1 to 102, both inclusive, in the denomination of $1,000 each, to bear interest payable July 1, 1954, and semiannually thereafter on January 1 and July 1 in each year at the rate determined at the sale thereof, and to mature serially on January 1st in the years and amounts as follows: [illegible]

3. This Board shall meet at the Commissioners Room in the Court house at Thief River Falls, Minnesota on Tuesday the 2nd day of March, 1954, at 2:00 o'clock P. M. to receive bids for the purchase of said bonds. The County Auditor shall publish notice of sale in the Thief River Falls Times, a legal newspaper having general circulation in the county, and in Commercial West, a weekly financial paper published in Minneapolis, Minnesota, [illegible]

The motion for the adoption of the foregoing resolution was duly seconded by Commissioner Tasa and upon vote being taken thereon all present voted in favor thereof and none voted against the same, whereupon said resolution was declared duly passed and adopted.

Commissioner Hanson introduced the following resolution and moved its adoption:

BE IT RESOLVED by the Board of County Commissioners of Pennington County, Minnesota, as follows:

[illegible]

2. The Board of County Commissioners shall meet at the Commissioners Room in the Court House at Thief River Falls, Minnesota on Tuesday the 2nd day of March, 1954, at 2:00 o'clock P. M. for the purpose of opening, receiving and considering sealed bids for the purchase of said bonds. The County Auditor shall publish notice of sale ten days prior to the date of sale in the official newspaper of the county and in Commercial West, a financial paper published in Minneapolis, Minnesota. Said notice shall provide that the county will furnish printed bonds and approving legal opinion of Messrs. Faegre & Benson, Minneapolis, Minnesota, both without expense to the purchaser, within forty days after the date of sale.

The motion for the adoption of the foregoing resolution was duly seconded by Commissioner Tasa and upon vote being taken thereon all present voted in favor thereof and none voted against the same, whereupon said resolution was declared duly passed and adopted.

Commissioner Anderson introduced the following resolutions and moved their adoption:

WHEREAS, Pennington County State Aid Road No. 2, located between the City of Thief River Falls and State Aid Road No. 1, two miles Northeast of St. Hilaire, Minnesota, a distance of six miles, is one of Pennington County's heaviest traveled roads, being an access to the City of Thief River Falls' Airport, Farm to Market, School Bus and Mail Route, carrying approximately two hundred (200) vehicles per day of mixed traffic; the basis of which, from an engineering economics stand point, a base-course and an intermediate type of wearing surface have been designed, and

WHEREAS, Pennington County State Aid Road No. 2 is programmed for improvement on the step construction basis, of which, the first step of grading is now under contract and, the second step, namely, the sand lift and gravel wearing course is scheduled for an early letting this coming spring, and

WHEREAS, owing to the condition of the large number of miles of County Aid Road in Pennington County which are definitely in need of resurfacing, and owing to the limited budget of the Road and Bridge Fund, it is definitely not feasible for Pennington County to meet its obligations, and to match Federal funds for the construction of the above mentioned sand lift and gravel wearing course without special allotment from the State.

NOW, THEREFORE, BE IT RESOLVED, that the Board of County Commissioners of Pennington County respectfully requests the Commissioner of Highways and the State Allotment Board for a Special Allotment of ten thousand dollars ($10,000) to assist Pennington County in matching Federal funds in the construction of the base sand lift and gravel wearing course on State Aid Road No. 2, from the South City limits of Thief River Falls, to the intersection of State Aid Road No. 1, two (2.0) miles Northeast of St. Hilaire, Minnesota, a distance of six (6.0) miles.

Resolution No. 2

WHEREAS, the road grade and gravel surface of Pennington County State Aid Road No. 1, from the Northeast corner of Section 1, T152N, R45W, (Polk Centre Township) to the intersection of Pennington County State Aid Road No. 3, between Section 3, T152N, R45W, and Section 33, T153N, R45W, a distance of approximately 4.5 miles, which is designated as a Federal-Aid Secondary Route, is in very poor condition, as the grade is low making it difficult and expensive to maintain a satisfactory traffic surface condition both winter and summer. As this is one of the main roads of Pennington County, it not only bears the regular traffic load but, also, heavy trucks have been diverted over it, since it is a short cut between Trunk Highway No. 32 and Grand Forks, North Dakota, and

WHEREAS, Owing to the basic need for a higher type of grade construction, including widening of a bridge, to meet this traffic requirement, the cost becomes to expensive for Pennington County, without a Special Allotment from the State, when considering the large number of miles of County Aid Roads in need of improvement and resurfacing in Pennington County, with the limited budget provided by the County Road and Bridge Fund.

NOW, THEREFORE, BE IT RESOLVED That the Board of County Commissioners of Pennington County respectfully requests the Commissioner of Highways and the State Allotment Board for a Special Allotment of five thousand dollars ($5,000) to assist Pennington County in matching Federal Funds for the grading construction of Pennington County State Aid Road No. 1, from the Northeast corner of Section 1, T152N, R45W, (Polk Centre Township) a distance of 4.5 miles, and the widening of bridge across the Black river on S.A.R. No. 1, between Section 1, T152N, R45W, and Section 36, T153N, R45W, and the grading construction terminating at the intersection of Pennington County State Aid Road No. 3 between Section 3, T152N, R45W, and Section 33, T153N, R45W.

The foregoing resolutions were duly seconded by Commissioner Olson and declared carried.

Commissioner Anderson introduced the following resolutions designating extensions to County Aid Roads and moved their adoption:

Designating Extension to County Aid Road No. 38

BE IT RESOLVED, that the following described road be and the same is hereby designated as an extension to County Aid Road No. 38: Beginning at the Northwest corner of Section 31, T154N, R44W (North Township), thence Southerly along the Section line between Sections 31 and 32 a distance of 1.0 mile to the Southwest corner of Section 32, T154N, R44W, and there terminating.

Designating Extension to County Aid Road No. 40

BE IT RESOLVED, that the following described road be and the same is hereby designated as an extension to County Aid Road No. 40: Beginning at the Northeast corner of Section 30, T154N, R43W, (North Township), thence Southerly along the Section lines between Sections 30 and 29 and between Sections 32 and 31 a distance of 2.0 miles to the southwest corner of Section 32, T154N, R43W, and there terminating.

Designating Extension to County Aid Road No. 28

BE IT RESOLVED, that the following described road be and the same is hereby designated as an extension to County Aid Road No. 28: Beginning at the Northwest corner of Section 23, T152N, R40W (Deer Park Township), thence Easterly along the Section line between Sections 14 and 23 a distance of 1.0 mile to the Northeast corner of Section 23, T152N, R40W and there terminating.

Designating Extension to County Aid Road No. 17

BE IT RESOLVED, that the following described road be and the same is hereby designated as an extension to County Aid Road No. 17: Beginning at the Northwest corner of Section 15, T154N, R43W, (North Township), thence Easterly along the Section line between Sections 10 and 15 a distance of 1.0 mile to the Northeast Corner of Section 15, T154N, R43W, and there terminating.

Designating Extension to County Aid Road No. 14

BE IT RESOLVED, that the following described road be and the same is hereby designated as an extension to County Aid Road No. 14: Beginning at the Northeast corner of Section 8, T152N, R45W (Polk Centre Township), thence Westerly along the Section lines between Sections 5 and 8 and 17 and sections 7 and 18, a distance of 6,700 feet (1.27 miles), to intersection with State Aid Road No. 4, and there terminating.

The foregoing resolutions were duly seconded by Commissioner Tasa and declared carried.

HOW DEAR TO OUR HEART IS THE PAID-UP SUBSCRIBER

When the Eveleth News Clarion was a youngster of two, Jost Mobraten laid out the cash for a year's subscription, he's been doing it every year since and when he offered payment for the 51st year he was handed a receipt "paid in full for the rest of his life."—The Renville Times was launched at Beaver Falls in 1872 and a few days afterward S. A. Greensit subscribed, today the Times is a part of the Olivia Times-Journal and the Greensit family, now in the third generation still subscribe.—At 88 Otto Groehler renewed his subscription to the Winthrop News for the 65th year, while F. M. Dimond of Minneapolis first editor of the News in 1887, was renewing his annual subscription.

THE FLOWERS AND FIRES THAT COME IN THE SPRING...

Willmar and Moorhead are basking in the glory of the first pansies of the season, while a 3 year old Sherlock, cap, glass and all, in the person of Jimmy Ziemer detected and verified the first tulip sprouts at Fairmont—Austin fought a February grass fire—And at Worthington a [illegible] "Spring" fetched [illegible] adopted a white rabbit.

Handy and Easy "Sign Up"

Last month's safety drive was a big success—almost. Every one helped—the schools ran movies on safe driving, Rotary put up posters, and Handy and Easy Peters went out on their own.

The boys put up a big sign by the side of the highway. It said, "Slow down—the life you save may be your own." It was a good idea—after the police moved the sign back twelve feet.

In their enthusiasm Handy and Easy put it too close to the road—in fact, right on the sharpest curve on the highway. They made driving *unsafe* by cutting off the view around the curve.

From where I sit, lots of people—even though they mean well—suffer from short-sightedness now and again. For instance, some can never see any further than their own preferences. They even go so far as to object to my choice of a glass of beer with supper. Shouldn't we always take the "long view"... and respect our neighbors' rights?

State Bar Explains Revision in State Laws on Income Tax

The 1953 Minnesota State Legislature enacted several amendments to the Minnesota income tax laws, some of which are of interest to most taxpayers, the Minnesota State Bar Association said today.

Several of these changes bring Minnesota income tax laws into conformity with the federal income tax laws, and the changes generally affect tax returns due March 15. Since most taxpayers are on a calendar year basis for the purpose of reporting income, it is advisable for you to consider the applicability of the amendments in reporting your 1953 income.

Under the former law, a gain on the sale or exchange of your residence was taxable as a capital gain. Under the amended income tax law, if you sell your old residence in Minnesota and within a year prior to the sale or a year after the sale purchase a new residence, the gain from the sale is recognized or is taxable only to the extent that the selling price of the old residence exceeds the cost of the new residence. This assumes that there is a gain on the sale. This gain usually is the difference between the selling price of the old residence and the cost of the old residence.

The exchange of residences in Minnesota also is governed by this rule when there is a gain on the exchange. The Federal tax laws are similar in this respect, except that Minnesota requires the taxpayer to sell or exchange one Minnesota residence for another Minnesota residence. The rule applies too if a home is destroyed by fire or condemned. Loss on sale or exchange of a residence is still not recognized for tax purposes by the Minnesota tax law.

It is important to note that these rules apply to the sale or exchange of residences after December 31, 1950. Consequently if your residence has been sold, exchanged, condemned or destroyed by fire since that date, it would be well for you to re-examine your 1951 and 1952 state income tax returns. You may have a Minnesota income tax refund payable to you.

Another change in the Minnesota income tax laws now permits a husband and wife to make a single return jointly even though one of them has neither gross income nor deductions. In addition, if a husband or wife dies during the year, the surviving spouse may file a joint return for the full taxable year, including the income of the deceased spouse for that part of the taxable year during which the decedent spouse was alive.

Whether filing a joint return actually reduces state income taxes depends upon many factors. Minnesota does not allow a "splitting" of income as does the Federal law. However, you should compute your tax on the basis of single returns for each the husband and wife, and then on a joint return basis, because the results under either method may not be the same. The method producing the lesser tax should be adopted. Election to use one method in one year does not mean that you must file the same way in other years.

A third change in the state income tax laws has increased the standard deduction (equal to 10 per cent of adjusted gross income in lieu of itemizing deductions) from $500 to $1,000 and the optional tax table has been increased to include adjusted gross incomes between $5,000 and $10,000. This is important to persons with income over $5,000 who do not have deductible items equal to approximately 10 per cent of adjusted gross income. Such deductible items refer to taxes, interest, medical expenses, charitable contributions, etc. It is advisable to compute your tax under all methods allowable so that the least amount of tax will be paid.

1954 CADILLAC SERIES 62 COUPE DE VILLE—A silver metallic floral pattern tapestry cloth with white leather leads the list of exceptionally rich upholstery choices available for the 1954 Cadillac Coupe de Ville. Dramatic new styling and new chassis and suspension engineering make the 1954 Cadillac a major automotive advance establishing important future trends, according to Don E. Ahrens, General Manager of Cadillac Motor Car Division. Panoramic windshield, new front and rear end designs, new low length of body lines and increased interior roominess are outstanding. With improved steering, braking, handling and riding qualities, the new Cadillac delivers even greater smoothness and responsiveness from its high compression V-8 engine.

Court Rules 6-mile Train Speed Limit Is Unreasonable

The Minnesota supreme court ruled Friday the city of Bemidji was "wholly unreasonable" in putting a speed limit of six miles per hour on trains at Bemidji crossings in this day of speedier transportation.

The high court threw out the speed ordinance and with it a $20,000 damage award to Howard Forde, Bemidji, for injuries he suffered when a train backing up at a speed of 10 miles per hour hit a car in which he was riding.

Associate Justice Leroy E. Matson said no motorist would consider or find an approximate train speed of 10 miles per hour hazardous at an open crossing equipped with an automatic light and bell system to warn of approaching trains.

Forde had been awarded the damages by a Beltrami county district court jury but District Judge J. J. Hadler set the award aside. Forde appealed to the supreme court.

Bids Are Asked on Marshall Co. Job

The state highway department today issued a call for bids on 16 trunk highway improvement projects located in 17 counties to cost an estimated $1,850,000 according to Commissioner M. J. Hoffmann. Included in the more than 83 miles of improvements are 16.2 miles of gravel base and plant mixed bituminous surfacing; 19½ miles of grading, 10.1 miles of road mixed bituminous surfacing and 7.7 miles of gravel base and road mixed bituminous surfacing. Other projects provide for three bridges and three sets of traffic control signal systems.

The projects include: Marshall County T. H. 220: Grading of seven miles between Jct. T. H. 1 and Big Woods requiring 139,750 cu. yds. of excavation.

Minneapolis Farm Forum Scheduled for March 15-16th

Leaders In Two Farm Organizations to Offer Conflicting Opinions

Representatives of two of the nation's largest farm organizations are expected to present opposing views on the farm price support program at the first morning session of the eighth annual Minneapolis Farm forum March 15 and 16 in the Nicollet hotel, according to Warren C. MacFarlane, president of the Minneapolis Moline Co. and general chairman of the event.

Allan B. Kline, president of the American Farm Bureau federation, will represent those who believe flexible price supports are the basis for a sound farm policy.

Presenting the opposing point of view will be Roy F. Hendrickson, executive secretary of the National Federation of Grain Cooperatives, whose organization has declared itself in favor of rigid price supports at high levels.

"The purpose of the Farm forum is to bring a thorough, objective and open discussion of broad problems related to agriculture, business and labor in the Upper Midwest," MacFarlane pointed out "and it is nonpartisan, impartial and objective seeking to replace prejudice with reason and to provide an opportunity for expression of points of view and exchange of ideas by all who attend."

Theme of this year's forum will be "Tomorrow's Markets for Farm Products — at Home and Abroad."

"Because of the method which the forum is conducted, with speakers during the morning and luncheon sessions followed by panel discussions with speakers and audience participating, every point of view, including the strength and weaknesses of any program or plan are thoroughly discussed," MacFarlane explained. "At the conclusion of the forum each person attending has a better understanding of the subjects in question and is better equipped to form a point of view or come to his own conclusions," he added.

A panel discussion on "What farm program?" will be held during the March 15 afternoon session with Kline and Hendrickson participating.

The forum is open to the public—no registration fee is required. Farmers, businessmen, educators and labor people are all urged to attend the 1954 Farm forum and take an active part in the discussion.

Loss Is $35,000 in Bemidji Blaze

The shop and warehouse of the Higgins Heating & Sheet Metal Co. was destroyed by fire at the northern outskirts of Bemidji Tuesday night of last week.

I. B. Higgins, the owner, said all stock and equipment in the 30 by 100 foot, one-story concrete structure was a total loss. He said it was only partially covered by insurance. A pickup truck also was destroyed.

Firemen estimated the loss at about $35,000.

N. Central Airlines Now Six Years Old

System Has Maintained Perfect Safety Record

North Central Airlines (formerly Wisconsin Central) Wednesday enters its seventh year of service, having flown some 98,000,000 revenue-passenger miles since the company began operations on Feb. 21, 1948.

In six full years of operations, North Central has become one of the nation's largest local service airlines. The company consistently carries more air express than any of the other 13 local carriers and ranks second only to Piedmont Airlines in number of passengers and airmail tonnage.

The airline began operations at Madison, Wis., with three twin-engine nine passenger Lockheed 10A aircraft.

Today North Central operates 19 Douglas DC-3 transports carrying 21 passengers and a crew of three. The fleet currently flies some 225,000 miles a month over the airline's 2,659 mile system, bringing daily scheduled airline passenger, airmail and air express service to 41 cities in Wisconsin, Minnesota, Michigan, Illinois and North Dakota.

In its six years of operations, the airline has maintained a perfect safety record.

Employment today totals 625, including 185 maintenance personnel, 225 station operations and reservations personnel thruout the system, 85 captains and co-pilots, 45 flight stewards and 17 flight control and communications personnel.

In November, 1952, the airline moved its operations and maintenance base to Wold Chamberlain Field, Minneapolis-St. Paul. And in Dec., 1952, the airline changed its name from Wisconsin Central to North Central Airlines.

Highway Traffic Rises in January

Favorable winter driving conditions throughout most of the state during much of January is reflected in the increased travel reported by the highway planning survey of the Minnesota highway department. Based on data obtained by 26 automatic traffic recorders on rural trunk highways throughout the state, the department reports a three per cent increase in travel last month over that of January of 1953. The greatest gain was recorded by the counter on T. H. 65, northwest of Lakeville, which produced a figure 21.8 per cent over last January's count.

By Mrs. Teloy Johnsrud

Hi! from 56

Just think, next Wednesday, Feb. 24, Verna goes to the Winter Shows at Crookston. Karen and Delores are going along. Good luck Verna. We all hope you win.

We are going to have something of Washington ready by Monday.

This week we all made bean bags. We play many games with them.

This week we got a letter from the superintendent of Goodridge. He wants us to come to the Assembly program on March 3. I think we all will go.

Be seeing you next time.

MEASURING WINTER

Earth is closer the sun in winter than in summer but the sun's rays strike at an angle and glance off into space without heating up much. Minnesota's "mean" or halfway temperature averages in December plus 15.4 degrees, January 8.5, February 12.3. Highest recorded winter temperature is 74 in December, lowest 59 in February which month also varies most, minus 59 to plus 73. January has the highest average snowfall, 8.3 inches, December 7.8 inches, February 7.5. Least recorded winter snowfall was less than an inch, one December; greatest was [illegible] inches, one January.

SIGNIFICANT NAMES

When a girl named [illegible] marries a gentleman named Clinker on a license issued by a clerk named Love, it makes the national news columns. It seems equally worthy of wide note that at Howard Lake a firm handling dynamite and other explosives is operated by [illegible] and Bud Danners.

"U" Economist Views State Dairy Outlook

The new 75 per cent of parity dairy price support will cause shifts from dairying to livestock or crop production on many southern and southwestern Minnesota farms, a University of Minnesota agricultural economist, E. Fred Koller, said Thursday.

Up in northern Minnesota, however, where farmers' alternatives are fewer, they will be pressed to produce milk more efficiently and in larger volume to maintain their dairy income.

Speaking before some 200 Minnesota bankers at an agricultural credit conference on the University's St. Paul campus, Koller said the new support level probably would result in a slight increase in butter and fluid milk consumption.

He said the 10c drop in the butter support price, from 80c to 70c still would not bring butter down into the price area where it can successfully compete with substitutes. "If that drop were from 50c to 40c, then it would really be meaningful," Koller said.

He advocates a "bargain sale" of the millions of pounds of butter in government storage. Under the plan, butter would be sold through private distributors at a retail price of about 45c a pound. Thus, many thousands of families could "get acquainted with butter again. It also would create good will toward the dairy industry.

"The taxpayer ought to get first chance at buying these surpluses at bargain rates. He has to pay for them, anyhow," Koller said. As of February 1, the government was buying butter at the rate of a million and a half pounds a day to support the price, cheddar cheese at the same rate and nonfat dry milk solids at a three million pounds per day rate.

After the surpluses are disposed of, the dairy industry should take steps to create more demand for milk products both here and abroad and increase efficiency of the milk producing and marketing operation from the dairy herd on through to the retailer, said Koller.

If the 75 per cent of parity rule stands, we may not have to make any government purchases after late spring. This would be welcome since the government has $350,000,000 worth of dairy surpluses on hand, he said.

Last year, Uncle Sam bought and put in storage 25 per cent of the butter, 30 per cent of the cheddar cheese and 50 per cent of the nonfat dry milk solids produced.

Koller concludes that the over all effect of the 75 per cent of parity measure will be slightly increased dairy products consumption and lower production.

'Save Your Vision' Week Observance Set March 7 to 13

Two out of three adult Americans wear glasses, and the proportion is steadily rising, Dr. Harold L. Carlson, Mankato president of the Minnesota Optometric association, declared today. His association is readying plans for observance of Save Your Vision Week for the 20th consecutive year together with the State Junior Chamber of Commerce. The week during which emphasis will be placed on vision conservation will be held this year from March 7 through 13.

Doctor Carlson attributed the increase to two factors—the increased demand for good vision in modern living and greater consciousness of vision and vision care.

Hunting Causes Less Deaths Than Water Sports

"Considering only numbers of fatalities water sports are nearly six times as dangerous as hunting" is the observation of Carl W. Moen, department of conservation safety expert, in a feature article of the January-February Conservation Volunteer. Statistics for the past ten years in Minnesota list 1168 drownings as compared with 252 firearm fatalities.

Commenting further Moen added, "This is not to be unexpected in a state like Minnesota with our 11,007 lakes. It should be obvious that leisure hours devoted to water sports far exceeds the time expended in hunting. The disturbing factor is the tendency to accept water accidents with too much complacency and yield the spotlight to the more easily dramatized firearm fatality or motor accident.

"With the approach of the spring season it is not too early to announce a water safety program for 1954. Unseasonably warm weather has already made ice unsafe on some of our lakes. Our immediate goal should be to cut drownings in Minnesota 50%."

Weevil Control in Sweet Clover Topic of Bulletin

A new illustrated folder prepared by the University of Minnesota's agricultural extension service tells how to control one of the sweetclover grower's greatest threats—the sweetclover weevil.

Entitled Extension Folder 180 "Sweetclover Weevil and Its Control in Minnesota," it is available free at county agent's offices or by writing the Bulletin Room, Institute of Agriculture, University of Minnesota, St. Paul 1.

Research last summer in northern Minnesota shows heptachlor and dieldrin give best protection against weevil injury. Two pounds of DDT per acre was not as effective—at least three pounds per acre are necessary.

Health Unit Plans 2 Scholarships

Two medical and nursing scholarships of $300 a year will be awarded at the annual meeting of Group Health Association in St. Paul on April 10 it was announced this week by Ray Grumbo of the St. Hilaire Health Group.

Applications are being accepted now. Forms can be obtained through Mr. Grumbo at the St. Hilaire creamery, or by writing to Group Health Association, 180 North Snelling, St. Paul.

The scholarship will be awarded beginning with the 1954 fall term, to students now in medical or nursing school or about to enter. Deadline for applications is March 15.

The scholarships are made possible by 10 cent annual contributions by Group Health members. Ten medical and nursing students are now receiving grants from the fund.

Malting Barley Contest Renewed

$6,200 Cash Prizes to Be Awarded in 26 Counties

At a meeting in the Twin Cities recently, the co-sponsors of the malting barley contest agreed to renew the contest this year. The number of counties was increased to 26 and the cash awards to $6,200.

The cash awards will be given out to 271 winners. The purpose of the contest is to improve quality and increase acreage of malting barley, which is Minnesota's third most important crop in dollars per acre value. The average price for No. 2 malting barley was 40c a bushel higher than the average for feed, quality at Minneapolis for the 1942-1951 period.

The co-sponsors of this contest are the Minnesota Brewers assn., University of Minnesota Institute of agriculture, the Minnesota Crop Improvement association, the Northwest Crop Improvement association, and the Minnesota department of agriculture, dairy and food.

Anyone wishing to enter the contest should see his county agent, who will supply him with entry blanks and explain the simple rules of the contest. Entries for this year's contest will close May 15th.

Fish Houses Must Be Removed from Ice by Feb. 28th

Supervisor of the warden service, Francis W. Johnson, today repeated a warning to winter anglers that ice houses must be off Minnesota's lakes by Sunday, February 28. Anyone failing to do so will be prosecuted, Mr. Johnson said.

Division of game and fish officials have also warned anglers that as many of the fish houses are frozen into the ice, burning will not completely remove them. Setting fire to a house that is frozen in will result in parts of the structure, usually studded with nails, remaining in the ice to menace bathing beaches and water craft during the spring and summer months, officials pointed out.

"The entire structure should be removed from the lake as well as any debris left by anglers," was the warning.

Only 20 Pct. Cent Hunters Return Report Cards

Latest figure on deer hunters success for the 1953 season in Minnesota is 54 per cent, according to Taylor W. Huston, supervisor of the bureau of game.

With hunters report cards still coming in, a total of 31,959 cards have been analyzed, with 18,877 reporting success. The estimated sale of big game licenses is 160,000 so roughly 20 per cent of the hunters have returned their cards.

Mr. Huston again urged hunters to dig out their report cards, fill them out and mail them in, so that the division of game and fish will have the best possible figures to guide them in formulating plans for future seasons.

Although coal was first mined commercially in America about 1745 near Richmond, Va., the American colonies imported most of their coal from England.

Stoker coals are those of appropriate qualities in specially prepared and screened sizes which suit the automatic stoker feeders for furnaces.

Farm Couples Get Tribute at Winter Shows

Mr. and Mrs. E. Sanders of Goodridge Are Among 16 Farm Couples Honored

Sixteen farm families—one from each of the Red River Valley counties—received special recognition at the annual banquet of the Red River Valley Development association at Crookston Thursday. Included were Mr. and Mrs. Emil Sanders of Goodridge.

The Valley Farmers and Homemakers of 1954 were honored in connection with the 44th annual Red River Valley Winter Shows.

The families, who received the bronze plaques from the Red River Valley Development association, were selected by a special committee in each of the sixteen Valley counties on the basis of their contribution to the agricultural development of their communities.

During the past fifteen years, 240 farm families have received these plaques for their outstanding leadership in rural community life, improvement of their farmsteads and contributions toward betterment of crops and livestock in their counties.

The honor plaques were awarded to the following county winners: Mr. and Mrs. Virgil Stover, Lake Park, Becker; Mr. and Mrs. Lynn Champ, Averill, Clay; Mr. and Mrs. A. C. Steinhorst, Bagley, Clearwater; Mr. and Mrs. Carl J. Carlson, Lancaster, Kittson; Mr. and Mrs. Norman H. Clementson, Clementson, Lake of the Woods; Mr. and Mrs. Selmer Kjos, Mahnomen, Mahnomen; Mr. and Mrs. Anton Enge, Oslo, Marshall; Mr. and Mrs. Emil Wagner, Ada, Norman; Mr. and Mrs. Louis O. Sieling, Perham, E. Ottertail; Mr. and Mrs. Hans Ronnevik, Carlisle, W. Ottertail; Mr. and Mrs. Emil Sanders, Goodridge, Pennington; Mr. and Mrs. Max Bartz, McIntosh, E. Polk; Mr. and Mrs. Alf O. Elden, Oslo, W. Polk; Mr. and Mrs. Gunhuf Breivold, Trail, Red Lake; Mr. and Mrs. E. F. Kennetz, Warroad, Roseau; Mr. and Mrs. Oswald M. Lyngaas, Doran, Wilkin.

The plaques were presented by T. M. McCall, president of the Red River Valley Development association and of the Winter Shows Board of Managers.

Toastmaster at the banquet was Harold Thomforde, mayor of the City of Crookston and a member of the Winter Shows board of managers. The invocation was given by the Reverend E. R. Heglin of Crookston. The program also included a talk by W. E. Dahlquist of Thief River Falls, a past president of the R. R. Valley Development association and at present a director at large of the association.

The response for the 1954 Valley Farmers and Homemakers was given by Emil Wagner of Ada, a winner of this year's award. Music for the banquet featured the Jurchen Sisters of Crookston including Gladys, Lorraine, and Irene, winners of a recent WDAY talent contest.

L. O'L. Elevators Menaced by Fire

Blaze Causes $3,000 Loss to Adjoining Warehouse

Early detection and efficient work by the fire department averted what could have developed into a major fire last Thursday night.

A passerby summoned the firemen when he saw thick clouds of smoke emerging from the south wing of the Land O'Lakes warehouse on Davis av. at Fourth st., which connects the Land O'Lakes elevators.

Thick smoke from two car loads of burning baled peat made it difficult to fight the blaze, and only after removing most of the peat were the firemen able to bring the fire under control at 1:30 a. m.

Damage to building and contents was estimated at about $3,000, which is covered by insurance. Francis Cloutier, volunteer fireman, suffered cuts on his ankle, and was hospitalized a few days.

5 Townships Vote on Joining in Buying of Fire Engine March 9

Five townships in Pennington county at next Tuesday's town elections will decide whether or not to join in the purchase of fire-fighting equipment. The proposal is being submitted to the voters of River Falls, Sanders, Black River, Bray and Polk Center as a result of two meetings held in St. Hilaire.

St. Hilaire village would contribute $1,000 toward the cost of an additional fire truck, the townships to pay the remainder of the cost in proportion to their assessed valuation. Cost of the two-ton truck, with equipment, is estimated at $5,500.

At a preliminary meeting held in St. Hilaire some time ago it was decided to call in the town officials of the adjoining area to consider a plan of fire protection that already has been adopted in the Plummer and Oklee areas. At this meeting of town officials, held Friday evening, it was decided to submit the question to the voters in the coming election. Carl Anderson presided as chairman of the meeting and Conrad Swanson served as secretary.

The questions to be submitted to the voters would be whether the town boards should be authorized to join in such an agreement; and whether a special tax should be authorized to raise the necessary funds. The levy for such a purpose is limited to five mills and probably would require two years to raise the amount needed. Carl Anderson stated that this would mean an increase of about five per cent in the overall tax load in these townships until the equipment is paid for.

The St. Hilaire fire department would maintain and man the new equipment, built especially for rural fire fighting.

Benefit Auction for Heart Fund Is Set for Thursday

A benefit auction in behalf of the Heart fund appeal will be conducted at the Thief River Sales Barn northwest of this city Thursday evening, March 4, at 8 o'clock, it was announced today by Ralph A. Luhman, chairman of the Pennington county chapter of the Minnesota Heart association.

He invited contributions of saleable items, and asked that donors either bring the articles to the sales barn or phone 158W or 40.

Proceeds of the sale, Luhman said, will be used to aid in financing research at the University of Minnesota Heart Hospital.

State FU to Propose Dairy Plan Here Mar. 8

A series of four area meetings covering the state has been announced to consider a new dairy support bill, which its backers say should lay the groundwork for an industry-wide agreement among dairy people.

Edwin Christianson, president of the Minnesota Farmers Union, revealed the details of a new "Dairy Products Marketing Act of 1954" which has been proposed to northwest farm-state congressional leaders for introduction as a bill. The bill proposes a two-year trial run on a production payment support system.

Christianson announced the meeting for Northern Minnesota will be held at Thief River Falls in the city Auditorium, at 1:00 p. m., Monday, March 8.

Farmers, creamery managers and officers and interested businessmen from dairy areas all over the state are being invited to attend the nearest meeting.

Speaking along with Mr. Christianson at the four mass meetings will be Russell Schwandt, MFU secretary, who will discuss the administration farm proposals as they pertain to Minnesota farmers.

Christianson termed the new dairy plan as one which "conscientiously can be supported by dairy farmers, creamery men, consumers and business people.

"The Farmers Union plan is different from the plan being advocated by the National Milk Producers Federation. It provides for a partially self supporting program, but not thru deductions from the farmer's return."

Christianson said that the production payments would be financed thru a processing tax of 4 cents per hundred pounds of milk for manufacturing purposes or one cent a pound on butterfat. There would also be a graduated import levy on dairy products, beginning at 10% of the value and ranging upward according to the price level on domestic dairy production.

Only if the proceeds of the processing and import levies were insufficient to entirely finance the production payments would there be any appropriation for this program from general tax funds, he said.

The processing tax of one cent on butterfat would be the equivalent of eight tenths of a cent on manufactured butter and therefore would not have a major effect upon the retail price.

"One of the most important features of the plan for the farmer, the consumer and the taxpayer would be that principal reliance would no longer be upon government purchases and storage," he declared.

Red Cross Movie Is Available Here

A Red Cross film entitled "Red Cross Report 1954" is now available free of charge to any group wishing to use it. It is a 16 mm film and the running time is 12 minutes. Any organization wishing to show the film may make arrangements to do so by calling Mrs. I. R. Geving 699.

Honored at Valley Winter Shows

Mr. and Mrs. Emil Sanders of Cloverleaf township were one of 16 Red River Valley farm couples to receive Farmers and Homemakers awards at the Winter Shows in Crookston last Thursday evening.

They are living on the farm homesteaded by Mr. Sanders' father in 1901 and they are farming nearly 900 acres, including some rented land. They raise some purebred Shorthorn cattle in addition to commercial grades.

At various times Mr. Sanders has served on the town board and on the board of his school district.

Large Delegation Goes from City to Hockey Tourney

Approximately 150 hockey fans left Thief River Falls late last week by rail or bus, in addition to scores of others who made the *trip by car, to the state* high school tournament in St. Paul, which wound up Saturday night with the Prowlers winning the state title by defeating the Eveleth sextet 4 to 1. Two busloads of local citizens left early Saturday morning for St. Paul, returning Sunday morning, tired but well satisfied with their journey.

County Board Gets Low Rate on Bond Issues

Sells $45,000 Court House, $102,000 Ditch Bonds at 1.90 Per Cent

Reflecting lower interest rates encouraged in recent months by the federal government, two issues of Pennington county bonds aggregating $147,000 were sold Tuesday by the county board at the exceptionally favorable interest rate of 1.9 per cent.

The bonds sold included the remaining $45,000 of the $295,000 issue authorized to aid in financing construction of the new court house, and $102,000 in drainage bonds to retire outstanding warrants sold to pay for ditch improvements in the county. The drainage bonds will be retired by assessments against benefited property.

The net interest rate of 1.90 per cent obtained Tuesday compares with slightly more than three per cent to be paid on the original issue of $250,000 court house bonds sold last year.

Successful bidders in this week's sale were the American National bank and Mannheimer Egan & Co., both of St. Paul. A Minneapolis syndicate was second low, with a net bid of 2.034 per cent, while highest of the four bids received was on the basis of 2.456 per cent.

T. G. Evenson, Minneapolis bond consultant who served as advisor to the board at the sale, stated that the county had received an excellent rate of interest.

The $45,000 issue will be retired, at the rate of $5,000 per year from 1957 thru 1965, while of the $102,000 issue $12,000 will be due in 1955 and $10,000 in each of the nine succeeding years.

N. E. Muzzy Shows Best Dairy Herd at Winter Shows

Local Holstein Breeder Presented with Plaque by RRV Dairymen's assn.

N. E. Muzzy and Sons of Thief River Falls had the best dairy herd at the Red River Valley Winter Shows last week in Crookston. They received the Red River Valley Dairymen's association plaque for having the best herd, including the junior senior and grand champion Holstein bull and junior, senior and grand champion Holstein female.

Sam Strand of Trail had the reserve champion "best herd." He also exhibited the junior and grand champion Milking Shorthorn bull, and junior and grand champion female milking shorthorn. Henry Michaelson, Euclid had the senior champion bull in this class and Lloyd Stahr, Barnesville the senior champion female.

Schermerhorn Farms Inc. of Mahnomen took the Red River Valley Livestock Association's bronze plaque for showing the grand champion beef herd. The Schermerhorn Farms won top honors in the beef division with their herd of Herefords. They showed the junior and grand champion female Hereford and the Junior Champion Hereford bull.

The other Hereford winner was Henry Spelman, Twin Valley who had the senior and grand champion Hereford bull and the senior champion female.

St. Cloud Firm Is Low Bidder on Big Job on Highway 59

Megarry Brothers Ask $495,588 for Rebuilding Highway TRF to Brooks

Bids on 20 trunk highway construction projects, on which low proposals totalled $3,918,380, have been received by the state highway department, with awarding of contracts to successful bidders expected to be made within a few days. Spirited bidding was manifested at the first major letting of the current season, with 198 proposals being submitted by contractors.

Megarry Bros. of St. Cloud submitted the low bid of $495,588 on the rebuilding of a 22.3 mile section of Highway 59 from Thief River Falls to Brooks. The purpose of the improvement project is to increase the axle load limits on trucks during the spring breakup.

The Hallet Construction Co. of Crosby was low bidder at $682,283 on grading and concrete paving of 13 miles on Highway 75 between a point two miles north of Georgetown and the junction with Highway 81 north of Hendrum.

State Secretary of Farm Bureau to Speak Here Mar. 11

J. Delbert Wells Will Discuss Farm Plan for State in C. C. Room at 8

"How to Make the Maximum use of our Organizations' Strength and Resources" will be the topic of a discussion led by J. Delbert Wells, secretary of the Minnesota Farm Bureau, at a meeting to be held in the Civic and Commerce rooms, Thief River Falls, Thursday, March 11 at 8 p. m.

Discussion will center about making and putting together the best plan for Minnesota agriculture, as laid out in the 1953-54 Farm Bureau resolutions. Everyone interested in a free and prosperous agriculture, is invited to attend and take part in the meeting, according to Paul Engelstad, president of the Pennington county Farm Bureau.

Mr. Wells has had broad experience in agriculture, having worked his way through the "Panhandle" A and M College of Oklahoma, and by farming on the side. He had taught vocational agriculture for eight years, and farmed in Clark county, Kansas for another four. Since May 1, 1952, he has been secretary of the Minnesota Farm Bureau federation.

Airline Service to City to Continue for the Present

Civil Aeronautics Board Denies No. Central Plea to Halt Service at Once

City Attorney Robert A. Worst late last week received from the Civil Aeronautics Board in Washington copies of two orders relating to the application of North Central Airlines to suspend operation of two routes in Minnesota—one of which serves Thief River Falls, Bemidji and Grand Forks.

One order denies the petition of the airline to suspend service on the two routes, pending settlement of the case following a hearing scheduled for March 17 in Minneapolis.

The second order authorizes continuance of operations after March 27 when the original charter is due to expire, and to continue until the present investigation is completed.

Rep. Harold Hagen of Crookston had requested the hearing be held in Minneapolis rather than Washington, in order to give the affected cities an easier opportunity to appear.

1,500 Welcome State Champion Hockey Prowlers Home Sunday

State Champions Bring Trophy Home

The Lincoln high school hockey team is pictured above as the sextet returned to this city Sunday afternoon with the state championship trophy, being displayed by Co-captains Marvin Jorde, left, and Jack Hoppe.

Other members of the team are, left to right, second row, Bob Helgeland, Rodney Collins, and Joey Poole; third row, Jack Quesnell and Jim Zavoral; fourth row, Les Sabo and Lyle Gutfu; fifth row, Neil Aase, Darry Durgin, Sid Vran, and Mike McMahon; and at rear, coach Dennis Rolle.

Victorious Team Given Tumultuous Reception on Return from St. Paul

Members of the state champion Lincoln high school Prowler hockey team received a heart-warming welcome from 1,500 enthusiastic supporters when they returned late Sunday afternoon with the trophy they had earned by their brilliant performance in the state tournament in the St. Paul Auditorium.

As everyone knows, the Prowlers won the state title by decisively defeating their opponents in three tournament games. In the first round they won from Minneapolis South 6 to 1, and in Friday night's semifinal tilt they defeated South St. Paul 8 to 1, going on to win the final championship game from Eveleth Saturday night by a score of 4 to 1.

Advance notice of the Prowlers' arrival Sunday was received over the state highway patrol radio, and the team was met at the outskirts of the city by local Jaycees, each player riding in a separate car to the auditorium, which they entered to the music of the Lincoln school band. Inside they found waiting a crowd of 1,500 fans, who gave them a tumultuous welcome.

The team members and their coach, Dennis Rolle, were seated on the stage, and the Rev. E. C. Mead took over as master of ceremonies. He first called on Mayor Agnes Israelson, who thanked the team and Coach Rolle for bringing high honor to

Old Jail First to Go in Court House Razing Project

The old jail in the rear of the court house which has not been used for many years, has vanished from the local scene. It was razed last week as the first step in the tearing down of the court house, the work being done by Adolph J. Wold of Sanders township, who was awarded the razing contract by the county board February 23. The interior of the second floor of the structure also was dismantled during the week. County officials are scheduled to start vacating the remainder of the building Thursday morning.

Local Couple Exchange Vows At St. Bernard's

St. Bernard's Rectory was the scene of a quiet wedding on Saturday, Feb. 20, when Nanda DuChamp, daughter of Mr. and Mrs. Joseph DuChamp, became the bride of Jack Pederson, son of Mr. and Mrs. Ames Pederson in a double ring ceremony performed by Father Patnode in the presence of the immediate families.

The bride was attired in a light grey wool flannel fitted suit with navy accessories. Her corsage was of yellow roses, white carnations and stephanotis. Sister of the groom, Miss Arlene Pederson, was maid of honor in a navy gabardine fitted suit with pink accessories and a corsage of pink carnations. Ivin Larson of Holt, was best man.

The bride's mother chose a beige suit dress for her daughter's wedding, while the groom's mother picked a silver grey dress with black trim. They both wore identical corsages of yellow roses and white carnations.

A reception was held in the church parlors by the bride's parents, immediately following the ceremony for seventy five guests. There was a reception line, pictures were taken, lunch was served, and the gifts were opened.

The couple is now at home at 415½ E. First Street, after a week's wedding trip to Minneapolis.

The bride attended Lincoln high school and is now employed by the S & L Co. in this city. The groom also attended Lincoln high school and is presently employed by Bell Telephone Co.

Out-of-town guests for the wedding were Mr. and Mrs. Marvin Lehn of Grand Forks, N. Dak.; Mrs. Lenny Bunat of Minneapolis; Mrs. Art Bergquist of Minneapolis; Mr. Sam Siegel of Minneapolis; John Case of Warren; Mrs. Gordon Fordyce of Baudette, Mr. and Mrs. John Hanson of Neilsville, Minnesota and Mr. and Mrs. Lowell Vettel, also of Neilsville.

A Review

Concert Series Wound up with Flourish by Quartet

By Miss Judith Halvorson

The Thief River Falls 1953-54 concert series was brought to its close with a flourish by the Chanticleers, a concert male quartet, who presented their entertaining program on Tuesday evening, March 2. Composing the group were Mr. Michael Carolan, tenor, Mr. Richard Wright, second tenor, Mr. Raymond Keast, baritone, and Mr. Thornton Marker, bass, plus their capable accompanist, Mr. Jerome Winters.

"Song of the Chanticleer," a number written especially for this quartet by Donald Smith, opened the program. The familiar Bach choral, "Now Let Every Tongue Adore Thee," was sung, next followed by two Schubert numbers, "Who Is Sylvia," and "The Erlking." It was pleasant to hear the latter number done in English.

These performers showed taste and musical understanding in the presentation of this material. Their voices were rich, alive, and clear, and in general, the balance was good.

Let me say here just a word about diction. To many an emphasis of enunciation is made only at the sacrifice of the music and vice versa. It was good to note that every syllable whether by soloists or the quartet was clearly audible; yet one never felt that an injustice was being done to the quality or color of the tone.

A bright little number by the contemporary composer, William Schumann, closed the first group.

Each person proved himself a capable soloist as well as an excellent ensemble singer. Their arias were artistically performed. Many would have enjoyed more of this type had there been room for them on the program without cutting their entertaining lighter numbers.

Although each did a fine piece of work, Mr. Keast, the baritone, seemed to have better audience contact. One could feel a response from every listener as he sang.

Perhaps the high light of the evening was the delightful presentation of Gilbert and Sullivan's operetta, "The Mikado." This dramatization of the amusing and fantastic story in a Japanese setting was a cleverly written synopsis of the larger work, and seemed to be performed for the enjoyment of both its four character cast and its audience.

Closing the program were a group of familiar folk songs arranged by Donald Smith, and selections from recent Broadway shows.

As in previous programs this year the artists were most generous with encores. We often do not realize how much work it is for the performers to extend their programs for an extra fifteen minutes after nearly two hours of entertaining, but the applause of last night's audience showed how much the efforts were appreciated.

Let's look forward to a '54-55 season with programs of the same calibre and an even larger audience.

S. Korin Jr. Claims Susan Kopp As Bride

Susan Kopp, daughter of Mr. and Mrs. Elmer Kopp of Plummer, became the bride of Stephen Korin Jr., son of Mr. and Mrs. Stephen Kopp Sr. of Minneapolis, Minn., on Saturday morning, February 20 at St. Vincent's Catholic Church in Plummer. Father V. Zorzecke officiated at the double ring ceremony.

The bride, given away in marriage by her father, wore a white lace over white slipper satin gown accented by a train. She wore a finger tip veil, and carried a bouquet of white roses with white streamers. Her only jewelry was a strand of pearls and pearl earrings, a gift of the groom.

Miss Leona Kopp, sister of the bride, and from Grand Forks, N. Dak., was maid of honor in a gold net over taffeta gown. Her bouquet was of yellow and green carnations with yellow streamers. Bridesmaids Noreen Gerady and Rose Jarnet of Minneapolis wore dark green net over taffeta dresses. Their bouquets were green and yellow carnations with green streamers.

Best man was James Kopp of Plummer, brother of the bride. Other attendants were Dick Lien and Kenneth Korin (brother of the groom), both of Minneapolis. Ushers were John Helly and Neil Craft of Plummer.

Linda Kay Hogenson, cousin of the bride, of Fond du Lac, Wis., was flower girl in a floor length dress of white satin covered with nylon and lace. Another cousin of the bride, Michael Hogenson of this city was ring bearer.

The bride's mother chose a powder blue dress with black and white accessories and a corsage of white and pink carnations.

A breakfast was held following the ceremony at the home of the bride's parents. A three course turkey dinner was served for fifty guests in the Plummer auditorium by the bride's parents. A three tiered wedding cake topped with a miniature bride and groom centered the table.

The bride's travel suit was black and white checks. The couple will make their home in St. Louis Park, Minneapolis.

The bride is a graduate of Pershing high school in Plummer, class of 1952 and is employed by Hardware Mutual Ins. Co. in Minneapolis.

Self-employed Are Advised of Social Security Tax Due

Payments Are Not Matter of Choice, Says Manager of Grand Forks Office

A number of persons who work for themselves have not yet made the required 1951 and 1952 social security reports, Walter D. Kistler, manager of the Grand Forks social security office, said today.

This is shown, he said, by contacts being made by the social security office field personnel and by inquiries being received by that office.

Some people, he said, have the impression that payment of social security tax by the self-employed and the resulting old-age and survivors insurance coverage is a matter of choice. "This is not so. It is as compulsory as making an income tax return if your net self-employment income is as much as $400 and not from one of the professions excluded from social security coverage. In fact, the covered self-employment income must be reported on a section of the income tax return at the time the income tax report is made," Mr. Kistler declared.

He pointed out that self-employed people who have net earnings of at least $400 during their tax year must file the social security section of the income tax return even though they aren't required to make a Federal income tax return. Personal exemptions permitted for income tax purposes are not permitted in determining self-employment net earnings for social security purposes. Therefore, quite a few self-employed who do not ordinarily file income tax returns must make social security returns.

Mr. Kistler urged persons who had self-employment income to contact the social security office or Internal Revenue office if there is any question about their self-employment being under social security.

Blaze Destroys School at Climax

Loss in Wednesday Fire Estimated at $450,000

Fire destroyed the Climax high school early last Wednesday.

The building recently was valued at $150,000.

Climax volunteers, assisted by firemen from Crookston and Halstad, had little water with which to fight the wind fanned flames.

Climax, population 270, has no water pressure system. Firemen pump water from cisterns beneath the fire hall.

The main part of the brick school, four classrooms and offices, was built in 1918. A gymnasium-auditorium and more classrooms were added in 1939.

A woman living near the school discovered the fire about 4 a. m. It apparently had started on the north side of the auditorium.

A north wind fanned the flames into the building interior, leaping a firewall between new and old sections.

O. T. Olson, school superintendent, said records were saved. Climax is in Polk county about 10 miles south of Crookston.

Two Local People Hurt in Wisconsin Car Crash Friday

Emil and Selma Anderson of Thief River Falls were hospitalized in Ashland, Wisconsin, last Friday after suffering injuries in an automobile collision while en route to Detroit, Michigan, to visit their daughters Mae and Evelyn.

The mishap occurred when an oncoming car skidded into the path of the Anderson car.

Mr. Anderson suffered two broken ribs while Selma Anderson sustained cuts on her nose and eye. Their car was smashed and will return home after their release from the hospital.

Conservation Personnel Will Meet in Baudette

Conservation Commissioner Chester S. Wilson will hold a meeting of conservation department personnel of the surrounding area at Baudette Friday, March 12 at 2:30 p. m. Personnel meetings originally scheduled for the Warroad and Thief River Falls areas will be combined with the Baudette meeting.

In the morning of March 12 Commissioner Wilson and Sidney A. Frellsen, director of the division of waters, will meet with representatives of county boards of Marshall, Roseau and Lake of the Woods counties.

Members of the legislature from this area will also be in attendance to discuss drainage problems and use of money appropriated for this purpose by the legislature from the consolidated conservation area fund.

Clarence Prout, deputy commissioner, will attend both morning and afternoon meetings.

State Outlook for Livestock Topic of Session Mar. 11

All Pennington county livestock farmers are invited to attend the lecture on the livestock outlook to be given by W. E. Morris, extension animal husbandman of the University of Minnesota. Morris will be in Pennington county Thursday afternoon, March 11, announces County Agent William Penning. The meeting will be held in the Civic and Commerce rooms in the Auditorium starting at 1:30.

"In these days of rugged competition between farmers," said Penning, "I am sure Mr. Morris can give many ideas on how to cut some of the costs in your livestock production."

Coal is Tennessee's leading mineral resource, and its major fields are in the Cumberland Mts. of the eastern area.

Operetta Draws Big Attendance

"Words and Music" Ably Presented February 23

The large audience that attended the operetta, "Words and Music," presented by the Lincoln high school chorus in the school auditorium Tuesday evening of last week, was generous in its praise of the singing and acting ability of the young performers.

Co-directors of the production were Miss Marlys Carlander of the music department, and Miss Patricia Hoffman of the dramatics department.

Accompanists were Miss Janet Nelson, piano; Miss Judith Halvorson, violin; Miss Marlene Kellberg, flute; Marilyn Waale, clarinet, and Kathryn Flom, trombone.

Acquitting themselves well in the principal roles were Gene Bratsch, Ara Peterson, Gail Brown, Darrel Rude, David Thompson, Leland Anderson, Jim Erickson and Wayne Gunderson.

Bemidji College to Offer Summer Workshop in City

Bemidji state teachers college will again sponsor a Teachers' Summer Workshop at Thief River Falls.

Any teachers who is interested in earning college credits for renewal of a teacher's certificate or for earning credits toward an advanced diploma from a teachers college is eligible to attend.

Interested persons are asked to contact Co. Supt. Martha Mathieson at Thief River Falls as soon as possible, stating which courses they prefer.

Cattle Are Down, Hog Prices up at RRV Shows Sales

Livestock sales were held at the Red River Valley Winter Shows at Crookston on February 25 and 26.

A grand total of $31,840 was paid for 200 head of livestock—dairy and beef cattle, sheep and hogs — during sales Thursday and Friday. This total included 68 hogs, bringing a total of $9,790; 49 sheep, $2,740; 25 dairy cattle, $5,340, and 59 beef cattle, $16,970.

Hog prices were up over last year. Prices of livestock on the open market were reflected in the downward trend on cattle and sheep as was to be expected. Top prices on beef cattle, while lower than in 1953 were $670 for a Hereford bull and $500 for a Hereford cow. The two top dairy cows in the sale sold for $350 each.

To Speak Sunday

MISS LENORAH ERICKSON

Miss Lenorah Erickson, missionary to Formosa, will speak and show pictures of her work in that country, on Sunday, March 7, at 2:30 p. m. at the Newfolden school auditorium. Special music will be provided by the Bethlehem Choir under the direction of Mrs. Alton Carlson. This will be a joint service of Westaker, Folden and Bethlehem Congregations. The public is invited. She will speak on the WMF program on Tuesday, March 9th, 10:45 A. M. over KTRF, and on the Sunday Morning Devotional Hour, March 14, 9:00 A. M. KTRF.

PUBLIC OPINION

To the Times Editor

On behalf of the property owners of the west side owning property south of first street, and north of seventh street in the present Storm Sewer District No. Three (3), we want to offer a brief explanation, as well as to voice our opposition to the proposed storm sewers in this district.

So far as all of district No. 3 located south of First Street, *and north of seventh street* we feel that there is absolutely no need for these storm sewers. All of this territory is located up on high ground, and will have no benefit from such storm sewers.

The cost of the proposed sewer project is prohibitive. The general plan prepared by Engineer Stolte is estimated to cost about $300,000.00 It is said that if this plan goes through the assessment will be about close to $300.00 per 50 foot lot. Just what the new engineer now working on the project will propose, or what his plan will cost no one knows at this time.

The city council has already paid out about $18,000.00 to the first engineering firm for the preliminary plan. The people must pay for this useless plan, and it would seem that it is now high time to call a halt to such needless expenditures. Taxes and assessments can easily become so high that it will become impossible for people to pay.

We want to urge the people of the entire area within Sewer District No. 3 to investigate the matter for themselves and see what is going on, and find out what it will probably cost, and then decide whether or not they want this proposed sewer system.

So far as the old petitions that were signed up about three (3) years ago are concerned we feel that they should not now be considered. These old petitions said nothing about the location of the sewers, and at that time people knew nothing about the cost. Most people signed these petitions under a complete misunderstanding, not knowing what it would mean, or what the cost would be.

There may be a few blocks in the central part of this sewer district where they need storm sewers. If the people of this part of the district want the sewers that is all right with us. The people who need and want the sewers should be willing to pay for them themselves and not try to force those who do not need them to help pay. We are satisfied that all of the people south of first street, and north of seventh street do not want the improvement, and we object to being included in any way.

Yours very truly,

Minimum Supports on Grain Prices Announced for '54

National Average Price Support for Wheat Not to Be Less Than $2.20

The U. S. Department of Agriculture has announced a national average price support of not less than $2.20 a bushel for 1954-crop wheat. This minimum support price is 90 percent of the August 15, 1953 wheat parity price of $2.45. Support for 1953-crop wheat, now eligible for loan and purchase agreement, is a national average of $2.21 a bushel.

A minimum support price is announced in accordance with "forward pricing" provisions of the Agricultural Act of 1949. If the wheat parity price as of July 1, 1954 (the beginning of the marketing year for the 1954 crop) is higher, the support level will be increased to reflect 90 percent of the wheat parity price at the time. In no event will the support be lower than the $2.20 national average announced today.

The 1954-crop wheat will be supported through farm-storage and warehouse-storage loans and by the offer of the Commodity Credit Corporation to purchase wheat delivered by producers under purchase agreements. Loans and purchase agreements will be available from time of harvest through January 31, 1955.

In Minnesota loans will mature March 31, 1955, or earlier on demand. Producers who elect to deliver wheat under purchase agreements must notify their county Agricultural Stabilization and Conservation committee within a 30-day period ending on the maturity date for the State.

Loan rates for 1954 crop oats and flax were also announced today by the County ASC office. In Pennington county oats grading No. 3 or better will be supported at 69 cents per bushel and No. 1 flax at $3.13 per bushel.

John F. Peterson, Peterson-Biddick Co. Head Dies at 67

Had Founded Company in 1910 in Partnership with George L. Biddick of TRF

John F. Peterson, 67, of Wadena, president of the Peterson-Biddick Co. of that city, which maintains a large plant in Thief River Falls, died of a heart attack in a Minneapolis hotel Friday morning.

Funeral services were conducted Tuesday afternoon in Wadena, and the local plant was closed for the afternoon.

Mr. Peterson founded the company in 1910 in partnership with George L. Biddick of Thief River Falls. Mr. Biddick stated that a successor to Peterson as president will be named shortly.

Mr. Peterson was active in poultry organizations, at one time serving as president of Minnesota Poultry, Butter and Egg association. He also was on the board of directors of the Institute of American Poultry Industries.

Survivors are his wife, Victoria; a son, Harold, Wadena; a daughter, Mrs. Lois Repetsky, Minneapolis; two brothers, Henry, St. Paul, and Peter, Minneapolis; two sisters, Mrs. Mabel Johnson, Staples, and Mrs. Emma Billings, Portland, Ore., and two grandchildren.

Plummer Woman Succumbs In Local Hospital

Mrs. Frank Chase, a resident of Plummer for the past 30 years, passed away in the local hospital, Tuesday, March 2. The funeral has been set for Friday, March 5 at 1:00 p. m. in the Gulbranson Chapel. Rev. Carl F. Johnson will officiate and burial will be made in Greenwood cemetery.

She was born September 16, 1875 in Osceola, Wis., where she grew to womanhood. In 1892, she was united in marriage to Charles Farley. He passed away in 1897. In 1905, she moved to North Dakota, where she married Frank W. Chase. They established their home in Plummer where she has since lived.

Survivors include one daughter, Mrs. H. L. Thompson of Fargo, North Dakota, and three grandchildren. She was preceded in death by her husband and one son.

Final Rites to Be Held Friday For Mrs. V. Mostrom

Final Rites will be held at the Nazareth Lutheran church, north of Trail, Friday, March 5, for Mrs. Victor Mostrom, 30, who passed away Tuesday, March 2, after being ill for several years. Rev. Wilhelm Peterson of Oklee will officiate and burial will be made in the Nazareth cemetery.

She was born December 7, 1923, in Hickory Twp., and baptized and confirmed in the Nazareth Lutheran church. She lived with her parents on their farm until her marriage in June 1941, to Victor Mostrom. They have lived on a farm in Hickory township since then.

Survivors include her husband; one son, Vernon, and one daughter, Geraldine at home; her parents, Mr. and Mrs. Knute Hanson of Trail; two brothers, Clarence of Goodridge and Lester of Jersey City, N. J.; three sisters, Mrs. Ernest (Lorraine) Mostrom of Goodridge; Mrs. Wm. (Mary Jane) Good of Trail and Mrs. Bert (Irene) Good also of Trail. Also surviving are her grandparents, Mr. and Mrs. Pete Kolstrand of Goodridge. She was preceded in death by one daughter.

Final Rites Held For Mrs C. Rustad

Mrs. Christian Rustad, 83, passed away February 27, at the local hospital. The funeral was held this afternoon, March 3 in the Zion Lutheran Church in this city with Rev. Walter M. Pedersen officiating. Burial will be made in the Holt cemetery in the spring. Pall bearers were Bob Sjulstad, Clayton Mathson, Clayton Olson, Ernest Hagen, Percy Hagen and Orris Johnson.

She was born November 11, 1871, in Sweden and came to Iowa from there in 1873 and from there to Moorhead, where on April 5, 1889, she was united in marriage to Christian Rustad. In 1915, they moved to Holt and had resided there until 1951, when she moved to this city, where she has been staying with her daughter, Mrs. Olaf Hagen. She is a member of the Lutheran faith.

Survivors include three daughters, Lillie Hagen and Ellen Olson of this city and Ruth Hagen of Newfolden; two sons, Victor of this city and Roy of Sterling, Ill. Twelve grandchildren and eleven great grandchildren also survive.

She was preceded in death by her husband, two sons, Robert and George and one grandson, Norman Olson.

Immunization Program under Way in Schools

Mrs. Margaret Race, School Nurse, Announces Plans for Inoculations

Preparations are being made for the school immunization program. The Minnesota Dept. of Health recommends that the first vaccinations for smallpox be given during the first year of life. This should be repeated before starting school and revaccinated every 5 or 6 years thereafter, said Mrs. Margaret Race, school nurse.

Inoculations for diphtheria, tetanus and whooping cough are given the first three or four months of life. A series of three shots are given the first time the child is immunized, regardless of the age of the child. A booster shot for these diseases is recommended before the child starts school and every 3 to 4 years thereafter.

With these recommendations in mind, the school encourages every child to be re-immunized at the time of pre-school clinic. During the school year the immunization program includes booster shots for diphtheria tetanus (whooping cough is dropped at this time as the incidence of that disease is so small after the age of 5 years) are given in third grade and ninth. Both booster shots for diphtheria tetanus and vaccination for smallpox are urged in 6th grade and again in either 11th or 12th grades.

"Following this schedule your child is well protected from these dreaded diseases during his school life," said Mrs. Race. "Having a set schedule makes it convenient to remember the dates of your child's immunizations. Permits slips are now out. If you want your child inoculated or vaccinated, ask him to get a permit slip from his or her teacher. All grades are welcome to take part in the program. Local doctors will come to the school to do this work, and plans are that it be done in the next two weeks."

5 Drivers Fined in Municipal Court

One Man Fined $100 in Drunken Driving Charge

Five drivers were fined for various offenses in municipal court during the past week, Mrs. Patricia Thompson, court clerk, reported today.

Lloyd Johnson of Middle River was brought in by the highway patrol on a charge of driving an automobile while under the influence of intoxicating liquor and he paid a fine of $100 and $5 costs.

Charged by the patrol with driving without a drivers license, John Vik of this city paid a fine of $10 and $4 costs. Donovan Eiden of Thief River Falls, charged with careless driving was fined $15 and $4 costs.

Brought in by the police, Dennis Hanson, Rt. 1, pleaded guilty to driving 65 miles per hour in a 30-mile zone and paid a fine of $30.

The sheriff's office brought in Clarence O. Iverson, Rt. 1, Red Lake Falls on a careless driving charge and he was fined $10 and $8.50 costs.

Stanley Ranum Is New President of Builders Exchange

R. S. Eldevik Elected Secretary at Meeting Held Monday, Feb. 15th

New officers were elected to head the Thief River Falls Builders Exchange for 1954 at a meeting February 15.

Those named were Stanley Ranum, president, succeeding E. J. Rustad; Howard Hoel, vice president; Sherman LaPorte, treasurer; R. S. Eldevik, secretary; and S. R. Dahlen, Curtiss Nelson and E. J. Rustad, directors.

The exchange has been operating for over a year and has met with general acceptance by builders and contractors in Thief River Falls and thruout Northwestern Minnesota, said Eldevik. Members are kept regularly informed as to work in prospect in Northern and Central Minnesota and much of North Dakota.

Plans and specifications for proposed construction projects in this area are obtained by the exchange for use by its members in submitting bids on all phases of work.

The exchange office is located at the Thief River Falls office of the state employment service.

Tribune Columnist Lauds Prowler Six

The state champion Lincoln high school Prowler hockey team is the subject of a highly laudatory article by Dick Cullum, sports editor of the Minneapolis Tribune, appearing in Monday morning's issue. The article follows:

It added immeasurably to the enjoyment of the high school championship hockey game Saturday night to be watching it in the company of one of hockey's immortals — one of its greatest men.

That, of course, would have to be Frank (Moose) Goheen of St. Paul. There never was a greater one around here. Many say there never was a greater one anywhere.

The enjoyment did not come from listening to Moose pontificate expertly about the flow of the action. He was not there in the role of a critic. He was there only to relish the beautiful performance of those kids to the utmost.

Every now and then he'd exclaim, "Where are you going to see better hockey than this? Just look at those kids go."

Too bad the players are too young to appreciate the full value of this man's enthusiasm for their play. If they could only know how he once played the game and how his performances stood out above all others although the greatest players in the world were his teammates and opponents, then they would understand that higher praise could not be offered them.

LIKES THEM ALL

Goheen could not contain his admiration for the ultimate winners, Thief River Falls.

As they skated onto the ice to meet Eveleth for the championship he said, "Look at their size. Those are big boys. Imagine kids of that size and of high school age with such speed and coordination. Do you realize there is not a weak spot in that squad. Every one of them can play hockey. What beautiful speed! And the stick handling! Oh, this is great."

When Thief River's second line came into the game and little Joey Poole began to operate, you got an elbow in the ribs from the excited Moose. "There he goes. Every time he gets the puck he's a threat to score or set up a score. Isn't that something!"

A moment later Mike McMahon, the big defense man, made a pretty pole check, reacted in lightning fashion to start a drive. It slashed all the way through and there was a score.

Again Goheen repeated the question, addressing it to any one around him who did not seem sufficently impressed. "Where are you going to see better hockey than that?"

CHANCE FOR FINESSE

"The pros don't put on such a show as this," Goheen observed. "The straight power hockey they play leaves no chance for play making.

"Now just look at the stick handling, the passing, the play patterns these kids are showing us. There's no room for that in the professional game."

A moment later Dave Rodda, the Eveleth center, made a spectacular drive.

"That kid's good," exclaimed Moose. "Yes, he's very good, but they have to depend too much on him. They are always feeding him. He's doing a great job but the other team has better balance—not a weak spot anywhere. They keep the pressure on every minute."

A HAPPY SPECTATOR

"Now they are protecting their lead, playing it safe. I think it will end this way (4-1). Thief River has too much defense. Those defense men don't make mistakes and the forwards check back very well. That kid Poole, what a defensive center ice man he is. Maybe back checking's the best thing he does, although everybody's cheering his offensive play. Look at him steal that puck!

"That other Thief River center (Marvin Jorde) is a good man too. Yes, very fast and smooth for such a good sized kid.

"But then they're all great. Never saw a better, all around kid team."

And when it was over the Moose sat there and beamed a comfortable beam of complete contentment as another man might at the end of a perfect epicurean feast.

So there you have it, you Prowlers, from one of the greatest old pros of all time.

Treasure his praise. Nobody was ever praised for anything by a more respected authority.

Marv Jorde Again Leads Prowler Six in Season Scoring

Piles up 32-point Total; Joey Poole in 2d Place with Total of 29 Points

For the second successive year Marv Jorde, the Prowlers' popular and hard-working center-ice player, and an all-state selection this year, was the scoring leader for Coach Dennis Rolle's hockey club. Jorde, by scoring a pair of goals against the Eveleth Golden Bears in the state high school tournament finals at St. Paul on Saturday night, caught and passed the speedy Joey Poole, who finished in the runner-up position.

Last year, Jorde had thirty-five points on twenty goals and fifteen assists, and this season, in leading the blue-and-gold through an undefeated twenty-game record, Jorde eighteen goals and had fourteen assists for 32 points.

Joey Poole, who also earned all-state honors by his spectacular play in the state torney, racked up seventeen goals and had twelve assists for a total of twenty-nine points.

Senior Lyle Guttu, who closed out a four year career as a Prowler varsity hockey player on Saturday night by being the stand-out player in the Thief River Falls vs. Eveleth clash, gained third place in the individual scoring by nudging the nets for fifteen goals and had eleven assists, for an aggregate of twenty six points.

Prowler Cagers Enter District Tourney Monday

Coach Ralph Skjod's Prowler basketball squad will begin their defense of their 31st district title on Monday afternoon when, at 2:30 p. m., they meet coach Darold King's Red Lake Falls Eagles in a first round game of the district tourney played in the University of North Dakota fieldhouse at Grand Forks.

The Prowlers concluded their 1953-54 schedule on Friday night by scoring a 68 to 55 triumph over the Grafton Spoilers, giving the local squad a season's record of thirteen wins and five losses.

Pictured above is the Prowler squad, l. to r., front row: student manager David Hanson, Dale Liggett, Larry Larson, Mark Bjorkman, Darrel Rude, Arvid Wedul, and student manager Vernon Solheim; back row, l. to r., coach Ralph Skjod, Gene Bratsch, Grant Guiseth, Ronnie Melhouse, Art Johnson, Gary Homes, Bill Frahm, George Gifford, and Lee Kjos.

Redwings Defeat Thieves 8-6 in 1st Game of Playoffs

2d Tilt at Grand Forks Tonight; Third Slated in Local Arena Saturday

Wendy Feist's goal, on a double assist from Buzz and Prince Johnson, at 18:16 of the final period broke a 6-all tie and gave the Grand Forks Redwings a win over the Thieves in the first game of a best-of-five Northwest Hockey league first round playoffs, with the Wings winning by an 8 to 6 margin. Buzz Johnson added the final score when he hit the open net with a center-ice shot at 18:31 after the Thieves had pulled Jack McGill out of the net to permit another attacker on the ice for the locals.

The second game of the series will be played at Grand Forks on Wednesday night, with the third game being billed for the Arena at Thief River Falls on Saturday night. If a fourth game is necessary, that game will be played here on Sunday afternoon.

Sunday's game, which found the Thieves playing without the blue-line services of Bob Amundson, was featured by a slam-bang first period, during which the referees, Vic Lindquist and Pete Ullman, meted out seven penalties including a major to Bill Juzda. Juzda and Prince Johnson engaged in session of fisticuffs, with the Redwing player losing the judge's decision.

The Redwings held a 5 to 4 lead moving into the final period, and when big Don Crough scored at 3:53, it appeared that Grand Forks had a "cinch." Bud Brossoit beat goalie Bim Nicholson at 8:21, and when Church Russell, who turned in a "hat trick" performance for the Thieves, scored his third goal of the game at 17:11, the score was knotted at 6 all. Feist then beat McGill on a "screen" shot at 18:16 giving the Redwings their winning goal.

Thieves Score 8-4 Win over Hallock

Each Sextet Uses Only Local Players in Lineup

In an exhibition hockey game played here on Wednesday night, the senior hockey Thieves restricting their lineup to "locals" defeated the Hallock Lions 8 to 4.

Wing Swede Lund, getting four goals and one assist, and Bud Brossoit, with five assists sparked the Thieves to their decisive win over the Hallock "locals".

LOOKING AT THE THIEVES

DARRYL LUND

The youngest of the senior hockey Thieves is Darryl Lund, a wing on the line centered by Bud Brossoit. Lund is only two years out of high school, having been a member of the Prowlers hockey squads in 1950-51-52, and earning all regional recognition in 1952. Darryl is in his second year with the Thieves sextet having joined Paul Bedard's club last year as a wing. During his high school career, Lund was a center ice player.

Durum Producers Can Get Increased Acreage for 1954

Farmers Must Apply to Pennington County ASC for Permit by April 15

"Growers of durum amber durum and hard amber durum (Durum Class II) wheat now have an opportunity to apply for an increase in their 1954 wheat acreage allotment," Oscar J. Houske, chairman Pennington ASC committee said today. "Provision for increased acreage allotments for any class or subclass of wheat determined to be in short supply was included in recent legislation passed by Congress and approved by the President."

Under the provisions of the new legislation, the secretary of agriculture has determined that durum (Class II wheat) is in short supply and that an increase in the acreage of that class of wheat is necessary to meet domestic and export requirements and to rebuild carry over reserves.

Wheat growers in Pennington who produced durum (Class II) wheat in one or more of the years 1951, 1952 or 1953 are eligible to apply for increases in their farm wheat acreage allotments. Every farmer who expects to increase his durum wheat planting this spring must make application by April 15 to his county Agricultural Stabilization and Conservation (formerly PMA) committee for an increased acreage allotment and be assigned an increase in his wheat acreage allotment.

Failure to make the application and get an increased allotment before seeding could result in being out of compliance with the wheat acreage allotment marketing quota program.

Farmers who have a wheat acreage allotment of more than 15 acres and who exceed their wheat acreage allotments in 1954 are subject to a marketing quota penalty equal to 45 percent of the parity price of wheat on May 1, 1954 for each bushel of "excess" wheat.

State Champion Prowler Six Gets Rousing Welcome

(Continued from page 1)

Thief River Falls, and introduced Joey Poole, Marvin Jorde, Mike McMahon and Jack Hoppe, all of whom were named on the all-state high school hockey team.

Mr. Mead then introduced, in turn, Art Christianson, president of the Civic and Commerce association; Walt Kavanaugh, president of the Junior Chamber; Wm. Thompson, member of the local board of education; and Bill LaFave, who was presented as "Mr. Hockey." Each praised the team for its outstanding record, and thanked the players for the fine publicity they had brought their home town. LaFave also put in a word in behalf of an enlarged winter sports arena, which he said is an urgent need.

Don Olson, manager of Radio Station KTRF then took over, introducing the members of the team, and giving sidelights on the state tourney, expressing the opinion that Lyle Guttu also should have been named on the all state team. He called on Co-captains Marvin Jorde and Jack Hoppe to hold up the handsome state trophy, and also introduced Neil Aase, team manager.

Supt. W. G. Claffy said the Prowlers were the "sweethearts" of the St. Paul tourney and declared that the local boys played like professionals.

Kalmer Ostby, principal, commented on the fine behavior of the boys, on and off the ice, and added that he was glad that he wasn't paying the bill for feeding the team in St. Paul.

Coach Rolle was given a standing ovation by the crowd. He asserted that the members of the Prowler sextet are all all staters, and that they might well serve as models for future hockey teams. He added that the boys were superstitious in one respect, in that they didn't change their underwear all during the playing season. He closed his remarks by thanking the school board and administration and the general public for their loyal support during the season.

J. M. Roche, secretary of the Civic and Commerce association, which had sponsored the welcoming party, thanked the Jaycees, police, highway patrol and all others who helped to make the affair a success.

The Lincoln band then escorted the team to the Rex Cafe, where the players were dinner guests of the C and C board of directors. Members of the team were called on for comments on the tournament games, and tributes to the boys also were given by Coach Rolle and Kalmer Ostby, principal.

L. W. Best Low Bid on Clearbrook School Accepted

The board of education of independent school district 25 at Clearbrook last week awarded contracts for construction of an addition to the school building totaling $168,308, the Clearbrook Leader reported.

H. P. Drother and Sons were awarded the general contract on their bid of $100,500, lowest of 16 received. E. W. Bucklen of Bemidji obtained the mechanical contract on his bid of $37,777, while L. W. Best of Thief River Falls was given the electrical contract on his low bid of $11,856.

The new addition will include six classrooms, shop, home economics department, administration offices and boys' locker area.

Mercury Dives as March Arrives

After enjoying balmy weather during most of February, in which month the mercury dropped below the zero mark only on four days, March opened with a chillier brand of weather, the mercury registering lows of 6 below zero Tuesday and again this morning. A light snowfall was recorded last Thursday.

CHATTING with your HOME AGENT

Marge Olsen

Have you visited the stores in town selling fashions—by—the yard lately? In case you haven't, plan to visit them soon, for they are displaying a wealth of colorful fabrics for spring and summer sewing. Ever-popular cotton in gay plaids and patterns, dressed-up denims and blends of the new fibers are all featured in the local shops. Since you will be beginning to sew your summer dresses very soon, let's review the fabric outlook for 1954.

When planning your summer outfits, think first about color. What are the colors being worn this year? Beige is the big spring suit color, when accented with white. The combination of pink and rosy red is big news, but the red is rosy, not orangey or fire bright! Navy frosted with white, or sharp turquoise teamed with pale blue or navy, are blues to be worn this summer.

For spring suits, light pearly grey in flannels will be good, but this color probably won't extend into summer. The nasturtium tones, from yellow to orange, will be worn as accessories and accents with beige, navy, grey, white, and black. Pastel green fleece coating and linens and as an accessories color, is a newcomer. Running all through these colors is white for shortie coats, background for prints, and accessories.

Prints are the stars of spring fabrics. They range all the way from traditional dots and neat domestics to sensational flowers. Florals are blooming in profusion with fruits and vegetable marbelized effects, orientals such as paisley, and dots and stripes close behind.

Blends—natural fibers such as cotton and silk combined with man-made fibers such as Dacron, Acrilon, Orlon are popular for good wearing qualities. For washable toppers 100% orlon fleece is a good choice, since it is so washable.

Finishes for fabrics are functional, and give added attraction to fabrics too. This spring fabrics may be treated to make them:

Crease resistant—many cottons are now finished to resist creases. Trade names found are "disciplined," and "Tebilized." To save hours of pressing, look for the crease resistant tag before buying cottons and linens.

Everglazed—This finish gives a polish, makes cottons look like silk, as well as a resistant to creasing and soil. It does not wash out.

Colorfast—Chromspun and Colorperm are two of the processes that color-lock rayon and acetates and blends of cotton and rayon. "Vat dye" is the label that assures the color fastness of cottons.

Shrinkage controlled— "Sanforizing" of this fabric finish ensures controlled shrinkage. Look on the tags and labels for many trade names that stand for shrinkage control.

Now, don't you have the urge to begin your spring sewing?

At Monday's meeting an inspection of the men and their weapons was held with Capt. Kronk and Sgt. Dowd, of the regular army, in charge.

Lt. Miller gave the only other class, that on inspections. He gave reasons for having inspections, the things gained by them, and the different types of inspections. Sgts. Bugge, Swanson and Russell and Lt. Forberg assisted with the class by demonstrating how to set up the equipment for a full field inspection.

The only new recruit was Ronald Belland.

Early Cut Hay

When you cut the hay you're feeding dairy heifers this winter—early in June or later—may determine what kind of gains you'll get now, according to research at the University's Rosemount Experiment Station.

Did you know that dairy researchers under Professor Thor W. Gullickson found dairy heifers fed early-cut hay ate an average of 1.9 pounds a day more of it and gained nearly a pound more weight each day than when they were fed hay cut five weeks later from the same plot.

Apparently, they found early-cut hay more tasty and nutritious than late-cut hay.

Gullickson says that figuring market prices for the grain fed and weight gains made, early-cut hay was nearly a fifth more valuable than late-cut hay.

Five sets of identical twin dairy heifers were fed in the experiment. During the first 11-week test period, five heifers—one from each set of twins—were fed all the early-cut hay they would eat, while their twin sisters were fed late-cut hay.

In the second 11-week period, the groups were reversed—the five heifers which ate early-cut hay were put on late-cut hay, and those which had been fed late-cut were put on early-cut hay.

Two pounds of the same grain mixture, containing about 17.5 per cent digestible protein, was fed each heifer in both groups throughout the 22-week experiment.

When the early crop was cut, on June 6, brome grass was well headed out and the alfalfa was in its pre-bloom and early bloom stage. It made leafy, green hay.

Late-cut hay came from mature plants from which most of the alfalfa leaves and lower brome grass leaves dropped off.

The early-cut hay contained more than one and a half times as much protein, nearly three times as much carotene and much more fat, calcium and phosphorus, than the late-cut hay. The late-cut contained six per cent higher crude fiber and this might lower the digestibility of its nutrients, Gullickson said.

National 4-H Week March 6-14

More than 2 million 4-H boys and girls in this country, including 357 in Pennington county, will observe National 4-H Week March 6-14.

During the week they will rededicate their efforts to fulfill their pledge of "heads, hearts, hands and health" to greater service to home, club, community and country.

Exhibits and special programs will be featured by many clubs during the week to acquaint adults and eligible boys and girls in the community with 4-H work.

Boys and girls 10 to 21 years of age who are members are invited to attend any 4-H club meeting held during the week of March 6-14 or to get information on club work from the county extension office or adult leaders.

Again this year one of the events of the week will be the state 4-H radio speaking contest on Saturday, March 13 on the University of Minnesota's St. Paul campus.

Talks of state champion and reserve champion will be broadcast from 4:30-5 over WCCO on the subject "What Our Bill of Rights Means to Me."

Mahnomen Man Faces Income Tax Evasion Charges

A Mahnomen auto and implement dealer faces trial in April for alleged evasion of $188,346 in federal income taxes.

He is Bert C. Ness who surrendered Tuesday of last week in answer to a four-count indictment charging him with understating his taxes for the 1947-50 period. Each count covers one year.

George McKinnon, U. S. district attorney, said it would be the largest case of its kind, moneywise, ever prosecuted in this area. Ness was ordered freed on $5,000 bond, pending his trial.

McKinnon said that, for the years involved, Ness reported income of $58,707 on which he paid taxes of $9,066. The indictment charges his income actually was $397,571 on which $197,412 should have been paid in taxes.

Rev. & Mrs. Mead Home after Trip

Rev. and Mrs. E. C. Mead returned last Thursday from a three weeks vacation trip which took them through Iowa, Nebraska and Kansas. They report that the weather was an ideal mid-June temperature and that already the fields were showing green and that the birds had reached that locality in their pilgrimage north. They covered almost 3,000 miles on their trip!

(Crowded out last week)

Mr. and Mrs. George Labine and Ronald of Argyle visited with the J. R. Kleinvachter's last Sunday afternoon and evening.

Those of you readers who remember the Herbert Mattson family will be interested to hear the following news about the three Mattson sisters, Norma, Carol and Mavis. Since last Christmas baby girls have been born to Mr. and Mrs. Leonard Carl (Norma) and Mr. and Mrs. Henry Herdman (Carol) and a baby girl has been adopted into the home of Mr. and Mrs. Stanley Boen (Mavis). These families all live in and near Milwaukee, Wisc., as do their father, Herbert Mattson and wife.

Mr. and Mrs. Stanley Stancyk and Jeanette, Mr. and Mrs. Geo. Labine and Ronald of Argyle, Mrs. Frances Stancyk, Mr. and Mrs. John T. Stancyk and Mr. and Mrs. Thos. Stancky and Linda were Friday supper guests and evening visitors at the J. R. Kleinvachter home. The occasion being little Paul's birthday.

Weekend visitors at the Victor Holmstrom farm home were Mr. and Mrs. Leslie Morstad and boys and Mr. and Mrs. Leonard Holmstrom and girls, all of St. Paul. They arrived Friday evening and left on Monday. Other Sunday afternoon visitors there were Mr. and Mrs. Marshall Myhrer and boys of Newfolden and Mr. and Mrs. Albert Stromlund and family of Strandquist.

Mr. and Mrs. Oscar Johnson spent Wednesday evening at the George Wikstrom home in Karlstad where they enjoyed a very interesting visit with Mr. and Mrs. Lloyd Fisher and son Lee of Sisseton, So. Dak. The Fisher's and the Conrad Stallock's were also supper guests at the Wikstrom home. The telephone directories which are distributed to all telephone subscribers each year by the telephone company are printed by the Fisher family at their ranch home near Sisseton. Therefore they have to make a yearly trip to all these companies to pick up new information, change of telephone numbers, advertising, etc. for their directories.

Mr. and Mrs. Lang Gund motored to Roseau Thursday evening where they attended the 1st games of the high school hockey tournament.

Ruby Hougard of Richfield spent the weekend here with her folks.

Young folks from Minneapolis who spent the weekend here with their folks were Donald, Shirley and Barbara Bernhardson, Lyland, Laurel and Ethlyn Erickson, Yvonne Lefrooth, Harold Onger, Ralph Johnson, Willard Lindstrom and Carol Borsvold. They all returned to Minneapolis Sunday evening except Barbara who will now be working in the bank at Karlstad.

Mr. and Mrs. Charles Kranz and Mr. and Mrs. Ernest Olstad and Gregory spent Wednesday and Thursday in Fargo visiting at the Gilbert Kranz home.

Darlene and Ronny Stennes spent Sunday visiting with their grandparents, Mr. and Mrs. John Paulson of near Stephen.

Sunday afternoon visitors at the Jonas Stromlund home were Mr. and Mrs. Ingvald Rud and children of Greenbush, Mrs. Anna Stromlund of Strathcona, Mr. and Mrs. Howard Rood of Holt, Rev. Wm. Reedy and Kenneth Craven.

Mr. and Mrs. Ingvald Rokke and Ralph left for Minneapolis Saturday afternoon to spend a few days visiting with their sons and brothers, David and Robert Rokke.

Margaret Victoria, infant daughter of Mr. and Mrs. Vance Lefrooth was baptized a week ago Sunday morning at the Bethesda Lutheran Church. Sponsors were Mr. and Mrs. Earl Sihlberg.

A pink and blue shower was held for Mrs. Earl Hougard at the Holger Hougard residence here on Saturday afternoon. The guests were first given a try on a few guessing games and they all did fairly well, but the one with the highest points in two games was Mrs. Walter Haskin and she won both prizes. The gifts were then presented to the honor guest and then passed around the room for all to view. Mrs. Earl Hougard was very much pleased with her many lovely gifts and gave a hearty thank you. A lunch of coffee and a large strawberry shortcake was served by the six hostesses, Mmes. Laverne Gund, Enda Berg, Hazel Anderson, Arlys Boen, LaVol Thune and Vernice Dagen.

Mr. and Mrs. Algot Lindgren of Roseau stopped in to see the Ed Carlson's on their way to Barnesville, Minn. Friday where they went to visit their daughter and family, the Bill Minerliks.

Berdell and Betty Peters returned to St. Paul Monday after spending the weekend visiting relatives here. During their stay here they were house guests at the Clifford Swanson home. Clifford is the girls uncle.

Mr. and Mrs. Erick Olson visited with the Robert Larson's in St. Thomas, N. Dak. a week ago Sunday.

The "Golden Rule" club was entertained by Mrs. Oscar Johnson at her home on Thursday evening. Two members were absent. Evening guests were Miss Delores Edeen and Mrs. Ellen Peterson. The biggest part of the evening was spent in playing games and several prizes were given away, after which a very nice lunch was served. The business meeting was postponed until a later date. Following is a household hint — a little turpentine on a cloth will loosen and remove those brown stains from light-colored gas ranges. A little turpentine will also soften certain types of shoe polish.

The youth fellowship will be held in Bethesda Luth. Church this Sunday evening at 8:15.

Mrs. Martin Myszkowski visited with the Thomas Myszkowski family in Fosston over the weekend. Thomas and little Mary brought her back Sunday afternoon. Mrs. Myszkowski said it really snowed during the time she was in Fosston. The snow was several feet deep in places, she said.

Guests at the Jonas Bernhardson home Saturday afternoon to help Mr. and Mrs. Bernhardson celebrate their birthdays were the Mmes. Andrew Johnson, Oscar Backlin, Art Vansickle and H. Bernhardson, Mr. and Mrs. Henry Bruer, Shirley Bernhardson and Jerry Blaze.

The "Sunshine" Club was entertained by Mrs. Ed Carlson in their cafe on Thursday evening. They spent the evening tieing and winding wool yarn into balls for Mrs. Carlson. Sarah Wikstrom won the first prize, Grace Boen, 2nd prize and Nettie Koland, booby prize. Minnie served the group a surprise lunch of bean-boat sandwiches, Cornucopia dessert and coffee.

Gene Trane of Karlstad is at present staying here at the Ed Carlson home.

Mr. and Mrs. Earl Sihlberg and Mr. and Mrs. Vance Lefrooth and Margaret motored to Stephen Sunday afternoon and on their way back they stopped in for a brief visit at the Alvin Erickson farm.

Erick Olson had a wrestling match with his sheep buck last Wednesday and altho Erick got away from the buck, he still thinks the buck got the best of him, as he had mauled up his right leg pretty badly. He said it was black and blue from top to bottom, but he was able to walk around o. k. anyway.

Mr. and Mrs. Bill Hansen visited with Helen Akerblom and Leila Hansen at the Good Samaritan home in Warren on Sunday afternoon.

Rev. and Mrs. Wm. Reedy and children were supper guests at the Edwin Lundquist home at Stephen Sunday evening. Rev. Reedy spoke in the Mission evening.

Mr. Albin Johnson suffered a stroke a week ago Saturday afternoon while picking up some wood to bring to the house. He was all alone too at the time as his wife was away visiting. But by pulling himself along with his right arm and leg, he finally got to the house, got inside and to bed. He was found there the next day by neighbors who called the Karlstad ambulance and he was taken to the Warren hospital where he is receiving medical aid. Those who visited with him on Wednesday were Mrs. A. Johnson, Helmer and Maxine and Mrs. Erick Olson.

Dinner guests at the H. W. Bernhardson home Sunday evening were Mr. and Mrs. Clarence Jacobson of Halma, Mrs. Andrew Johnson of Minneapolis, Mr. and Mrs. George Strandberg and Robert, Mr. and Mrs. Art Vansickle and Kathy and Mr. and Mrs. Oscar Backlin, all of Warren, Mr. and Mrs. Gilbert Lund and boys, Mr. and Mrs. Jonas Bernhardson and Donald and Lyland Erickson.

Two carloads of the Mission young people accompanied by Rev. and Mrs. Reedy, Mr. and Mrs. Sarl Waterworth and Kenneth Craven went to Roseau Friday evening and presented a program at the Bethel Mission Covenant Church in Roseau.

Mr. and Mrs. Douglas Thun had their baby daughter, Debra Lynn, baptized at the Bethel Lutheran Church in Karlstad on Sunday morning at 9:00 o'clock, with Rev. A. H. Larson performing the baptismal rites. Sponsors for the baby were Mr. and Mrs. Bill Hansen. After the services Mrs. Ella Thun and Mrs. Douglas Thun served dinner at the Ella Thun home in Strandquist to the folowing guests, Mr. and Mrs. Palmer Larson and Darryl, Camile and Vangie of Karlstad, Douglas Thun and Scotty and Mr. and Mrs. Bill Hansen.

(This week's news)

A group of ladies gathered at the Danny Renstrom home last Thursday afternoon to honor Mrs. Morris Anderson with a pink and blue shower. After the beautiful and useful gifts had been viewed, Mrs. Anderson gave a hearty "Thank You" in appreciation of what she had received. A delicious lunch was then served. Hostesses for the afternoon were Mdmes. Leo Renstrom, Willard Nordine and Danny Renstrom.

On Friday, Feb. 26, a 7 lb. 3½ oz. baby girl was born at the Karlstad Hospital to Mr. and Mrs. Alfred Setten of Lancaster. They have named the baby Mary Elizabeth. The Settens now have three girls and one boy.

Miss Janice Johnson, employee of the Northwestern Bell Telephone Co. of Thief River Falls is enjoying her annual vacation at the home of her parents, Mr. and Mrs. Victor Johnson. She also visited a couple of days with her sister, Mr. and Mrs. Conrad Donarski and family of near Argyle.

Mr. and Mrs. Clarence Lundstrom and family visited a week ago Sunday with Mr. E. O. Grafstrom at Salol. Mr. Grafstrom suffered a heart attack the Wednesday before and altho' he is improving he is still weak from the effects. Mr. Grafstrom was 81 years old on Feb. 5th and has been quite active up until now.

Mr. and Mrs. Rasmi Nelson of Newfolden were Thursday visitors at Ella Thuns.

Plane Hunters Bag 93 Fox

Plane hunters have had a good season in fox eradication this year and there is ample evidence at the Thief River Falls airport to prove it. In the picture above Martin Rantanen has his plane literally covered with the 93 animals he has brought back this year. In the picture above are game warden Carl Sundstrom left, with Rantanen and George Busse, who has done most of the shooting. Joe Kiel of Middle River has also assisted with the shotgun. The hunting has been done over a wide area of Pennington, Marshall, Polk and Red Lake counties.

T. R. Falls Prowler Six Captures State High School Hockey Title

Coach Dennis Rolle's ever-victorious Prowler team won their twentieth straight game of the season without a loss on Saturday night when they defeated the Eveleth Golden Bears, 4 to 1, in St. Paul. And the twentieth win was the biggest in the Prowler victory string for it gave the blue-and-gold the state high school hockey championship, being the finals of *the tenth annual high school* tournament played on the spacious rink in the St. Paul Auditorium.

A crowd of 7,433 paid admissions was crammed into the St. Paul Auditorium on Saturday night when, a few minutes after nine o'clock, the Prowlers' Marv Jorde and Eveleth's Bob Kochevar faced off in center-ice to open the championship game of the state tournament.

Eveleth's coach, Cliff Thompson, hoping to get the "jump" on the Prowlers started Dave Rodda on a wing with Kochevar and Gene Klun. Rodda, an all-state selection, has been centering the Golden Bears' second line. After a couple of minutes of play on Saturday night, without the Bears getting a score, Rodda came out of the Kochevar line and freshman Jerry Norman took over the wing post.

The first period was evenly played, with both teams exhibiting orthodox hockey and protecting their defensive zones ably. It was not until the 11:10 mark of the period when the Prowlers, shooting at the south goal, jammed the puck in the Eveleth zone. The Marv Jorde, Lyle Guttu, and Sid Vraa trio, buzzing around the Golden Bears' cage, punched several shots at Eveleth's Tom Beste, and it was by a close-in jab, from about five feet, by Jorde, on an assist from Vraa, that the Prowlers got their first goal.

The Prowlers clinched the game and the title by ramming three goals into the north net in the second period. Guttu, *taking a pass near the Eveleth* blue-line from Mike McMahon, split the Bear defense, shuffled the puck out in front of the net and beat Beste with an off-balance shot that found the left-hand corner of the mesh.

Late in the second period, with Eveleth's Jim Matchefts serving an illegal checking penalty, the Prowlers ripped in a pair of quick tallies. Jorde gave Guttu a centering out pass and Lyle drilled a 10-foot shot past Beste; and six seconds later, following the face-off, Joey Poole passed to Jorde, who evaded a back-checking forward, circled the defense and whipped a 20-foot shot into the laces. The two scores coming at 9:40 and 9:46 of the period.

Eveleth avoided being shut-out by tallying their lone goal at 313 of the third period when Kochever, getting a pass from Matchefts just inside the Thief River Falls blue-line, beat goalie Jack Hoppe with a hard waist-high 40-foot shot. The final minutes of the third period was marred by numerous penalties, and the Prowlers had some anxious moments when they were forced to skate short handed. With two minutes to play, Sid Vraa was given a penalty, and fifteen seconds later Les Sabo received a penalty for interference; but in spite of being two men short, the Prowlers were able to hold off the tired and beaten Golden Bears and prevent Eveleth from scoring.

To reach the Saturday night finals, the Prowlers defeated Minneapolis South, 6 to 1, in a first round game on Thursday afternoon, and eliminated South St. Paul, 8 to 1, in a semi-finals game on Friday night. Eveleth, the region seven champions, defeated St. Paul Harding, 5 to 2, in a first round game on Thursday night, and then edged St. Paul Johnson, 3 to 2, on Friday night.

The Prowlers exhibited superior skating and stick-handling, and all-round hockey finesse, in scoring their decisive wins over Minneapolis South and South St. Paul. The Prowlers scoring in the 6 to 1 win over the Minneapolis city league champion was sparked by right wing Bob Helgeland, who got himself the "hat trick" by scoring once in the first period and twice in the second. Jorde, McMahon, and Guttu accounted for the other three goals.

Friday night's semi-final match against the Packers of South St. Paul was high-lighted by another "hat trick" performance, this time by left wing Darryl Durgin. Durgin scored at 3:24 of the opening period, and then added tallies at 2:07 and 4:56 of the third period for a three-goal effort in leading the locals to a lop-sided 8 to 1 triumph. Guttu, who scored in all three of the tournament games, tallied twice, scoring in the second and third period. Joey Poole, who gained the admiration of the fans by his skating ability and neat stick-work, scored the game's final goal at 11:50 of the third period.

Following the championship game on Saturday night, the tournament's all-state team was announced and four Prowlers—goalie Jack Hoppe, defenseman Mike McMahon, and centers Joey Poole and Marv Jorde—were named to the squad. Other all-state selections were center Dave Rodda, center Bob Kochevar, and defenseman Ed Oswald, all of Eveleth; center Dick Jinks of St. Paul Harding; wing Dick Lick of South St. Paul; and center Stu Anderson of St. Paul Johnson.

Prowler Cagers End Schedule by Downing Grafton

Register 68-55 Victory; Now Preparing for Dist. 31 Tournament Monday

Coach Ralph Skjod's basketball Prowlers closed out their 1953-54 schedule on Friday night by trouncing the Grafton Spoilers, 68 to 55, at Grafton. This week the Prowlers, the defending champions of district 31, will be engaged in preparing for the district tournament that opens at the North Dakota University fieldhouse at Grand Forks on March 8th, 9th, and 10th.

The Prowlers, together with East Grand Forks, Warren, Crookston, Red Lake Falls, Climax, and Plummer, have been "seeded" into the district tourney. The eighth entry in the district tournament will be decided at the sub-district tourney that will be played at Thief River Falls on March 4th and 5th.

The Prowlers pulled away to a 14-point lead in the first period of the game at Grafton on Friday night, holding the Spoilers to a pair of free throws and a field goal while they, the Prowlers, were hitting for eighteen points. The Prowlers added another eighteen points to their total in the second quarter, to hold a 36 to 18 margin at the intermission.

The second half of the game was marred by the calling of numerous fouls, with Grafton losing three players via the five-foul route and the Prowlers losing Bill Frahm on personals. The Prowlers, in the third and fourth periods, picked up eighteen points from the free-throw line.

Grafton's Schumacher earned the game's high point honors, scoring six field goals and adding ten points from the free-throw line for a 22-point effort. The Prowlers' Art Johnson, although off color on his shooting, was the locals high point player with six field goals and six free throws.

Prowler Immortals

On Saturday night, by defeating Eveleth, 4 to 1, in the finals, coach Dennis Rolle's hockey Prowlers of 1954 joined such illustrious former Prowler squads as Roger Dooley's basketball squad of 1932, and George Lee's Prowler cage team of 1938, by bringing a state high school athletic championship to town. And like the cage Prowlers of 1932, who were victorious in the twenty-three games played during the season; and the Prowler basketball team of 1938 that won all twenty-seven of its games; the hockey Prowlers of this season won all twenty of its games. They're all undisputed champions.

It's no secret that the Prowlers, and their coach, were disappointed when they failed to make the state tournament last season, losing a 2 to 1 thriller to Warroad in a first round regional at Roseau. When the 1953-54 Prowlers began their practice drills last fall, they were a dedicated and purposeful group of athletes.

Those of us who were in attendance at the practice sessions during the season can vounch for the effort that the coach and "his boys" meant to make this year the grandest in Prowler hockey history. Never once during the schedule did the Prowlers lose confidence in their coach and their ability; and only once, against Williams here, did a trace of over-confidence appear in the Prowlers play.

And so the eight seniors—Marv Jorde, Jack Hoppe, Lyle Guttu, Mike McMahon, Bob Helgeland, Darryl Durgin, Les Sabo, and Jim Zavoral—have bowed out of high school hockey as state champions, leaving only Joey Poole, Sid Vraa, Jack Quesnell, and Rodney Collins (from the state tournament squad) to carry on the Prowler hockey tradition next season.

Yes, the 1954 hockey Prowlers were, without a doubt, state high school champions; but more than that, on their appearance and conduct throughout the season and during the state tournament, they, as boys, were All-Americans.

We're sure that coach Dennis Rolle will cherish this team and this season for life.

Subdistrict 31 Cage Tournament Thursday, Friday

Four Teams to Compete in Tourney in Lincoln High School Gymnasium

The sub-district basketball tournament will be played on the local high school gymnasium court on Thursday and Friday, March 4th and 5th. On Thursday night, with the first game slated for 7:30 p. m. Fisher will meet Oslo; and at 9:00 p. m. Goodridge will play Alvarado.

On Friday night, the consolation game, between the losers of the Thursday night games, will play at 7:30 p. m.; and at 9:00 p. m. the sub-district championship tilt will begin. The winner of the sub-district title will enter the 31st district tournament which will be played in Grand Forks on March 8th, 9th, and 10th.

At a meeting held at Warren on Monday night, pairings for the district tourney were made. Thief River Falls, the defending champions, will open the tourney by playing Red Lake Falls at 2:30 p. m. on Monday, March 8th; at 4:00 p. m. the Warren Ponies will play the Crookston Pirates. On Monday evening, Plummer will meet the winner of the sub-district title; and East Grand Forks will play Climax. The semi-finals will be played on Tuesday night, March 9th, and the championship finals are scheduled for Wednesday night, March 10th.

'U' Speaker Reports on Farm Practices in Scandinavian Lands

Only ten per cent of Sweden's land is suitable for cultivation, but production has almost reached the point where the country is self-sufficient in food and fiber production.

This report came Thursday evening from T. H. Fenske, assistant dean of the University of Minnesota, Institute of Agriculture, St. Paul, in an address to a *Red River Valley Winter Shows* audience in Crookston.

Fenske visited the Scandinavian countries in the fall of 1953 on a mission to observe agricultural conditions. He said the Danes devote 74 per cent of their land to agriculture and farmers do a fine job of production and soil conservation. He substantiated often-heard reports of high yields in the Scandinavian countries, reporting that average barley yield in Denmark for the past fifteen years has been 62 bushels per acre — compared to the ten-year average of 1932-51, 26 bushels.

During the same period, Denmark's average potato yield was 277 bushels compared Minnesota's 131 bushels. The Danes' cows are high producers, too — average yield of Danish cows runs around 8,500 pounds of milk with 360 pounds of butterfat.

Fenske said there were three principal reasons for the high yields. First, heavy applications of commercial fertilizer and more careful handling of manure and other around-the-farm fertilizer than is common in most of the United States. Second, good crop rotation systems that are followed carefully year after year. And, third, an over all "careful farming operation."

Average Swedish farm is 22 acres and in Norway nearly half the farms average only four acres. In the entire country of Norway, there are only 41 farms with more than 220 acres. Denmark's farms average 37 acres, but run up to 50 and 60 acres. Finnish farms average 25 to 50 acres and there are few large estates. Finland's forestry industry is very important in helping farmers make a living on the land.

Fenske reported an interesting cooperative development — "machine stations" — in which an organization owns machinery and leases or rents it out to its shareholders by the hour or day.

Cooperative organizations in dairying, meat marketing, egg marketing, purchasing and sales, forestry, mortgage, and farm credit banks, and other fields play a big role in the Scandinavian economy, he said.

He reported that his trip convinced him that our land is still "the land of opportunity" — especially for our young people. Also, he concluded, there is less government in our economic and personal life than there is in the Scandinavian countries.

Minnkota Co-op's Annual Meeting in G. Forks March 8

100 Delegates from Ten Distribution Groups to Attend Session Monday

Approximately 100 delegates, from Minnkota Power Cooperative's ten member distribution cooperatives will attend the Minnkota annual meeting on Monday, March 8 in the power cooperative's auditorium in Grand Forks.

Minnkota generates, transmits and sells at wholesale the electrical energy required by its ten member cooperatives, including the Red Lake Electric Co-op., which in turn distribute the energy to nearly 40,000 farm homes in eastern North Dakota and western Minnesota.

Feature of the afternoon meeting will be an address on the application of atomic energy to electric power production, by John Magee, steam applications engineer of Westinghouse Electric Corporation.

Minnkota President Victor M. Edman, Alvarado, will conduct the meeting. In addition to the presentation of the 1953 annual report there will be a discussion of last year's operation and plans for the future. Andrew L. Freeman, will discuss problems associated with load growth while Mr. E. R. Mackie, of St. Paul, Minnesota the cooperative's consulting engineer will discuss the application of Garrison Dam power to Minnkota's future operations.

In the evening, a banquet and program of entertainment, to which all Minnkota employees and other guests have been invited, will be held in the Red River Terrace of the Dacotah Hotel. Minnkota Attorney Einer Johnson, Lakota, North Dakota, will be master of ceremonies.

Kittson Co. 4-H'er Is Grain Champion at Winter Shows

Top winners in 4-H corn, potatoes, and small grains exhibits were named last Wednesday at the Red River Valley Winter Shows in Crookston.

Grand champion over all small grains exhibitors was Virgil Vagle, Lake Bronson. He exhibited a sample of a Mida-Plot cross of wheat taken from North Dakota State College test plots.

Thomas Garvin, Barnesville, was selected as the winner of sweepstakes and grand champion honors in the 4-H club corn show. His entry was a hybrid dent variety. Leo Schindler, Barnesville, was named reserve champion and also exhibited a hybrid dent variety.

Virgil Vagle of Kittson county was named 4-H grain champion with his entry, a sample of a numbered variety of wheat.

Blue ribbon winners in oats were Richard Parnow, Goodridge; Arnst Krogstad, Callaway.

St. Hilaire Flax Grower Wins at Crookston Shows

Winners in utility class grass, legume and grain seed were announced last Wednesday at the Red River Valley Winter Shows in Crookston.

The utility seed class is open only to growers who have certified seed to offer for sale in commercial quantities.

First place winners are: bread wheat — Munger Brothers, Warren; oats — Robert Backstrom, Warren; brown seeded flax — Grant Johnson, St. Hilaire; hybrid corn — Chisholm Brothers, Gary.

Divergent Views Will Be Voiced on Mpls. Farm Forum

Backers and Opponents of Farm Price Supports to Speak March 15 and 16

Representatives of the U. S. Department of Agriculture under both the Truman administration and the current Republican administration are scheduled to speak at the opening session of the eighth annual Minneapolis Farm forum March 15 and 16 in the Nicollet Hotel.

Kicking off the morning meeting will be Dr. Louis H. Bean who served as economic advisor to Charles Brannon when he was secretary of agriculture. Bean is now an economic consultant to various farm organizations. He will discuss "The Role of Prices" and is expected to present the views of those who are in favor of maintaining right price supports for basic commodities at high levels.

Don F. Paarlberg, assistant to Secretary of Agriculture Benson, will speak following Bean. He will discuss the administration's views on changes needed in the farm program.

Winding up the March 15 morning program will be Herrell DeGraff, Babcock professor of food economics at Cornell university. In line with the opening day's theme "What can we expect from a farm program?," DeGraff will speak on fitting the farm program to the consumers' wants.

DeGraff is representative of a group of Eastern farming interests strongly influencing policy in the U. S. Department of Agriculture. This group reportedly backed Secretary of Agriculture Benson's recent cut in dairy price supports and also favors a flexible price support system for basic farm crops.

Allan B. Kline, president of the American Farm Bureau Federation, will be the principal speaker at the March 15 noon-luncheon meeting of the forum. He will give "The Farmer's View on Farm Programs" and present the Farm Bureaus' views in favor of a flexible price support system.

Sponsored by the Minneapolis Chamber of Commerce, the purpose of the Farm forum is to bring a thorough, objective and open discussion of the broad problems related to agriculture, industry and labor in the Upper Midwest.

Fourth of Power Firm's Income Is Needed for Taxes

Northern States Power Company paid Pennington county a total of $825 in taxes last week, the company reports. This was in payment of personal property and transmission line taxes.

"Twenty-five cents out of every dollar received by NSP is paid out in taxes," said C. B. Ayers, manager of NSP's Grand Forks division. "Northern States Power Company is paying nearly $27,000,000 in taxes of all kinds this year. This is the equivalent of $37 per customer for each of NSP's more than 700,000 customers."

NSP paid $2,846,233 to 51 Minnesota counties last week, in personal property and transmission line taxes. The total of all taxes to be paid by NSP to these counties in its service area this year will be $7,026,678, including the real estate tax.

No. Central Plans All-year Service to Border City

North Central Airlines said Saturday in Minneapolis it is applying to the Civil Aeronautics Board in Washington for permission to operate year-round service to International Falls.

Howard B. Morey, president and general manager of the line, said company attorneys had been instructed to prepare an application. The service would operate via Duluth and Hibbing.

Seasonal service — June thru September — was operated to the border city last year by North Central under a temporary permit which expires March 27.

Morey said it was decided to apply for year-round service after a survey conducted at International Falls indicated an estimated 150 passengers monthly would use the service during wintertime.

By Mrs. Teloy Johnsrud

56 High Lights

We have finished the spelling contests for the year with our visit to Crookston. Verna came out with a score of 86 which was sixth in Red River Valley. Didn't she do well? We were surely all satisfied.

We came to Crookston about 8:30 a. m. Mrs. Matheson treated us to a tasty breakfast — then off to the high school for the contest. There were two written tests and two spelldowns. After the spelling was over each contestant received a ribbon showing they were County Champions. A dinner was held next for all of the contestants, Superintendents and teachers at the Crookston Hotel, where the winners were announced. Verna also received $1.00 and a ticket to the Winter Shows.

The afternoon was spent at the shows and looking Crookston over. Verna, Delores, Karen and I said, "What a Grand Day!"

Mrs. Omlid, Reporter

Mr. and Mrs. Donald Knutson and son of Thief River Falls visited a week ago Sunday evening at the Melvin Fjeld home.

Mr. and Mrs. Otto Omlid was accompanied to the Winter shows last Wednesday by Mrs. Omlid's pupils of Dist. 56, namely Verna Hanson, Karen Kriel and Delores Kjelgren. Verna took part in the spelling contest and came 6th. Mr. and Mrs. Jerry Race were also along to Crookston with the Omlids.

Mr. and Mrs. Erling Dahlen and children were callers last Tuesday evening at the Gust Iverson home.

Mr. and Mrs. F. F. Cuno Celebrate Golden Wedding

A large number of relatives and friends gathered at the Grygla school auditorium Sunday afternoon to pay honor to a Grygla pioneer couple, Mr. and Mrs. Fred Cuno whose golden wedding anniversary is Tuesday, March 2.

As the honored couple entered the auditorium, the guests all sang "Put on Your Old Gray Bonnet." They were presented with a corsage of yellow roses and carnations which had been sent by their son Rudolph of Silverton, Oregon, who was unable to be present for the event. Otto Hohle gave a brief talk, and Daphne Hesse sang two solos, "In Heavenly Love Abiding" and "When You and I Were Young Maggie" accompanied by Mrs. Fay Rude at the piano.

The room was beautifully decorated with yellow roses and [illegible]. The honored couple was seated at the bridal table beneath a trellis decorated with cedar boughs and yellow rose buds. Also seated at the bridal table, which was centered with a four-tiered wedding cake, were Mr. and Mrs. Albert Moe (Mrs Emma Cuno), Mr. and Mrs. Otto Hohle, and Mr. and Mrs. William Cuno. Safety Council Cites 7 Rules for Drivers

With fatalities caused by traffic accidents on Minnesota's streets and highways already running about 10 per cent above last year's near record breaking figures, A. V. [illegible], president of the Minnesota Safety Council, today appealed to every motorist to become "safety conscious" and help reduce the toll.

"One of the main points stressed at President Eisenhower's traffic safety conference," he stated, "was the need for impressing upon everyone that safety is a personal responsibility—that it cannot be a program undertaken by your neighbor or fellow-motorist. It is up to everyone to act and drive safely if we are to curb the senseless slaughter now rampant in our state and nation."

He suggested that every driver observe the following seven acts of courtesy while driving as a sure-fire means of reducing accidents:

1. Share the road by driving in the proper lane.
2. Allow ample clearance when passing—don't cut in too soon and don't attempt to pass if you have the slightest doubt that you can't pass safely.
3. Yield the right of way to other drivers and to pedestrians.
4. Give proper signals in plenty of time before making turns or stops.
5. Dim headlights when meeting or following vehicles; when driving in built up urban areas; when driving on divided-lane highways.
6. Respect traffic laws, signs, signals and road markings.
7. Adjust your driving to road, traffic and weather conditions. Posted speed signs do not mean minimum speeds—they indicate maximum speeds under ideal weather, traffic and road conditions.

"If every motorist," he concluded, "will make courtesy—as indicated by the above seven rules—his code of the road, he would make a big, important forward step in cutting down traffic accidents. It is up to every motorist—as an individual—to become a part of this state and national campaign to save lives and reduce the tremendous human and financial losses we are now suffering."

Secy. Benson Warns Turkey Growers

Indicates Government Will Not Buy Surplus

Secretary of Agriculture Benson last week warned turkey farmers that lower prices will result if they go ahead with a planned increase in this year's crop.

Indicating the department plans no surplus turkey buying if farmers' prices skid downward, Benson said, "Growers should recognize the risks of possible over-production this year and be prepared to accept the market prices for the birds which they grow."

He noted that the government bought 6 per cent of the 1952 crop at a cost of 27 million dollars and said "leaders of the turkey industry have repeatedly told us they do not want over production and price supports again."

New Vegetable Varieties Listed for Home Garden

Gardeners who enjoy planting a few new vegetable varieties each year will get best results by including those which have been tested and found adaptable to Minnesota conditions, Orrin C. Turnquist, extension horticulturist at the University of Minnesota, said today.

To assist gardeners, the University of Minnesota Agricultural Extension Service conducts demonstration gardens at several locations in the state to observe new varieties. A publication just off the press, newly revised Extension Folder 151, "Vegetable Varieties for Minnesota," describes some of the new vegetable varieties tested this past year and now recommended for planting by home gardeners. The tests were made under Turnquist's supervision at the University of Minnesota Agricultural Experiment Station, its branch stations and in home and commercial gardens in various locations throughout the state.

Also included in the folder, which is available free of charge from Bulletin Room, University of Minnesota, Institute of Agriculture, St. Paul, 1, Minnesota is a list of older established varieties which have proved dependable in Minnesota.

Asks Vision Tests to Get Renewal of Drivers License

Every automobile driver should be required to pass a vision test at each renewal of his driver license, Dr. Harold I. Carlson, Mankato, president of the Minnesota Optometric Association, declared today as plans for the 27th annual Save Your Vision Week got under way. The vision conservation week is celebrated this year from March 7 through 13 in conjunction with the Junior Chamber of Commerce.

"It is preposterous to assume that a driver's vision is the same at 60 or 70 as it was when he got his first license as a young man," Dr. Carlson said. "Everybody knows that it is not, yet throughout the country driving licenses are repeatedly renewed on the basis of the first examination.

"This archaic practice is probably costing hundreds of lives in highway accidents every year."

Williams Girl wins R. R. Valley Radio Speaking Contest

Dorothy Jean Gillie of Williams, Lake of the Woods County, and Pearl Pederson of Fertile, East Polk County, were named winners of the district 4-H radio speaking contest conducted at the Red River Valley Winter Shows in Crookston last week.

Miss Gillie was a runner up in the 1953 contest.

Each won a $15.00 cash award from the Minnesota Jewish Council and a chance to participate in the state 4-H radio speaking contest at the University's Institute of Agriculture in St. Paul March 12 and 13. They were selected from among ten contestants from the Red River Valley counties.

Runners up in the contest were Daniel Iverson of Shevlin, Clearwater county and Irene Barsness, Oklee, Red Lake county. Each won $10 cash.

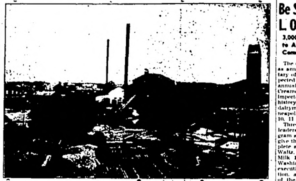
Leading TRF Industry 50 Years Ago



Fifty years ago at the turn of the century, the Thief River Falls Lumber Co. furnished employment to a large number of local residents, a few of whom still live in this community.

In its heyday, the sawmill, operated by the Wintons, ran 21 hours a day producing lumber from logs floated down the river from Red Lake or shipped in from the north by rail.

Some of the buildings pictured, which were located on the present site of the water treatment plant, include the horse barn at left, shavings shed, planing mill, sawmill and sawdust burner.

The mill discontinued operations about 40 years ago when the supply of timber became depleted.

Erskine Quartet Winner at Shows

Barber Shop Quartet Event Held in Crookston

The Barber Shop Quartet Contest was a feature of the evening program at the Red River Valley Winter Shows and Northwest School Farmers' Week at Crookston on Tuesday evening, February 23.

The "Four Sour Notes" quartet from Erskine won first honors; the Scandia quartet from Lockhart won second; and the quartet from McIntosh, third place. The quartet from Blackduck, dressed in typical barber shop quartet costumes, added color to the contest.

Members of the three winning quartets were: Erskine: — Arnold Tranby, Jens Bee, Darwin Larson, and Bert Odegaard; Lockhart — Nels Hermodson, Jerome Hamre, Raymond Stromstad, Walter Stromstad; McIntosh — Garfield Reichert, R. L. Edwards, Cecil Curfman, Earl Hovland.

Two Beauty Shop (women's) quartets appeared on the program as a novelty feature. A quartet from Ulen consisted of Mrs. Milton Retersgord, Mrs. Harvey Olson, Mrs. Harold Dinsmore, and Mrs. Art Anderson. The quartet from Crookston included Janet Bergstrom, Ruth Bergum, Carol Fundingsland, and Marilyn Espe.

Professor Hywel C. Rowland of Grand Forks, N. Dak., head of the department of vocal music at the University of North Dakota, served as critic judge of the contest. T. M. McCall, president of the Winter Shows board of managers, and T. W. Thorson, director of the department of music in the Crookston public schools, conducted the contest and presented the medal and ribbon awards.

Plans Being Made for Operation of State Parks in '54

Plans and preparations for the 1954 summer operation of the Minnesota state park system are under way and include the construction and repair of park structures and equipment, leasing of youth camp facilities, and the distribution and sale of 1954 vehicle sticker permits.

U. W. Hella, director of the division of state parks, has started efforts to make the vehicle stickers available at all places of business where game and fish licenses are now sold. The vehicle stickers are required by law for admission to any state park. Once a sticker is put on a car, the car occupants will be admitted in any state park as often as desired during 1954.

Signs will be placed on all roads leading to state parks warning of the necessity for vehicle stickers to enter the park. Money from the sale of the stickers is credited to the park fund and used for the rebuilding and maintenance of the park system, and is supplemental to direct legislative appropriations.

"NAMES MAKE NEWS"

It happened in North Dakota, but it surely is worthy of note in Minnesota: Name of the North Dakota potato queen is—Bean.—Average reader may not realize how appropriate is the name of New Jersey newspaper man, John K. Quad—quad, in our parlance, being a wide space.—Watertown News claims some special sort of record for that thriving Carver county community of 837: nine proudly wearing the title "Doctor": four medical, two dental, two veterinary, one chiropractor.

Minneapolis to Be Site of Annual L. O'Lakes Session

3,000 Dairymen Expected to Attend 3-day Parley Commencing March 10th

The cut in dairy support prices as announced recently by Secretary of Agriculture Benson is expected to make the thirty-third annual meeting of Land O'Lakes Creameries, Inc. one of the most important in the organization's history. Some 3000 Midwest dairymen are expected in Minneapolis for the meeting March 10, 11 and 12.

Three of the nation's top dairy leaders will appear on the program and it is expected they will give the price support cut a complete airing. They are Russell S. Waltz, president of the National Milk Producers Federation, Washington, D. C.; S. M. Norton, executive director of the federation, and Lester Will, manager of the American Dairy association, Chicago.

The program will also include the appearance of Wes Fesler, former coach of Minnesota's Golden Gophers; Donald Sederstrom, Litchfield, national president of the Young Cooperators and Bon Kvasnicka and Marlene Mattila, International Farm Youth Exchange Students.

Preceding the meeting's regular sessions will be a conference of operators and managers of 400 Land O'Lakes creameries and drying plants on Wednesday, March 10.

A special feature of the conference every year is a cream and butter grading contest and, climaxing the day's activities, the announcement of the 1953 efficiency contest winners and awarding of prizes.

Land O'Lakes dairy farmer-patrons and their families will jam the auditorium at the firm's Minneapolis headquarters for general sessions on Thursday, March 11.

In addition to Lester Will, R. S. Waltz and E. M. Norton the audience will hear the annual address by president M. B. Maurlison and a report of the past year's activities by general manager Frank D. Stone.

A special youth delegation made up of youth delegates from each of Land O'Lakes member associations will take part in a youth meeting on Thursday, Mar. 11, at 4:00 p. m. Climaxing Thursday's sessions will be a talk by Wes Fesler, former football coach at the University of Minnesota.

WE NEED TO BE VIGILANT

Many attempts have been made to kill the men who have occupied the office of president of our country, and several of these attempts have been successful. As a result of this experience our chief executives are constantly guarded.

The shooting of five members of Congress in the house chamber Monday is a new experience for us. Nothing like this has happened before and of course steps will be taken to try to keep it from happening again.

As a result of this experience there no doubt will be greater vigilence in guarding against attacks of this kind in other fields of government activity. The crack-pots who fired a few shots on the house chamber inflicted wounds on several members. They could just as easily have destroyed the entire capitol building.

We are fortunate in that the assassins who staged Monday's demonstration were not bright. The ease with which they executed their foolish attack however may encourage brainier nihilists to attempt a large scale program of destruction. There is need to be vigilant.

CONGRATULATIONS TEAM

Thief River Falls' undefeated Prowlers took the state championship tournament in stride and with less difficulty than they encountered here in the eighth region playoffs. Their victory at St. Paul was a victory for this corner of the state which this year boasted four strong teams, any one of which could have made a good showing in the state contest.

The Prowlers have proven themselves to be the best high school team in the state, with heavy emphasis on that word team. While four members of the team were recognized in the all-state selection, this recognition was a tribute to the group rather than to the individuals. They all were great performers but their real greatness was in their teamwork, each player a wheel in a smooth-operating machine.

So hats off and a round of cheers to the new champs, and never have we cheered for a more deserving group of high school athletes. Good skaters and good stick handlers, they had to be to be good hockey players to win. But the members of this team have been more than that. Most important of all, they have been good school citizens and fine examples for the hundreds of future Prowlers to whom they are truly and properly heroes.

NICE GOING DENNIS

Taking a well-deserved bow at the Rotary Club Monday, hockey coach Dennis Rolle paid tribute to the many good teachers of hockey who have coached the peewee and junior teams over a period of years. Our championship team of today is a championship team because the members of that team learned how to skate and how to handle a stick back in the grades. This team is the product of our neighborhood rinks and an organized play program, he said.

No one appreciates more than Dennis Rolle the fact that hockey skill is an art that cannot be acquired in a couple of years. It takes years of skating to learn how to skate, and Rolle says the big advantage his Prowlers had over their opponents was in their superiority as skaters. And it takes years of playing the game in competition that calls for constantly extended effort to produce a winner.

To Dennis Rolle a round of cheers for doing a swell job of building good material into a winning team. And we might keep in mind that hockey is not the only game that cannot be learned in a year.

A YEAR OF ANNIVERSARIES

Minnesota's capitol city will be 100 years old tomorrow. This interesting historical fact was nearly overlooked by the good people of St. Paul. It came to light too late to receive more than passing attention.

In our corner of the state many communities will be celebrating important anniversaries this year. The coming of the Soo Line, building through to the Canadian border in 1904, and the Great Northern extending its line north from Thief River Falls the same year, makes this a fiftieth anniversary for many communities in this area. Crookston is celebrating the 75th anniversary of its organization as a city. There may be others.

These anniversaries have this in common—they all point to the fact that while we are getting older we are still comparatively young. Minnesota, not yet a hundred years old as a state, is still young. And up here in the youngest part of this young state, we still have with us a few of the first settlers.

One of the developments that probably deserves more recognition that it receives was the building of an extensive system of railroads criss-crossing the state in a comparatively short period of time. In 1860 there were no railroads in Minnesota. Within a period of fifty years practically all of our present railroad system was completed. Since then that system has been improved of course, and much of it rebuilt, but since 1910 few miles have been added.

This achievement was more remarkable considering the fact that it was largely a hand-scraper job. Dirt moving today is a machine operation and one machine does the work of many hands and many horses. The pioneer generation that built our railroads, and the many other improvements that we too often take for granted, did a tremendous job for little reward.

MILLS THAT GRIND SLOWLY

There is criticism of Congress because, with two months of the session gone, little progress seems to have been made in advancing the extensive legislative program recommended by President Eisenhower. Such criticism is understandable. The average headline reader could come to only one conclusion and that would be a firm opinion that all our congressmen have done up to this point has been to argue over Bricker, Langer and McCarthy. But while arguments involving these members have been dominant in the news from Washington, we may take for granted that most of the members have been kept busy in the routine business of their respective committees.

As evidence of the fact that congressional leaders are not unaware of the limitations of time, the Senate has already started night sessions. The lawmaking procedure is necessarily slow. Public hearings on controversial measures must be considered essential and they are always time consuming. It is too early now to be critical about the low volume of production.

Construction of another 300 million dollar taconite plant on Minnesota's iron range is getting under way this week. This new manufacturing plant will be the largest of its kind in the world, with an initial capacity of 7½ million tons of pelletized concentrates annually. This conversion of a hitherto worthless mineral into a marketable product represents a net gain. It is the kind of progress we have a right to be proud of. Especially encouraging is the fact that there is a practically inexhaustible supply of this worthless raw material.

Looking Backward

1924—THIRTY YEARS AGO

The city council cancelled $2,000 insurance on the power plant, terming the expense unwarranted as the building is fireproof. Pennington county farmers to date have borrowed $87,780 from the state department of rural credit.—Mr. and Mrs Don Shaw were hosts to 24 guests at dinner. Nels Christianson succeeded W A Barnard as president of the local golf club.—H. H. Arheart returned from Los Angeles where he had been summoned by the illness of his mother.

1934—TWENTY YEARS AGO

With Supt Morris Bye presiding, the new municipal Auditorium was formally dedicated with an impressive program February 26.—Roy Langevin was instructing a group of local boys in the art of boxing.—Governor Floyd B Olson appointed District Judge Julius J Olson of Warren to the state supreme court.—The Minneapolis Bridge Co. was awarded the contract to construct a 316 foot span across Red Lake river at Third st. at a cost of $78,719.—A basement fire at the TRF Oil Co caused a loss of about $1,000.

1944—TEN YEARS AGO

County war bond chairman Paul A Lundgren reported that the fourth war loan campaign resulted in sales of $593,974, exceeding the Pennington county quota by 54 per cent.—Roy J Oen was named chairman of the newly organized Thief River Falls post war planning board.—N C Landberg was named city assessor succeeding Alfred Skarstad, resigned.—Wally Anderson of Brainerd was appointed manager of the local theatres.

Oslo Voters O. K. Bond Issue for School Addition

Advertising for bids on construction of additions to the Oslo school will start as soon as detailed plans for the project are completed, school officials announced.

Voters in the Oslo school district overwhelmingly approved a bond proposal Wednesday for $180,000 to build additions to the school. The vote was 23[illegible] yes to 13 no.

Proposed additions to the school will contain two elementary classrooms, a library, home economics department, business education department, industrial arts shop, hot lunch room and auditorium gymnasium.

One addition will be located at the rear of the present school building while the other will be on the southeast corner of the building.

(Crowded out last week)

Word was received here last week of the passing away of Mrs. E. M. Barnett of Eureka, California, formerly of this community.

Mrs. Barnett was born in Stearns County, Minn., on Nov. 2, 1882. She passed away Feb. 13, 1954. Rev. R. N. Neal of Eureka, Calif. officiated at the funeral service. Music by Mr. Bert E. Pasco, organist and Mr. R. L. Neal, solist. Burial was made in the Sunset Memorial Park of Eureka.

Mrs. Barnett was well-known in our community as she and her family made their home here for some time. They came here from International Falls and moved to Eureka, Calif., from here. She, Mr. Barnett, Mrs. Dedrick and children were here for a visit last summer.

Mrs. Barnett was stricken by a stroke in the middle of January and remained in the hospital until Feb. 12th when she became worse and went into a coma and passed away in her sleep.

Those who are left to mourn her passing are two daughters, Mrs. Martin Jacobson of Wannaska, Minn., Mrs. Charlie Dedrick of Eureka, California, and one son George of Polson, Mont. Several grandchildren and three great-grandchildren.

Jerry Aasvedt of Skime spent several days of last week in the Lester Ostlund home.

Mr. and Mrs. Theodore Anderson are the parents of a baby girl born the first part of last week in the Budd Hospital in Roseau. The Anderson children were staying with Grandma Lee while Mrs. Anderson was away. She returned home on Sunday.

Facts About Cost of Farm Support

Average Annual Cost of farm support over last 20 years has been about 35 cents per person.

Total losses to Government of farm support, from 1933 through 1953 — 1½ per cent of 184 Billion, increase in farm income to which farm programs contributed during same period.

Government subsidies to Business in 1954 alone will equal entire cost of farm price support for last 20 years.

Cost of subsidies to Newspapers and Magazines alone through loss in handling second-class mail over past 20 years amounted to 2½ times cost of farm price supports for the same period.

645 Deer, 74 Moose on the Mud Lake Refuge

The annual big game census on Mud Lake national wildlife refuge near Holt, revealed there were 645 deer and 74 moose on the area. These numbers constitute a slight drop in the total number of deer from last year and a slight increase in the total number of moose.

The plane census revealed that the deer are well distributed over the 30 to 40,000 acre upland area suitable for deer habitat. Most of the area burned over in the fall of 1952 has come back to an excellent stand of willow suitable for deer browse. The over-all condition of the herd is excellent despite the severe cold and rather heavy snowfall during January. Weights of the 17 deer that have been live trapped this winter are above average for Minnesota deer.

It is amazing that the refuge moose herd managed to make a slight increase despite the opening of the refuge to deer hunting. At least five moose were found that had been killed by deer hunters and there is a good possibility there were more. Moose are a creature of the wilderness and solitude and will not tolerate any great amount of human disturbance before abandoning an area.

About 24 moose calves were counted indicating the calf crop this year was one of the largest since the establishment of the refuge. If the herd continues to show increases it is quite possible that the casual sightseer may frequently observe moose while driving on the County Highway which extends thru the refuge.

Ten deer having ear-tags were killed during the deer season last fall. Of this number, four were shot inside the refuge and six were shot outside the refuge. The longest return was a deer shot in Polk county, 55 air miles from the point of tagging. The other returns were from 42, 35, 33, 32 and 6½ miles respectively. These returns serve to demonstrate that a substantial number of refuge deer are shot outside the refuge boundaries and would be shot regardless of whether the refuge was open to hunting or not.

Betty Lou Taylor Wins Winter Shows Contest

Betty Lou Taylor, a thirteen year old seventh grader from District 88, rural Moorhead, won the annual Red River Valley district rural school spelling contest held at the Red River Valley Winter Shows at Crookston last week. Representing Clay county, Betty Lou, won a cash prize of $7 and a bronze plaque and certificate of achievement.

Burton Bredlie of Eldred won second prize of $5. He attends school district 28, in rural Polk county. Third prize winner was Verna Schick of Mahnomen, Mahnomen county, who attends the Ahmann school.

There were eleven county contestants participating in the contest, including Verna Hanson, Goodridge, Pennington; Elaine Huot, Red Lake Falls, Red Lake and Dewayne Sedlacek, Radium, Marshall.

All contestants participating received ribbons. The contest is sponsored by the Red River Valley Development association and all awards are made by the association.

Lincoln Prowler Sextet Brings Home Trophy from St. Paul

Thief River
5

The state champion Lincoln high school Prowler hockey team and Coach Dennis Rolle pose with their victory smile for the St. Paul Pioneer Press photographer at th state tournament last weekend in the St. Paul Auditorium.

Pictured are, front row, left to right, Rod Collins, Jack Hoppe, Joey Poole, Darryl Durgin, Jack Quesnell and Lester Sabo. Back row: Jim Zavoral, Bob Helgeland, Mike McMahon, Coach Rolle, Loren Vraa, Marvin Jorde and Lyle Guttu.

Both Minneapolis and St. Paul papers agreed that the Prowler sextet was the class of the tournament, and richly deserved its triumph.

An Important Note to All Farmers

Dear Friends:
Just a line to extend a personal invitation to you and your family to attend our big John Deere Day
We've gone all out to provide a program jam-packed with entertainment and interest— a program we feel sure will delight young and old alike.
For instance, the feature picture is "Mr. Christmas," a story that has a little of everything, including humor and suspense. And by the way, it's filmed in beautiful Eastman color. The Gordon family will be there too, in "The Safety Pin"— and, oh, there's much more you're sure to enjoy.
So don't disappoint us. Make your plans now to be with us on John Deere Day. It's all free, but admission is by ticket only. If you haven't received yours yet— or if you need more— be sure to pick them up at our store
Don't forget, we're expecting you John Deere Day.

IF YOU DON'T DRINK
Why help pay for the accidents of those who do indulge?
SOLVE 4 PROBLEMS WITH 1 ANSWER
1. Aren't at least 25% of all serious automobile accidents directly traceable to liquor?
2. Don't you have to pay high auto insurance premiums to help pay for these accidents?
3. Must you pay these high premiums when you don't drink?
4. Why isn't there an Automobile Insurance Company which offers a special low rate to you and other total abstainers?
ANSWER: —
Preferred Risk Mutual Ins. Co. insures total abstainers only at lower rates. Write or phone for information.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

THE PARABLE OF THE SHIP

¶ Sin is the anchor on a man's soul. It lets him drift with every current and be buffeted by every storm, but it keeps him tied to the FLOOR of the sea.

¶ Faith is the sail that rises from man's soul. It links his life to a Strength ABOVE and carries him forward to his destiny.

¶ What good is the sail if the anchor is down?

¶ That, in parable, was man's spiritual dilemma through all the ages before Christ.

¶ And, in parable again, the simple truth of the Christian Gospel is that Jesus Christ in dying for the sins of men has forever cut away the anchor!

The Soo Was Coming. The G. N. Was Going to Build North

Shortly after the announcement that the reservation opening bill had been enacted into law, in February of 1901, the Soo Line let contracts for the construction of the railroad north from Glenwood to the Canadian border. At the same time the Great Northern moved to extend its line north from Thief River Falls, the combination of railroad construction and the settlement of lands east of Thief River Falls made 1904 a year of great activity and growth in the community.

The railroad expansion was not unexpected. For several years there had been rumors that these developments would take place. During the years 1902 and 1903 the Thief River Falls News printed many such rumors along with an occasional verified report, building up in enthusiasm as possibilities became probabilities. The gradual build-up is interesting.

Great Northern Rumors

The April 3, 1902 issue of the News rumored: "Roseau County people claim to have assurance from the Canadian Northern to the effect that it will extend its line through Roseau County this summer and either connect with the Great Northern at Thief River Falls or St. Vincent."

In its issue of June 19 the News stated, "A man well posted in Great Northern matters stated to the News last week that the road would go north on the west side of the Thief River and that the destination would be the Lake of the Woods. It will not go through Roseau, Badger or Warroad, but townsites will be established along the right-of-way. There are no towns of any importance north of here and the Great Northern figures it can build towns and have the profit from the sale of lots."

The October 18 issue reported a fact. "Col. R. A. Wilkinson, right-of-way agent for the Great Northern and Senator Grindeland of Warren, were in the city Monday and at once proceeded north. The object of their visit was to look over the land between here and Roseau with the view of selecting a route for the extension of the Great Northern from this place to Roseau." Based on this information the News predicted, "It is quite certain the road will be built inside of a year from now."

The following week's issue contained this quote from the Crookston Journal, "Col. Wilkinson is making no prediction as *to the future action of the company*, but there is slight doubt that the line will be surveyed during the coming winter and built during the coming summer."

Soo Line First Mentioned

The first reference to the Soo Line came in the November 27, 1902 issue which reported hopefully, "Wiley Tindolph, while in Minneapolis recently, states that one of the prominent citizens of that place stated the Soo Line is thinking very seriously of extending its road into this territory and that if the road is built it will be run to Thief River Falls."

There were no further reports until March 12, 1903, when the News beamed optimistically, "This announcement may appear startling but it is nevertheless true." From an inside source it knew that, "The Soo Line, which is operated by the C. P., will this summer commence building from Glenwood through Alexandria, Henning, Perham, Fosston and Thief River Falls to Winnipeg. Already 1500 carloads of ties and a large quantity of other materials has been collected at Glenwood and this summer will see the beginning of the work."

The following week, under a heading "This Authentic," the News reported, "The Great Northern has announced its intention—officially—of building the road north from Thief River Falls, work upon the same to commence as soon as the frost goes out of the ground, although the contract has not yet been let and only a portion of the right-of-way secured.—A large outfit for a surveying party arrived at the depot here Tuesday, and crews of surveyors are now at work."

On March 26 the News quoted an Alexandria paper to the effect that the Soo had secured right-of-way through Douglas County.

Pres. Lowry Confirms Rumor

Wiley Tindolph brought back good news for the April 2 issue. He had interviewed Soo Line president, Thomas Lowry. The Soo was definitely building through Thief River Falls. It would cross the river below the dam and the depot would be located between the Great Northern depot and the city. (At that time the G. N. depot was located on the main line) Mr. Tindolph reported also that the Soo Line looked with favor upon the idea of making Thief River Falls a division point.

This issue also reproduced a Twin City newspaper interview with Lowry confirming the rumors that the company was going ahead with the new line. That made this "authentic" also.

It was now "official that the Soo was going to build to the border and that the Great Northern was going to extend its line north. But there were many more rumors and facts to report before these things became accomplished facts.

L.O'L. District 17 Meeting Attracts 1,200

Frank Stone, Lew Conlon and M. H. Mauritson Address Meeting in City

The usual large attendance, aggregating nearly 1,200 persons, assembled in Thief River Falls last Thursday for the annual meeting of District 17, Land O'Lakes Creameries.

Art Stenberg, district president, presided over the morning and afternoon sessions and introduced the speakers, who included M. H. Mauritson of Shelly, president, and Frank Stone, general manager of Land O'Lakes, and Lew Conlon of the American Dairy association.

In the course of the afternoon session Stenberg called on the audience to stand in silence for a moment in tribute to the memory of the late John Brandt, longtime head of the organization, who had died March 4, 1953, in Middle River.

Mr. Stone, in his address, pointed out that butter had been in short supply as recently as October 1952, and that the surplus production at present is less than ten per cent.

Stone advocated adoption of the Brandt self-help plan for the dairy industry, which he said is supported by the National Milk Producers Federation, which calls for the segregation of surpluses and keeping them off the domestic market. The plan, he said, would be supported by a small stabilization fee, and would not be a drain on the federal treasury.

Mr. Mauritson expressed concern over the disagreement among major farm organizations as to the proper policy on dairy products, and said he would like to see politics kept out of the situation.

Lew Conlon outlined the educational program designed to increase consumption of dairy products now being carried on thru the American Dairy association, and urged support of the program on a year-round basis. He also mentioned that the much-discussed butter surplus amounts to an average of only six pounds per family in the nation.

The afternoon program opened with the invocation by the Rev

Hospital Board Votes Closing of Mercy Unit May 1

Plant B Will Serve All Patients until New Wing Is Completed in August

The board of trustees of Northwestern Hospital Monday night authorized the closing of old Mercy Hospital as of May 1st. Anticipated light summer patient load which is common to most hospitals is a main cause for the closing.

It is felt, said Harold W. Peterson, administrator, that all medical patients can be taken care of in Northwestern Hospital Plant B for the period between May 1st and September 1st. Latest information from contractors indicates that the new hospital addition will be ready for occupancy sometime in August.

Closing of the old hospital plant will involve a reduction in personnel, said Peterson, adding that it is not anticipated that the total personnel resulting from the change will be any more than is now required to operate Northwestern Hospital Plant B. No large addition of personnel is expected when the remodeling of Plant B has been completed in January and the whole hospital building project has been completed.

All indications, he stated, are that with the whole hospital operation under one roof a more economical operation will be possible from many angles. It is the intention of the hospital administration to retain the most efficient employes in both plants.

The board of trustees has authorized the sale of Northwestern Hospital Plant A with the annex and ground and also the Plant A nurses home located at 504 Knight Avenue North. Call for bids will be advertised in next week's Times.

Ne[illegible]y 700 Attend Me[illegible]ng Held Here by FU [illegible] Dairy Problem

Heads Sportsmen

DR. JAMES O. DISSE

Who last Wednesday was named to succeed Bob Bell as president of the Pennington County Sportsmen's club.

Nearly 700 persons from thruout this section of the state heard a discussion in the Auditorium Monday afternoon of the Farmers Union proposal of a bill designed to remedy the problem of dairy surpluses.

Speakers at the session, one of four regional meetings being held in Minnesota this week, were Edwin Christianson of Gully, president, and Russell Schwandt, secretary of the state FU organization.

Christianson said the action of the department of agriculture in lowering dairy support prices from 90 to 75 per cent of parity effective April 1, would mean a loss to Pennington county dairymen alone of approximately $138,000 a year.

The FU bill now before Congress, he said, would allow the price of dairy products to be set in the open market, and would authorize the secretary of agriculture to make production payments to producers on such a basis that they will be assured a return equal to 90 per cent of parity.

Part of the funds needed for production payments, he said, would come from a processing tax of four cents a hundred pounds on whole milk or one cent per pound of butterfat, in addition to an import levy on all imported dairy products. Any remaining funds required, he added, would come from the federal treasury.

Russell Schwandt discussed the dairy industry program in relation to the over-all farm program. He disputed a statement imputed to Secretary Benson to the effect that the farm program had cost the U. S. upwards of $15 billion over a 20-year period, and asserting that the price support program had cost only $1.2 billion during that period. He closed by saying that rigid price supports are a vital necessity, and that the present law makes adequate provision for production controls.

Christianson asked those present to fill out questionaires making known their stand on parity prices, stating that their answers would be forwarded to Minnesota congressmen in Washington.

Two Children Die in Hit-run Mishap in Kittson County

Manitoba Man to Face Criminal Negligence Charge at Hallock

Preliminary hearing for John Slator, Stony Mountain, Man., charged with criminal negligence, will be held before Justice of the Peace William Krumholz at Hallock Thursday at 1 p. m.

Slator has been charged in connection with the hit-and-run tragedy at St. Vincent last Wednesday. Two school children died from injuries suffered at that time.

Funeral services for Martin Gardner, 8, who died in a Hallock hospital Saturday, as a result of injuries in the tragedy, will be held today at 10 a. m. in St. Anne's church in St. Vincent with Rev. John Morth officiating. Services for Elaine Fitzpatrick, 11, who died immediately after the accident, were held Monday.

Martin, a son of Mr. and Mrs. Frank L. Gardner, St. Vincent, was born in that community in April, 1945. He was a pupil in the third grade.

Other survivors are seven sisters, Mrs. Lawrence Busch, Monticello, Ia., Mrs. Leonard Jerome, Mrs. Glenn Davis, Gloria, Virginia and Jocklyn Gardner, all of St. Vincent, and Mrs. Wayne Copland, Council Bluffs, Ia., and two brothers, Willard and Arnold, St. Vincent; and a grandmother, Mrs. Rose Emma Grumbo, St. Vincent.

Large Warehouse to Be Built Soon

Two Firms Join Forces in Project Near Water Plant

The Northwest Beverage company and the Thief River Jobbing company of this city have let a contract for the construction of a warehouse to house both organizations. The one-story building, 90 feet by 100 feet, will be located on the Soo Line spur south of the city water filtration plant, and will front on the airport road. Solheim & Ness were awarded the general contract at a cost of $31,900.

The Northwest Beverage Co., of which John Langseth is the manager, will occupy 40 feet of the building and 50 feet will be occupied by the Thief River Jobbing Co. managed by Sig Quam. A second story apartment will provide living quarters for one family. The walls will be built of Waylite cement blocks, manufactured by the Falls Concrete Co. of this city.

Construction will start as soon as ground conditions permit and the building will be completed by July 1.

Goodridge-Grygla School Problems to Be Topic Mar. 22

Meetings Scheduled in Grygla at 1:30 p. m. and in Goodridge at 8 p. m.

Public meetings will be held in Grygla and Goodridge on Monday, March 22, to consider the report of the Bureau of Field Studies and Surveys of the college of education of the University of Minnesota and its recommendations for a program of school construction to meet the needs of the high school area now served by the Goodridge high school.

Copies of the report are now in printed form and are being distributed to residents of the area according to David M. Brown, superintendent of the Goodridge school district.

It is planned to hold an afternoon meeting in Grygla, called for 1:30, Mr. Brown has announced. An evening meeting will be held at Goodridge starting at 8 o'clock. Both meetings will be attended by Dr. O. E. Domian, director of the bureau, and S. W. Harvery, research assistant under whose supervision the survey has been conducted.

The report finds a critical need for more adequate high school facilities in the area and recommends as most desirable from a practical standpoint that these facilities be provided in a location near the center of school population at a point somewhere between Goodridge and Grygla.

Claim Adjuster Now Located here

Arthur H. Schrom of St. Cloud recently arrived in Thief River Falls to establish headquarters as claim adjuster in this district for the Farmers Mutual Automobile Insurance Co. of Madison, Wisconsin. He is a graduate of the University of Minnesota, and is a single man.

School Board Is Considering Knox Addition

Votes to Confer with Architect on Plans for Proposed Improvement

Following recent requests by parents of east side grade school pupils for improved facilities at the 30-year-old Knox school, the board of education at its March session Monday evening voted to negotiate with Toltz King & Day, St. Paul architectural firm, for its services in preparing plans for an addition to the school.

Supt. W. G. Claffy stated that the addition, if constructed, would provide facilities similar to those of the Northrop school addition erected a few years ago. Proposed improvements include a gymnasium, lunch room and kindergarten room.

The board also voted to confer with the bureau of field studies of the University of Minnesota as to a survey of population trends, future building needs and other factors affecting School District 18. Similar surveys have been completed in recent months in numerous other Minnesota school districts.

A discussion of teacher salaries for the coming year was adjourned to a special meeting Thursday evening. The board Monday received from faculty members a request for a substantial salary increase.

$348.55 Realized in Heart Fund Sale

2d Annual Auction Held Thursday at Sales Barn

A total of $348.55, about double the amount collected a year ago, was realized at the second annual Heart Fund auction conducted last Thursday evening at the Thief River Sales Barn, it was announced today by Ralph A. Luhman, chairman of the Pennington county chapter of the Minnesota Heart association.

While only about 50 items were included in the sale, a considerable number were turned in by the buyers and re-auctioned several times. Luhman expressed appreciation to those who contributed items to be sold, as well as to the buyers for their spirited bidding.

In connection with the sale, a motion picture dealing with rheumatic fever was presented.

Operation of Blood Bank to Start Shortly

Membership Now 620; First Blood Donations to Be Taken Next Week

At a meeting of officers of the Northern Blood Bank association last night, arrangements were made to put the organization into full operation next week.

E. A. Hamerski, president, announced that the association now has 620 members, and stated that blood typing will start Monday, March 22, and that some members will be called on to donate blood next week, several member already having received transfusions.

It was also announced that Dr. Dan Greene has accepted the post of medical advisor for the association, and will give advice on technical matters.

For purposes of administration, Hamerski said, Thief River Falls has been divided into four areas, with four others outside the city. A director will be named for each area, and it will be his or her duty to advise the blood donors when to report.

Membership cards will be mailed out early next week. Enrollments will continue to be received at all times, subject to a 30-day waiting period.

Rotary Speaker

In connection with the observance of National Girl Scout Week, Mrs. Gunder Legvold, president of the area council, was the guest speaker at the Rotary club luncheon Monday noon in the Elks club rooms. She discussed the important role of the Girl Scout movement in this community as well as in the nation.

B. Wangenstein Gets Letter Sent on Wrecked Plane

Bart Wangenstein Sunday received from Los Angeles an air-mail letter contained in a weather-beaten envelope that had apparently survived the wreck of a Western Airlines plane that had crashed near Gillette, Wyoming, late in February. The envelope bore a stamped message stating that the letter had been delayed by "air-mail interruption" near near Gillette.

March 7-13 Observed as Girl Scout Week

The Girl Scouts of the Northwestern Minnesota Council will join with more than two million members of the organization throughout the country in celebrating Girl Scout Week, March 7-13, and the 42nd anniversary of Girl Scouting in the United States on March 12th.

According to Mrs. Gunder Legvold, president of the Northwestern Minnesota Council, this will be the first time that Girl Scout Week will be observed in March. Previously it occurred in October, but by vote of the Girl Scout national convention last fall, the dates were changed to coincide with the annual celebration of the Girl Scout anniversary on March 12th.

Theme of the week will be "Know Your Neighbors—Know Your Nation." The seven day observance will open on Girl Scout Sunday, when troop members and leaders will attend their churches in uniform. During each day of the subsequent week troops throughout the eight counties which comprise the Northwestern Minnesota Girl Scout Council will feature an activity typical of the Girl Scout program — homemaking, arts & crafts, citizenship, health & safety, the out of doors, and international friendship.

Friday will be the 42nd anniversary of the founding of Girl Scouting, Mrs. Legvold stated. It was on this day, in 1912, that the late Mrs. Juliette Gordon Low organized the first Girl Scout troop in her home city, Savannah, Georgia, and started what has become the largest organization of its kind for girls in the world.

DFL Convention Set for Saturday

To Be Held in C & C Room in Evening at 8 o'clock

The biennial Pennington county convention of the Democratic-Farmer-Labor party will be conducted in the Civic and Commerce room in the Auditorium Saturday evening, March 13, at 8 o'clock, Charles Richards, county chairman, stated today.

Principal business to be transacted will include the election of a slate of county officers as well as delegates to the state DFL conventions.

Richards said that Mayor Agnes Israelson will extend a welcome to the gathering, while other speakers will be Judge H. O. Chommie and Roy E. Wiseth, Goodridge.

Better Heed That Parking Ticket

Municipal Judge H. O. Chommie announced today that a considerable number of local residents have failed to appear in court after having tickets issued to them for parking violations. He stated that in the future warrants will be issued against those who neglect to come in, thus substantially increasing the costs assessed against the offenders.

Going, Going, Gone by April 10

Better take a last look, folks, at the 60-odd-year-old building known as the Pennington county court house, for it is scheduled to be gone from the scene April 10, one month from today. Work is well under way on razing the structure to make way for the erection of a fine new court house. The old building was vacated late last week by the county offices.

70 Persons Hear Talk on United Nations by "U" of M. Professor

Nearly 70 persons attended the University of Minnesota recognition dinner held in the Elks club rooms last Thursday evening under the sponsorship of the Thief River Falls alumni club and the Junior Chamber of Commerce.

Stan Mortenson, president of the alumni club, presided over the program, which included an address by Dr. Wm. C. Rogers of the world affairs center at the university, who discussed the United Nations.

The speaker stated that a regional institute on UN charter revision will be held at the university April 9 and 10 to sound out sentiment as a prelude to changes that may be made in the charter in 1955.

Opinions regarding the UN, said Dr. Rogers, range from the extreme right or isolationist views of the Committee for Constitutional Government, which would have the United States withdraw from the UN, to the opposite views held by the United World Federalists, which favors increasing the powers of the UN.

Among what Dr. Rogers termed the achievements of the agency were keeping small wars in Indonesia, Iran and Israel from developing into bigger ones, and helping to bring the fighting in Korea to an end, as well as extending economic and social aid to many countries.

Rep. Coya Knutson of Oklee also spoke briefly, telling of speaking engagements filled recently at the Winter Shows in Crookston and in Moorhead and Fergus Falls by her cousin, Dr. Tor Gjesdal, information director of the United Nations in New York.

The program opened with the invocation by the Rev. E. C. Mead, following which the Lincoln high school clarinet quintet supplied two selections and Mr. Mead led the audience in singing a group of songs, with Mrs. Walter Larson providing the piano accompaniment.

Red Cross Drive Nets $878 to Date

Many Districts Running Ahead of 1953, Says Kjos

With a quota of $3,815 for Pennington county, a total of $878.90 had been turned in by solicitors up to Monday in the annual Red Cross fund drive which opened Monday of last week, Herman A. Kjos, chapter chairman, announced today.

He added that substantially increased contributions compared to a year ago had been reported by Mrs. Margaret Race for the local schools, Mrs. Amond Aase, Horseshoe area, Mrs. Martin Aas, south half of the second ward, and John Tanem, Goodridge village.

Chairman Kjos asks that solicitors try to complete their canvasses by the end of this week as far as possible.

North Twp. Sets Budget of $3,500

Only 20 votes were cast Tuesday in the annual election in the Town of North. T. H. Bjerke was reelected supervisor, while Alfred Longren was reelected town clerk, a position he has held for 28 years. The levy approved for township purposes next year includes $2,500 for the poor fund, $500 for the road and bridge fund and $500 for town revenue.

Tax Collections to March 1, 1954 Total $189,148

Collections of current taxes in Pennington county in January and February, consisting mainly of personal property taxes which were due before March 1, aggregated $189,148.08, compared to $191,827.48 for the corresponding period of 1953, County Treasurer A. R. Johnsrud reported this week.

Offices Are Moved from Court House Late Last Week

Most County Offices Now Located in Hartz Building on Horace av.

The old Pennington county court house now being razed was vacated by the various county office late last week, and all are now more or less comfortably situated in their new temporary quarters, where they will remain for the next year or longer while the new court house is being completed.

The auditor's and treasurer's offices are crowded into the former PMA office in the Hartz building on Horace av., while in roomy quarters at the rear are the offices of the clerk of court, register of deeds, probate judge and sheriff. A large number of record books are stored in the basement.

The office of Mrs. Martha Matheson, county superintendent of schools, now shares quarters with the welfare office at Main av. and Second st., while Joseph Seidel, county engineer, has his office in the county highway building at the east end of Long's bridge.

To Build Second Pipeline on Route of Present Line

Contracts have been let for the building of another pipe line from Edmonton, Alberta to Superior this year. The announcement was made last week in Edmonton by R. E. Trammell, general manager of the Lakehead Pipe Line company, according to Oil in Canada, a Winnipeg publication. The contracts, let in three sections of the American portion of the line, provide for 181 miles of 26 inch pipe to be laid in the company's present right of way.

Merchants Meet to Plan Curb on Shoplifting Here

Thief River Falls merchants met Monday evening to consider means of curbing the increasing volume of shoplifting. Reports were read of steps taken in other cities to detect and prosecute this type of thief. A committee was named to secure information on the possibility of arranging for a special detective service to cooperate with local police and law enforcement agencies.

Many Coming Events Listed at C. C. Session

Agriculture Unit Busy; Plans Made for Friday Evening Store Openings

Members of the Civic and Commerce association, at a well attended luncheon meeting last Thursday in the Rex Cafe, heard reports by committee chairmen dealing with numerous events scheduled in Thief River Falls in coming months.

Hilmer Lunke, chairman of the agriculture committee, stated that his group has a busy season lined up. Among coming projects, he said, are Northwest Dairy Day June 8, North Dakota picnic set tentatively for June 27; farm tours in July, 4-H livestock show and 4-H achievement banquet in the fall, sheep sale October 25 and purebred livestock sale October 27.

Frank Riley reported that elaborate plans are being developed for a promotion in connection with the resumption of Friday evening opening of Thief River Falls stores starting April 2. Details will be announced in an early issue of the Times.

Harry E. Simons, chairman of the aeronautics committee, announced that Gordon Rosenmeier of Little Falls will represent the cities of Brainerd, Bemidji, and Thief River Falls at next week's hearing in Minneapolis on the petition of North Central Airlines for permission to discontinue scheduled airline service to the three cities.

Frank Stone of Minneapolis, general manager of Land O'Lakes Creameries, was a guest at the luncheon, and he said his organization is supporting the policy of self-help for the dairy industry advocated for many years by the late John Brandt.

Lew Conlon of the American Dairy association also spoke briefly, urging attendance of local businessmen at the District 17 L. O' L. meeting held Thursday afternoon in the municipal Auditorium.

Lutheran Choir of 'U' of M. to Appear in City March 21st

Group from St. Paul Campus Will Sing in Trinity Lutheran Church

Residents of this area will have an opportunity to hear the Lutheran student choir of the St. Paul campus of the University of Minnesota on Sunday evening, March 21, at 8:00 o'clock, in Trinity Lutheran church in Thief River Falls.

The choir is under the direction of Karl Anderson, a student at Luther Theological Seminary in St. Paul. It represents the 450 Lutheran students in the college of agriculture, forestry, home economics, and veterinary medicine at the University of Minnesota.

Erven Skaar of rural Thief River Falls is a member of the choir and will appear in the concert here.

The choir is one of the many activities sponsored by the Twin City Lutheran Students Foundation of which Rev. William Larsen, campus pastor, is executive director.

The sacred music presented by the Lutheran student choir in their song service has been well received in several Minnesota communities this winter.

Roy Barzen Again Heads Thief River Falls Park Board

Roy M. Barzen, for more than 15 years president of the Thief River Falls park board, was reelected to that position last Wednesday at the annual organizational meeting of the board.

Lawrence Bjorkman was retained as vice president, and Art Christianson as secretary. Other board members are B. I. Frolland and Melvin Carlson.

The board reappointed Oscar Bakke as superintendent of parks and Nick Waldorf as assistant superintendent.

Marjory Odberg Becomes Bride Of R. Finstad

A pretty double ring ceremony was performed in the presence of 125 guests by Rev. Carl F. Johnson, on Thursday evening, February 25 in the First Lutheran Church in this city, for Marjory Joyce Odberg, daughter of Mr. and Mrs. Hilmer Odberg of Newfolden and Rueben Roy Finstad, son of Helmer Finstad of St. Hilaire. The altar was decorated with two basket bouquets of white gladioli, yellow jonquils and blue iris. Five big colored bows also decorated the altar. Lighted candles were placed in the windows.

Before the ceremony Mrs. Clayton Mattson sang "Because" and "I Love You Truly". Delores Ranum sang "The Lord's Prayer" while the couple kneeled at the altar. Organist was Betty Ness, friend of the bride from Holt.

Given away in marriage by her father the bride was attired in a white satin gown with a sweetheart neckline and wide rows of lace trim on the skirt. She wore a silk illusion fingertip veil with a crown of seed pearls and carried a lavender orchid surrounded by white carnations and lavender streamers on a white prayer book. Her jewelry was a strand of pearls with earrings to match, a gift of the groom.

Sister of the groom, Mrs. Tin Brelland, of this city, was matron of honor in a gown of pink net over satin, while bridesmaids, Delores Nelson and Mrs. Lionel Johnson, both of this city, chose identical gowns of blue and yellow over satin. They all carried colonial bouquets of roses and carnations. They wore identical rhinestone earrings, a gift of the bride.

Brother of the groom, Eddie Finstad, of St. Hilaire, was best man. Other attendants were Don Netteland, a friend of the couple, from this city and Kermit Finstad, cousin of the groom of rural Thief River Falls.

Niece of the groom Kathy Brelland, in white net over satin dress with a sweetheart neckline and trimmed in pink rosebuds, was flower girl. She wore a pearl necklace, a gift of the bride. Hilmer Odberg Jr. brother of the bride was ring bearer.

The bride's mother chose a rose suit with navy accessories, while the groom's aunt, Mrs. Carl Alberg, wore a navy dress for the wedding. They both wore identical corsages of roses.

A reception was held following the ceremony in the church parlors for 125 guests.

Dressed in a navy blue suit with blue accessories, the bride and her husband left on a wedding trip to Winnipeg, Canada.

The bride was a member of the 1951 graduating class of the Newfolden high school and is now employed as a dental assistant to Dr. Snyder. The groom graduated in 1950 from Lincoln high school and is now serving in the armed forces.

Concordia Choir at Mentor Mar. 28

Concert Will Be Given In School Auditorium

PAUL J. CHRISTIANSEN

The Concordia Choir will appear in concert in the Mentor high school auditorium on Sunday, March 28, at 8:15 p. m., it was announced today. Director of the choir is Professor Paul J. Christiansen, head of the department of music at Concordia college, Moorhead, Minnesota, and son of the renowned F. Melius Christiansen. Arrangements for the local concert are under the supervision of the Rodnes ladies aid of Erskine. Mrs. G. L. Halmrast of Mentor is local chairman.

The group of 65 singers, who won wide acclaim throughout the nation in recent tours, are appearing in several Midwestern cities and a string of Southern cities this season.

Singing a cappella, the choir will present a program ranging from 15th century classics down through the Bach era to the contemporary masters. Several favorite works by the director's father, F. Melius Christiansen will also be heard.

Chain Stores Give 4-H Leadership Awards in County

A check for $26.00 has been given to William Penning, county agent by G. O. Kildahl, manager of the Woolworth Store, which represents the 1954 award for the 4-H clubs of the county provided by his firm and Gamble Stores, J. C. Penney and Red Owl stores.

The county agent said that the money would be used for junior leadership awards at the completion of the project year, which will be this fall.

This is the eighth year that a similar award has been made. The amount is based on the 4-H enrollment in the county.

The award program is handled by the Northwest Chain Store Council, which has its office in Minneapolis, for the 18 companies which are its members. An award is made to each county in Minnesota, North Dakota, and South Dakota.

The county agent and his 4-H advisers determine how the money is utilized. In the three states it is used for a wide variety of 4-H activities and projects.

W. C. T. U. News Notes

The Woman's Christian Temperance Union has stepped up its activities the past week due to so many alcohol-caused accidents. The Greenbush Union held a public meeting in the form of a Frances Willard Tea in the Bethel Lutheran Church of that city. Mrs. R. B. Westacott brought the message. She made a comparison of off and on sale liquor consumption and credited the majority of road accidents to off sales. She stated that almost 50% of sales were taken out of the store by the purchaser and this type of sale resulted in juveniles getting alcoholic beverages, including whiskey, wine and beer.

Friday evening the Thief River Falls Union held their public meeting in The First Lutheran Church with the largest attendance of any regular meeting. Women of the community participated in Bible interpretation resulting in Mrs. Gordon Kaushagen being awarded a Silver Medal for her selection, "Pauls Defense before Agripa". Rev. Eva Peet was in charge of the meeting as she is spiritual life director. Mr. Rolland Samber, a teacher in Goodridge schools played two piano selections. The film, "Any Boy U. S. A." was shown and well received. This is the newest W.C.T.U. film and was filmed for the Junior High School level but was enjoyed by all ages.

On Sunday evening the Fertile W.C.T.U. held their family night service in the Concordia Lutheran Church. The meeting was opened by showing a film "God's Reach." After the evening meal a Gold Medal Speech contest was held and Beverly Carlson was awarded the medal for her selection, "The Past Has Spoken." Mrs. R. B. Westacott was speaker at this meeting. The newly organized St. Hilaire W.C.T.U. held their first public meeting Monday evening in the Mission Covenant Church of that city. Following officers were installed by Mrs. Westacott: Mrs. John Lemky, president; Mrs. James Bowman, vice president; Mrs. Edwin Anderson, secretary and Mrs. Martin Mosbeck, treasurer. A Gold Medal contest was held. Mary Clouse was awarded The Ardella Severson memorial medal, given by the Thief River Falls Union. The film "Any Boy U.S.A. was shown. It was also used in Goodridge Public Schools and in Junior High School in Thief River Falls.

The Knox school PTA unit will meet on Monday evening, March 15 at 8:00 p. m. in the school.

Dr. O. D. Beich will speak on "Safety Vision Week" and will also show a film. Several accordian solos will be offered by Morgan Ellingson.

Lunch will be served by the second grade mothers. Mrs. Gordon Nohre, chairman and Mrs. Bert Mosleth, co-chairman will head the list as hostesses.

An important business meeting is scheduled, so all parents are urged to attend.

To Surface Trunk Route Goodridge to Grygla in '54

Lee Boyd of Crookston, division maintenance engineer of the state highway department, announced this week that he has been authorized to proceed with the bituminous surfacing of the trunk highway extending from Goodridge to Grygla. He states that the work will be started as soon as weather conditions permit and will be completed during the coming summer.

Company F News Items

Col. McKenzie, commander of the 2nd Bn., visited Co. F at Monday's meeting. He praised the Company for the fine showing it made during the recent recruit drive conducted from Sept. 14th to Dec. 12th, 1953 in which the company more than filled its assigned quota of new men. He also presented Capt. Oven and Pfc. Marvin Jorde with a company and an individual award. Pfc. Marvin Jorde was commended for having done exceptional work during the recruit campaign.

There were 5 classes given on Monday. They were on Browning automatic rifle, 3.5 rocket launcher, .30 caliber machine gun, 60 mm mortar and dismounted drill.

At the end of the meeting an inspection with weapons was held with Col. McKenzie and Capt. Lange Bn. S-2 (Intelligence) from Crookston's G company doing the inspecting.

This week's interview is with Lt. Kenneth Miller. Lt. Miller graduated from Lincoln high school in 1947 and joined the National Guard on Dec. 12, 1950. He went with Company F to Camp Rucker, Ala. in 1951 when the guard was called into active duty. On the 10th of Dec. 1952 he was relieved from active duty after serving two years. At that time he was a Staff Sgt. During his tour of active duty he attended and graduated from military intelligence school at Fort Riley, Kansas.

Jobless Insurance Payments Here Rise 25 Per Cent over '53

Unemployment insurance payments in Thief River Falls and northwestern Minnesota for January and February, 1954, are up 25 per cent over the corresponding period for 1953.

Figures released today by R. S. Eldevik, manager of the Thief River Falls office of the state employment service, reveal that, at the present time, 875 persons in Pennington, Red Lake Marshall, Roseau and Kittson counties are unemployed and filing claims for unemployment insurance benefits. This is the heaviest unemployment claims load experienced by this area since prior to World War II and approximately 120 higher than January and February, 1953.

Of the 875 persons filing clams, 150 are Korean veterans filing for their veterans unemployment benefits, 130 are persons who have worked in other states and are filing against those state; and 595 are persons who have been employed in Minnesota and are filing claims against Minnesota employers.

A break-down of benefit payments reveals that for the period January 1 through February 27, 1954, a total of $115,462 was paid out to unemployed workers in the above-mentioned five counties. Of this amount, $50,693 was paid to Pennington county residents, of which an estimated $14,520 was paid by other states, including North Dakota, South Dakota, Montana, Iowa, Missouri, California, Washington, Alaska, Colorado, Wisconson and Nevada. Unemployment benefits paid to Korean veterans amounted to $12,057 in Pennington county.

Eldevik pointed out that the purpose of unemployment insurance benefits is to provide a means of income security for employees separated from their jobs by causes beyond their control. In order to qualify for benefits, the unemployed workers must be willing, able and immediately available to accept suitable work and he must be registered for work with a state employment office. If his separation from employment was due to either a voluntary "quit without good cause," within the meaning of the law, or a discharge for cause, he is subject to a disqualification of not being eligible for benefits for a specified number of weeks.

Continued, high benefit payments are expected thru April road construction activity gets into full swing later this spring. It should be noted that unemployment in this area is largely seasonal, although this winter lay offs and a lack of job opportunities in various large industrial centers, such as Milwaukee and the Twin Cities, has been felt more than in any previous post-war year.

Mill City Group Bought $147,000 County Bond Issue

County Auditor C. W. Rodekuhr stated this week that the announcement released from his office last Wednesday relating to the sale of $147,000 in Pennington county bonds was partially incorrect. He said that while the terms of the sale were correctly reported, the successful bidder was a Minneapolis syndicate made up of Allison Williams Co., Piper, Jaffray & Hopwood and J. M. Dain & Co., instead of a St. Paul syndicate as previously announced.

Final Rites Are Conducted For Rolf Tandberg

Funeral services were held today, March 10 for Rolf Tandberg who passed away in this city on Sunday, March 7. Rev. Gordon Berntson officiated at the services in the Bethania Lutheran church in Marsh Grove township and burial was made in the church cemetery.

Mr. Tandberg was born in Sigdol, Norway on January 6, 1868. He immigrated to America when he was about 21 years of age. He went first to Grafton, N. Dak., where he worked on a farm for some time, from there he moved to Argyle, Minnesota, where he worked for some time on the Ohmer farm. In 1900 he moved to Marsh Grove township where he purchased a farm.

On November 19, 1902, he was united in marriage to Petra Louise Green in Warren. He was baptized and confirmed in the Lutheran faith and was a member of the Bethania Lutheran church. He was a member of the Marsh Grove town board and also served on the school board.

Survivors include six children Mrs. Joe (Alice) Ralston of Chicago, Illinois, Mrs. Chester (Lucellia) Knight of Jamaica, N. Y., Mrs. Walter (Erna) Tinkham of Skokie, Illinois; Mrs. Carl (Shirley) Woodward of Van Nuys, California; Peter of Newfolden and Chester of Karlstad. Three brothers Otto and Erick of Norway; Chris of Leeds, N. Dak. and one sister, Mrs. Christie Munkhaugen of Norway also survive, as do nine grandchildren. He was preceded in death by one son Kenneth and by four brothers and two sisters.

Dr. G. A. Knutson of Hallock Dies of Heart Attack

Funeral services for Dr. G. A. Knutson, 50, Hallock physician who died unexpectedly Sunday, will be held Thursday at 1 p. m. in the Hallock Lutheran church with Rev. Russell Lundgren officiating.

Dr. Knutson died at his home from a heart ailment a week after escaping injury in a car accident south of Hallock that hospitalized Mrs. Knutson. She was reported doing as well as could be expected Monday.

Dr. Knutson had practiced at Greenbush before coming to Hallock.

He is survived by his wife and five children, Carol, attending the University of Minnesota, and Arlene, Jerry, Cynthia and Richard of Hallock.

Brother of Local Man Dies in Calif.

Merlin Pladson of Los Angeles, Calif., brother of Stan Pladson of Thief River Falls, succumbed last week end following a three-weeks illness from polio. He is survived by his wife and a son, age two. Funeral rites will be conducted Friday, March 12, at 2 p. m. at the Barsness Lutheran church in rural Glenwood.

German Lady to Spend Year Here

Mrs. Louise Stockl of Bavaria, Germany is spending a year at the home of her son-in-law and daughter, Mr. and Mrs. Virgil Erickson of this city. Mrs. Stockl left Germany by boat on February 10 and arrived in New York on February 15. From there she flew to Minneapolis where Mr. and Mrs. Erickson met her. Mrs. Stockl commented on how much lower the price of food is in the United States compared to Germany. She also thinks this is a beautiful country. Mrs. Stockl has two sons who still live in Germany.

DALE CARNEGIE

★ AUTHOR OF "HOW TO STOP WORRYING AND START LIVING" ★

AT ONE period in his life E. B. Wright, R. F. D. #4, Roanoke, Virginia, was a nervous wreck. His mind would go blank in the midst of a conversation and he would forget what he was talking about. It was most embarrassing.

One day he went to see a doctor who told him that forgetting what he was talking about was nothing unusual. He then drew a circle as to why and how a person's mind would work. He said if one were talking about something and suddenly thought of a forgotten appointment, and the telephone rang at the same moment he looked up and saw a man standing there who had been waiting for him, that one's mind simply would be running around in a circle. To all this Mr. Wright responded, "Doctor, you are using very good psychology but I still think I am losing my mind."

CARNEGIE

The doctor replied that if he would listen he would be surprised how quickly he would recover, but if he did not listen that he would be surprised how quickly he would go to the insane asylum or the grave. That just about scared him to death, so he said he would listen.

The doctor started him walking two miles the first day and increased it one mile a day until he was walking ten miles a day. Then he started him to trot until he could trot ten miles a day. This sounded ridiculous but Mr. Wright was desperate. To his surprise, his business got along better without him than with him and he gained fifteen pounds within a few weeks. Moreover that cancerous stomach he thought he had proved to be nothing at all. Now, completely well, he says he does not worry one bit.

357 County Youth Have Signed with 4-H Clubs to Date

Quota Is 400; Other Boys and Girls Are Invited to Join Club in Their Area

Pennington county 4-H clubs have not reached their membership goals for the coming year and are still enrolling new members, according to County Agent William Penning. The quota which the sixteen clubs have set for the county is 400 members. There are now 357 4-H'ers in the county.

In order to meet the county goal, each club has set its own quota on the basis of the number of families in the community with potential 4-H members. Since only one out of every three rural boys and girls in Pennington county is a 4-H'er there are still many young people in the county who have not availed themselves of the opportunity of joining a local 4-H club, Penning said.

No fee is charged for 4-H club membership he stated. The only requirements for joining are that boys and girls must be between the ages of 10 and 21 and enroll for one or more of the 4-H projects offered in agriculture or homemaking. Young people interested in joining a 4-H club should see their local club leader or county extension agent.

Secretary State Farm Bureau to Speak Thursday

"How to Make the maximum use of our organizations' strength and resources" will be the topic of a discussion led by J. Delbert Wells, secretary of the Minnesota Farm Bureau, at a meeting in the Civic and Commerce rooms, Thief River Falls Thursday, March 11 at 8 p. m.

Discussion will center about making and putting together the best plan for Minnesota agriculture as laid out in the 1953-54 Farm Bureau resolutions.

Everyone interested in a free and prosperous agriculture is invited to attend and take part in the meeting according to Paul Engelstad president of the Pennington county Farm Bureau.

Christmas Seal Magazine Tells of County Record

The story of Pennington county's tuberculosis accreditation is related in the March issue of "Everybody's Health" state Christmas Seal magazine.

Pictured in the magazine are residents of Pennington county who participated in the ceremony Sept 18 1953. They are Dr. Baldwin Borreson, superintendent Oakland Park sanatorium, C. W. Rodekuhr, Pennington county auditor, W. G. Clafly, superintendent of schools Thief River Falls, H. A. Kjos, Christmas Seal chairman, and the late Dr. O. F. Melby.

At the ceremony Dr. Borreson was presented with a certificate of distinguished service from the Minnesota Tuberculosis and Health association.

Nurse-to-patient Call System to Be Placed in Hospital

Designed to Save Many Steps for Nurses in Long Corridors of Hospital

The board of trustees of Northwestern Hospital has authorized the installation of an Edwards nurse-to-patient call system for the first and second floors of the new hospital addition and for the same areas in the remodeled Hospital Plant B. The third floor will also be wired with a view to future installation of the same system on the *third floor of the hospital.*

This step has been taken because of the long nursing corridors that will be in the finally completed construction, said Harold W. Peterson, administrator. The system will make it possible for patients in any room in the hospital to talk directly to the nursing station, and is expected to eliminate much unnecessary walking and work on the part of the nursing staff. It also affords greater protection to all patients in making their needs known immediately to nurses in charge of the floor.

It is possible under this system said Peterson, for nurse and patient to talk to one another without necessitating unnecessary answering of lights. It is also possible for the nurse to actually listen to the breathing of the patient during the course of the day or night to determine need for special attention when the patient may not be in condition to make his or her wants known.

Examination Set for Rural Carrier at Goodridge P. O.

The United States civil service commission has announced an examination to fill the position of rural carrier for the postoffice at Goodridge.

Applicants must actually reside within the delivery area of the Goodridge postoffice and must have so lived for the year preceding the closing date for receipt of applications. Age limits, waived for persons entitled to veterans preference, are from 18 to 50.

Full information and application forms may be obtained at the Goodridge postoffice or from the commission's Washington office. Applications must be on file with the U. S. Civil Service Commission, Washington 25, D. C., not later than April 8.

Man Sentenced to Term at St. Cloud

Eugene Anderson of this city was sentenced Tuesday by Judge Paul A. Lundgren in district court to an indeterminate sentence of one to five years at the St. Cloud reformatory after pleading guilty to a burglary at John Maney's cafe in St. Hilaire December 29. Anderson had been brought back from the Twin Cities by Sheriff Arthur Rambeck January 26, and had since been confined in the Polk county jail at Crookston.

Two Men Fined in Municipal Court

Brought into municipal court by the highway patrol, Wm. M. Nelson was fined $20 and $4 costs on a charge of speeding at night at the rate of 80 miles per hour on Highway 32 south of St. Hilaire.

The patrol also brought in DeWein Lappegaard of Rt. 1, city, on a charge of careless driving. He was fined $10 and $4 costs.

U. S. Income Tax Deadline Remains at March 15th

Because of the wide publicity concerning proposed legislation pending in Congress to change the date for filing income tax returns, many taxpayers seem to believe the date for filing 1953 income tax returns has been extended.

In order to clarify this situation A. R. Knox, district director of internal revenue at St. Paul, Minnesota, issued the following statement today: "The last date for filing 1953 income tax returns is March 15, 1954. Envelopes containing returns must be postmarked not later than midnight on that day."

Talk on Livestock Set for Thursday

Pennington county sheep and beef raisers are invited to hear the livestock outlook talk to be given by W. W. Morris, extension animal husbandman from the University of Minnesota, says County Agent Wm. S. Penning. He will speak in the Civic and Commerce room Thursday, March 11 at 1:30 p. m.

This should be an interesting and timely topic due to the economic stress on farmers today, said Penning. Mr. Morris will give hints and suggestions on how to produce livestock cheaper and still have an excellent quality product.

Political Roundup

By Arthur Naftalin

To endorse or not to endorse this is the question that Minnesota Democratic Farmer Laborites will be grappling with this month as they prepare for their state convention in Albert Lea on April 2, 3 and 4.

Since the fusion of 1944, the DFL has regularly endorsed a slate of candidates for state and congressional office, but in each biennial convention there has been a varying amount of opposition to the endorsement procedure. Some DFL'ers want the Party to adopt the practice followed by the Republicans of making no convention endorsement, allowing the primary to be a wide-open affair.

It has been generally assumed that the DFL will endorse again this year, but as the time for the state convention approaches with no clear cut front-running candidate for Governor, there is sentiment here and there for either postponing the endorsements or making none at all.

A Convention Fight

The question of endorsement may provide the leading convention struggle. There is certain to be a strong group favoring the continuance of the practice on the grounds that to win in November the Party must get behind a ticket early and use the time between the convention and the general election to build up the candidates.

On the other hand, not a few DFL'ers feel that the endorsement procedure holds certain dangers in that, in the absence of strong candidates, it pits the official Party organization against factional opposition in the primary.

The candidates themselves, usually constitute a strong pressure for endorsement, because most of them are reluctant to enter the primary unless they can be assured of reasonably strong organizational support. Republicans do not have this problem to the same degree, because they hold most state offices and incumbents seeking re-election have enough of a natural advantage to ordinarily obtain renomination without special effort in the primary.

McCarthy Troubles GOP

The crest of McCarthyism appears to have been reached, and the matter has now become primarily a Republican internal problem. Until recently Senator McCarthy's successful use of the Communist question in a number of elections was regarded as the likely pattern to be followed generally in the 1954 elections.

Now, however, that the Wisconsin Senator is warring with President Eisenhower the Senator's approach is regarded by many GOP'ers as more troublesome than helpful.

DFL County Conventions

This Saturday the DFL holds its county conventions, and these meetings may provide some clue concerning the Party's choice for the Governorship race. At last week's precinct caucuses there were scattered resolutions supporting several of the candidates who have been mentioned from time to time, but there was no discernible groundswell for any particular aspirant.

Two new possibilities entered the arena this week. One was Mayor George Johnson of Duluth, who had some support in a few Duluth precincts, and Hennepin County Commissioner Richard O. Hanson of Minneapolis. The Hanson candidacy was being watched carefully by top Party leaders, many of whom viewed this as a logical move especially in the event that the state convention should become stalled.

McCarthy Talk Continues

Congressman Eugene J. McCarthy of St. Paul has never removed himself as a possible DFL candidate for Governor, and in recent days there have been persistent rumors that McCarthy is ready to take a fling at the chief executive post. If McCarthy should make this decision, he is not likely to have much opposition for the endorsement.

Meanwhile a fellow townsman of his, Sydney Goff, a St. Paul attorney, was filling speaking engagements in which he continued his attack on Governor C. Elmer Anderson's administration. Goff is also being boomed for the Governorship.

Former Governor Hjalmer Petersen also was attracting continued attention. His activity with the interim highways commission, and his demands for a special session of the legislature, are keeping him in the forefront of possibilities.

QUESTIONS answered for VETERANS

Veterans with personal problems or questions should consult Leo L. Haley, Contact Representative, Room 210-211 Post Office Building or Box 875, Grand Forks, North Dakota.

Q. Somehow I completely forgot to pay my monthly GI insurance premium. When I remembered it, it was the last day of the grace period—a Sunday. I mailed the check anyhow. Will my insurance lapse?

A: No. If the last day of the grace period falls on Sunday, VA will accept the payment if it's made on the next business day. VA considers the postmark date on the envelope as the date the premium is paid.

Q. I have been rated as totally and permanently disabled for VA compensation purposes. Does this mean that after six months I can stop paying premiums on my GI insurance policy?

A. Not necessarily. The criteria for determining total disability for compensation is not exactly the same as for GI insurance payments. Continue paying premiums, however, until VA tells you to stop.

Q. I am a disabled veteran taking Public Law 16 training. I know I can get VA outpatient treatment for my service-connected disabilities but would my Public Law 16 training qualify me for VA outpatient treatment of a non-service connected disability?

A. You would be permitted to receive VA outpatient medical treatment for a nonservice-connected disability only if you needed it to avoid interrupting your Public Law 16 training.

Q. I am training to be a lawyer under the Korean GI Bill. After I complete my schooling will I be allowed to take GI Bill on-the-job-training as a law clerk?

A. Under the Korean GI Bill, you are permitted to take job training as a law clerk only if it's required in your state in order to be admitted to the bar examination and to practice.

L.O'L. District 17 Session Thursday Draws Big Crowd

(Continued from page 1)

Walter M. Pedersen, followed by a welcome given by J. M. Roche, C. and C. secretary, and the response by E. G. Simmons of Pine Creek.

Entertainment features included selections by the Lincoln high school clarinet quintet and cornet trio, a humorous reading, "My Man Ole," by Nancy Kvien of Pinecreek, and songs by Mrs. Max Jensen, accompanied on the accordion, by Mrs. Jassie Miramontes.

Stuart McLeod awarded attendance prizes to the creameries with the best representation at the meeting as follows: first, Lancaster; second, Wannaska; third, Greenbush, and fourth, Roseau.

John Lager, district fieldman, announced that top honors in the district efficiency contest had been won by Clifford Skime, operator of the Roseau creamery, with an average score of 99.745 for the year.

Following closely in second place was G. Sillerude of Greenbush, with a score of 99.740. Third honors went to A. Lanes of Wannaska, 99.73, fourth to A. L. Thompson of Eddy, 99.61; and fifth to L. Forbragd of Leonard 99.58.

In the morning session Stuart McLeod, manager of the local L. O'L. plant, reported that volume of business in all departments had registered an increase in 1953, and John Lager reported the same situation in respect to member creameries in District 17.

All district officers were retained in the annual election conducted before the meeting adjourned. Included are Art Stenberg, president, M. B. Magnuson of Roseau and Art Norby of Grygla, vice presidents, Egbert Malberg of Viking, secretary; and Elmer Severson of Clearbrook, treasurer.

Stenberg was nominated to succeed himself as a member of the board of Land O'Lakes Creameries, and Ben Christianson of Greenbush was nominated for alternate director.

During the noon hour, lunch was served by the Silver Creek ladies aid, and a concert was given by the Lincoln high school band.

Work Planned on 6.1 Miles SAR 2 South from City

Acting as agent for Pennington county, M. J. Hoffman, state highway commissioner, has called for bids to be opened in Thief River Falls Tuesday, March 30 on work planned on State Aid Road 2, extending 6.1 miles south from this city to the junction with State Aid Road 1 east of St. Hilaire.

The project calls for sand gravel lift and gravel surfacing of the section requiring 34,200 cubic yards of borrow excavation and 8,400 tons of gravel.

Bids will be received at the office of County Auditor C. W. Rodekuhr.

Dr. J. Disse Heads Sportsmen's Club

Elected Last Wednesday to Succeed Bob Bell

Dr. James O. Disse was named president of the Pennington County Sportsmen's club in its annual election last Wednesday evening in the Civic and Commerce room in the Auditorium. He succeeds Bob Bell.

Others elected after submission of a report by Harry L. Schuster, chairman of the nominating committee, were Everett Amundgaard, vice president; Don Lawrence, secretary; and Elmer Bratsch, retained as treasurer.

John Anderson showed several reels of motion pictures, and lunch was served following the program.

It was agreed, for the present at least, to hold club meetings the first Wednesday evening in the month, instead of the first Tuesday as in the past.

The number of women who work for railroads in Communist China has doubled since 1950, according to a Peiping radio broadcast. Most of the women are train dispatchers and locomotive engineers.

Pioneer Days in This Area

By Old Timer

Editor, Times:

The "50 Years Ago" column in your good paper has prompted me to do a little "looking backward" to the early history of our community. We invite you to go back with us through Memory Lane and see what life like on pioneer farms in this area in the 1880s and 1890s. We will write about the families who settled on Tryall Ridge (Tryall Ryggen) so named from a community in Norway, now known as the Rosewood community.

Into this community the Fred Blomberg, John Sor and John Hellquist families arrived during the first week of July 1883, their car of household goods coming to St. Hilaire from Ishpeming, Mich., on one of the first trains after the railroad was completed from Crookston to that point. The Peter Peterson and A. Wiberg families had arrived earlier and settled about three miles southeast, in what is now Norden Township. The Even Anderson family arrived later in 1883. These settlers cut the grass for hay with scythes and raked it together with hand made wooden rakes. This was slow and hard work, but there was no other way when there was no money to buy a mower and hay rake.

These settlers faced the winter of 1883-1884 with much courage and little cash. They lived in small homestead shacks that were anything but warm and there was ice in the water pail in the morning. The heaters were the small box type stoves. The cook stoves were the cast iron four legged type and wood was the only fuel. Kerosene was called "coal oil" and was used very carefully so the supply would last until the next trip to town. The tallow candle was also used in emergency, the candles being often home made. There were very few cows and milk was scarce, however, they did not starve, wild game being plentiful, if there was ammunition for the old muzzle loading shot gun.

There were no roads, merely trails along the sandridges. The early roads were partly constructed by poll tax labor. At that time each man between the ages of 21 and 50 years paid a poll tax of $1.50 per year. The farmers worked the tax value on the roads, $1.50 for one day, the same amount was allowed for a team of oxen or horses.

Tribute to 4-H Leaders

More than forty-one of Pennington county's busiest farmers and homemakers are volunteering their time and talents to serve as adult leaders of their local 4-H clubs.

I think we should all take off our hats in paying tribute to the vital contribution these men and women are making in unselfishly giving their time to help make the 4-H program a success. In time alone, they spend what amounts to a total of 18 days a year, or more, in their 4-H club activities.

Observance of National 4-H Club Week from March 6-14 would not be complete, without special recognition of the work of the local club leaders who play such an important part in the year's accomplishments of the 4-H members.

Many of these club leaders are the parents of 4-H boys and girls and share their problems with them. Others are working with 4-H clubs because they want to have a hand in helping boys and girls to become better farmers, homemakers and citizens.

Each year 4-H clubs elect as their leaders men and women in the community who can be of the greatest help and service to the members. The volunteer local leaders are sufficiently interested in young people to be willing to spend some time in training for the work and in helping members with their many activities.

In Pennington county men and women working as adult leaders this year are:

Star 4-H Club, Sven Omlid, Mrs. Alvin Horning.

Double N, Mr. and Mrs Dake Ayers, Mrs. Chas. Sorenson.

Rocksbury, Henry Oen, Mrs. Edwin Hanson, Mrs. M. Mehrkens, Albert Koop, Mrs. Carl Finstad.

CHATTING with your HOME AGENT

Seems that this lovely spring-like weather we've been having lately has made us think a bit about gardening. Seed catalogues are going through the mail, stores are putting up displays of seeds, and folks are beginning to plan their gardens.

When buying seeds for your vegetable garden, it is a good idea to note whether you plan to freeze these vegetables later in the summer. If you do, you will want to select varieties which are suitable for freezing. In the office, we have a good supply of University of Minnesota Extension Bulletin 244 "Freezing Foods for Home Use" which lists varieties suitable for freezing. However, there are many other varieties of good quality that will be found satisfactory for home freezing.

Among the recommended varieties for vegetables are:

Green Beans: Kentucky Wonder (pole), Blue Lake Stringless (pole); Giant Stringless Green pod, Rival, Tendergreen and Topcrop. In beans it is especially important to select a suitable variety.

Yellow Beans: Brittle Wax (round pod kidney wax), Pencil Pod Black Wax, Cherokee and Pure Gold.

Carrots: Nancy, Nantes, Imperator, and Chantenay Red Core.

Sweet Corn: Golden Freeze, Cream O' Gold and Golden Bantam types are preferred for corn-on-cob. Almost any good table corn is suitable for cut corn. Hybrid corn is desirable because of its more uniform maturity.

Peas: Freezonian, Lincoln, Shaster, Little Marvel, Thomas Laxton preferred varieties; Hundred fold (Laxtonian), Bantpeaner Early Dwarf, Oneida, Teton, Laxton's Progress, and Victory Freezer. Alaska and other starchy peas should be avoided.

Spinach: Long Standing Bloomsdale (preferred variety); King of Denmark, and Nobel.

Swiss Chard, Fordhook and Lucullus.

Summer Squash: Summer Crookneck and Zucchini.

Winter Squash: For table use—Buttercup, Greengold, and Rainbow.

For a more complete list of vegetables, as well as directions for freezing, see the bulletin.

We have just received a supply of Extension Bulletin 154 "Vegetable Varieties in Minnesota." This bulletin lists vegetable varieties which are suggested for Minnesota Home Gardens, as well as a discussion of new varieties which were tested last year.

You may pick up your copy of this bulletin at the Extension Office.

Prowler Quint Meets East Grand Forks for Dist. 31 Title Tonight

The Prowlers will attempt to win their third successive 31st district basketball championship tonight when, on the spacious University of North Dakota fieldhouse court at Grand Forks they meet coach Harold Sullivan's East Grand Forks quint in the finals. In semi-finals games played on Tuesday night, the Prowlers, showing superior rebounding ability, defeated the Warren Ponies, 60 to 50; while East Grand Forks, with a second half rally, defeated the fast-breaking Plummer Cardinals, 56 to 46.

The Cardinals took control of the game at the start, leading East Grand Forks by a 15 to 3 margin at one time in the first period, and held a strong lead of 27 to 18 at the end of the half. Jim Koop with 19 points and Neil Kraft with 14 were the high scorers for Plummer.

District tournament first round games on Monday found the Prowlers eliminating Red Lake Falls, 64 to 36; Warren defeating Crookston, 64 to 48; Plummer beating Alvarado, 47 to 37; and East Grand Forks defeating Climax, 60 to 36.

In Monday afternoon's opening game, the Prowlers rolled up an 18 to 7 first period lead over Red Lake Falls; and increased that advantage to 32 to 11 at the intermission. During the first half of the game, a "cold" Red Lake Falls team was limited to but three field goals, while the Prowlers garnered fourteen field goals. In the second half, the Eagles improved considerably in their basket shooting, trailing the Prowlers by a point, 16 to 15, in the third period scoring.

Tuesday night's semi-finals game between the Prowlers and the Warren Ponies proved to be a scoring duel between the Ponies' driving forward, John Carlson, and the Prowlers' rebounding center, Art Johnson, with the point-honors being awarded to Carlson. Carlson looped in ten field goals and ten free throws for a thirty-point effort, while Johnson connected for eleven field goals and four free throws for twenty six points.

While the Prowlers led at all the period breaks, having a 16 to 13 lead at the end of the first period, a 30 to 22 margin at the half, and a 43 to 32 advantage at the end of the third period, it was not until the final minutes that the game was "insured." With about three minutes to play, Warren trailed the Prowlers by only six points, 50 to 44, but Johnson scored on a rebound, and then added a pair of free throw points with 1:40 to play; and when Gary Humes marked up a pair of free throw points, the Prowlers were "in."

Thieves Down Grand Forks in 3d Playoff Tilt

Redwings Now Leading Two Games to One; 4th Game at Arena Tonight

The senior hockey Thieves, trailing the Grand Forks Redwings two games to zero in the best-of-five Northwest Hockey league semi-finals and on the short end of a 2 to 0 score after a minute of the third period of the third game of the series played here on Sunday afternoon, bounced off the sideboards to score three goals and edge the Wings, 3 to 2.

The Thieves third-period rally was sparked by the two-goal performance of left-wing Ken McKenzie. McKenzie played in the local lineup as a replacement for Church Russell who injured a shoulder in the Thieves vs. Grand Forks game at Grand Forks Wednesday night.

The fourth game of the series will be played here on Wednesday night, March 10th, with the face-off scheduled for 9:00 p. m.

Odie Lowe, Grand Forks' high scoring center, opened Sunday afternoon's scoring by banging in a goal at 17:08 of he first period, with Gordy Simpson centering out the goal-mouth pass from the corner. Simpson, playing at a wing position, was in the Redwings lineup as a substitute for the injured Doug Lewis.

The Redwings moved into a 2 to 0 lead at the 0:26 mark of the third period when burly Don Crough, with Darryl Lund serving a Thieves penalty, slammed in a long shot after intercepting a clearing pass.

Thieves broke into the scoring column at 7:17 when Bruce Hall shoved a pass to McKenzie at the Grand Forks blue-line, and Ken raced in on goalie Nicholson and beat the Wings' netminder with an angled shot that picked the long side of the cage. With Crough serving a Grand Forks penalty, the Thieves evened the score at 2-all when, at 10:17, Paul Bedard received a behind the net pass from Bill Robinson and flicked the disc past Nicholson and into the north goal. McKenzie notched the game-winning tally at 18:14, getting a pass from center-ice man Robinson and rifling an angled shot from left-wing that again picked the long side of the net.

Playing at Grand Forks on Wednesday night, the Thieves dropped their second straight game to the Redwings, with Wendy Foist producing the tie-breaking goal at 9:37 of the third period to give Grand Forks a 5 to 4 triumph.

Grand Forks, after being held to a 1 to 1 score in the first period, rolled up three goals in the second period, with Lowe scoring a pair, to hold a 4 to 2 advantage at the intermission. A goal by Bill Robinson, at 4:29; and Church Russell's tally at 6:54, knotted the game at 4-all. Wendy Foist, the Wings' hard-working forward, duplicating his performance of the series opener, when he scored the winning goal, beat McGill with a shot at 9:37 to give Grand Forks a 5 to 4 win and two games to none lead in the best-of-five series. A margin that the Thieves reduced by winning Sunday's game here.

Alvarado Noses out Fisher 47-46 to Win Subdistrict Tourney

Coach Charles Pickens' Alvarado team, on Glen Olson's free throw with thirteen seconds of play remaining, edged out coach Norman Wagner's Fisher Flyers, 47 to 46, to win the subdistrict tournament that was concluded here on Friday night. By their victory, Alvarado gained a berth in the district tourney that is being played at Grand Forks, with the finals slated for tonight.

Fisher held the lead at all the period breaks, having a 10 to 7 margin at the end of the first period, a 24 to 22 lead at the intermission, and a 36 to 32 advantage entering the fourth period. Alvarado, on Glen Olson's gift toss with 1:36 to play, evened the score at 44-all. Duane Ekman drove in for lay-up for Alvarado; but Dale Wagner, with thirty seconds to play, scored on a rebound, and the two teams moved into the final seconds knotted at 46 to 46. With thirteen seconds to play, Glen Olson made one of two free throw tries, giving Alvarado a 47 to 46 win.

In the consolation game, coach Bud Olson's Goodridge team, with Delano Thoreson and Wendy Brateng each scoring fourteen points, defeated the Oslo team, in spite of a thirty-point effort by Oslo's Arden Larson, 52 to 49.

First round games on Thursday night, found the Fisher team rolling to a 66 to 33 win over Oslo; and Alvarado was forced into an overtime period to subdue Goodridge, winning by a 53 to 49 score.

About Winners

FRANK SELVY, the Furman University flash, who has broken all sorts of basketball scoring records this year, scored an even 100 points in a game his team won from Newberry College 149-95. Frank's full name: Franklin Delano Selvy . . . Outfielder Bobby Thomson, who won the pennant for the New York Giants in 1951 with a ninth-inning play-off homer, should be a decided asset to the Milwaukee Braves. The Braves acquired Bobby by trading Pitcher Johnny Antonelli in a six player deal . . . The International Amateur Athletic Federation met recently in London, approved 28 new track and field world records. Among them: two for American Mal Whitfield, at the half mile (1:48.6) and 1,000 meters (2:20.8) . . . The U. Award Night.

Cliff Bjorkman, donor of the grade school athletic trophies, has hopes that the trophies will arrive in time to be presented at the "Award Night" that will be held at the Lincoln high school gymnasium on Friday night, March 12th, at 7:00 p. m. The Northrop school will be given the championship awards in basketball and baseball; and the Washington school will be presented with the championship trophies for football and hockey.

Cliff hopes that arrangements can be made whereby the Prowler captains in football, basketball, hockey, and baseball will be on hand to present these trophies to the Northrop and Washington grade school athletic captains. We're sure the youngsters would get a thrill out of that; and we're sure, too, that Lyle, Darold, Marv, Jack, and Art would appreciate being called upon to make these presentations.

Don't forget, the date's March 12th, and it's grade school award night. While the feature attraction will be the awarding of the championship trophies, there will be athletic competition, too, with the Washington team playing the Northrop team in basketball.

Move Over, Prowlers.

The Prowlers, who have been monopolizing the hockey championship spotlight around here because of their winning of the state high school title, will have to move over and leave a little room for the Washington grade school team, winners of the city grade school hockey championship.

The Washington team defeated the Northrop sextet, 4 to 1, in the finals of the grade school tournament that was concluded at the Arena on Friday night. In first round games on Thursday night, Washington eliminated St. Bernard's, winning by a 3 to 0 score; and Northrop defeated Knox, 2 to 1.

In the finals, and it was playing before a good crowd, Washington raced away to a 3 to 0 first period lead, with Arlen Hjelle, on an assist from Jerome Larson, getting the first goal, and then following with another marker on an assist from Archie Schneider; center Dale Wennberg, with Hjelle on the assist, pumped in the third goal.

Washington boosted their advantage to 4 to 0 when Hjelle, in the second period, tallied his third goal of the game, with Wennberg being credited with the assist. Northrop spoiled goalie Jack Larson's shutout by scoring a goal in the final period, with Wally Phillip getting the tally.

So it's a round of cheers to that championship Washington grade school hockey squad: goalie, Jack Larson; defensemen, Archie Schneider, Jerome Larson, Larry Efteland, and Gary Hanson; wings, Arlen Hjelle, Wayne Halvorson, Don Waldera, Dick Kulseth, and Clyde Trickle; and centers, Dale Wennberg and Glenn Armstrong. We hope that the hockey Prowlers will show proper respect to the Washington grade school team. They're champs, too.

They'll Be Stubborn.

The Senior hockey Thieves, on the verge of being eliminated from the Northwest Hockey league playoffs, trailing the Grand Forks Redwings, two games to one in the best-of-five series, will attempt to send the series into a fifth and deciding game by defeating the Redwings in the fourth game here tonight. Face-off for tonight's game has been set for 9:15 p. m.

The Thieves, getting a "lift" from the left-wing sniping by Ken McKenzie, defeated Grand Forks, 3 to 2, here on Sunday afternoon. It is doubtful if McKenzie, who was taking the place of the injured Church Russell, will be available for tonight's game as he is billed to play with the Pilot Mound, Manitoba, club. Efforts are being made to get Pete Langelle, a former Toronto Maple Leafs forward, and a member of the Winnipeg Maroons this season, to come down here for tonight's game.

Incidentally, the Winnipeg Maroons won the Manitoba senior hockey championship on Monday night when, in the fourth game of the best-of-seven series, they defeated the Portage la Prairie Memorials, 4 to 2. The Maroons will now mark time until a winner in the Thunder Bay district, between the Fort Frances Canadians and the Fort William Beavers, has been determined.

Trying for Number Sixteen

The Prowlers will be trying for their sixteenth district championship tonight when they meet the East Grand Forks Green Wave in the finals of the 31st district basketball tournament at Grand Forks. During the season's play the two teams, the Prowlers and the Green Wave, had a win and a loss in their two-game series. The Prowlers lost to East Side, 51 to 46, at East Grand Forks; and won, by a 51 to 42 score, in the game played here.

Last night, in their semi-finals game against the Plummer Cardinals, East Grand Forks was given a scare, and it was only through their superior reserve strength that they pulled out with the win. Plummer sprinted away to a 15 to 5 first period lead, and held a 27 to 18 lead at the half.

Unfortunately for the Cardinals two of their players, Dan Kush and Vern Hanson, picked up four fouls apiece in the first half, and coach Howie Casmey was forced to "pull" the boys out of the lineup, and that was the "break" the East Siders needed. The Green Wave overcame the Plummer lead in the third period, and then went on to gain a 56 to 46 win.

Coach Sullivan's entire tournament squad is of varsity caliber, and he can substitute freely without disrupting the offensive or defensive play of the Wave; and that factor could be vital in tonight's game, if the Prowlers should be forced to play "timid" because of the fouls they carry. Prowler coach Ralph Skjod will hope that Art and Bill can play full time.

Prowler Hockey Team Lions Guests

State Champions Feted at Luncheon Wednesday

Guests of honor at the Lions club luncheon meeting last Wednesday noon in the Rex Cafe were members of the state champion Lincoln high school team and reserve players, together with Coach Dennis Rolle and athletic director Quentin Jones.

Introduced by Stan Mortenson, program chairman, Coach Rolle presented each of the players, and told of the difficulty he had experienced in selecting a tournament squad of only twelve members as required by state rules.

Rolle said that eight members of the team will graduate this spring, but added that some promising replacements are coming up. He also stated that much credit for the team's success is due Quentin Jones, and Jones in turn paid tribute to the school administration for its support of the athletic program.

4-H Clubs Observing National 4-H Week

More than 47,000 young people in Minnesota are taking stock of their achievements as they observe National 4-H Club Week March 6-14.

During the week many of the 2,089 4-H clubs in the state are holding open house meetings, have special programs and display exhibits which carry out their 1954 theme, "Working Together for World Understanding."

Climax of the week will be the state 4-H radio speaking contest on Saturday, March 13. The two highest-scoring contestants among 17 district winners who will compete on the St. Paul Campus of the University of Minnesota Saturday morning will broadcast their speeches over WCCO at 4:30 p. m. A banquet for 4-H members participating in the state contest will be given Saturday evening (March 13) by the Minnesota Jewish council, which is co-sponsor of the contest with the Minnesota agricultural extension service.

Nearly 1,000 4-H members in Minnesota have given serious thought to their civic responsibilities by writing speeches and taking part in this year's radio speaking contest on "What the Bill of Rights Means to Me."

According to Leonard Harkness, state 4-H club leader at the University of Minnesota, 4-H members in Minnesota are engaged in an increasing number of activities which carry out their theme of working together for world understanding. Under the International Farm Youth Exchange program, which 4-H clubs are helping to support, nine young people from Minnesota have lived and worked on farms in foreign countries and 22 youths from foreign lands have spent some time on farm in this state. Two more Minnesota club members will go to India and Pakistan this summer under the program, and a number of young people from these countries will come to Minnesota.

To promote better understanding among people in this country, Minnesota 4-H clubs are again sponsoring the Minnesota-Mississippi 4-H Club Exchange program, under which 28 club members from Minnesota will go to Mississippi this summer to observe farming and the way of life in the South.

The past year has also been one of achievement for 4-H'ers in applying the best scientific methods to farming and homemaking. Among their accomplishments are beautifying home yards, making farm homes more attractive and efficient, as well as planting trees and windbreaks, raising 13,500 head of dairy and beef cattle, 10,343 sheep, 259,000 turkeys or chickens, growing 11,500 acres of corn, and canning and freezing more than 191,000 quarts of food. Through such activities as health, safety and fire prevention, some 35,000 members have assisted with community health programs and helped make communities safe by conducting safety surveys and campaigns.

Keep Aspirin out of Youngsters' Reach, Is Advice

The greatest danger to the lives of children lies not in diseases but in the carelessness, lack of supervision and absence of ordinary safety precautions which resulted in 250 preventable deaths among Minnesota children in 1952 according to a bulletin issued by the Minnesota State Medical association today.

As an example, the doctors cite in this bulletin, the appalling poisoning rate among children under five from common household remedies and aids like aspirin, left where young children can reach them. In the last two years 65 cases of accidental aspirin-poisoning were brought to just one Minneapolis hospital, they say. Some of them died and others were reached in time with effective emergency treatment.

Most of these deaths, like the disasters due to aspirin poisoning, could be prevented by a simple change in household and family routine, the doctors point out. Locked medicine cabinets, for example, would be cheap at the price. So would supervision at all times for younger children, care and proper instruction in storing and use of firearms, removal of shells, matches, knives, hot kettles out of the reach of youngsters.

Here is a street scene in busy Thief River Falls as it was one bright morning 50 years ago. The Hotel Ogahmah on the left fronted on LaBree in the block now occupied by the post office. This is looking north from in front of the Hospital, south of what was then called Bridge street, now First.

Less Meat, More Poultry and Dairy Products in 1954

'U' Consumer Marketing Agent Surveys Outlook for First Half of Year

Consumers in Minnesota and throughout the nation will have plenty of food during the first half of 1954, though there will be less meat for their market baskets than there was a year ago.

More chicken, eggs, shortening and manufactured dairy products, including cheese, butter, ice cream, dried and evaporated milk, are in prospect this year, Mrs. Eleanor Loomis, extension consumer marketing agent at the University of Minnesota, reported today. In addition, more fresh and processed fruit, canned vegetables, potatoes and sweet potatoes are on hand now than there were in 1953.

However, the U. S. Department of Agriculture forecasts smaller supplies of meat, fishery products, lard and fresh vegetables than there were last year.

There will be less beef, lamb and considerably less pork in the first half of 1954 compared to the heavy output in 1953. During the last half of the year, however, an increase of beef supplies is anticipated. Supplies of veal will probably be larger in 1954 than in 1953 because more calves are expected to be marketed. Pork supplies will be considerably smaller most of the year, although the later months of 1954 may see some increase.

Though there will be somewhat smaller quantities of fresh vegetables this year, stocks of many vegetables carried over from late fall harvesting will provide ample supplies. There are more potatoes and sweet potatoes than last year at this time, as well as good supplies of canned and dried vegetables.

More fresh fruit remains to be marketed in the next few months than was the case a year ago. Outlook for this year's citrus crop indicates larger production of both oranges and grapefruit. More winter pears have been sent to market this winter and prices have been lower than a year ago.

Record supplies of frozen fruit are on the market, especially strawberries and cherries. Stocks of canned fruit are larger this year also, with apricots and peaches leading the way.

1954 Farm Forum Set for Mar. 15-16 in Minneapolis

"Tomorrow's Markets for Farm Products at Home and Abroad" is the title of the 1954 Farm Forum to be held March 15 and 16 in Minneapolis' Nicollet hotel, according to Warren C. MacFarlane, general chairman of the forum and president of Minneapolis-Moline Company.

"This year's forum, the eighth such event to be sponsored by the Minneapolis Chamber of Commerce, promises a galaxy of nationally known speakers representing agriculture, business and government," MacFarlane said. He added that speakers will give their viewpoints on national questions and discuss problems pertaining to agriculture in this area.

Interest in the forum has grown from year to year. Attendance at the first forum in 1947 was only 450. In 1950, a total of 1,893 registered, and nearly the same number participated in the 1953 forum. A record attendance is expected at this years event.

The forum is open to the public — no registration fee is required.

National Guard Armory at Anoka Dedicated Friday

Is First Project of Its Kind to be Completed Since World War II

The first armory to be completed in an extensive Minnesota National Guard armory construction program was dedicated at Anoka at 8:00 P. M. Friday, Mar. 5th. Participating in the ceremony were troops of the 125th Field Artillery Battalion, citizens of Anoka and many distinguished military and civilian guests.

The Anoka building is the first National Guard armory to be constructed in Minnesota since World War II, Major General J. E. Nelson, Minnesota's adjutant general said. Costing some $180,000.00, it was started last June and completed in February.

The National Guard construction program for Minnesota calls for a total of eighteen new armories, General Nelson said. Construction will start shortly on armories at Cloquet and Thief River Falls. Bids have been taken for construction at Pipestone and Litchfield.

There are 48 armories located in as many communities thruout the State of Minnesota and the armory construction program now underway is to provide armory facilities for the 17 communities which do not have National Guard armories.

The National Guard Bureau, representing the federal government, has approved plans for construction of armories at Virginia, Fergus Falls and Detroit Lakes, General Nelson said. his office would call for bids on these buildings as soon as plans and specifications can be completed.

BUILDING A BALL PARK

Now that the hockey season is drawing to a close and the end of the basketball season is in sight there is a revival of interest in baseball. And whenever baseball is the subject of conversation hereabouts the need for an adequate ball park is sure to be mentioned.

The need for better playing facilities has now gotten beyond the conversation stage. By petitions the city council and the school board are being urged to act. These petitions are getting surprisingly good backing and will lend considerable support to the appeal of the promoters when they are officially presented.

Now, as always, it is easy to come up with a good reason why we cannot build a ball park this year. We don't have the necessary money. But while ball parks are expensive, they are not so costly that we cannot pay for one if we really want it.

Baseball has increased steadily in popularity in this community in recent years. It is an important part of a well-directed play program and there is no question about the need for a field. Lights, that would make night ball possible, should greatly increase spectator interest here as they have elsewhere. There is a fair chance that, under good management, a ball park could be made a self-supporting venture financially.

DAIRY PRODUCTS PRICES

Congress has appropriated an additional one and three-quarters billion dollars for farm price supports and that should be fairly convincing proof that the bottom is not going to drop out from under farm product prices—for the time being. Leaders of agriculture however are generally agreed that these appropriations cannot be justified indefinitely. They must be looked upon only as temporary stop-gaps to tide the industry through periods of adjustment. Federal price supports are not a permanent solution for any surplus problem.

In this area the big concern is maintaining a stable and dependable market for dairy products. A year ago dairy industry leaders declared their intention to organize a self-help production and marketing control program, and asked the government to continue its price support program for one year, within which time they would be organized and able to take care of their own problem. This they have failed to do.

Through the National Milk Producers Federation, an organization representing two million dairy farmers, they have adopted a plan for self help. They agreed on this plan last November. Now they are asking Congress to pass enabling legislation to put the plan into effect.

And this Congress should do immediately. The Federation plan has the support of such organizations as Land O'Lakes. Frank Stone, Land O'Lakes president, is urging its adoption. Hoard's Dairyman, leading dairy journal, says it should be given a trial and in the language of Lou Conlon, "Let's get the show on the road."

With united support for the enactment of enabling legislation along this line the industry would be justified in its request for a further extension of the price support program. It is the leadership of the industry that has failed to measure up to its promises and its responsibilities and the government should take this fact into consideration before pulling the props out from under the rank and file producers of the industry.

There still is time if the sleeping industry can be prodded into action.

OUR SICK COMMUNITY CHEST

Citizens of Akron, Ohio, seem to be winning their fight to restore their community chest. In Akron, as in many other cities, the community chest was at one time a great success. For years the people had been harrassed by multiple solicitations. Then through their community chest they reduced the cost of solicitations *in terms of both time and money.* Because their one-solicitation drive was more thorough and better organized, they raised more money. And through a central organization they were able to direct their giving to proven needs and reduce the cost of charity racketeering.

Then, one by one, organizations withdrew from the community chest and insisted on conducting their own drives. Soon Akron was back in a state of confusion again. For a period of five years the community chest failed and nearly all of the health, welfare and charity drives suffered. Then another attempt was made to organize and this time with determination that there would be no deviation from the one-drive plan. There has been no deviation and observers say Akron's united fund has had "distinguished success."

Here in Thief River Falls our community chest is failing. There is talk of giving it up entirely. Whether it should be continued is a question that should be considered now. If it is to be saved now is the time to revive it and not next October when the annual solicitation is scheduled to get under way.

Adlai Stevenson blames President Eisenhower for failing to curb McCarthy but this is a responsibility that more properly belongs to Congress. The president has gone about as far as he can go in reprimanding the Wisconsin senator for unfair tactics in conducting investigations. He has come to the defense of officials serving with him in the administrative branch of government. But congress is an independent branch of government and interference with a legislative function by the executive probably would be resented even by members who strongly disapprove the McCarthy tactics. It is for congress to police itself—and failure to impose upon its own members reasonable rules of conduct and restraint is not building public confidence in the capacity and integrity of the national legislature.

Fred Neumeier, able St. Paul Pioneer Press writer, says, "Friends of attorney general Burnquist are getting tired of waiting for some action by state republican leaders regarding a U. S. senator candidate and are urging the veteran office holder to throw his hat into the ring." There is just one thing wrong with your report Fred. The fellows who are telling Burnquist to run against Humphrey are not his friends.

Excessive moisture and humidity which frequently bedevils tightly-build houses and causes expensive damage to the structure can often be banished in a very simple manner. When the glass in windows or mirrors is "dewy" with moisture, open windows slightly on the opposite sides of the house. A one-inch crack will do the trick.

Week's Events in Newfolden

Edith M. Lindbeck, Newfolden

Make Every Bit of Moisture Count

with a JOHN DEERE-VAN BRUNT "LL" Press Grain Drill

Soil moisture is much too valuable to sacrifice to evaporation, run-off, and misuse—especially when the correct planting method will permit you to put it to work nourishing paying, profit-building crops. And that's just where the John Deere-Van Brunt Model "LL" Press Grain Drill comes in. With the Model "LL," you make every bit of moisture count—place uniform quantities of seed at an even depth in the ground and pack the soil over the seed—protect seed from wind and water erosion, and improve capillary action which speeds germination and combats drouth.

Let us show you how to guard against moisture waste with a Model "LL."

Half-ton beauty with a two-ton punch

HYDRA-MATIC

THIS new '54 GMC light-duty wasn't born just to win beauty contests.

Sure, its sleek lines, full-width grille and panoramic windshield are handsomely un-trucklike.

There's the same dashing air about the inside, too. Two-tone color scheme. Harmonizing, [illegible] leather upholstery. Smart instrument panel, with dials clustered for instant reading.

But mister - take another look!

A burly, brawny brute of an engine—a real *truck* engine—makes you think of a Miss America who can bend horseshoes. *125 horsepower* says that this beauty can heft a top load with ease and dash.

That's more power than some makers pack into their two-ton models. That's more usable power than in any other 6-cylinder engine in its class!

And its wide, deep box holds at least 8 cubic feet more than the roomy '53 model. That tail gate is grain-tight *and sand-tight.*

Finally, it offers Truck Hydra-Matic Drive* that saves you, saves your *cash,* saves your *time.*

(Note to the luxury-minded: there's a DE LUXE model at extra cost, with chrome grille and trim, two-tone paint, curved rear corner windows—the works.)

[illegible] drive this great GMC. It will do all its own selling!

*Truck Hydra-Matic Drive standard on some models, optional at extra cost on others.

Get a modern truck!
